

# The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 6, No. 51

SUMMERLAND, B.C., JULY 17, 1914.

Whole No. 311

## MORE POWER FOR FRUIT INSPECTORS.

### May Now Seize Any Infected Fruit On Display in Province.

New regulations empowering the provincial fruit inspectors to seize all infected fruit, no matter where it is on display, even though it has previously been passed by the inspectors, have been made by the provincial board of horticulture which met in Victoria last week. This is the most drastic step yet taken in the campaign of the board against the importation of fruit suffering from any form of plant or insect disease. Cases have been reported where evidence of infection were not apparent at the time of inspection, but the shipments on being opened up on the fruit stands a few days later showed that infection had ripened. These shipments will no longer be protected by the inspector's certificate, and will be open for inspection and seizure as if they had never been previously inspected and passed.

Another regulation aimed at stamping out the risk of infection from codling moth calls for the inspection of all fruit cars that enter Canada from any point in the United States.

Another important decision of the Board of Horticulture is a request to the Ottawa authorities to place "black leaf forty" on the free list. At present it pays a duty of 27 1/2 per cent. in Canada. In the United States it retails for \$12.50 per gallon. In this province, buying it in very large quantities, the government has to pay \$15.25 per gallon, the growers still more. As it is indispensable to the growing of fruit, it is expected that the Minister of Customs will have it placed on the free list. Carbon bisulphide, which is used for fumigating insect pests, was placed on the free list a few weeks ago.

## WEDDING.

### LOCK-WILLIAMS.

The Peach Orchard home of Mr. and Mrs. A. B. Williams was the scene on Saturday evening last of an exceedingly pretty summer wedding, when their only daughter, Miss A. E. Williams, was united in marriage to Mr. Ernest H. Lock, B.A., only son of Mrs. Janet Lock of Kaledon. Guests, who were present to the number of about twenty, witnessed a simple, yet impressive ceremony. Both the contracting parties are well-known in Summerland, the bride having been in charge of the Town School for the past two and a half years, while the groom, who formerly resided in Summerland, attended and later taught at Okanagan College before proceeding to McMaster University, from which institution he graduated last spring.

The bride entered the room on the arm of her father to the strains of Mendelssohn's Wedding March, rendered as a duet by Mr. and Mrs. L. R. Williams. In a dainty gown of ivory messeline, with an overdress of embroidered crepe-de-chine, she looked radiant and charming. She carried a beautiful shower bouquet of fragrant white carnations and Easter lilies, with asparagus fern. Attending her was Mrs. F. A. Williams, as matron of honor. Mr. F. A. Williams supported the groom as best man.

The ceremony was conducted by Rev. Norman McNaughton. The couple stood under an arch of asparagus fern, into which rambler oases had been woven, and from the centre of which hung a floral bell fashioned of pink and white sweet peas, baby breath and asparagus fern. At the conclusion of the service the bridal couple received the congratulations of the relatives and guests. On a sideboard were arranged the wedding gifts, which made striking testimony to the popularity of the young people.

On the verandah in the cool of the evening the guests sat down to a bountiful wedding supper. Mr. and Mrs. Lock left on Sunday evening for Kaledon, making the journey by road. They expect to make the southern lake town their home, at least for the next five or six weeks.

Chief of Police Roche of Penticton has tendered his resignation to the council to take effect on August 15th.

## BOY SCOUT SPORTS.

After a most happy and helpful week under canvas at Crescent Beach the Boy Scouts broke camp and returned to their several homes last Saturday. The troop was brought back without cost by the courtesy of the Okanagan Lake Boat Co., as was also the journey to camp. One of the reasons for holding camp at Crescent Beach was because it was so near that it would be easily accessible to parents and friends. The number of visitors, however, was disappointing, even on Thursday, when a good program of sports was given, although there was a fair attendance on that afternoon.

The results of the contests are as follows:

### WATER SPORTS.

High Dive—1, W. Smith; 2, W. Snow.

Low Dive—1, A. Smith; 2, R. Phinney.

Life Saving—1, Allan Harris, with C. Daly; 2, H. Harris, with A. Smith.

