

## A Lock-Up For Summerland.

### Council Makes Grants to Board of Trade and Women's Institute.

Amounts For \$13,000 Passed. Tax Rate For 1912 Will Be Struck at Special Meeting.

The Municipal Council convened in regular monthly session on Tuesday. All members were in attendance.

As the Councilors gathered about the table there were some questions as to who instructed or gave permission to Mr. Tunbridge, solicitor, of Penticton, to use the name of the municipality when applying for the injunction prohibiting Carlson & Co. from storing explosives near town. The Clerk was instructed to inquire into this matter.

#### BOARD OF TRADE DELEGATION.

A number of citizens waited on the Council with various petitions, etc.

The Board of Trade, represented by its president, R. H. Agur, and secretary, A. L. Moreland, asked that the Council make the Board of Trade a grant to assist them in advertising Summerland. Their particular object at this time is to arrange for a permanent exhibit under the auspices of the Vancouver Progress Club. The Club, Mr. Agur, pointed out had fitted up a large building where literature, pictures and produce, representative of the various parts of the Province, would be on display. The real estate men and a few others had undertaken to pay the rental, \$25 per month for the necessary space, and the Board of Trade were petitioning the Council for money to pay for literature, etc., for this exhibit, and for pamphlets to be enclosed in every box of fruit shipped out of Summerland. Mr. Agur stated that the other towns of the district were preparing to exhibit at Vancouver, and were also very aggressive in procuring new settlers, while Summerland was apparently resting upon her reputation. Kelowna and Penticton each had a representative in London, and were meeting with marked success. Many people are coming to the Province, and while he realized that money was scarce, he thought that this was all the more reason why we should make an effort just at this time. Summerland is as good as any and can produce fruit of the best grade. Mr. Agur said that anyone moving about as he would soon realize how aggressive the other communities were, and asked that the Council give this matter serious consideration. If we let this year go by without making an effort to get our share of the newcomers we would be left behind.

Coun. Robinson in reply said that he believed that Summerland had reached a crisis, other places were aggressive for new people while Summerland is not pushed and is not getting its share. The real estate men cannot do all the advertising, and publicity would benefit every property owner. Every new settler, no matter in what part of the Municipality he purchased, would benefit all, and it was Mr. Robinson's opinion that the Council should assist the Board of Trade in this work.

Mr. Agur told of several instances that had come to his knowledge of people who had started from the East or the Old Country with the intention of coming to Summerland. They had been headed off at Kelowna, Vernon, or some other point.

#### WATER REBATE.

Mr. F. J. Tingley asked for a rebate of water rates for 1911. He had paid under protest so that he could get discount on his 1912 rates. This was for a lot on Paradise Flat to which water had not been delivered, and the claim was allowed.

He was in charge of another lot on Jones Flat for which he was not getting enough water. This complaint, the Reeve said, would be dealt with by Superintendent Mitchell.

Mr. Tingley also claimed that he should have a gross charge of \$2.50 per acre on his Garnett Val-

ley property, this being the maximum charge according to the agreement with old Garnett Valley property, and from this amount the one-sixth should be deducted. This interpretation was not upheld by the Council. Mr. Tingley will have to pay the \$2.50 net.

#### FLOWER SHOW.

Mrs. G. J. C. White, representing the Women's Institute, came before the Council. Mrs. White stated the aim of the Institute to be the improvement of the homes, both inside and out. It was proposed to hold a Flower Show, and at the suggestion of the Agricultural Association, had decided to include with the flowers, needlework, bread, tomatoes and peaches. This would be too large an undertaking for the Institute alone, and they were petitioning the Council for a grant. The Apple and Poultry Shows were both assisted, and after arranging a moderate prize list, the Institute found that they would need \$150. Their intention is to advertise the Flower Show, and they are now working hard to make it a success, hoping to make it an annual event. This year it will be held on the 15th or 16th of August.

Mr. G. J. C. White called the attention of the Council to the road approaching his house from town, and suggested that the municipality get right-of-way through the lot of Hon. R. Rogers and build the road through that lot. The grade would be much easier, and the ground more suitable for road building. This will be further looked into by the Board of Works.

Coun. Robinson complained of the lack of irrigation water reaching his ranch. There was an abundance of water to be had, and he felt that some of those in charge were to blame for not turning a sufficient quantity into the flumes.

H. P. Taylor having heard of the probability of enlarging the electric light plant, wrote asking permission to tender for the necessary machinery.

A. E. Hespeler had telephoned an application for another standpipe. This was considered at further length in the afternoon.

Jno. Tait waited upon the Council asking for connection with the flume for the McCutcheon lot. He was given assurance that water would be conveyed to that lot.

Two gentlemen who propose starting a moving picture show at West Summerland, waited upon the Council asking for power. They wished to open a permanent show in the new Campbell building. Their petition was not granted, the Board stating that there was not the necessary power available.

They then asked if they would have any difficulty in procuring a license and were given assurance that the Council would be willing to grant them a license.

Adjournment was then made for luncheon.

#### AFTERNOON SESSION.

A considerable amount of business was put through in the afternoon session, and the table was cleared for a special session on the 25th inst., when the tax rate for the current year will be considered. Some communications left over from the last meeting, and a few additional were disposed of.

The consideration of the letter from W. T. Shatford, of Penticton, seeking the feeling of the Council regarding the projected lowering of the lake level, culminated with the passing of a motion instructing the Clerk to draw up a resolution favoring the scheme, a copy of which will be forwarded to the Government at Ottawa. Coun. Dunsdon voted nay on this motion.

A. E. Hespeler's application for a further connection with a pipeline, to facilitate irrigation, the cost of installation of which he would bear, was refused on the

## HOLD-UP MEN AT PENTICTON.

### MASKED ROBBERS DEMAND MONEY AT POINT OF GUN.

Following several petty thefts which have taken place in town within the past two weeks, the hold-up man put in an appearance last Saturday night at the home of Lillian Bong and Dixie Gray, two young women who live near the river. While one of them was standing at the door about 10.30 on Saturday night, she was accosted by a tall man, who was masked, and at the point of a gun ordered into the house. In the meantime a second burglar entered by a window at the rear of the house and held up the girl inside. Both were driven into an inner room which contained two boxes. These the men were about to break open, when one of the girls begged him to desist, and she would unlock it. From the boxes they secured \$55 belonging to Lillian Bong, and \$75 the property of Dixie Gray, along with a .32 Savage revolver and other goods to the value of \$18. They then left the house by the door, where, to intimidate the women a shot was fired, while another was heard at two hundred yards distant.

Information was sent about eleven o'clock to Chief of Police Roche, who immediately proceeded to the scene of the hold-up accompanied by Police Constable Fewtrell, but the culprits had too much start and got completely away. No trace has so far been obtained of the identity of the men, but the

police are in possession of a clue which may lead to their capture. The men are in possession of two Savage guns and an Ivor Johnson pistol.

The other cases referred to were those of J. Munro, of Naramata, who was relieved of a gunny sack containing a large quantity of grocery and vegetables, about the latter end of last week, and J. Campbell who was rolled and lost \$39. — Penticton Herald.

#### WOMEN'S INSTITUTE.

The regular monthly meeting of the Women's Institute will be held at three o'clock in the Parlors of the Men's Club on Friday, June 21st. A good attendance is hoped for.

In connection with this organization a series of lectures is announced by Mrs. Davies, on the commercial aspects of agricultural occupations for women. Mrs. Davies has for several years made a financial success of poultry-raising, and similar enterprises in Canada, and can speak from practical knowledge.

The subjects will be:  
1.—Poultry for Profit.  
2.—Dairying for Profit.  
3.—Market Gardening for Profit.  
4.—Floriculture for Profit and Pleasure.

Mrs. Davies will lecture in Summerland on June 17; afternoon session, 2.30 o'clock; evening session, 8 o'clock.

The Ladies' Hospital Auxiliary meeting is to be held on Tuesday afternoon next, at three o'clock at the home of Mrs. R. H. Steuart.

## Prize List of First Annual Flower Show

### Women's Institute Organizing Exhibition.

The following is a list of the prizes being offered by the Women's Institute for the best exhibits at the Flower Show to be held in August. Besides flowers there will be a display of hand work, also tomatoes and peaches. A complete prize list for distribution is being arranged.

