DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 6, No. 6

SUMMERLAND, B.C., SEPTEMBER 5, 1913.

Whole No. 266

## School Board In Monthly Session

Trustees Asked To Provide More Transport Accommodation.

The greater part of the morning at the regular meeting of the School Board was taken up with the discussion of routes and vehicles. The meeting was called to order at 9.15, with all present except Trustee McIntyre, who came in a few minutes later.

Communications, which were taken up immediately after the reading and approving of the minutes of the previous meeting, were very few, these being from some of the teachers who were in need of additional equipment in their various departments. Principal Forsyth, of the High School, asked for some special reference books. This was left with the chairman to be dealt with, a limit being put on the expenditure to be made.

T. J. Garnett, who is now using the latest purchase in the way of school rigs, was present and advantage was taken of the opportunity by the members of the Board to inspect the rig. This had been fitted up by Mr. Wm. Ritchie, from whom it was purchased, and it is claimed by at least some of the Board not to be according to verbal contract. Some alterations were required and the backs of the seats needed upholstering. Mr. Ritchie was called in by the Board and after further discussing the matter with him it was unanimously agreed that he be paid \$35.00 in full settlement, the Board to make whatever alterations they need at their own expense. An amount of \$40.00 had been held back until the rig was completed. Thereupon a motion was put authorizing the contractor, Mr. Garnett and another, Mr. Bristow, to have certain alterations and improvements made, same to be charged by them to the School Board.

Mr. S. H. Adams came to ask the permission of the Trustees that all his children should attend the Garnett Valley school. He pointed out that he was some three miles from the Central and it was too far to walk. He had been in communication with the Inspector who suggested the step he was now taking, and who said he would take the matter up further when visiting here shortly.

Mr. B. L. Hatfield waited on the Trustees asking that some provision be made for the conveying of his and neighboring children to the Central school. He declared that his district was receiving unfair treatment and thought that instead of one rig following another along the Giant's Head road that one should pass along his way. There was a long discussion on this matter showing considerable difference of opinion among the Trustees. The majority were disposed to admit the reasonableness of Mr. Hatfield's contention but were unable to offer any solution of the problem without making matters worse by interfering with present routes. Chairman Robinson made a proposition that Mr. Garnett's route be changed so as to come by way of Mr. Hatfield's in the morning, returning in the evening as at present, dropping the children for that district near the old Anglican church and continuing through to Mr. Munro's. Trustee Caldwell thought that rather than interfere with the present arrangement it would be better to call for tenders for conveying the children from Mr. Hatfield's district and a motion made by him and seconded by Trustee Shields that tenders be asked for was carried. A second motion by Trustee Shields, seconded by Trustee Docking, that Mr. Garnett's route be changed in the meantime according to the suggestion made by Chairman Robinson was after some discussion adopted with the idea that it may be made permanent if satisfactory tenders are not received.

A motion was unanimously carried granting the Garnett Valley school the use of the organ now in the Central School. After the passing of the following accounts for August and further discussion of equipment, desks, stoves, etc., the Trustees adjourned shortly after noon to meet next Wednesday to

## Wind Does Damage

'A Two Days' Gale.

Will Result In Some Loss To Growers.

September has come in with vigor in the Valley. What proved to be a stiff southerly breeze sprang up on the lake late on Tuesday night, and gaining strength during the early hours of Wednesday morning was blowing pretty steadily all Wednesday. Although this first wind of early fall was sufficient to make the lake fairly choppy, and quite impassable for small boats, it did not seriously delay the ordinary traffic. The "Okanagan" came up at her usual hour, and the "Skookum" made good way on her usual trips.

Two Summerland boats broke loose during Tuesday night, and came ashore near the packing house, Mr. J. R. Dunrobin's launch and that belonging to Mr. Charles Wharton.

Dr. W. L. Robinson, of Naramata, who made a trip over to Summerland on his motor boat on Tuesday afternoon was weather bound and spent the night in Summerland, returning when the "Skookum" made her first trip on Wednesday morning. The wind raising clouds of dust in town made traffic somewhat unpleasant all Wednesday, and with a brilliant September sun shining the weather was somewhat unusual for so early in fall.

Some damage has also been done to the apple and pear crop for the windfall of some of the finest fruit ready for picking in the orchards. High wind is responsible for a heavy

## BIRTH.

STARK—On Tuesday, September 2nd, to Mr. and Mrs. Adam Stark, a daughter.

## W.C.T.U. MEETING.

The W.C.T.U. met at the West Summerland Baptist Church on Monday afternoon. After devotional exercises and a business session Mrs. Estabrook gave a report of the Provincial Convention which was recently held in New Westminster. The report showed progress in many ways. In point of numbers, thirteen new unions were organized during the year by our Provincial Field Worker, Mrs. Livingstone, and there was a large increase in membership, over seven hundred having joined our ranks. There were quite a number of new life members, and the Provincial Union presented Dr. Ernest Hall with an honorary life membership at the time of the Convention.

## Will Arbitrate.

The difference between the K.V.R. and certain property owners of Penticton is soon to be adjusted by arbitration. Captain Stevens and one or two others owning orchards to the east of Penticton had refused to accept the K.V.R.'s price for right-of-way through their properties. The land was therefore expropriated, and a sum sufficient to cover the price deposited in court. A board of arbitration has been appointed to settle the price, of which Mr. J. L. Logie is a member.

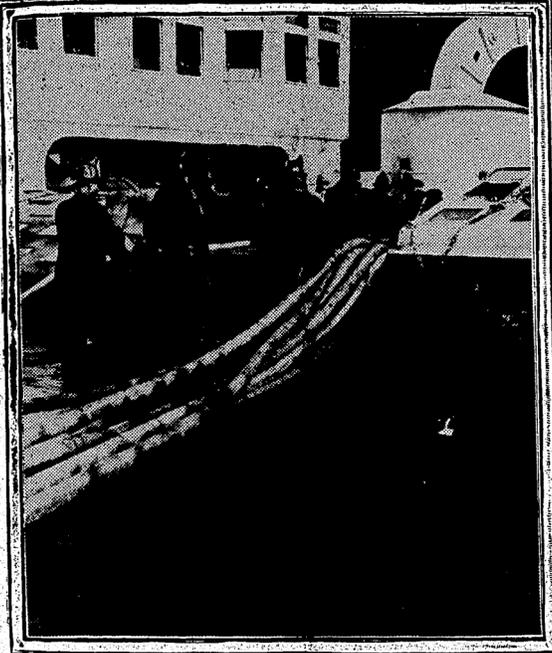

consider any tenders that may be received and finally decide the question of conveyance for Mr. Hatfield's district.

Salaries:—	
R. B. Forsyth	\$125.00
S. I. Mott	125.00

Total \$787.00	

## Fighting Fire On Imperator--World's Biggest Steamship.

No more reassuring test of a great modern steamship could have been had than was given by a fire that started in a lower after compartment of the world's biggest steamship, the Imperator, at her dock in Hoboken, where she had arrived from Hamburg. The fire was confined to the compartment where it had originated, and although it cost the life of the second officer of the vessel and destroyed provisions worth \$15,000, it did no damage whatever to the ship beyond blistering the steel walls of the compartment.

This picture, taken on one of the decks aft of the biggest ship, shows how the firemen, aided by members of the ship's crew, fought the flames in the provision room by running hose down the provision well through the hatch.

Though deeply regretting the loss of Karl Gobrecht, the officer who so gallantly lost his life, the Hamburg Line found in a final casting up that it had much on which to congratulate itself. For one thing the fire strongly buttressed the company's claim that the vessel is as fireproof as human ingenuity can make her; for another it brought for the first time into notice the remarkable equipment with which she is fitted for such emergencies.

## Re-organization Of The Citizens' Band.

Interesting Summerland Scheme.

A most interesting proposition is a-foot to reorganize and reconstruct the Citizens Band, and at the same time raise and work an association of the young men which shall eventually become an influential social and athletic club with a long membership and later suitable club premises. Mr. T. E. Clay is actively interesting himself in this valuable and promising scheme and Mr. D. H. Watson and Mr. C. N. Borton are calling a meeting next week to consider ways and means and begin active preparations for what promises to be an important development of our social life. Many of the members of the Citizens Band are still here and some new talent is available. Instruments and talent have not diminished so the music will be easily recalled. Mr. Clay and his helpers have in hand the arrangements for a program of events to come off on Thanksgiving Day, and by November there is every prospect that the scheme for a young men's athletic club will be in active operation, with a president, committee and an authorized and registered title.