50 Yards—Old Boys—1, H. Harris; 2, A. Harris.

50 Yards—Young Boys—1, A. Smith; 2, Cecil Ritchie.

Swimming under water—Old Boys—1, L. Johnson; 2, A. Harris.

Swimming under water—Young Boys—1, A. Smith; 2, B. Taylor.

Diving For Plates—Old Boys—1, L. Johnson; 2, A. Harris.

Diving For Plates—Young Boys—1, A. Smith; 2, B. Taylor.

Egg Dive—1, W. Snow; 2, A. Harris.

Australian Splash—1, R. Elsey; 2, W. Snow.

### LAND SPORTS.

100 Yards—Old Boys—1, R. Elsey; 2, H. Harris.

100 Yards—Young Boys—1, J. Gayton; 2, R. Phinney.

Half Mile—1, R. Elsey; 2, H. Harris.

Long Jump—1, H. Harris; 2, R. Elsey.

Obstacle Race—1, R. Phinney; 2, C. Daly.

F. A. C. Wright and J. E. Phinney acted as Judges.

To-night will be the last of the Scout's summer meetings, it being found inadvisable to assemble during the harvest season. Practices will be resumed October 1st.

## Rifle Association.

The finals of the Canadian Rifle League and Dominion Salver competitions on Saturday maintained that which has always been a feature of the Association—the equality of the leading shots, there being only three points between the first four men in the Salver shoot. Scores, 11th July, 200, 500, 600 yards.

	Salver	League
J. Dunsdon	97	98
O. Smith	95	95
G. Barkwill	94	94
W. Nelson	93	93
H. Dunsdon	87	87
G. M. Loomer	87	87
S. A. Liddell	80	81
W. J. Smith	80	80

The final for the four shoots resulted as follows, J. Dunsdon leading in both, and thus securing this year's Salver:

	Salver	League
J. Dunsdon	370	374
G. Barkwill	369	369
O. Smith	368	369
H. Dunsdon	367	370
W. Nelson	364	366

The next event will be on the 25th July, when there will be commenced again a competition which proved the most interesting of the whole series last year—the "King's," which is shot for under the same conditions as the King's Prize at Bisley is being shot for at the present time.

Readers who would consult their pecuniary interests should not fail to closely examine the advertisements of our merchants, who advertise their wares and business in this paper. They mean business in every word they advertise, and propose to make business by the bargains they are advertising. Peruse these advertisements carefully and call on these merchants for the bargains they are offering.

## Fruit Shipments.

### First Carload Next Week. A Record in Cherries.

Notwithstanding the fact that the cherry crop was reported to be light, shipments from this point have been fully 50 per cent. greater than last year, when a record for cherries was made. The Union claim to have shipped double the quantity of cherries this year that they did in 1913, while a careful estimate of total shipments show the exports to be 50 per cent. over last year's. The Union have handled practically 1200 crates of cherries.

Next week the first carload shipment of the season will be made by the Union. A mixed car of tomatoes, apricots, and peaches will be sent to the prairies on Monday.

This car of fruit will be pre-cooled, unless present plans miscarry. The ice tube to convey the crushed ice from the ice-house on the hill to the packing house below was put in position early this week, and the crusher will probably be running about the time we go to press. By pre-cooling the apricots the Union hope to be able to get much better returns than last year, when many heavy rebates were allowed because of the fruit arriving at destination in unsatisfactory condition.

Summerland apricots will appear on the prairie markets this year practically as soon as the Washington apricot, the first car from Wenatchee being shipped only five days earlier than from Summerland.

The only variety of cherry for which returns have yet been made to the Union is the Governor Wood, for which \$1.75 F.O.B. Summerland was received. Some later varieties are not likely to bring as good price.

The Union are now in receipt of daily quotations from the Central which prices are being posted at the packing house as they are received.

A Fruit Union official, when interviewed by the Review, stated that up to the beginning of the fruit shipping season sufficient profits had been derived from the business transacted since the first of the year to pay all expenses. This will mean that the fruit will not be required to bear the burden of rent, salaries, etc., for the first six months of the year.

### SOME ROUTE CHANGES.

At a special meeting of the School Board held last Saturday night some alterations were made in the school conveyance routes, and the Secretary instructed to call for tenders.