#### SECTION I.

Class	Exhibit	1st prize	2nd prize
1.	Best collection potted plants, house	5.00	2.50
2.	do. do. do. greenhouse	5.00	2.50
3.	Best collection of flowers, grown out of doors	Government Prizes	
4.	Best twelve roses, grown out of doors	3.00	1.50
5.	Best six roses, do. do.	2.00	1.00
6.	Best collection sweet peas, at least six named varieties	3.00	1.50
7.	Best bouquet sweet peas	3.00	1.50
8.	Best bouquet perennials	2.50	1.50
9.	Best bouquet annuals	2.50	1.50
10.	Best basket garden flowers	2.50	1.50
11.	Best decorated dinner table, table provided	3.00	2.50

#### SECTION II.

All articles competing must be the work of the exhibitor and not previously exhibited in Summerland.

1.	Best hand worked washable cushion top, made up	1.25	.75
2.	Best pair embroidered towels	1.25	.75
3.	Best pair embroidered pillow slips	1.25	.75
4.	Best knitted wool work	1.25	.75
5.	Best piece of punched embroidery any article	1.25	.75
6.	Best specimen oriental drawn work	1.25	.75
7.	Best fancy tea apron	1.25	.75
8.	Best frock for child under six, handmade	1.25	.75
9.	Best eyelet centrepiece	1.25	.75
10.	French or French and eyelet centrepiece	1.25	.75
11.	Best specimen of stencilling	1.25	.75
12.	Best four hand worked d'oyleys	1.25	.75
13.	Best crocheted table mats	1.25	.75
14.	Best lace handkerchief	1.25	.75
15.	Best specimen of lace, point or Honiton	1.25	.75
16.	Best knitted lace, 3 pieces, different designs	1.25	.75
17.	Best ten cloth, five o'clock, handworked	1.25	.75
18.	Best embroidered dress or blouse	1.50	1.00
19.	Best Collars or jabots, handworked	1.52	.75
20.	Best embroidered initials or monogram	1.25	.75
21.	Best collection of work shown by any one exhibitor	2.50	1.50
22.	Best specimen of darning on stocking, linen and wool goods	1.25	.75
23.	Best box of assorted candy made by boy or girl under 16	1.25	.75
24.	Pen and ink drawing	1.25	.75
25.	Painting, oil or water color	1.25	.75

#### SECTION III.

1.	Best pan of home made bread, at least two loaves	5.00	2.50
2.	Best pan of raised rolls	2.00	1.00

#### SECTION IV.

1.	Best potato tomatoes	2.00	1.00
2.	Best box of tomatoes, packing, size and color to count	5.00	2.50

#### SECTION V.

1.	Best plate of yellow flesh peaches	2.00	1.00
2.	Best plate of white flesh peaches	2.00	1.00
3.	Best crate of peaches, packing, size and color to count	5.00	2.50

## School Trustees Will Buy New Rigs.

### Plan to Improve Next Year's Conveyance Contracts.

Trout Creek and Prairie Valley Favor Consolidation. Garnett Valley Opposes, and Town is Apathetic.

The Board of School Trustees held their regular monthly meeting on the afternoon of Saturday June 8th, the meeting having been postponed from the previous Monday, in order that the ward meetings to discuss school matters might first be held. All the members were present, Chairman White presiding.

After reading the minutes of previous meetings, communications were dealt with.

The Secretary of the Provincial School Trustees Association, wrote advising the Board that the annual meeting of the Association would this year be held in Kamloops in September, at the same time soliciting the annual fee of \$15. This request was laid over until the next meeting, it being felt that if any one or more members of the Board would attend the Convention it would be worth while paying the dues.

Trustee Robinson noted that the flags at both the High School and Central School were flying, although at was Saturday and there was no school. The secretary was instructed to call this matter to the attention of the teachers, and ask for an explanation.

#### SCHOOL EQUIPMENT.

The committee on supplies appointed at the last meeting reported having received a requisition list from Principal Hunting totalling \$75. This list had been returned, asking that it be reduced if possible. Nothing further had been heard from it.

The Trustees had been informed that Mr. Wm. Kerr had given the school the use of a very fine microscope, which was greatly appreciated by the teaching staff, and Mr. Kerr's kindness was commented upon by Chairman White.

There was some discussion on the advisability of putting awnings on the south rooms of the Central School, and it was also suggested that the Town School was much in need of awnings for the west windows. Some of the Trustees felt that awnings would be as much neglected as the flags and would soon be blown to pieces. It was felt that as the term would soon be ended it was not advisable to purchase awnings at the present time.

#### ACCOUNTS PASSED.

The following accounts were ordered paid:

Salaries	\$500.00
Mrs. Harris	4.00
Summerland Drug Co.	1.15
J. R. Campbell	152.50
A. H. Steven	187.00
J. W. Campbell	60.50
Summerland Supply Co.	8.15
Darks & Whitfield	1.80
J. L. Logie, shade trees	6.00
Total	\$915.60

#### THE WARD MEETINGS.

The Chairman gave a verbal report of the Ward Meetings held to discuss school matters. There were nineteen ratepayers present at the meeting held at T. J. Garnett's, practically all the parents of the district being represented. When the vote was taken it stood 11 to 7 in favor of continuing the Consolidated School. There was also a vote taken on the question of better means of conveyance which vote was pretty evenly divided, there being a small majority in favor of buying the regulation conveyance.

The meeting in Prairie Valley decided 10 to 1 in favor of the Consolidated School. The rig was also discussed and the majority were in favor of continuing with the present one rather than expending any money on a new one.

Trustee Adams reported a unanimous vote in Garnett Valley in favor of opening the ward school. Trustee Robinson said he had attended all the meetings and was glad to see so much interest taken in all the wards with the exception of the town. At the Trout Creek

meeting he thought the parents favored the ward school but that they were outnumbered by the ratepayers.

It was pointed out by the Chairman, however, that all the parents on the bench favored the Central, as did Mr. Johnson from the bottom, some of whose children were going to the High School.

Mr. Robinson said that as there would not be any place that would suit all for that district for the building of a ward school he would favor the buying of a specially constructed rig for the purpose of conveying the children of Trout Creek district to the Central School. He thought that in any event an additional rig would have to be put on this fall changing the routes to relieve the Trout Creek and town rigs. While Garnett Valley wanted a ward school, he realized that the plan must be uniform, and while it worked somewhat of a hardship, that district was not so inconveniently placed as regards the school as was Trout Creek; and he thought that if a good rig and a good driver were provided Garnett Valley would be satisfied.

Trustee Adams said that the early drivers and poor rig was the chief reason for the adverse vote.

Chairman White enumerated the different parents voting at the meeting in the Trout Creek ward, showing that seven voted for the continuance of the present system, while only two opposed it.

Trustee Robinson suggested that at least two of the regulation rigs be purchased. These would hold more than the present outfits and the two could probably take care of all the children from the town and Trout Creek, especially if a small single rig was engaged to bring in the children from the south of Giant's Head.

#### NEXT YEAR'S CONTRACTS.

The calling for tenders for the conveying of the children for next year, and the form of contract, were discussed. It was realized that the present year was largely experimental, and the contract could be improved upon. What was required in the way of a rig should be more definitely stated; and it was also suggested that the time of departure from the point farthest from the school, together with the time of arrival at the school should be specified.

#### NEW RIGS.

Trustee Robinson again suggested that the Board purchase two rigs and give them a trial.

The Chairman thought that there might be some men in the municipality who would buy the regulation rig, and thus save that much expense.

After some further general discussion, Trustee Robinson made a motion that the municipality purchase three rigs. This motion was seconded by Trustee Docking.

Chairman White favored the purchasing of one rig rather than three. This would give the Board some experience both in the use and care of the rigs.

Trustee Docking said that he was confident that the majority of the ratepayers thought that the proper rigs were to be purchased by the municipality, and would not be satisfied to continue with those now in use.

Since the town people had not come together, or shown any interest in the matters involved, Trustee Robinson said the Board would now have to act on its own judgment as far as that district was concerned.

Trustee McIntyre said he would approve the purchase either of one of the proposed rigs as an experiment, or of four, one for each district, and in this he was upheld by the Chairman.

Mr. Robinson's motion to purchase three rigs was carried, however, and the Chairman and Mr. Robinson were appointed a committee to make the purchase.

# OKANAGAN'S FRUIT CROP.

## AN OPTIMISTIC OUTLOOK.

The following article, from the Magazine Section of the Victoria Colonist, is indicative of the interest the Coast has in the Okanagan and her fruit prospects:

Unless something unforeseen intervenes between now and the ripening season in the fall, the fruit growers of the Okanagan district will harvest by all odds the largest fruit in the history of this fast developing section of the Province. At no time previously has the Okanagan shipped more than five hundred cars of fruit in one season. This year there seems to be a prospect that the output will be very far in advance of that figure.