## SOME INTERESTING SALES.

Mr. and Mrs. Rivington of London, England, have just acquired, through Mr. J. M. Robinson, the Christie lot, and intend coming into residence this month. Mrs. Rivington is a cousin of Mr. Asquith, England's Premier, and her marriage to Mr. Rivington has only recently taken place.

The property at the north end of the municipality, commonly known as the Fulton lot, has also been sold by Mr. Robinson.

Mr. T. E. Clay has acquired a ten acre choice in Meadowland, and has in hand a thoroughly interesting and valuable proposition with regard to development, about which we shall have more to say next week.

The last baseball game of the season will be played on the College campus next Thursday between Penticton and Town.

## England Ready For Our Canned Fruit.

Constant And Larger Supply Needed.

"A systematic effort is now being made to place British Columbia canned fruit on the English market, particularly canned peaches, apricots, pears and tomatoes," writes Mr. T. S. Redmayne, author of "Fruit Farming on the Dry Belt of British Columbia," to the press.

"The Hon. Price Ellison, Provincial Minister of Finance and Mr. Scott, Deputy Minister of Agriculture for the province, declare that in the matter of quality the canned peaches of British Columbia excel those imported from California, while the cost of putting them on the English market should be less.

"Hitherto, on account of the small supply, and perhaps because of a little lack of energy on the part of the grower, the big brokers, wholesale dealers and importers have not thought it worth while to make a market in England for British Columbia canned fruit, but recent enquiry has shown that there is quite a good and profitable market here for it if only the supply be forthcoming. That, of course, necessitates the extensive establishment of local canneries in all the fruit growing districts of the province, which requires capital.

"Those who have gone out from England to grow fruit in British Columbia can materially assist themselves if they will interest their friends here in England to find part of the capital required to establish these local canneries. Some initial effort and organization is also required on this side of the Atlantic.

"As soon as there is a sufficiency of British Columbia canned fruit to supply the demands of the English market, it is proposed to publish periodically a list of all the retailers in the various towns of the United Kingdom who stock British Columbia canned fruit, and to urge the British public to ask for the British Columbia product in preference to that from California—call it Imperial Preference if you will, but it certainly should benefit the British Columbia fruit farmer."

## Girl Guides Here.

Week-end Picnic At Peach Orchard.

Penticton Girls Spend Jolly Time In Camp.

A year or two ago there might have been found a few people who, while cordially supporting the Boy Scouts, were a little doubtful as to the wisdom of the movement being extended to Girl Guides. No one who visited the happy little camp at Peach Orchard last week-end would have hesitated to acknowledge the educational and social value of this delightful kind of out-door club for girls.

A party of some fourteen young girls, consisting of the Penticton Girl Guides, and members of the Girls' Club attached to the Penticton High School, came up to Summerland on Friday afternoon last by the "Rowena." They were in charge of Mrs. H. M. McNeill, Guide-mistress, Penticton, and Mrs. Redstone, Penticton. Miss Yuill, Principal of the Penticton High School, accompanied them as a guest. They were met by the Summerland troop of Boy Scouts who had made many preparations for the reception and comfort of their fair colleagues. Indeed the week-end was a record for every boy in the Troop, which covered itself with glory in the eager carrying out of the Scout obligation for "kind actions."

A very picturesque corner of Summerland Park had been chosen for the camp, and here among the pines the gallant scouts had pitched four big, comfortable tents. They had also arranged for the transport of the Guides' baggage and camp stores up from the wharf, and when they had lit the camp fire and undertaken the untying of all the hardest knots, the troop respectfully saluted, leaving even their cherished camp kettle at the disposal of the visitors! Two however, of their number were honored by an invitation to supper, and later around a blazing fire, a merry party were singing plantation songs and telling stories under the cheery leadership of Mrs. McNeill.

On Sunday afternoon the Girl Guides entertained quite a large party of visitors to tea at "Kamp Kumfort," and an inspection of the cosy tents and the camp arrangements made by the girls proved very interesting.

A large bell tent was noted with the deepest interest, as its history of being under fire in the South African War was thrillingly told by the bullet holes in the stout canvas. In the evening the girl guides marched up to Summerland Baptist Church and were joined by the faithful Scouts, who filed into seats behind their visitors.

Rev. F. W. Pattison took the occasion in his sermon of welcoming the visitors, and adroitly fitted in with his subject for Labor Sunday an allusion to the dignity and usefulness of labor as demonstrated by the Girl Guides, who are well instructed in housekeeping, cooking, and all the domestic arts. After another delightful open-air day on Monday, "Kamp Kumfort" was struck shortly after tea time, and the Penticton Girl Guides and their escorts were taken back to Penticton by Capt. Roo on the "Rowena."

Evidently a division has been made in the Inspectoral School District as Inspector Denton with headquarters at Revelstoke is not now inspector for the Okanagan. Mr. Arthur Ainsley who will be resident at Vernon is now our public school inspector.

## Reception For Pastor's Wife

Presentation To Rev. F. W. and Mrs. Pattison.

A delightful social evening was spent last Friday by the congregation and friends of the Summerland Baptist Church, the occasion being the welcome to Rev. and Mrs. F. W. Pattison, who have recently returned from their wedding tour. The church room at West Summerland was well filled, many well known residents being present, and the scene was an animated and pretty one. Vases of pink cannas, roses and scarlet geraniums were effective decorations, and the majority of the ladies were wearing white or light colored colored summer frocks.

The guests were received by Mr. and Mrs. Pattison, the latter looking charming in white with pink embroideries, and after greetings had been exchanged and general introductions to the pastor's bride had been made, Mr. T. N. Ritchie, in the chair, called upon several members of the congregation for brief speeches of welcome. Mr. Ritchie voiced the sentiments of all present when he heartily congratulated Rev. F. W. Pattison on the happy occasion that had brought the congregation together, and wished him and his bride many years of happiness and prosperity.

Mr. W. C. Kelley added a few words of further congratulations, and Rev. C. H. Daly, representing the Presbyterian Church, made a very happy little speech. Rev. R. W. Lee, speaking on behalf of the Methodist congregation, referred to the unity that existed in Summerland, Naramata and district between the churches, and Mr. G. J. C. White, speaking in the name of her husband's congregation, extended an especially cordial welcome to Summerland to Mrs. Pattison, whom, he said, would certainly find a home in the hearts of the Summerland people and with the Baptists in particular.

A presentation of a handsome silver tea service and tray was then made to the pastor and his bride, Miss Margaret White handing it to Mrs. Pattison amid general though quietly expressed acclamations.

Dainty refreshments, which had been excellently arranged by the ladies of the congregation, were then served, and it was a little after eleven when the gathering dispersed, well pleased with the social success of the evening's program.

## Will Soon Erect Memorial Fountains.

Summerland is soon to have two drinking fountains which will be erected as memorials to the late Captain Scott of South Polar fame. The work of collecting a sufficient fund for this purpose has been largely left to Mr. Wm. Sauter, to whom much credit is due for his untiring efforts and determination to see the thing through to completion. Mr. Sauter in a recent interview stated that there was yet some money needed, but that it was proposed to go before the Council at its next meeting and ask that sites be approved, one for town and the other at West Summerland. If satisfactory to the Council the fountain will be put at the Supply Co.'s corner, while the one in town will likely be placed near the power house. It is proposed to erect two neat and substantial fountains of stone.

## COUPON

Cut out this Coupon, and present it at The Drug Store, and they will exchange it for 100 Votes in the \$400 Piano Contest.

# Tea Special

TRY my 35c. and 40c. TEAS, put up in white and gray bags These Teas are equally as nice as the ordinary 45c. and 50c. Teas on the Market to-day.

Remember I sell three lbs. of Choice Tea for - One Dollar.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Jetty and Dredging at the North Arm of the Fraser River, B.C.," will be received at this office until 4.00 p.m., on Tuesday, September 30, 1913, for the construction of Jetty and Dredging at the North Arm of the Fraser River, B.C.