In Prairie Valley it is proposed to keep the rig to the main road both coming and going. The extra route recently added at the request of Mr. B. L. Hatfield and others in that neighborhood will be dropped, and a change made in the town route to accommodate pupils from that section. The town conveyance will start from Elliott's corner, going as at present, but will return via the Gulch Road. The ad. for tenders will appear next week.

### FRUIT CROPS RUINED.

While Summerland and other districts of the Okanagan were enjoying a respite from a period of hot weather, and refreshing showers were delighting the hearts of the tillers of the soil, on Sunday and Monday the elements were less kindly disposed to our more southern neighbors.

Press despatches from Wenatchee, Yakima, and other points both in Washington and Oregon tell of serious damage and heavy resulting losses. Wenatchee, which seemingly has been exempt from the visitations of heavy electrical storms as are we, suffered on both Sunday and Monday, nearly an inch of rain falling on the afternoon of the latter. Some damage was done by hail. The fruit crop, in an area two miles square adjoining the city of North Yakima, was practically ruined on Sunday by hail, while from Central and Eastern Oregon much damage is reported, Sherman County alone suffering \$100,000.

## The Water Case.

### Accused Let Off With Costs And A Warning.

The case against John W. Harris who was charged with interfering with a flume gate on the irrigation system was tried before Magistrate English on Saturday night. This is the first instance of a charge of this nature being laid against any local lot holder, and an unusual amount of interest was manifest, the court room being crowded, with a large number standing outside. A report that several who were dissatisfied with the water service had clubbed together and intended to fight this as a test case probably added further interest. Mr. Harris defended his own case, while Clerk Logie prosecuted for the Municipality. Claiming that he was not getting all the water to which he was entitled the defendant pleaded guilty to the charge, and as the Municipality's only desire was to stop tampering with the ditches and flumes Mr. Logie asked that the fine, the maximum of which is placed at \$250, be not imposed in this instance. Accordingly the Magistrate imposed the costs only—\$8.50, warning the defendant that if brought before him again on a similar charge he would be heavily fined.

### TRAINS TO COAST BY END OF YEAR.

That trains will run over the K.V.R. before the end of the year is a statement credited to F. W. Peters, General Superintendent of the C.P.R.'s B.C. division. Mr. Peter's recently completed a tour of inspection through the province, looking over the K.V.R. at the same time.

Reports from the Princeton district are to the effect that the construction force of the K.V.R. has been doubled, and that the work is being pushed forward with great speed with both day and night shifts. Grading from Osprey Lake to Princeton will be completed about the middle of fall.

The trains will run for some months via Merritt and Spence's Bridge.

### MUNICIPAL ACCOUNTS FOR JUNE.

At the Council meeting on Thursday afternoon of last week, accounts totalling the sum of \$4812.08, detailed as follows:

Pay Roll	\$1725.12
Summerland Supply Co.	32.50
Wm. Ritchie, lumber, etc.	407.86
T. B. Young, feed	19.95
R. Shannon, roadwork	32.40
Review Co., printing and advertising	22.81
Dominion Glazed Cement	
Pipe Co.	116.00
Robertson-Godson Co.	168.00
John Steven, wharf approach	152.00
C. P. R.	88.86
W. C. Kelley, professional services	46.25
J. J. Mitchell, horse hire	26.00
Municipality, light and water	40.05
Debiture Interest	525.00
Bank Interest	89.80
Postages	8.00
School Board, June requisition	919.61
Sundry small accounts	48.10
Total	\$4413.56

### IRRIGATION EXTENSION.

Pay Roll	\$220.92
Summerland Supply Co.	.50
W. Ritchie	127.70
G. R. Hookham	36.00
J. E. Phinney	4.85
Total	\$399.87

### IRRIGATION CONVENTION CALLED.

The official Call to the Western Canada Irrigation Convention, which is this year being held at Penticton next month, has just been issued and circulated to two thousand members throughout Western Canada and the United States. The Call is a bright four page pamphlet well illustrated, and containing interesting information concerning the big irrigation meeting.

The man who cannot afford to advertise, cannot afford to be in business. He should be out in the woods cutting green timber.—Ex.

## WARD IV. MEETING.

A meeting held last evening at the home of Mr. and Mrs. T. J. Garnett to discuss further the school situation as it affects that district, gathered about fourteen ratepayers and parents together. The lower Trout Creek district was well represented, but there was not the number from the upper district that was anticipated.