There are a number of circumstances that have brought about this happy condition. In the first place the past winter has been comparatively mild, and the season has been favorable. There have been no severe spring frosts.

Then, again, new orchards are coming into bearing every year to swell the output. Further, the various growers, largely under the guidance of a splendid department of agriculture, are employing the best known methods of cultivation and scientific horticulture, the results of which are easily apparent.

### EXTENSIVE DEVELOPMENTS.

A short time ago the writer in company with several others motored from Vernon to the Coldstream ranch and out into the White Valley. On every hand for miles and miles there was nothing to be seen but a veritable sea of orchards, with almost every tree covered with bloom. Further up the Valley new orchards are being planted, all of which will be watered by the Grey canal, perhaps the longest irrigation ditch in the Province.

To the north of Vernon a Belgian syndicate under the management of Mr. Heggie are planning another Coldstream. During the past year they received some eighteen or twenty thousand trees from one nursery firm alone. Another firm in the Oyama and Wood Lake country are developing their properties on an extensive scale. Further south, in the vicinity of Kelowna, the same thing is being repeated, while in the lower country below Penticton, tracts at Kaleden and Okanagan Falls have recently been placed on the market. On every side there are many instances of growth and development.

And the men of the fruit country have learned how to cultivate on a big scale. During the past few years it has become quite a common thing for the wheat farmer on the prairie to use a high power traction plowing outfit, yet they have been comparatively unknown in British Columbia. However, the Coldstream Estate Company are using one in their orchards—a sixty horse-power, six-gang outfit, which turns over about ten acres per day, or about the amount of ground that would require the labor of five men and teams for the same period of time. A much greater acreage could be got over, but for the fact that the operator must go very carefully, in order to avoid destroying any of the growing trees.

The work that the Coldstream people have accomplished leads one to remark that too much credit can hardly be given to those pioneers in a field that now has many competitors. Twenty years ago it took something of a seer to foresee and plan the development that has taken place. And their present activities are not confined to fruit growing alone. Their nursery is one of the largest in the interior; they have herds of horses and cattle, while in the vegetable line about two hundred acres planted in potatoes will emphasize their interest in growing "spuds."

### AN ENORMOUS CROP.

While conversing in Vernon with a man who claimed to be in touch with the whole fruit situation of the Valley, he estimated that there was a probability that not less than five thousand cars of fruit would be shipped out of the Okanagan this year. As this is ten times the amount that has been shipped in the best year previous, his estimate would appear to be a very optimistic one. Nevertheless, there can be no doubt that the crop will be tremendous in comparison with former years, although it seems hardly possible that this figure can be reached.

But supposing that it is less than half this amount, say 2,000 carloads, this would mean eighty trains of twenty-five carloads each. Estimating the value at \$600 net—this is a fair estimate, as a car of apples will run about six hundred and thirty boxes, and one dollar per box is a fair net price—we find that one million two hundred thousand dollars will be paid into the pockets of Okanagan fruit growers this year as a reward of their industry.

### CAN THE CROP BE HANDLED?

One of the first questions an outsider naturally asks is—will the C. P. R. and the various packing companies be able to handle such a large crop with their present equipment? And in this connection it is gratifying to know that the C. P. R. divisional superintendent has been looking over the ground recently, and although he admits the problem, he stated that everything possible would be done to cope with the situation.

The packing companies are also making preparations to properly handle the large crop that is expected. Aside from the various experts in their employ, there are a large number of new packers who have been trained in the government packing schools. These can be called into service if necessary. Everybody realizes that the only way to keep up the Okanagan's reputation for high-class fruit is by careful packing and grading.

In the light of the facts mentioned it is not hard to understand why the C. N. R. and the Great Northern have their eyes turned upon the Okanagan. Present appearances would indicate that the time is not far distant when the fruit output will tax ability of all three roads during the fruit shipping season. Competition in railroads will be of inestimable value to the fruit grower. The building of the Great Northern to Penticton, and competing with the Canadian Northern, by steamer or otherwise at Kelowna, will give a competitive rate to all points on the prairie touched by either these two roads or either one of them or the C. P. R. As this takes in practically all the leading jobbing centres, it will mean a fair and reasonable rate for the shipper.

Some time last fall a prominent Coast newspaper man paid a visit to the Valley and in conversation with an old timer in the fruit business, the latter expressed the belief that when the time came, that if all trees at present planted were in full bearing, it would take an annual cut of forty-five million feet of lumber to provide boxes to ship the apples. Allowing five feet of lumber to each apple box, this would mean nine million boxes of apples, or fifteen thousand carloads. This period is still some years in the future, but a glance at these figures gives an idea of the important place the fruit industry bids fair to take in our commercial and industrial life.

### AND NOT ONLY FRUIT.

This applies to fruit alone. In the northern section in the vicinity of Enderby and Armstrong, a large trade is being done in vegetables. The latter point has become famous as a celery centre, and instances are on record where growers have made as much as \$1,000 per acre from celery alone. To give an idea of the extent of this vegetable trade, it need only be mentioned that within a few months last fall over two hundred and fifty cars of vegetables were shipped from Armstrong alone.

### APPLES, THE STAPLE CROP.

Practically everyone seems to be agreed that the future of the Valley as far as fruit is concerned depends on the apple industry. Even the most optimistic peach growers in the southern end admit that the peach business is largely a gamble. In a year when the crop is good, the price is low. The American peach, being earlier, has already glutted

the prairie market before the Okanagan peach comes on. When the price is good, the high price invariably caused by a shortage on the other side of the line, there is as a rule, a short crop here, as the same climatic conditions prevail to a large extent.

Past records seem to prove that a heavy winter frost hits Yakima and Wenatchee about the same way as Summerland and Penticton.

But with the apple crop there is no such hazard. It is a rare season when a winter frost does serious damage. When the fruit is ripe it does not have to be marketed at any specific time, but may be held in cold storage for weeks and months, if the market and transportation facilities are not wholly favorable at that time.

### ORCHARD AREA STILL INCREASING.

Although vast areas have been planted in orchard during the past few years, there does not appear to be any sign that the same ratio of increase will not continue for some years. There is not a nursery in the Province but is increasing its output, and the Okanagan is taking the bulk of it. While talking with a nursery agent, he said that twenty and thirty thousand tree orders were quite common.

### ONE NEED OF THE OKANAGAN.

One thing the Okanagan needs more than anything else at the present time is a big central fruit fair. All the towns have good local fairs, but at no point is a fair held which can be said to be representative of the whole Valley. In this respect the Kootenay is far to the front with its big fair at Nelson. An agitation was started last year with a view to promoting a big central fruit fair, and moving it from town to town from year to year. Unless the larger points can agree as to the best place for such a fair to be held yearly, perhaps this is the best remedy that can be found at the present time.

## College Notes.

Dr. E. W. Sawyer left for the Coast yesterday on a trip in the interests of the College, and expects to be away till after the Baptist Convention of British Columbia, to be held at New Westminster June 25th to 28th.

The McGill Matriculation examination is now being conducted in the college chapel under the supervision of Rev. H. A. Solly. The following is a list of students writing this examination: Miss Ruth Dale, Summerland; Walter Middleton, Kelowna; Wilfred Ryan, Vancouver; R. Cunningham, Vegreville, Alta.; William Robinson, Summerland; Jos. Graham, Summerland. These are College students. Miss Grace Logie, of the High School, is also writing.

Dr. Sawyer will be in the Coast cities in the interests of the College for the greater part of July. Prof. R. P. Baker will tour the Kootenay country, Prof. D. H. McIntosh the Okanagan and Similkameen Valleys, and Prof. A. J. Perry will cover the main line of the C. P. R. from Field to North Bend. These tours will be in the interests of the College, looking especially for new students.

Mrs. N. K. Simpson the Matron, Miss Marjory Simpson, and Miss K. C. McLeod, late Lady Principal, will spend most of the Summer at Peachland at the home of Lieut. Gov. Bulyea.

Prof. and Mrs. A. J. Perry spent the week-end as guests of Mr. J. M. Robinson, at Hotel Naramata. Mr. Perry reports great expansion in Naramata since he camped there three years ago.

### TO ELECTRIFY RAILWAY LINE.

The directors of the West Kootenay Power and Light Company have seen fit to authorize their manager to extend their No. 2 plant at Bonnington Falls, to take care of an additional load, in anticipation of the electrification of the Canadian Pacific Railway from Castlegar to Rossland. In the No. 2 plant there are already two units of 6,600 horsepower each, and the additional unit to be installed will be of 8,000 horsepower, which will make the total horsepower available, when this last proposed addition is made, 21,200. When the plant was built, arrangements were made for two additional units to the ones above mentioned, and all that is necessary is to put in the large turbine water wheels and generators.