Plans, specification and form of contract can be seen and forms of tender, obtained at this Department, and at the offices of C. C. Worsfold, Esq., District Engineer, New Westminster, B.C.; W. Z. Earle, Esq., District Engineer, Winnipeg, Man.; J. S. MacLachlan, Esq., District Engineer, Victoria, B.C.; J. L. Michaud, Esq., District Engineer, Post Office Building, Montreal, P.Q.; J. G. Sing, Esq., District Engineer, Confederation Life Building, Toronto, Ont., and on application to the Postmaster at Vancouver, B.C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to five per cent (5 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

**R. C. DESROCHERS,**  
Secretary.

Department of Public Works,  
Ottawa,  
August 18, 1913.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—45074.

## Naramata Notes.

Mr. Carroll Aikins is still confined at home.

Mr. Ernest Noyes returned to Victoria on Wednesday morning.

Mr. Thomas Short is now acting cook at the Lakeside Hotel, a place he is right at home in.

Mr. Wm. Bartlett spent Labor Day on a trip of inspection to his fruit lot in Peachland.

Mr. J. O. Robinson is again greeting his many friends about town after his arrival last Friday night from London, England.

Mr. Ireland the proprietor of the International Restaurant, is building a substantial addition to his place to accommodate his trade.

The packing house handled a large quantity of fruit on Wednesday and Thursday, so that an extra packer was called from Summerland.

We are sorry to hear that gardener Moore is leaving soon, and will not be in charge of the gardening for the Development Co. the coming year.

Mr. Wesley Handy, long in the employ of Mr. H. W. Endacott, left on Thursday morning for Vancouver, where he is intending entering the grocery business.

Mr. and Mrs. J. W. S. Logie spent Sunday in Summerland, accompanied, of course, by the much beloved pedigree collie puppy, of which they are the proud possessors.

On September 1st Mr. Fred Manchester took the place of Mr. Gibson at the electric light plant. Mr. Manchester is also doing outdoor work, which his health demands.

Labor Day was the opening day for our two new hotels, the "Syndic" and "Lakeside" under its new management. Both report good business since the start.

Naramata now has the protection from fire than a place of such enterprise and advancement should expect. All that is now lacking in this very efficient fire department is an acting captain and crew to handle the apparatus.

Mr. Sherwood Davies has been spending a short time with his parents after an absence of a little over a year. He is connected with a survey party located till recently at Princeton, but lately moved to Coldwater, farther along the line toward Hope. Sherwood left on Monday to join the party there.

The open season for game began last Monday, and many of the local huntsmen (?) took the trail, all with visions of returning with one or more huge deer, and proudly telling and retelling the story of the shot. Capt. Languedoc secured a fine buck. He took the head to Summerland on Tuesday to have it mounted. Mr. George Harmont was also another successful huntsman.

On Wednesday night a number of friends of Miss Mayda Williams met at the home of Mr. and Mrs. Russell Wells to spend an evening with Miss Williams before her departure to Toronto, and her indefinite absence from Naramata. Miss Williams will enter the Deaconess Home at Toronto, and later will devote herself to the good work carried on by graduates of that institution. Miss Williams will be greatly missed by her many friends here, and especially from church circles, where she has been an active worker. Her friends on Wednesday night tried to express their regret, and gave her as a remembrance of their esteem a small gift. Miss Williams leaves for Toronto next Monday.

## Gleanings from Review

of Sept. 5, 1908.

Mrs. R. Clouston and son arrived in town on Thursday evening from Brainerd, Minn., to join Mr. Clouston, who has been here several months. They will take up their residence in Peach Valley.

Sackville and Amherst friends are delighted this week to welcome Miss M. G. Estabrook, who for the past few years has been a resident of California.

A. B. Elliott has opened his new store on Shaughnessy Avenue.

Rev. H. A. Solly has moved to the new vicarage on Siwash Flat.

Mr. and Mrs. George Anderson have returned to Summerland after spending their honeymoon at Pine Creek.

Mr. Robt. Pollock, Sr., and Misses Jeanie and Mary Pollock of Paisley, Scotland, arrived in Summerland on Monday and will in future reside here.

## NOTICE to CONTRACTORS

PENTICTON LOCK-UP.

SEALED TENDERS, superscribed "Tender for Penticton Lock-up," will be received by the Honourable the Minister of Public Works up to noon of Monday, the 22nd day September, 1913, for the erection and completion of an addition to the Lock-up at Penticton, in the Okanagan Electoral District.

Plans, specifications, contract, and forms of tender may be seen on and after the 26th day of August, 1913, at the office of Mr. L. Norris, Government Agent, Vernon; the Provincial Constable, Penticton; and the Department of Public Works, Victoria, B.C.

Intending tenderers can, for the sum of ten dollars (\$10), obtain one copy of the plans and specifications by applying to the undersigned. This sum will be refunded when the plans are returned in good order.

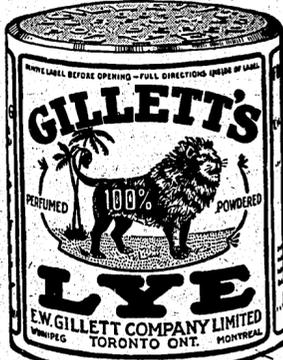

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to ten per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

"Buy in the Path of Industrial Progress."

## NOWHERE IN THE ENTIRE WORLD ARE THERE GREATER INDUSTRIAL ADVANTAGES THAN AT INDUSTRIAL MISSION.

As Gary is to the Middle States; as Lowell and Lynn are to New England; as Jersey City or Paterson are to the Eastern States, so will INDUSTRIAL MISSION be to all Western Canada, the throbbing, humming, heart and soul-centre of manufacturing industry.

### HERE ARE SOME INTERESTING FACTS - SOME "REASONS WHY."

INDUSTRIAL MISSION is located at and is part of MISSION CITY, B.C. - the very heart of the famous Fraser Valley in the most perfectly developed area in Western Canada.

INDUSTRIAL MISSION has the cheapest electrical power for manufacturing purposes on the North American continent.

INDUSTRIAL MISSION is the junction point of four Canadian and American railroads. On main line Canadian Pacific, at the head of deep water navigation on the Fraser river, assuring unexcelled rail and water transportation.

INDUSTRIAL MISSION has all Western Canada and the Orient as a market. It will occupy the same position as an industrial district as the famous Okanagan Valley does to-day as a fruit and farm district.

### YOU CANNOT AFFORD TO OVERLOOK INDUSTRIAL MISSION.

Unquestionably, lots in INDUSTRIAL MISSION are the greatest investment in Western Canada. They will treble in value at the opening of the Panama Canal.

## From London to the Okanagan.

Impressions of a Fleet Street Journalist

II.—By L. V. MILLS.

I BEGIN to fear the fascination of the Valley! What is the mystery in the charm of these blue hills and the bluer waters which lie in their embrace? Do they cast some spell upon visitors and residents alike; is it merely the magic of their beauty or something even more subtle still? Just before I sailed from England a Canadian in London said to me, "You will find this curious state of affairs over the seas. New arrivals in Canada begin at once to save and scrape together every penny possible in order to return home. By the time they have the amount of a return ticket saved they no longer have any desire to quit!" This significant remark set me thinking, and though I have only been three weeks in the Happy Valley (this is my own name for the Okanagan—I have patented it, please) I am already beginning to realize its meaning.

The most frequent remark made to me since my arrival in the Okanagan is a polite query as to the length of my stay, and when I hesitate to put a time limit to anything so delightful as my experiences in the Happy Valley, my interlocutor wags his (or her) head in a wise way and says, "Ah well. I came here for a year—I've been here twelve years," or "I came for a two months' visit, and I've—er—bought a little proposition up here, and well, I guess I'm stopping," or "Oh, you don't know? Well, I can tell you. You'll never go back." All these sayings have aroused my curiosity, I seek the interpretation. The true one seems that the Valley casts its spell over each newcomer—weaves around him some subtle net of fascination, of sicken, but too strong-to-be-broken threads, and finding peace and peaceful occupation in the Last West—here he pitches his tent for good and aye. And should he wander away for a time, in a year or so he comes back, a penitent wandering sheep, to the fold.

I am as yet a "tenderfoot," and cannot speak with any inner knowledge of affairs in these bright little settlements growing on the verge of a Columbian Lake, but impressions crowd thick and fast upon me every hour. I have steeped my heart in the exquisite peace and stillness of your Valley (the spell grows—I almost wanted to say "ours"). I have feasted my eyes on its sunny beauty. I have met and talked to many kindly, hospitable people, and with the impetuosity of a newcomer I have allowed myself to come to conclusions. One believes instinctively in the happy future of this growing community.