With the increased power all of the trains now being operated on the Columbia and Western branch of the Canadian Pacific Railway can be handled, and there will be power to spare.—Grand Forks Gazette.

### LATEST PICTURE OF BORDEN.

The recent change of Government has made R. L. Borden the central figure of our Canadian public life. Many would like a good picture of him. We can supply one FREE. We will send anyone our paper for one year, and The Weekly Mail and Empire, (the regular rate of which is \$1.00 per year), for the same period, the two together, to include the free picture of the new Canadian Premier, for \$2.50.

The Borden picture is on fine paper suitable for framing, in photo tints, 18 x 24 inches, and is in itself as a work of art, easily worth the price of a year's subscription to either paper.

Send all orders to the office of The Summerland Review.

## TENDERS.

Tenders will be received up to June 17th, 1912, addressed to undersigned at West Summerland, B.C., for purchase of Assets of Okanagan Commercial Orchards Company, Limited.

These Assets consist of two Commercial Orchards and equipment, one orchard comprises about 700 acres near Bonnington Falls, and one comprises about 147 acres near Summerland. There is also about 150 acres unimproved fruit land near Kaleden, all in British Columbia.

Tenders will be received for all or part of said Assets. Each tender must state terms of payment. Further particulars on application to J. J. Campbell, Nelson, B.C., or to the undersigned.

W. C. KELLEY,  
Liquidator.

## THE HOME CIRCLE.

Crude Thoughts From the Editorial Pen.

HOME is the residence not merely of the body, but of the heart; it is a place for the affections to unfold and develop themselves; for children to love, and learn, and play in; for husband and wife to toil smilingly together and make life a blessing. The object of all ambition should be to be happy at home; if we are not happy there we cannot be elsewhere; it is the best proof of the virtues of a family circle to see a happy fireside.

MAN is naturally a home loving animal. In fact, most animals are home loving. And when a man asks a woman to share his life, it is usually taken as a gentle hint that he wants her to make him a home and take a sort of general oversight of his affairs and a special oversight of himself. He likes to know that she does things for him just for the reason that she loves him, and is interested in him and his well-being. He loves his home more if there is some impress of her personality upon it. He likes best the meal she prepares for him. Of course, he says very little—perhaps nothing—of all this, being a man.

IN TOO MANY families the mother assumes the care of everything and her daughters are but genteel loungers in the household. The work which could be so easily and quickly done if each bore a share, is left for the hands already weakened by heavy burdens, and when at last the poor household drudge dies at her post, she is remembered with pity not unmixed with contempt because she resigned the post of ruler of the household to become its slave, and her daughters are left to ruin other homes with idleness and ignorance.

A MAN and wife when irritated will often say things to each other for which they are sorry the next morning, but pride keeps them from confessing their faults, and the little differences grow until a divorce suit or an assault and battery case results. When you make a mistake, be man or woman enough to ask forgiveness, and you will sail along on flowery beds of ease instead of jolting over rocky beds of discord.

NO BOY, no girl can ever come to be utterly bad who remembers only love and tenderness and sweetness as associated with father and mother in the old-time home. Give them manly and womanly example, give them training, give them the inspiration of devoted lives, give them higher, deeper things. Do not care so much whether you are accumulating money, so that you can leave them a fortune. We really believe that the chances are against that being a blessing for a boy. But leave them an accumulated fortune of memories and inspirations and examples and hopes, so that they are rich in brain and heart and soul. Then if you happen to leave them a fortune besides, if they have all these, the fortune will be shorn of its possibilities of evil, and will become an instrument of higher and nobler good.

AFTER ALL that has been said about rare treasures of art and nature that may lend attraction to a home and its surroundings, it remains that the fairest home ornaments are bright, joyous faces; and where these are wanting, all else goes for little. Bright and joyous faces always accompany warm and loving hearts which all true home-makers must possess. Hence all who intend making homes should look carefully into their own hearts; for only when these are right can they expect their home-making to prove satisfactory. Warm hearts make bright and cheerful hearths, but the warmest hearth cannot thaw the icy heart. Love is the great home-maker, that makes even the drudgery of housekeeping a pleasure, and home life a foretaste of the bliss of heaven. One cannot get too much love into one's home-making, but easily too little.

VOLUNTARY obedience in the home, and not compulsion, is what is wanted; and the parents that are even tempered, not harsh or unjust, are teaching this lesson most successfully. A mother and father that have not learned self-control, are not capable of controlling children. It is a burdensome thing to many to lead the child the way it should go, for it is very necessary that the parents follow the same path; we can't preach any more than we live, and the sermons from which the child draws his ideas take place in the home—no teacher, no minister, can do the parent's work. Your child has a body, mind and heart, all in your keeping; if you do your work well, when life's fitful fever shall have passed for you, the memory of your children will go back to you, with gratitude that they were sent out in the world with sound bodies, cultivated minds and pure hearts.

### BE COURTEOUS AT HOME.

WHY NOT be polite? How much does it cost to say "Thank you?" Why not practice it at home—to your husband, to your wife, to your children, your domestics? If a stranger does you some little act of courtesy, how sweet the smiling acknowledgment! If your husband or wife—ah! it's a matter of course—no need of thanks. Should a visitor or acquaintance tread on your dress—your best, very best—and by accident tear it, how profuse you are with your "never minds," don't think of it," accidents will happen." If a husband does it he gets a frown; if a child it is punished. Ah! those are little things, you say. They all toll mightily upon the heart, let me assure you; and little as they are, they disturb peace or create pleasure in the family circle. A man stops at a friend's house and finds it in confusion. He does not see anything to apologize for—"never thinks of such matters." Everything is right, cold supper, cold room, crying children—"perfectly comfortable!" Goes to his own home, where his wife has been taking care of the children or attending the sick, and working her life almost out. Then he does not see why things cannot be kept in order; "there never were such cross children before!" No apologies accepted at home. Oh, why not look at the sunny side at home as well as abroad, and try pleasant words instead of surly ones! Why not be agreeable at home? Why not use freely that golden coin of courtesy? How sweetly those little words sound, "many thanks," or "you are very kind." Doubly, yes, thrice sweet from the lips we love, when smiles make the eyes sparkle with the light of affection! Be polite to your children. Be courteous to your servants. Do you expect them to be mindful of your welfare, to grow glad at your approach, to bound away to do your pleasure before the request is half spoken? Then, with all your authority, mingle kindness and cheerfulness. Brothers and sisters, be amiable, be courteous among yourselves, and your servants.

PUBLISHED BY THE REVIEW PRINTING & PUBLISHING COMPANY LIMITED,  
RALPH E. WHITE, MANAGING DIRECTOR

SUBSCRIPTION RATES: \$2.00 PER YEAR, IN ADVANCE. SIX MONTHS \$1.00.

### Advertising Rates:

LEGAL NOTICES.—Twelve Cents per line for the first insertion; Eight Cents per line for each subsequent insertion.

LAND NOTICES.—\$7.00 for 60 days, \$5.00 for 30 days.

WATER NOTICES.—30 days, 150 words and under, \$8.00; each additional 50 words, \$1.00.

THEATRICAL, ETC.—50c. per inch for first insertion, and 25c. per inch each subsequent insertion.

LOCAL NOTICES or Readers, immediately following regular locals, 20c. per counted line; 10c. per line each subsequent insertion. Half these rates when accompanying display advertisements.

LODGE NOTICES, Etc., 25c. per week, per column inch.

FOR SALE Advertisements, Etc., 3c. per word first week; 1c. per word each subsequent week.

Transient Advertisements payable in advance.

Rates for Contract Advertisements furnished on application.

Copy for change of contract advertising must be in the hands of the printer not later than Wednesday noon to insure publication in the next issue.

In accordance with schedule of prices adopted throughout the valley, charges for advertising are now being made weekly. Heretofore when five issues were made in one month the result was a loss. By the new method customers are charged each week for just the amount of space used.

FRIDAY, JUNE 14, 1912.

### ELECTRIC LIGHT.

SUMMERLAND must needs do something at an early date to improve on its electric light service. It is but a few weeks now before the present lame outfit will be taxed to its fullest capacity, and will be liable to fail at any time. One of several plans for a better service might be adopted. It was at one time suggested that a hydro-electric plant established in the hills might be the best. The water, after generating power, could be used for irrigating purposes. Another suggestion was to double the capacity of the present plant. Yet another would be to install an oil engine, making it the principal plant and the present one an auxiliary, or vice-versa. The plan of building a hydro-electric plant in the hills above Penticton was adopted by that town some months ago—we believe upon the recommendation of Engineer Latimer—and much equipment for same ordered. Later developments have shown the scheme to be too expensive, and Penticton's experience will be of assistance to Summerland.

The hydro-electric scheme which was originally proposed does not now appear to be feasible, and alternative propositions have been suggested. The Penticton Council has already purchased a considerable amount of piping which will not now be necessary. The pipe company has agreed to take \$18,600 worth of piping off the hands of the Council on payment of \$2,500. With this amount refunded the Council would have \$22,000 in hand for lighting purposes. An estimate for a 200 horse power Deisel oil engine had been obtained. This would cost about \$24,000. Other propositions were heard, but it was decided by the committee appointed to consider this matter to recommend the purchase of the engine. Vernon has also adopted the oil engine as the means for generating power.

### NEW SCHOOL RIGS.

THE DECISION of the Board of School Trustees to purchase proper wagons for the conveyance of the school children we believe to be a wise one. While those in use this year served the purpose fairly well and filled the need temporarily while the consolidated school plan was in its initial stage, they were far from being as comfortable as they should be. Their one redeeming feature as a makeshift was their safety due to their lowness. This same feature renders them dusty or muddy according to the weather, and in many other ways they are not as comfortable as could be desired. Another objection to the present outfit in its unsightliness. Its appearance is not at all in keeping with Summerland's standard and we really feel ashamed to have a visitor inquire, "What is that going along the street" and to hate to tell him its purpose. An advantage of having a wagon owned and controlled by the Board will be that they can enforce the rule that it be used for no other purpose. At the present time the contractor or his employees, if they so choose, are at liberty to use the vehicles for the conveyance of Japs, railway navvies, grain, or anything else they choose. The regulation wagon is wide between wheels, and is well enclosed with a solid front containing a glass window, and has detachable sides with a substantial top, and is entered from the rear. With these we know that our children may ride in comfort and safety and we will not be ashamed of them, but rather they will be another means of advertising the progressiveness of our community.

### CAPITAL FOR THE PROVINCE.

PREMIER McBRIDE, of British Columbia, has returned after a short trip to England, where several important provincial matters engaged his attention. One of these was the necessity for the erection of a building in a prominent place in London for British Columbia offices. This necessity is due to the extraordinary growth of interest in the Province and the immense increase in the business of the Agent-General's office. British Columbia never stood so high in financial circles as to-day, and undoubtedly suitable quarters for offices are greatly needed. The site has been practically decided on in the most central location. Plans for the buildings are now in course of preparation.

One most important feature of the visit of Premier McBride was his invitation by the First Lord of the Admiralty to visit the fleet at Portland, when he was given a private audience with the King, who is much interested in the Pacific Province.

Mr. McBride has had an exceedingly busy time. Prospects for the investment of capital in British Columbia appear to him to be the greatest on record. The Agent-General's office is doing splendid work, for everywhere British Columbia appears to be in people's mouths, and Mr. Turner is most enthusiastic in his efforts for the Province he represents.

### GOOD ROADS.

ONE of the greatest needs of this Province at the present time, is the building of good roads. Railroads are necessary to serve large interests. Good roads are essential for the happiness and comfort of the settlers who are doing the work which will tell most upon the future stability and wealth of the country. There should be a system of main highways connecting the more important settlements of the province which would be kept in comparatively perfect order. The telephone and good roads do more than any other conveniences to make country districts really attractive. The problem of making agriculture more attractive may be solved when we afford the man on the land some

privileges which the townsman enjoys so freely. If this province had a system of good roads it would prove a wonderful impetus to the tourist traffic. The motor has come to stay and will increasingly divide the traffic with the railways. We have the forests, the streams and the mountains to make this Province one of the most attractive tourist haunts in the world. All we need is good roads. The Government is doing much in this direction, but they may be assured that they will receive the fullest support in the liberal expenditure of money for good roads.

We regret to learn, upon enquiry, that while nearly all winter spray for fungus diseases, many do not spray for aphids, etc., evidently considering any gain by so doing not worth the expense. While green aphids may not do a great deal of injury, directly, to the tree, it is an active, probably the most active, agent in the carrying of disease germs, and, if for no other reason the orchard should be kept free from them. It would seem that the only effective assurance against it will be a law compelling summer spraying with Kentucky black leaf or a similar spray.

THE Penticton Telephone Company is now acting in the role of a Citizens' Defence Committee. The company, which was primarily organized to install and operate a local exchange, advised the people of Penticton rather to make a deal with the Okanagan Telephone Company. Recently a complaint of an increase of rates was made to the Council of that town, and it was referred to the directors of the erstwhile Penticton Telephone Company.

GREAT ENTERPRISE has been shown by the fruit growers of British Columbia in establishing an industry under new conditions. A great deal of capital has been invested in lands and extensive plantings are being made. The advantages the "Dry Belt" has to offer are set forth in some detail in a book recently issued by the Times Book Club, of London, England. It will afford the kind of information sought for by the Britisher who is casting his eyes toward the fruit ranches of the British Columbia valleys. At the same time the writer of the book points out that the young man with no previous knowledge of fruit growing will find himself out of place if he sets up with limited capital. Efforts are being made to establish a training school at some point in British Columbia to prepare new arrivals for the work they are about to undertake.

## Local News Items.

Mrs. E. R. Butler is visiting her parents in Revelstoke.

Mrs. H. C. Howis is spending a few days with friends in Vernon.

James Sutherland went down to Winnipeg this week.

Thirty thousand tomato plants were recently shipped to Pentiction from Summerland by J. W. Harris.

The Mission Circle of the Baptist Church met on Wednesday afternoon at the home of Mrs. George Graham, Jones Flat.

R. H. Agur went up to Salmon Arm this week to attend a meeting of the British Columbia Fruit Growers' Association.

The regular monthly meeting of the W. C. T. U. was held on Monday afternoon at the home of Mrs. W. Estabrook, Peach Orchard.

BORN. — At the Summerland Hospital, on Saturday June 8th, to Mr. and Mrs. R. W. Deans, a daughter.

Mr. B. A. Moorhouse, C. E., of Pentiction, has been in Summerland this week surveying some property for Wm. Brent.

A number of friends met at the home of Mrs. George Gartrell on Tuesday evening, and enjoyed a pleasant evening in dancing, games, etc.

The Okanagan Trust Company have purchased the entire stock of finishing lumber consigned to James Conway, by the Hanbury Lumber Company, of Vancouver.

In addition to Messrs. Upton and Thornber, Messrs. Hoy and Brittain will address the Farmers' Institute on Monday evening, the meeting of which is announced elsewhere in this issue. The latter will speak on the diseases of trees.

Messrs. Stirling & Pitcairn, of Kelowna have sent a scowload of lumber and other building material, also carpenters from that town to erect a fruit shed on their lot, adjoining the Okanagan Fruit Union Building. Already the building is well under way.

Last week one of the horsemen at Carlson & Co.'s stable fell and broke a rib. The accident was caused by his slipping on some oil while he was standing on the edge of a manger. The oil had been spilled while he and two others were giving a dose of raw oil to an ailing horse.

In last week's issue of a news item stated that literature for the railway camps might be left at McWilliam's Real Estate office and at Municipal Office. The Review is now informed that instead of the Municipal Offices receiving the magazines, etc., for West Summerland, they may be left at McWilliams' Pharmacy.

Mr. C. A. Britten, B.A., the newly elected pastor of the Pentiction Baptist Church, arrived in Summerland by Tuesday's boat, and is the guest of his parents, Mr. and Mrs. A. Britten. Mr. Britten is a graduate of Acadia University, Class of 1911. This is his first trip West, and he is greatly impressed with the country.

Eyesight—Remember the date of the visit of Mr. S. L. Taube, Eye Sight Specialist, of the Taube Optical Company, Calgary and Vancouver, who will be at the Summerland Drug Company's store, Summerland, on Monday, June 17. If there is anything wrong with your eyesight don't fail to consult him. All work absolutely guaranteed as tested. Dr. Nash's Drug Store, Peachland, Tuesday, June 18.

A special service for men will be held in the Lakofront Baptist Church on Sunday evening next. The subject will be "A Man's Job," this title being a quotation from President Judson, of Chicago University. Selections from the new hymnbook especially prepared for the "Men and Religion" movement will be used. While the service is especially for men, all will be welcome.