What if life is strenuous for men and women alike? What if the sunny days are full of toil, and there is but little time to waste on conventions and artificialities? What if there is sometimes lack of many things which have grown from luxuries to necessities among dwellers in big cities. Okanagan is a land in the making, a country with its history yet to be written, a piece of Columbia that is out to contribute its own huge slice to the great future of Canada. Lucky the men and women allowed a finger in so glorious a pie! "The welfare of all must be the aim of everyone" was a text quoted in Summerland on Labor Sunday, and it seemed the right motto for the Okanagan to set up in big type, and take as its watchword.

Labor Day was a brand new Bank Holiday for me! Soberly and sedately it seemed, the folk here enjoyed their holiday on that first cool silver day of September. I recalled the riot of Hampstead Heath—the revellings of concertina-led bands; the heat and turmoil of every great railway station and every place of amusement away in far off London, the exhausting program of the English toilers' Bank Holiday, and I sighed for them, and wished them the contemplative rural joys of Labor Day in British Columbia. Incidentally, it appears, quite a number of workers went on working, and peaches were gathered and apples garnered on Labor Day. Work is part of the daily program of play out here, evidently, and the Canadian worker is keen against losing any chances.

Woman's suffrage in the Okanagan? Not a fair question to fire at a newcomer and a woman? I hasten to reply that the warmest feminine advocates of the Vote for Canadian Women is of so vastly different a type to the militant suffragist in England that any comparison between the two is futile and useless! The suffrage extended to women in Canada means a power of altogether different significance to its force as it might influence the Imperial Government of "The Old Country." The English suffragist may find some of her arguments repeated in the mouth of the Canadian suffragist, but I do not find a fierce woman's revolution afoot out here. Perhaps you are more akin to nature and know her wisdom better out in the West. A beautiful prayer "For Women who Toil" was prayed in a Summerland place of worship on Labor Sunday, and for me it summed up the Canadian ideal for the state of its womenkind. I have mailed it home to a certain society of English women with which I am connected.

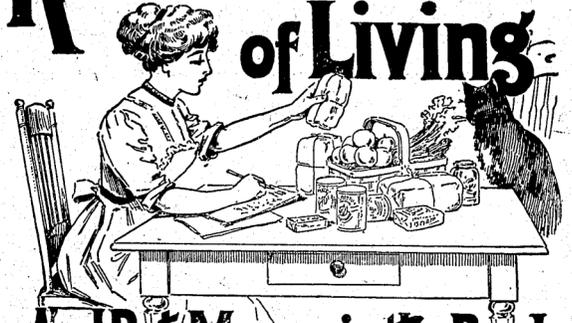

(More Impressions Next week).

## English Aviator Will Try To Capture \$25,000.

Harry G. Hawker, the English aviator, and the machine with which he is making an effort to capture the \$25,000 prize offered by an English newspaper, for anyone who can make a 10,000 mile flight around the English and Scottish coast in an hydro-aeroplane. The flight must be accomplished within seventy-two hours, during which descents may be made on the water only at the control stations at Ramsgate, Yarmouth, Scarborough, Aberdeen, Cromarty, Oban, Dublin, Falmouth, and the fishing point near Southampton. The late Colonel F. S. Cody, who was killed in his aeroplane recently, was an entrant in this contest, and was favored to win the big prize.

# Reduce the Cost of Living

## And Put Money in the Bank

The increasing cost of living has hit us as hard as it has hit you. It has meant fewer sales and smaller profits to us. We have had to sit down and consider how to overcome the trouble. We have had to find better markets and buy our goods more keenly. But the quality has been maintained

What we have accomplished in economy is YOUR gain if you buy here. You can now purchase cheaper and better, and you can put what you save in this way in the bank. Come in today, and compare our prices with what you have been paying.

# The Summerland Review

PUBLISHED BY THE REVIEW PRINTING & PUBLISHING COMPANY LIMITED.  
RALPH E. WHITE, MANAGING DIRECTOR

SUBSCRIPTION RATES: \$2.00 PER YEAR, IN ADVANCE. SIX MONTHS \$1.00.

### Advertising Rates:

LEGAL NOTICES.—Twelve Cents per line for the first insertion; Eight Cents per line for each subsequent insertion.  
LAND NOTICES.—\$7.00 for 60 days, \$5.00 for 30 days.  
WATER NOTICES.—30 days, 150 words and under, \$8.00; each additional 50 words, \$1.00.  
THEATRICAL, ETC.—50c. per inch for first insertion, and 25c. per inch each subsequent insertion.  
LOCAL NOTICES or Readers, Immediately following regular locals, 20c. per counted line; 10c. per line each subsequent insertion. Half these rates when accompanying display advertisements.  
LODGE NOTICES, Etc., 25c. per week, per column inch.  
FOR SALE Advertisements, Etc., 3c. per word first week; 1c. per word each subsequent week.  
Transient Advertisements payable in advance.  
Rates for Contract Advertisements furnished on application.  
Copy for change of contract advertising must be in the hands of the printer not later than Wednesday noon to insure publication in the next issue.

In accordance with schedule of prices adopted throughout the valley, charges for advertising are now being made weekly. Heretofore when five issues were made in one month the result was a loss. By the new method customers are charged each week for just the amount of space used.

FRIDAY, SEPT. 5, 1913.

### OCEAN FREIGHT RATES.

Probably there is proportionately more goods imported from across the Atlantic by Western Canada than by the East and certainly this portion of our broad country uses more space in transatlantic traffic than does the more populous East. The question of ocean freight rates is therefore of even more importance to us.

The action of the Government in making a prompt inquiry into the increase in these rates in recent years has therefore met with commendation from all parts of the country.

H. L. Drayton, K.C., Chairman of the Railway Commission, has just returned from the Old Country where he has been making a thorough investigation into the subject and taking the matter up with the British Government with a view to co-operation between the two Governments to compel some control over rates such as the Dominion now has over the railway rates in Canada.

Just how serious is the increase in rates is shown by the following recent report by F. A. C. Bickerdike, the Canadian trade commissioner at Manchester.

"During the past few years charges have increased regularly each season for the carriage of goods between Canada and the mother country. Of late, however, the rise has been more rapid. For instance flour from Canadian ports to Liverpool has advanced from 9.75 cents per 100 lbs in 1911 to 17.67 cents last year, and grain from 6.97 to 13.92 cents. On crockery from England freights have advanced from 17s. 6d. to 22s. 6d., on hardware 20s. 6d., 20s. to 27s. 6d., and on cotton goods from 22s. to 30s. It is understood in this district that the British Government and the Government of the Dominion are about to investigate the matter."

THE Railway Commission is expected soon to make two important rulings on cases which have been presented before that important body. Chairman Drayton has just returned to Ottawa from England where he has been making preliminary negotiations looking to the control of ocean freight rates, and the next sitting of the board it is expected will be the first week in October, when the Western freight rate question will, it is understood, be finally disposed of. A ruling on telegraph rates is also looked for at an early date. Both the telegraph and freight rate cases are problems which deeply concern Western Canada.

FROM nearly all points in the west come reports of large yields of wheat which is being harvested in good condition. This means that the prairies will be a good market during the coming fall and winter because of this prosperity, and an increased amount of fruit will be consumed.

CREEPING into the lives of men everywhere is the thought that co-operation is better than competition; we need each other, and by giving much we receive much.—Elbert Hubbard.

### Two Little Sailor Princes And Their Sister.

The three royal children of Spain (1) the Prince of the Asturias, and heir apparent to the throne; (2) Don Jaime, the deaf and dumb baby prince, whom it was recently said Helen Keller, the famous American blind girl would go to Spain to teach, and (3) the Infanta Beatrice.

The two little princes love the water. Both would be sailor princes, as is evidenced by the costumes they wear. The photograph was taken at Santander beach, near Madrid; where the children frequently go to walk, accompanied by their nurses who are shown in the picture. Whenever the three royal babies saunter along the beach, secret agents, secret police, or military attaches to the royal household hover somewhere in the vicinity.

### Interesting Visitors In The Valley.

#### A Promise Realized.

A great deal of interest is attached to the recent trip through the Valley of a party of visitors, who have spent four days of their tour at the Naramata Hotel. The party consisted of Mr. W. J. Tupper of Winnipeg, the son of Sir Charles Tupper, Mr. F. T. Griffin, C.P.R. Land Commissioner and expert, Mrs. Chapman, wife of Judge Chapman of Calcutta, and her sister, Miss Cameron of London, England. The ladies are both nieces of Mr. Tupper, and grand-daughters to Sir Chas. Tupper. An auto tour of the orchard lands of both Summerland and Naramata was made by the party on Monday, accompanied by Mr. W. J. Robinson and Messrs. J. O. and Campbell Robinson, and Tuesday was spent in a similar trip around Penticton and Kaleden. Mr. F. T. Griffin, a land expert, was one of the first who surveyed this district with Mr. J. M. Robinson some ten or twelve years ago. He expresses himself as entirely satisfied with the growth and progress of Summerland, Peachland, and Naramata. He says he had "visioned" in the early days the present prosperity, and the fruit-laden trees of our orchards, the green and growing lands of to-day more than realise his expectations. Mrs. Chapman and Miss Cameron were charmed with the beautiful scenery of the Lake, and expressed their delight in all that they saw.

The party are now in Vernon, and propose to proceed to Vancouver, and thence to Winnipeg en route for the Old Country.

It is probable that Judge and Mrs. Chapman will come here to reside a year or two hence when the judge will retire from active service.

### New Branch Of Agriculture.

Seemingly a new industry of considerable proportions is being introduced in this Valley, and if dogs and wild animals can be kept in abeyance there should be no more profitable branch of agriculture than this, the raising of sheep. In the northern part of this Valley there is at least one flock of large proportions which is shortly to be increased to a total of 3,000, and in a smaller way we hear of this branch of agriculture being introduced in the South Okanagan. There is an excellent local market throughout the Valley for a large quantity of lamb and mutton. At the present time lamb is being shipped from the southern part of the Valley as far as Kelowna.

Contributions from anyone having fruit and vegetables will be gratefully received by the hospital.

### Some Results On Pre-cooling.

Mr. Edwin Smith who is experimenting here with pre-cooling fruit, has now received the second thermograph from cars loaded here after the fruit had been cooled. The first car which went to Edmonton is reported to have arrived in fine condition, selling at \$1.00 a box. It showed a great fluctuation in the temperature en route, going up as high as 70 degrees. The second carload, which was shipped to the same city, did not arrive in as good condition, but the thermograph record is excellent. The temperature of the fruit was cooled down to from 48 to 55 degrees when placed in car, the temperature of which was 60 to 65. After loading, the car temperature dropped rapidly, soon going down to 55 degrees and the record showed 50 on arrival. There were no increases of temperature.

It is probable that a different plan will be tried when shipping Elbertas, cooling them before they are wrapped and packed. In this way ripening will be checked that much earlier.

## Concrete is the best building material

A BROAD statement—Yet literally true. The aim of man from the beginning has been to make his building materials as nearly like natural stone as possible. The great labor required to quarry stone led him to seek various manufactured substitutes. The only reason he ever used wood was that it was easiest to get and most convenient to use. Wood is no longer easy to get. Like most building material, its cost is increasing at an alarming rate. The cost of concrete is decreasing. So, from the standpoint of either service or economy, Concrete is the best building material. Canada's farmers are using more concrete, in proportion to their numbers, than the farmers of any other country. Why? Because they are being supplied with

### Canada Cement —

a cement of the highest possible quality, which insures the success of their concrete work. The secret of concrete's popularity in Canada lies in the fact that while we have been advertising the use of concrete, we have also been producing, by scientific methods, a cement so uniformly high in quality that the concrete made with it gives the complete satisfaction our advertisements promised. Concrete would not have been in such universal use today, had an inferior grade of cement been supplied. Insist upon getting Canada Cement. It is your best assurance of thoroughly satisfactory results from your concrete work. There is a Canada Cement dealer in your neighborhood.

Without this label it is not "Canada" Cement.

Write for our Free 160-page book "What The Farmer Can Do With Concrete" — No farmer can afford to be without a copy.

**Local News Items**

Rev. C. H. Daly is attending the Presbytery at Salmon Arm this week.

Mrs. John Tait will leave in about ten days for a visit to her former home in Scotland.

Dr. and Mrs. Mathison of Kelowna were the visitors of Mrs. R. M. Ross for the holiday week-end.

Mr. W. Cross, who has been spending some weeks here looking after his property, returned to Winnipeg on Thursday morning.

The Str. Kaleden made a special trip to Peachland last Saturday night to gather up whatever fruit was packed so that it might be kept in cold storage here over Sunday.

Mrs. Vernon of Kelowna, who has been visiting her sister, Mrs. Downton, was taken somewhat severely ill during the week, and recovering slightly, has had to return to her home.

Mr. and Mrs. George Anderson of Peach Orchard spent Labor Day at Naramata and while out two miles up in the hills behind the town Mr. Anderson shot a fine 80 lb. buck deer.

There has been a change in the management of the Hotel Summerland. Mr. Dunrobin has severed his connection there and Mr. and Mrs. Codrington from the East are in charge for the present.

Mrs. A. H. Steven left on Monday for a visit to her former home in Scotland. She will visit friends in Edmonton on the way east. Mr. Steven accompanied her as far as Revelstoke, returning Wednesday.

To-morrow (Saturday) night the Chicago Vaudeville Company will appear in Empire Hall in high class vaudeville. This company, which carries a full orchestra, will be seen here for one night only. Tickets 75c. and \$1.00.

Two grade Holstein cows were purchased last week by Mr. A. F. Solly at the Government's Auction Sale of dairy cattle held at Vernon. Some thirty-four head were sold at prices ranging from \$50 to \$100 for yearlings, and \$100 to \$200 for three year olds and over.

Mrs. W. H. Hayes returned early this week from a visit to friends in Oyama. She was accompanied by Mr. Gordon Smith of Ottawa, a young man who has been visiting his uncle and aunt, Mr. and Mrs. Trask of Oyama. Mr. Smith is a son of Mr. Wm. Smith, for many years Secretary of the Post Office Department, Ottawa.

What might have been a more serious accident befell Miss Grace Logie last week. Miss Logie, with a party of friends, had been to Penticton to witness the performance of the "Mikado," in the local theatre, and while running along the pier to catch the boat home at night, tripped over a cable and fell. Miss Logie sustained a painful injury to her knee, and is obliged to rest for a while.

If you have amongst your friends a responsible party whom you would like to see located in Summerland, tell him about the bearing fruit lot advertised on the last page of this issue. It is a rare opportunity to secure a bearing orchard on a present investment of only \$200. The owner, who is non-resident, is moving to the eastern states, and wishes to dispose of the property.

The Summerland Musical Society has decided that the "Yeoman of the Guard" shall be their next effort. It was hoped to arrange that the performance should be given at an early date in the new year, but there has been some delay in the delivery of the libretto from Montreal. The cast has not yet been finally chosen, but it is expected that there will be some new talent added to the company this season.

Dr. and Mrs. C. M. Smith will leave for the East the latter end of the present month. They purpose visiting friends in Ontario, and after spending a winter in California will sail for Europe and Great Britain in the spring. On their return to Canada they will make their home in Snult Ste. Marie, the "Pittsburg of Canada," a city of 15,000 inhabitants, where the doctor will join the consulting staff of the General Hospital. The doctor's surviving son is proprietor of the "White Drug Store" in the Canadian "Soo."

Mr. J. Gillies of Balcom spent a day or two early this week at Vernon.

Mr. Ernest Lock of Kaleden is spending a few days with friends in Summerland.

Mr. G. W. Lang returned to Calgary on Tuesday. Mr. G. W. Morfitt went a day or two earlier.

Mr. J. Rowley is attending the session of the Presbytery at Salmon Arm. Mrs. Rowley accompanied him as far as Vernon.

Kickapenny season is now beginning, a number of fish having been caught at the mouths of numerous creeks about the lake.

Mr. Walter Wright returned last Saturday from a business trip in the northern part of the Valley in the interests of the College.

Presbyterian services will be held next Sunday in St. Andrews Church in the morning, and in the Methodist Church in the evening.

Mr. M. C. Henderson, who has been in charge of the Baptist Church at Kaleden, passed through on Thursday on his way to Toronto.