A cablegram has brought the sad news that Rev. Arthur Hoekin, B.A., a brother of Mrs. G. O. Falls, of the Methodist Church, Pentiction, died of typhus fever in the famine district of China. With his wife and child he came to Shanghai from West China when the revolution was at its worst. The government later appealed for famine relief workers, and Mr. Hoekin was one of six who volunteered. It was while engaged in this work his life was cut off.

## Local News Items.

It is reported that Carlson & Co. are arranging to open a restaurant in town for their men.

A. D. Adamson, who is spending the summer at Aspen Grove, in the Nicola Valley, is in Summerland for a few days.

Mr. Chas. Kerr, of the Bank of Montreal, Victoria, is spending his vacation here with his parents. Mr. and Mrs. Wm. Kerr.

Mrs. Wellington Watson entertained a number of people last Friday evening in honor of her guest, Miss Tait of Prince Albert.

W. J. Curtis, Piano Tuner, will be in Summerland about June 12. Orders left with G. A. McWilliams or T. E. Moore will receive prompt attention.

The water in Okanagan Lake continues to rise. It has now reached a higher level than at any time in the memory of most of Summerland's residents.

Indian Agent, J. R. Brown, is this week visiting the reserves in the South country. He is accompanying the Government Inspector of Indian Orchards.

A moving picture show is to be opened in Empire Hall. The building has been taken by the two men who came in with the intention of opening in the new Campbell building at West Summerland.

Eighty-five per cent of headaches are the result of eyestrain. If you are troubled that way consult S. L. Taube, Eyesight Specialist, of the Taube Optical Co., on his visit here on Monday, June 17. Dr. Nash's office, Peachland, Tuesday, June 18.

Very little reading matter has as yet been left at either G. A. McWilliams' or G. L. McWilliams' offices for the construction camps. The committee are very desirous of obtaining a considerable amount of literature for this purpose. Will our readers kindly keep this in mind?

Walter Wright went to Vancouver boarding the boat on Friday evening. From Vancouver he will travel east to Ontario, his former home. Mr. Wright expects to spend most of the summer in his native Province, returning in time to resume his duties at the college. He also expects to look into the latest and ideas in accounting etc.

Some very fine fish are being caught, chiefly silver trout. They are very gamey fish and afford lots of sport. Frequent reports of fish from 7 or 8 lbs. up to 10 or 12, and occasionally 14 are heard. Anything below 7 lbs. is not considered worth mentioning. Fish are caught from row boats some distance from shore.

The Okanagan Jam Company announces that it will receive quantities of the following fruits at the factory, Peach Orchard, this season, paying current prices: strawberries, raspberries, black and red currants, English morella cherries, greengages, damsons, crab apples, apricots, plums and gooseberries. It will be seen that the company is considerably extending the scope of its operations.

W. C. Kelley, of West Summerland, and H. D. Suckling, of the Bank of Montreal, have been making an exchange in building lots. Mr. Suckling has taken two lots between Dr. Smith's and Mr. Limmer's which were formerly the property of Mr. Kelley in exchange for the corner lot at West Summerland just east of the Bank of Montreal. The difference in values, if any, was not learned.

The schools are already beginning to prepare for the examinations which bring to an end the summer term, and with it the school year. According to the School Act the entrance examinations must take place in the last three days of the school term. The high school course of teachers examination commences on the Tuesday following, July 2. The summer vacation lasts till the fourth Monday in August.

Mrs. J. S. Gillespie, of Naramata, will address the Women's Institute on the afternoon of June 21st. It is also expected that a number of the Unity Club members will accept the invitation which has been extended to them by the Women's Institute to be present at that meeting. Only a few days ago the members of the Women's Institute were present by invitation at the regular meeting of the Unity Club in their new club building, Naramata.

IN THE SUPREME COURT OF BRITISH COLUMBIA IN THE MATTER OF THE ADMINISTRATION ACT —AND— IN THE MATTER OF THE ESTATE OF ARTHUR JOHN CHOWN CLARENCE, DECEASED.

PURSUANT to an order made herein by John D. Swanson, Local Judge of this Court for the County of Yale, on the thirtieth of April, one thousand nine hundred and twelve, there is hereby offered for sale the parcels of land hereinafter described, and tenders for the purchase of the same will be received by the undersigned up to and inclusive of the Fifth day of July, 1912.

PARCELS

1.—Lot Forty-eight (48) in the subdivision of District Lot Eleven hundred and eighty-three (1183) in Group One (1) of the Osoyoos Division of Yale District, registered plan No. 117, containing ten (10) acres. This parcel is a fruit farm well situated at Peachland, planted with good standard varieties of apples, pears, cherries, plums and peaches and small fruits. There are about six hundred and fifty (650) trees from three to nine years old.

IRRIGATION. On the premises is a 6 roomed bungalow 30 x 30 feet, stable, packing and chicken houses. Also 3-room bungalow.

2.—Lot Twenty-six hundred (2600) in Group One (1) situate at Westbank, comprising 240 acres, 200 of which are first-class land; The buildings consist of a small dwelling and stable—several springs on land.

3.—Lot Twelve hundred and seventy-three (1273) in Group One (1) situate near Summerland, comprising three hundred and twenty (320) acres, forty (40) acres cleared. The buildings consist of dwelling and stable.

Persons tendering for the purchase of any of the above parcels will state on what terms they are prepared to purchase. Deferred payments to bear interest at six per cent.

Dated the 10th day of June in the year of our Lord one thousand nine hundred and twelve.

BILLINGS & COCHRANE, of Vernon News Building, Barnard Avenue, Vernon, Solicitors for Administratrix.

SOWS 2-LB. TO THE ACRE.

That alfalfa will grow prolific on seeding of only two pounds to the acre is the opinion of L. A. Felger, manager of the Ohio-Alberta Farms Co., a practical dry-farmer operating a very large acreage eight miles south of Lethbridge, Alberta. The use of this surprisingly small quantity of seed is in marked contrast to the opinions of many experts who have been making a study of alfalfa for many years, in that opinions as to the quantity of seed to be sown have varied from 13 to 20 pounds to the acre.

Mr. Felger has an excellent stand of 12 acres, which was seeded with only four pounds to the acre in May 1911, on fall plowing that had been cropped the year before. His plowing was done to a depth of five and a half to six inches, and he believes that if he had plowed deeper he would have required less seed. His seed bed was well prepared and he used a two-horse cultivator four times, and harrowed early in the spring. He inoculated the soil with soil from a neighboring alfalfa field, and despite the fact that it was a severe winter he noted no loss through winter killing. He expects his field will yield two, and possibly three cuttings, but he plans to use a portion of the field in raising seed.

To prove the success of his theory of planting in rows and using only a small quantity of seed to secure a good stand, Mr. Felger has sent to the Lethbridge headquarters of the International Dry-Farming Congress a sample dug up on May 22nd, which shows a 15-inch stand and a root system of 8 1/2 inches before it was cut off with a knife, and it is plainly shown that the root was still longer.

"I am going to seed only two pounds to the acre next year," says Mr. Felger. "I find that four pounds makes too thick a stand, and I am going to stop up all the holes of my drill except two and thus reduce the amount of seed used, and at the same time mix my seed with ground feed. I sowed some alfalfa where I used every hole of the drill and it required 13 pounds to the acre. This stand was altogether too thick and not as good in its first growth as the field of 12 acres which I sowed with only four pounds."

"CIVIL SERVICE ACT."

THE qualifying examinations for Third-class Clerks, Junior Clerks, and Stenographers will be held at the following places, commencing on Tuesday, the 2nd July next:—Armstrong, Chilliwack, Cumberland, Duncan, Golden, Grand Forks, Kamloops, Kaslo, Kelowna, Ladysmith, Nanaimo, Nelson, New Westminster, Peachland, Prince Rupert, Penticton, Revelstoke, Rossland, Salmon Arm, Summerland, Vancouver, Vernon and Victoria.

Candidates must be British subjects between the ages of 21 and 30, if for Third-class Clerks; and between 16 and 21, if for Junior Clerks or Stenographers.

Applications will be accepted if received not later than the 15th June next.

Further information, together with application forms, may be obtained from the undersigned.

Section 7 of the "Civil Service Act" provides that, temporary clerks and stenographers, who have not been regularly appointed by Order in Council, must pass this examination.

P. WALKER, Registrar, Civil Service. Victoria, B.C., 1st May, 1912. my10-je14

SYNOPSIS OF COAL MINING REGULATIONS

COAL mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10.00 an acre. For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY, Deputy Minister of the Interior. N.B.—Unauthorized publication of this advertisement will not be paid for.