Miss Edith W. Loucks, a niece of Mrs. Fenner, and nurse of the Royal Inland Hospital, Kamloops, is spending her holidays with her friends here.

Mr. A. Steuart shipped a car of fruit last Saturday and another on Thursday of this week, the latter going to Moose Jaw. He expects to ship another car to-morrow.

Mr. D. H. Watson went down to Vancouver on Monday as representative of the Southern Okanagan Poultry Association at the annual meeting of the B. C. Poultry Association.

Cable advice received by friends here announces the safe arrival in England of Mrs. Tunstall and her daughter Miss Tiffin. The latter has been much benefited by the ocean voyage.

The Chicago Vaudeville Company will play in Empire Hall one night, Saturday, September 6. This company carries a full orchestra and will put on a high class vaudeville. Tickets 75c. and \$1.

Prof. R. P. Baker, who for some years has been a teacher at Okanagan College, left this morning for Ontario, and from there he will proceed to Harvard University where he will take a post-graduate course.

Mr. A. McNee of Windsor, Ontario, who is connected with the Windsor Record, arrived on Saturday evening last to visit his nephew, Dr. McIntyre and family. He left on Tuesday morning to visit friends in Victoria.

Mr. J. O. Robinson is coming over from Naramata to Summerland on Monday and will take up his residence here until some time in December, when he purposes entering for his final Law Examinations and proceeding to Vancouver to practise.

After being closed to traffic for some days the bridge near Dr. C. M. Smith's has been undergoing repairs. In order to expedite the work the creek which usually flows under Mr. Elliott's store and across the lots and under this bridge has been diverted near the hospital and carried directly down the street in front of the Baptist Church and under Beach Avenue to the lake.

Interviewed with regard to the reported car shortage which was mentioned in last week's Review, C.P.R. Agent Ross stated emphatically that there had been no shortage. The C.P.R. is paying particular attention to the fruit industry of this district and is determined that as far as they are concerned no obstacle shall be permitted to interfere with the fruit industry. Cars had been furnished, declares Mr. Ross, as frequently and whenever ordered.

While the School Board were gathered around the table in the Municipal Office on Wednesday morning a large portion of the plaster of the ceiling came down with a sudden crash making it necessary to adjourn for a time. Secretary Logie was the most unfortunate, plaster falling all about him, striking him on the head, and cutting his thumb. Some others near that end of the table were also buried or nearly buried under the falling plaster.

**MOVING PICTURES IN EMPIRE HALL.**  
 Empire Hall has been leased by Mr. J. L. Shaw, who until recently has been running a picture show in Fiji Islands. Mr. Shaw is now busy installing machinery and announcement of the opening will be made later.  
 Mr. Shaw has a fine selection of his own films, and his machinery which is costing some \$2,000 is of the most up-to-date type (the Corona de Luxe) and of the same description as that which is used in the London Opera House, England.  
 M. Shaw's lease is for one year, and he expects to have everything ready to put on the pictures by the middle of this month.

**PRESBYTERY MEETING AT KAMLOOPS.**  
 Rev. C. H. Daly and Mr. J. Rowley attended the Presbytery of Kamloops at Salmon Arm this week. This Presbytery is the largest in extent in the Presbyterian Church in Canada, stretching from the American border to the Caribou district and from Yale to Field. It holds its regular meetings semi-annually. The most important item of the meeting is ordinarily the mission report. There are some twenty mission fields within the bounds of the Presbytery. At the last meeting Rev. Ferguson Miller of Penticton was appointed the convener of the Home Mission board to replace Rev. Mr. Campbell who recently resigned.

**LOCALS.**  
 A daughter was born to Mr. and Mrs. Adam Stark on Tuesday night, September 2nd.  
 Miss Mary Pollock of the Municipal Office staff is attending the Vancouver Exhibition.  
 The steel gang on the Kettle Valley line have now reached a point fifteen miles beyond Carmi.  
 Mr. G. L. McWilliams returned home Tuesday night after spending two weeks vacation at the Coast.  
 One hundred men are now employed as carpenters and bridge framers in the Kettle Valley yards at Carmi.  
 A new sign prohibiting the use of the Gulch Road to automobiles has recently been placed in a conspicuous position near the hospital.  
 Lewis Bartlett, who has been with Mr. G. J. C. White, leaves on Monday for Oak Lake, where he will assist in the grain harvesting.

Mrs. J. J. Anderson of Calgary is visiting at the home of Mrs. Thos. Dale, while her daughter Miss Anderson is the guest of her friend Mrs. J. R. Conway. Mrs. and Miss Anderson arrived early this week.  
 Mr. Sydney Dash, B.S.A., Plant Pathologist and Entomologist of the Provincial Government, stationed in Summerland, and Mrs. Sydney Dash spent the week-end with Mr. and Mrs. R. H. Steuart, Pleasant View Ranch, Jones Flat.  
 It is understood that the local lodge of the I. O. O. F. purpose offering to loan the Municipality some \$500 for expenditure on storage dams. This report could not be confirmed at the Municipal Office, but probably the offer will be placed before the Council at its next meeting.

Mr. E. G. May of Calgary is visiting here at the home of his brother, E. B. May. Mr. May has a large ranch on the Elbow River, close to Calgary. This is Mr. May's first visit to the Okanagan, and he is naturally delighted with the orchards and the abundance of fruit to be found here.  
 Miss Muriel Harrington recently received an appointment as instructor in French in St. Agnes Ladies College, Belleville, Ont. and left last week to enter upon her new duties. Miss Harrington was accompanied to Sicamous by her mother, who went down to the Coast, while Dr. Harrington and Miss Dorothy are guests at the home of Dr. Harrington's brother in Peachland.

Mr. C. Quipp and daughter Miss Quipp, will be leaving in the next few days for Mr. Quipp's former home in Scotland. It has been more than twenty years since he left the Old Land, and ill health has forced him to make the change back to the old sod. He has been selling his household effects, and it is understood that the orchard has been taken over by a relative, who will probably come here to reside.

**QUICK WORK.**  
 The boys of the packing house made a record this week in car-loading. A car was loaded with peaches and apples in twenty-five minutes, with four men on the job. It was only forty minutes from the time the car was rolled off the barge empty until it was pulled on again loaded.  
 Three cars were shipped by the Union last Tuesday and one on Thursday, besides this there is a considerable amount sent out each day to be made up into mixed cars at the head of the lake. Much also goes by express.

Mrs. W. H. Lyne and children returned to Vancouver last Friday. They were accompanied by Mr. Lyne who will return in a few days.

Mr. H. T. Gussow of Ottawa and Mr. W. Brittain of Vernon, plant pathologists, paid a brief visit to the neighborhood this week, staying at Hotel Naramata with the object of obtaining some information regarding the condition of the fruit in this part of the Valley. They were much interested in the year's peach and apple crop.  
 The members of the Infants class of the Methodist Sunday School had a delightful little party on the lawn of the residence of Mrs. Percy Thornber on Thursday afternoon. The little ones were in charge of their teacher, Miss Ethel Brown, assisted by Miss Conway and Miss Lil Brown, and thoroughly enjoyed themselves, being afterwards entertained to tea by Mrs. Percy Thornber.

There has been on display in the Review window this week a plate of 1912 Jonathan apples in an excellent state of preservation. These apples were grown on a lot in Victoria Gardens and were stored away with some Starks by the owner, Mr. J. N. Merrill. On being opened the box of supposed Starks was found to contain a couple of layers of Jonathans in the bottom. It is very unusual to see Jonathans at this time of year.

Guy Charsley, aged 25, was drowned last Friday night in Kalamalka Lake, near Vernon. He was seized with cramp, and sank where the water was only seven feet deep.

**Classified Advt.**

Also SUB-AGENCY at WEST SUMMERLAND

## Peachland Notes.

Mr. and Mrs. J. Cousins of Trepanier townsite welcomed a baby boy on Saturday.

Professor Harrington and daughter, Miss Dorothy, are guests of Mr. and Mrs. Harrington on the Bench.

Mr. Jas. Michael's road camp moved during the early part of last week from Crescent Beach, north past the Van Hise place.

On Monday Mr. Alfred Young left for Caron, Sask. to help his brother Vincent of that place with the harvest and threshing.

Messrs. Roy White and Laurence Hatfield of Summerland spent the early part of the week in town, the guests of Mr. and Mrs. Dan. White.

Mr. Chas. Somerville left on Thursday morning for Southern Manitoba, where he will engage in harvesting and threshing for a couple of months.

Mr. and Mrs. J. H. Clements and three little children left for Vancouver on Thursday morning. This is the first holiday Mr. Clements has taken since he came here, and we hope it may prove beneficial to all of them.

A citizen's picnic was held at Camp Hewitt Flat on Labor Day. The feat of climbing the almost perpendicular side of the Pincushion was performed by nearly all, except a few who remained on the Flat to prepare refreshments, for which the climbers returned with hearty appetites.

Labor Day, being also the first day of hunting, was a holiday enjoyed by most. Mr. McGraw succeeded in securing a deer behind the Pincushion, several grouse were bagged while Mr. Ernie Aikens came across a bear, which was enjoying a sleep behind a log. It assumed the erect position and came a step or two towards him, when he raised his shot gun (being armed for grouse only) and made a run towards it. It turned immediately and ran, we can imagine that Ernie heaved a sigh of relief.

A pleasant time was spent at the home of Mr. and Mrs. Harold McColl, saying good-bye to Mr. and Mrs. A. E. McKenzie before their departure for Edmonton and regions beyond. Music and games were followed by refreshments. A handsome locket and chain were presented by the choir of the Baptist Church to Mrs. McKenzie as a slight token of remembrance of the many happy occasions of their meeting. The gathering separated wishing Mr. and Mrs. McKenzie much happiness and prosperity in their new home.

## Kaleden Comments

Mr. James Ritchie came down on Tuesday with a party of C.P.R. officials, and showed them around the country.

Mr. and Mrs. Russell Williams came down from Summerland last Friday and were the guests of Mr. and Mrs. A. S. Hatfield over Sunday.

Mr. A. S. Hatfield, Mr. Corbett, and Mr. Standen took a canoe trip to the lower lakes on Monday morning for the opening of the duck season.

Mr. Fraser Campbell has gone shooting in the Tete Jaune Cache district. During his absence Mr. Alexander is taking charge of the "Cygnet."

Mr. Standen, who came here recently to settle, is erecting a large barn on his lot in north Kaleden, in which he plans to live during the winter months.

Mr. M. C. Henderson, who has been in charge of the Baptist Church here for the past year, held the farewell services last Sunday, before leaving for the East.

A surprise party was held on Monday evening at the home of Mr. and Mrs. Leonard Preston in honor of Mr. and Mrs. M. C. Henderson, who left the following morning on their journey for Toronto.

Among those registering at the Hotel recently are E. N. Massey, W. Limerick, Ireland; Mr. and Mrs. Nesbitt, Penticton; Mr. and Mrs. Gross, Vancouver; Mr. and Mrs. Brown, Vancouver; R. T. Brixton, Vancouver; E. Moscrop, Penticton; Mrs. Chapman, Calcutta; Mrs. Cameron, London, Eng.; F. T. Griffin, Winnipeg; J. O. Robinson, Naramata; William J. Tupper, Winnipeg.

## The Gurney-Oxford Attracts Madam To The Kitchen

THE GURNEY-OXFORD has a large following of fashionable cooks who dip into the culinary art simply for the pleasure they derive from trying dainty recipes previously not attempted. They are all most enthusiastic supporters of the Gurney-Oxford because it contains many exclusive devices that make a perfect cooking equipment.

Its oven is evenly heated in every corner to insure deliciously dainty cakes, golden brown biscuits, and light flaky pastry. A special Divided Flue carries the heat to every hole on the range. The top is perfectly smooth and clean, requiring no black lead polish.

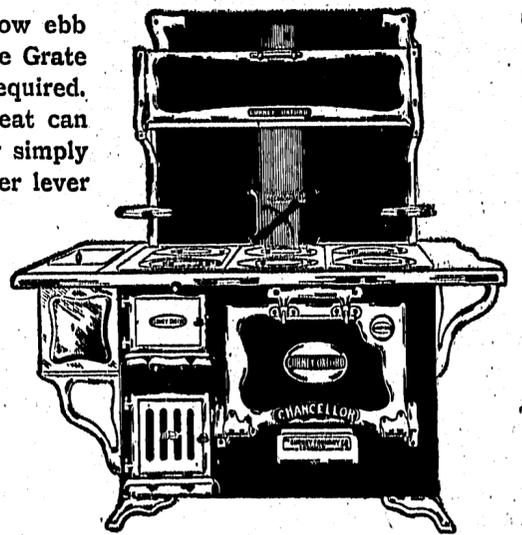

But most important is the Economizer. It is a small lever that moves around a series of six notches giving the exact degree of heat required for any particular dish. The heat of the range can be shut off and the kitchen kept cool between meals by turning the lever to a certain number.

The fire is held at a low ebb on a special Reversible Grate until a baking oven is required. Then the necessary heat can be obtained quickly by simply turning the Economizer lever to another notch.

Such control as this enables many smart women to invent some very tempting dishes which they set triumphantly before their friends. It will pay you to investigate the Gurney-Oxford.

## The Big English Market.

Some Of The Obstacles To Be Overcome.

### Australasia's Success And B.C.'s Opportunity.

By Mr. J. O. ROBINSON.

A few days ago my father and I took a trip across England, to the ancient city of Bristol. We were accompanied by Hon. J. G. Jenkins and Major Norton, two ardent imperialists, the former being ex-Premier and for many years Agent-General, and the latter the present Trade Commissioner for South Australia. The district through which our train passed is devoted principally to grain and mixed farming, and the trip had the effect of dispelling the delusion under which I had labored, that England is no farming country. I was surprised to see those massive fields of yellow grain, with soil so fertile that the average yield per acre frequently reaches forty bushels. In spite of the fact that the great proportion of England is used for farming purposes, it goes but a small way in feeding her millions of subjects, and the nation has to depend on imports from other countries. It has been said that should the shipping be stopped for the period of but a few days, London would be reduced to the stage of starvation. The truth of that statement one can hardly doubt, when you realize the extent of supply of foodstuff necessary to feed the millions of hungry mouths. The result is that producers and growers at nearly every corner of the earth look to London and the United Kingdom for their market, and there, they find that if properly managed, a never-failing demand for their products. The prices are steady and the cash is always forthcoming.

In regard to market, there is no doubt but that the prospects for the fruit grower are very bright. When you consider that it is not an uncommon thing to sell fresh peaches at half-a-crown or about sixty cents each, you will realize that the demand is indeed great. Apples, when properly put on the market, bring such a price to net the grower a very handsome profit, while the Californian is prospering on the returns he gets for canned fruits sold in London.

The question is vital to the future of the Okanagan, and if our fruit could be firmly established on this market, there can be no doubt about brilliant success. Unfortunately there are some difficult obstacles to overcome, not the least of which is the unscrupulous commission merchant. More than one man with his consignment of goods has come here, and escaped with little more than his hide. The people of Australasia faced these conditions some years ago, and their ever-alert and progressive government faced the issue, acting quickly and effectively. The effectiveness of their action is evidenced by the good prices received by the farmer for his products, and the continual clamor for his goods on the English market, whereas formerly they were flatly refused and ruin seemed inevitable. The secret of their success lay in the appointment of astute and bright trade commissioners, and in Major Norton, South Australia surely got a "live wire." To hear him relate his experiences and investigations at Covent Garden sounds like a fairy tale. He fought them and fought them hard, with his eye on the selling to prevent any slaughtering of his goods. Finally he was told by the wholesale men that his goods were not wanted, there being no demand for them. He then went around and exhibited at horticultural shows, and with the aid of some small dealers, soon had the people asking for his wares. This spirit was carefully fostered, with the result that the demand grew, and soon the big wholesale men came begging him to sell to them.

Major Norton has brought prosperity to the farmers of his state, but he still sees greater things ahead, and consequently is working harder than ever. A short while ago he was offered a great increase in salary by some commission merchants, thus he resigned his government position, but his merits were fully appreciated by South Australia with the result that big inducements lured him back into their employ. On his return to the service, with the aid of some prominent Australians, among whom is Hon. J. G. Jenkins, a comprehensive definite scheme has been set in motion which is destined to settle once and for all this knotty problem. It was originated by New Zealanders with the co-operation of some of Bristol's most prominent and wealthy citizens, who with the broad ideas of bringing back to their city the once proud position as the chief shipping port of Western England, and fostering imperial over-seas trade, extend their services and money in a somewhat charitable manner. The Australians saw the force of this scheme, consequently the organization has been extended to embrace them.