COAL PROSPECTOR'S NOTICE

TAKE NOTICE that I, John D. Rice, of West Summerland, prospector, intend to apply for a license to prospect for coal on the following described land: Commencing at a post placed about two and a half miles west of Okanagan Lake, in Okanagan District of Yale, on the bank of Trout Creek, thence west 80 chains, thence north 80 chains, thence east 80 chains, thence south 80 chains to the point of commencement.

Dated, May 17, 1912. my17-je14p JOHN D. RICE.

### Naramata Notes.

Prof. and Mrs. A. J. Perry, of Okanagan College, were guests of Mr. Robinson over Sunday.

Mr. and Mrs. H. S. Ewing, of Okanagan Landing, spent the weekend at Hotel Naramata.

Mr. Russell Wells is still laid up as a result of the mishap to his foot a couple of weeks ago.

Reg Boothe, of Vernon, paid the parental home a flying visit last Sunday evening, returning Monday morning.

Mr. A. G. Robertson, a former resident of town, but now living in Penticton, was a visitor to Naramata last Sunday, the guest of his former business partner, Mr. R. H. King.

Amongst the most important of the road extensions in progress this year, is the completion of Robinson Avenue, which terminates at Camp Creek, immediately south of Mr. Boon's property.

The next social evening under Unity Club auspices is booked for next Thursday, June 20th, and if the same good time is repeated, as is most probable, that we had last time; it will be in order to have the date set up in large type, June 20th.

### THE PRICE OF CEMENT AGAIN REDUCED

For the second time within a period of six months, a reduction of ten cents per barrel in the price of Portland Cement has been announced by the Canada Cement Company.

This latest decrease is effective, according to the company's announcement, at all points in Canada, west of the Lakes.

A previous reduction of ten cents per barrel was made last November, so that the total drop in the last six months is twenty cents per barrel, west of the Lakes, and ten cents east—representing an enormous saving to the cement consumers in western provinces.

### THE FRUIT MAGAZINE.

The Fruit Magazine, Scientific Farmer and Canadian Citizen for June has a splendid literary bill of fare and a most beautiful frontispiece in colors, showing "A Summer Camp in British Columbia." Besides the editorial matter, some of the leading articles are: "Raspberry and Blackberry Culture," "Practical Irrigation," "Influence of Chlorinated Water," "Prairie Farming," "The Ottawa Letter," "The Spirit of Canada," "Progressive Forestry," "Alfalfa, the Forage Crop of the Future," and other regular features of interest to the home circle.

### Kaleden Comments

Mr. James Ritchie's rose garden is a sight worth seeing just now. There are hundreds of choice blooms of many varieties.

The first cutting of alfalfa has been gathered in. This crop is proving very satisfactory among the young trees.

Kaleden much appreciates the daily mail service which came into operation on the 1st of June. Another sign of progress!

Mr. H. C. Henderson arrived last Saturday with his wife and family, and is locating on the lake front in a tent belonging to Mr. Pitman.

What has Kaleden to say about the dredging of the Okanagan River? It surely affects this town as much or more than any other in the Valley.

The plasterers have started work on the fine concrete store belonging to the Kaleden Supply Company, and the work is being pushed on rapidly.

Mr. William King is building on his lot near town in preparation for the arrival of his father and sister, who are expected from England shortly.

Why cannot Kaleden have a baseball team. The boys have been turning out well for practice lately, and there appears to be plenty of good material.

The community is pleased to welcome Dr. and Mrs. J. W. Angwin and daughter Gertrude, who arrived from Summerland last Thursday. They have taken up residence in the Hotel.

### FOOTBALL.

#### Summerland v. Kelowna.

This game, the last home league fixture, was played on the College Campus, West Summerland, on Saturday last, June 8th. Owing to the late arrival of the Kelowna team the match did not commence till 7.15 p.m., instead of four o'clock, as advertised. Owing to the delay J. Wood was unable to play for the homesters, and the team lined up as follows: Thompson; Newton and Dowson; Brind, Weeks and Coles; Templeton, Lacey, Fisher, Atkinson and King. A. H. Steven acted as referee and both teams expressed satisfaction at his impartial decisions.

Fisher again won the toss, and sent the visitors to defend the east goal against a strong wind, which undoubtedly marred the game. Throughout the first half the play was mostly in the Kelowna end of the field. Five minutes from the start Templeton scored from a well-judged corner from King. On the restart Kelowna tried hard to equalize but failed to get through. Ten minutes later Atkinson scored Summerland's second goal. Half time, Summerland, 2; Kelowna 0.

When the teams crossed over, Kelowna had the advantage of the wind, and attacked vigorously, but were considerably handicapped through a man having to retire. After a fine run down the left by Templeton and Lacey, Fisher scored from a pass from Lacey. Ten minutes later Fisher scored again, heading through a beauty that Robinson ran out to save, but failed. In the remaining five minutes Kelowna kept the play around the home goal. Thompson was tested by Lloyd, of Kelowna, and fisted out to Willis, who scored the visitor's only goal. Result, Summerland 4; Kelowna 1.

### NOTES

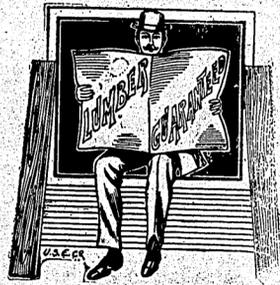

There was weakness in the visiting full backs. The half-backs, however, played a good game and made a creditable show. The forwards were at a disadvantage when Leo had to retire.

For the homesters Thompson put in an easy hour and a half. Dowson and Newton were both rollable at full back. C. Brind proved the same old standfast. Coles and Weeks were there every time, and played a hard game. Templeton and Lacey played great combination, Fisher was up to his standard, and Atkinson and King on the right made some brilliant runs in the last half.

Great credit is due to Messrs. Atkinson, Newton, Lacey and King, who are engaged at Kaleden, for coming up to play for their home team.

The dust collected from vacuum cleaners has proved to be a valuable fertilizer, and its sale has become a regular business in Paris.

As we must render an account of every idle word, so must we, likewise, of our idle silence.—Cramer.

### MUNICIPAL COUNCIL MEETING (Continued from Page 1.)

Superintendent's report that the pipeline referred to was already carrying more connections than it could properly supply.

The question of water rates on land acquired by the Kettle Valley Railway was settled by a motion rebating the rate on all irrigable land taken for right-of-way within the municipality.

### ENFORCEMENT OF TRADE LICENSES.

The Collector asked for instruction regarding the enforcement of the trade licence law, and a definition of its scope. The Clerk read the list of those liable for the year 1911, on which there are still many arrears, and a few additional exemptions were made in the cases of professional men. A determined effort is to be made to collect these arrears; and a motion was passed unanimously that the Collector notify all parties in arrears for their trade licenses for 1911 that unless the same is paid prior to the 1st July, prox., action will be taken to enforce payment.

### TWO GRANTS.

There was considerable discussion on the request of the Board of Trade for a grant of \$500 for publicity purposes. The Council are willing to assist that organization in its advertising campaigns by the employment of the most practical methods. On a motion the Council assumed the responsibility for the rental of space, for one year, at the headquarters of the Progress Club, Vancouver, for advertising purposes, to the extent of \$25 per month. This space will be filled with a typical exhibit of Summerland produce. Other towns in the Valley are also participating in this publicity scheme, and the Okanagan exhibit in the whole will be a comprehensive one of considerable proportions.

The Women's Institute were granted \$100 towards their Flower Show, to be held in August.

### A LOCK-UP.

Summerland is to have a lock-up. The building will be neither roomy nor pretentious, but yet of sufficient proportions, it is hoped, to hold all the miscreants that may gather in our town at one time. The tender of B. Harvey, for \$278 was accepted for its erection on the municipal property in town. The outside dimensions will be 14 x 18 feet, enclosing two cells and an ante-room. The inside of the cells will be lined with two inch plank.

Two tenders for road work at Gartrell were submitted. Owing to a misunderstanding regarding the specifications for this work, amended tenders will be called for, under the supervision of Coun. Lewes.

A motion was put through requiring that Superintendent Mitchell submit a monthly report to the Council on the work in hand, to enable its members to keep in closer touch with the municipal activities.

An important decision was reached regarding flumes and ditches affected by construction on the Kettle Valley Railway. The Superintendent of Works was instructed to oversee all changes in flumes

that the Railway Company make, and approve all specifications of such work prior to the commencement of construction work.