Since coming to England my father has been carefully and thoroughly studying conditions of the English market, with the view of seeing that British Columbia, and especially Okanagan fruit shall be established in England, and thus sharing some of the excellent prices which prevail. It was soon seen that, as a medium, Covent Garden is hopeless if our growers wish to get fair returns, and action by our government such as the appointment of an efficient Trade Commissioner became apparently advisable. Not having the advantages of such an official the investigations were carried on, with the result that the largest fruit dealers were interviewed, until finally he came into contact with the Australians. Immediately the chance for our fruit presented itself, hence our trip to Bristol.

Fortunately for Canada the harvest season is opposite to that of Australasia, consequently our fruit does not come into competition with theirs. They have thus, being good imperialists, lent an attentive and sympathetic ear to our story, and the outcome will probably be that they will be quite willing to further expand their scheme into a world-wide one, in order to embrace Canada, thus opening the doors to the splendid opportunities of an organization which is the result of years of work and experience of experts of the most progressive government of the age.

If the operation instituted by a private individual mainly on behalf of the district, which we think is unsurpassed anywhere, are brought to a successful issue, tangible prosperity will be assured, because the products of the soil will find a safe and sure way to the most coveted of all markets where there is almost no danger of a glut, and where prices are always good, backed by good substantial cash.

#### CHURCH NOTICES.

St. Stephen's Church (Anglican).—Holy Communion every Sunday at 8 a.m. except on the first Sunday in the month. First Sunday in the month Holy Communion at 12 noon. Matins 11 a.m., Evensong 7 p.m., each Sunday. Rev. H. A. Solly, B.A., Rector. Rev. D. E. D. Robertson, Curate.

**SYNOPSIS OF COAL MINING REGULATIONS.**

COAL MINING RIGHTS of the Dominion, in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the North-west Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre. For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,  
Deputy Minister of the Interior.

Poultry Supplies always in stock.

**THEATRICAL PERFORMANCE AT  
EMPIRE HALL.**

**"The Summerland Players."**

A capital performance of two crisp playlets, with a musical interlude, was given at the Empire Hall last night, Thursday, by the "Players" of Summerland, assisted by Mr. and Mrs. A. L. Soames of Kelowna.

A good audience thoroughly appreciated the presentation by a clever caste of Sydney Grundy's well-known "In Honor Bound," and "The Man in the Street."

In the first playlet, the scene set in "A Room in Sir George Carlyon's House," was charmingly arranged, and the unravelling of the slight but human and interesting plot, was admirably carried out by Mr. Sauter, as the cynical and strong barrister, Sir George Carlyon, and the three local amateurs who assisted him. Mr. Sauter, as an actor, easily fills the stage alone, and his conception of the part of Sir George was a remarkably clever one, and somewhat reminiscent of Sir George Alexander in his happiest moments.

Miss Heber Percy made a charming and graceful Rose Dalrymple, and Mrs. Fetherstonhaugh as Lady Carlyon, and Mr. Oliver Villiers as Philip Graham, though not convincing, did their best to support Mr. Sauter.

In the musical interlude which followed Mr. Alex. Bentley's songs were enthusiastically received. Mr. Bentley is the possessor of a fine and mellow baritone, which he uses with admirable restraint and expression, and he was delightedly encored. Miss Phyllis Higgin provided a most sympathetic accompanist. A reading of "The Lady of Shal-

lott" by Mr. Sauter was well received, and the incomparable music of the famous poem was admirably rendered with a musical accompaniment by Miss Phyllis Higgin. Miss Higgin is a clever pianist, but did not realize the restraint necessary for the illustrative accompaniment of a recitation, and Mr. Sauter was consequently at a little disadvantage.

Distinctly forceful and clever was Mr. and Mrs. A. L. Soames' production of "The Man in the Street." Mr. Soames' interpretation of the hopeless old vagabond Jabez Glover, was a delightfully realistic effort, every detail in make-up, gesture, and facial expression being admirably faithful to life. Mrs. A. L. Soames as Minnie Adare, acted very gracefully and well, and has a most charming stage presence. Mr. Sauter's Philip Adare gave further proof of his talent as an actor of the first order.

**RIFLE ASSOCIATION.**

The final stage of the Special Competition (King's Bisley) was shot off on Monday, Labor Day. The conditions were rather difficult, the wind being, as in other stages, tricky, and hard to estimate. Leading scores for the day were:

Distances	900	1000	Total
H.P.S.	75	75	150
J. Dunsdon	57	60	117
G. Barkwill	59	55	114
O. Smith	55	58	113
Rev. D. Robertson	45	53	113*
F. R. Gartrell	57	52	109
G. M. Loomer	52	56	108
F. Nixon	52	53	105
H. Dunsdon	48	56	104

\*Start of 15 points given for using rack rifle. Two silver spoons were offered by the Captain, H. Dunsdon, for highest scores at 900 and 1000 yards, and were won by G. Barkwill and J. Dunsdon.

The above scores, added to those of the previous two stages, gave a close win of the gold medal to G. M. Loomer by one point, as follows:

	1st	2nd	Final	Total
H.P.S.	105	100	150	355
G. M. Loomer	85	88	108	281
J. Dunsdon	90	73	117	280
F. R. Gartrell	93	75	109	277
G. Barkwill	80	80	114	274
Rev. D. Robertson	77	83	113	273
O. Smith	85	74	113	272
H. Dunsdon	87	78	104	269
W. Nelson	86	83	99	268

The Rev. D. E. D. Robertson winning a Special Silver Medal for highest score of those using rack rifles. This competition has proved of such interest to those taking part in it, besides improving the skill of the competitors, that it has been decided to repeat it during September, the first stage at 200, 500 and 600 yards commencing again on Saturday next, 6th inst., and the Committee request every member to take part in it, as start will be given as before, and as seen from the scores above, the result is in doubt until the last shot is fired.

**Piano Contest**

**Warming Up.**

The standing of the contestants for the Drug Company's piano is materially changed during the last few days. Friends of a number of those who for a time seemed inactive are beginning to get busy, and though quite a large vote has been recorded for a few of the contestants it is yet easily possible for anyone low in the ranks to quickly jump to first place. Nos. 14, 64, 26, 27, and 49 are making a good record with 65 following fairly close. Below is the standing of the contestants, as recorded on Wednesday:

No.	Votes Cast.
2	11,450
6	10,975
7	15,455
8	13,885
9	9,750
11	20,085
14	139,000
15	16,120
18	17,895
19	21,635
20	9,000
21	9,000
22	17,935
23	13,555
24	11,580
25	9,000
26	150,445
27	104,988
28	27,435
33	18,200
34	20,915
35	11,505
36	13,485
39	9,250
44	11,885
40	163,055
62	21,515
63	9,660
64	98,040
65	61,140

**The Piano We Give Away**

**DESCRIPTION OF PIANO**

**FINISH**

We furnish this Piano in either Oak or Mahogany finish

**MANUFACTURER'S DESCRIPTION**

The dimensions of the above Piano are as follows: height, 4 feet 9 inches; length, 5 feet 2 inches; depth, 2 feet 4 inches; weighs, boxed ready for shipment, about 800 pounds, and the material and workmanship are of the best. The cases are finished in Mahogany or Oak, double veneered inside and out to prevent warping or splitting. The Piano has 7 1-3 octaves, repeating action, three pedals, full iron frame covering wrost plank, and built up pin block of five different layers of hard maple, direction of grain alternating in successive layers to prevent to the greatest extent possible the Piano getting out of tune.

The three strings in unison with over strung bass, splendidly pitched scale and excellent sounding board produces the rich, deep, even tone peculiar to the Upton Piano, and so much striven for by manufacturers of high class instruments. The brackets, pedal guards, hammer rail, and continuous hinges are all heavily nickel plated. The case itself is highly polished, making a first-class artistic instrument in finish, appearance and tone.

By comparison this Piano will be found better, heavier, and more artistic than most Pianos on the market to-day. Each instrument is fully warranted.

**MANUFACTURER'S WARRANTY**

The above Piano is warranted to give perfect satisfaction for a period of ten years, provided it is not exposed to extremes of heat, cold, wet or dampness.

**SUMMERLAND DRUG COMPANY**