### ACCOUNTS PASSED.

<b>Total</b>	<b>13,716.06</b>

Debt money to the extent of \$500 due the School Board on the Loan By-law of 1909 was transferred to that account.

The Council then adjourned to meet in special session on Tuesday morning, the 25th inst., at 9 a.m.

### BAPTIST CONVENTION OF B.C.

The Baptist Convention of British Columbia will meet this year in the Olivet Baptist Church, of New Westminster, from June 25 to 28. E. B. Morgan, of Vancouver, is president; Rev. H. G. Estabrook, superintendent; Rev. F. W. Auneche, secretary; and Rev. A. F. Baker pastor of the entertaining church. Rev. D. J. Welsh, of Kelowna, will preach the Convention Sermon. Mr. E. B. Morgan will deliver the Presidential Address. Rev. Dr. Brown, General Secretary of Foreign Missions, of Toronto, will also be present. Dr. Wollerton, of Nelson, Chairman of the General Educational Board, will speak regarding the future policy of education. Dr. E. W. Sawyer, Principal of Okanagan College, will present the annual report of that institution. The work of Home Missions will be presented by Rev. D. B. Harkness, General Secretary of the Baptist Union of Western Canada, who will speak concerning the several phases of Baptist work throughout Western Canada.

The town of Arrowhead suffered a disastrous fire recently. The meat market of P. Burns & Co. and the C. P. R. freight sheds were destroyed together with three large box cars.

To purify a room, heat a shovel and sprinkle a little vinegar on it.

July 27—Penticton versus Summerland, at Penticton.  
August 10—Penticton versus Vernon, at Kelowna.

For a throatsome cough, vinegar and honey, mixed in equal quantities will give great relief. Half a teaspoonful should be taken occasionally.

A grain of prudence is worth a pound of craft.

What is the use of your kicking, If you can't hit the one that's to blame?

If you can't burst the bubble That's causing the trouble, Don't forget, if you kick you are slain.

What is the use of your smiling, If you can't win the one it is for? If you can't catch the bubble That's causing the trouble, Just smile, though you're inwardly sore.

### SCHOOL TRUSTEES MEETING (Continued from Page 1.)

The Secretary was instructed to call for tenders with or without suitable rigs for the present school routes.

The breaking of a number of windows in the Central School was discussed. The Board thought it inadvisable to let the matter go unnoticed, feeling that the guilty person or persons should be apprehended and punished. The Secretary was accordingly instructed to advertise offering a liberal reward for the identification of the guilty ones.

The meeting then adjourned to meet in regular session on Tuesday, July 2nd., at three p.m.

### BRITISH COLUMBIA HONORS

Lethbridge, Alberta, June 8.—Nine representative men of British Columbia have been designated by Hon. Price Ellison, Minister of Finance and Agriculture, to join with himself as representatives of that province on the Canadian Board of Control of the Seventh International Dry-Farming Congress, here October 21-26.

These representatives are chosen from amongst the most progressive farmers and men interested in the agricultural development of this section of Western Canada, and they are expected to interest themselves in stimulating interest in the Congress and in procuring exhibits of the best products raised in their locality, with a view to showing the agricultural possibilities of that section.

The appointments are as follows: Hon. Price Ellison, Victoria. Alexander Lucas, M.P.P., Vancouver.

W. C. Ricardo, J.P., Vernon. W. A. Lang, Peachland. J. M. Robinson, Naramata. Donald Graham, J.P., Armstrong.

J. P. Shaw, M.P.P., Shuswap. R. H. Agur, Summerland. R. M. Winslow, Provincial Horticulturist, Victoria. T. A. Norris, J.P., Lumby.

### "5,000 FACTS ABOUT CANADA" FOR 1912.

The 1912 edition of that popular and indispensable booklet, "5,000 Facts about Canada," compiled by Frank Yeigh, the widely known writer and lecturer, and author of "Through the Heart of Canada," is now out, and is replete with new matter, including an outline map of Canada, a calendar and the new census figures. In compact form is found a wealth of facts and figures of the Dominion that will prove a revelation of our natural resources and growth. The mass of information, gathered with infinite pains, should be in the hands of every intelligent Canadian, and the wide sale and popularity of the publication is easily understood. Copies may be had for 25 cents from The Canadian Facts Publishing Co., 60 Spadina Avenue, Toronto.

"It's dreadful queer," said the housewife, "that the potatoes you bring me should be so much bigger at the top of the neck than they are at the bottom."

"Not at all, mem," said the honest farmer; "It's just this way, potatoes is growin' so fast just now that by the time I dig a sackful the last one dug is ever so much bigger'n the first ones."

Good Results.

**SUMMERLAND FARMERS' INSTITUTE.**

There will be a meeting of the  
above Institute on Monday next,  
June 17, in the Men's Club, at 8  
p.m. prompt.

Mr. H. E. Upton will speak on  
the Poultry Industry.

Mr. H. Thornber will speak on  
Irrigation. Everyone will be made  
welcome.

**RIFLE ASSOCIATION.**

A tricky, gusty wind swept the  
exposed range last Saturday, and  
was responsible for the lowered  
scoring in the second shoot of the  
Canadian Rifle League. Highest  
scores:

	200	500	600	Total
M. Steuart	32	28	29	89
O. Smith	30	28	30	88
W. E. Ward	28	30	29	87
F. R. Gartrell	31	32	24	87
W. Nelson	32	32	32	86
H. Dunsdon	30	30	25	85
A. E. Nelson	31	30	22	83
B. Steuart	30	28	24	82

This week's practice will be over  
the long ranges.

**RAILWAY HOSPITAL**

G. A. Carlson & Co. who are con-  
structing forty miles of the Kettle  
Valley Railway, now have a hospi-  
tal established at Faulder cot-  
tage, which has been purchased  
with the right-of-way. Dr. Camp-  
bell Davidson, an experienced line  
surgeon is in charge.

**B.C. VETERINARY INSPECTOR'S REPORT.**

Following is the report from the  
Provincial Veterinary Inspector, Dr.  
B. R. Ilsley, who has recently been  
conducting tests amongst the dairy  
herds for Bovine Tuberculosis:

GRADE B  
A Derrick, Summerland, 13 cows.

GRADE D  
Jas. Gartrell, Summerland, 2 cows.  
Frederick Gartrell, " 2 "  
Herbert Dunham, " 2 "  
M. Tait, " 2 "  
W. J. Armstrong, " 11 "  
J. H. Clement, Peachland, 1 "  
A. D. Ferguson, " 1 "  
J. Winger, " 1 "  
N. Standfadt, " 1 "  
W. A. Lang, " 1 "  
Lamby Ranch, " 10 "  
W. Riach, " 1 "  
J. R. Robinson, " 1 "

**STEEL FOR THE KETTLE VALLEY RAILWAY.**

Nine cars of steel, for trackage  
on the grading from Penticton  
wharf to the Lumber Mill, arrived  
there last week. The work of  
laying is being proceeded with, and  
will be continued to the edge of  
Okanagan river over which a steel  
bridge is to be built to connect up  
the line from the Indian Reserve,  
which runs to Trout Creek and  
Summerland.

Contracts for the 40 miles eastern  
section still to let from Penticton  
to the Kettle Valley Summit, will  
be awarded within the next few  
days.

In this connection Mr. Warren  
left for the East on Monday, and,  
it is understood, will place several  
tenders before his company for  
consideration.

Construction work will be carried  
forward from Penticton. This will  
give another era of prosperity to  
the town, as all material must be  
shipped through this district.  
Grading and steel laying will be  
carried out simultaneously in order  
to facilitate the carrying of sup-  
plies to the camps ahead. There  
now appears every probability of  
Mr. Warren's prediction being cor-  
rect, that is, that the line will be  
finished to the east in time to  
handle the 1913 fruit crop.—Pon-  
ticton Herald.

**SWEET RICE.**

Make a syrup by adding a cupful  
of sugar to as much water as will  
be required to cook the rice. Fry  
the rice in a tablespoonful of but-  
ter until it is slightly brown.  
Then add the syrup and a few  
blanched almonds, two tablespoons-  
ful of shredded raw coconut and  
a few stoned raisins and a quarter  
of a teaspoonful of saffron; cover  
tightly and cook till the rice is ten-  
der, when all the moisture should  
have been absorbed. Turn out and  
serve.

The Kelowna Record says that  
"west of Kaslo the deer are eating  
up the fruit trees." That's noth-  
ing. The bear around Merritt are  
eating huckleberries and straw-  
berries.—Merritt News.