It now seems probable that the proposition advanced at the public meeting last week, for the establishment of a school in the vicinity of Mr. Zimmerman's, to accommodate the younger children of both sections, may not be pushed. The people of the lower levels who were present at Mr. Garnett's last night, expressed themselves of the opinion that they would prefer to continue with existing conditions for about a couple of years, when there would be the requisite number of children for the opening of a ward school in their midst. Some of the people at least from the upper benches would also prefer to hold to the present system with the continuation of the rigs for the outlying younger children.

In view of these facts, therefore, and the inability of the meeting last night to get a decided voice of the sentiment of the majority of those interested, it is problematical whether any further steps will be taken in the matter, since the Trustees have decided to allow the two conveyance routes to this district to stand at least for another year.

### BOARD OF TRADE TO WELCOME VISITORS.

Summerland, through the Board of Trade, has been asked to entertain two large and important bodies on August 19th and September 4. On the former date a special train will be run up from Penticton bringing the delegates to the Western Canada Irrigation Convention which meets there on the 17th, 18th, and 19th, and the Board of Trade has been asked to meet representatives of the Penticton entertainment committee to arrange for entertainment during the visit.

On September 2nd, 3rd and 4th the Press Association of Alberta and Eastern B.C., comprised of representatives of practically every publication in the two provinces, except the Coast district, will assemble at Vernon. On the 4th day will be spent visiting the lake towns, Penticton, Summerland and Kelowna. Both Penticton and Kelowna have already arranged for

### LETTER TO THE EDITOR.

The Columns of THE REVIEW are open to the public for the discussion of matters of general interest. No notice can be taken of anonymous communications. Letters intended for publication must be authenticated by the name and address of the writer, not necessarily for publication. The opinions of correspondents are not necessarily those of the Review.

### EARLY VEGETABLE EXPERIMENTAL STATION

Victoria, B.C.,  
July 13, 1914.

The Editor,  
Summerland Review,  
Summerland, B.C.

The Department of Agriculture has completed arrangements for conducting experiments in early vegetables and small fruits at Summerland. Mr. J. L. Hilborn will have charge of the work, which will be conducted on his property on a co-operative basis; its administration will be under the direction of Mr. M. Winslow, Provincial Horticulturist, as head of the Horticultural Branch.

The operation of an experimental station for early vegetables and small fruits in the Southern Okanagan is considered desirable because of the excellent markets for these products. Already a sufficient trade has been developed on the Prairies to justify greater expansion. In addition, the Southern Okanagan will shortly have favorable access to the Coast markets by the Kettle Valley Railway.

Mr. Hilborn has agreed to do the experimental work under the supervision of the Provincial Horticulturist, and as the work is to be conducted from a commercial viewpoint, records will be kept of cost of production and profits.

Mr. Hilborn has also agreed to

## BIG CONVENTION HERE NEXT SUMMER.

### Baptists From All Over Province Will Gather In Summerland.

Summerland has been chosen as the next convention place of the Baptist churches of B.C., and was the unanimous choice of the 18th Annual Convention held last week in Vancouver.

Dr. E. W. Sawyer and Principal S. Everton of Okanagan College, as delegates from the Summerland Baptist Church, carried with them an invitation to meet with the local church next summer. A large attendance is anticipated for several reasons. Since the convention was held here seven years ago the Okanagan has become much better known throughout the province, and particularly during the last year has Summerland and the Okanagan been brought to the notice of the public, and many will take advantage of the opportunity to visit the district. Desire to see and know more of the College and its location and surroundings will bring others. The opening of the direct connection with the Coast the K.V.R. will induce many from the lower country to visit here next year. Summerland will also be easily accessible to the people of the Kootenays and boundary country.

The sessions of the convention will cover about five days, beginning with the first Friday in July.

Principal Everton looks forward with renewed confidence in the future of Okanagan College. Never before have the churches of British Columbia taken to themselves the responsibility of maintaining this important educational institution. The work rather has been left to the Board of Management and a limited number of more directly interested workers. At the recent convention the delegates of the various churches were unanimous in their determination to put the College on a sound financial basis.

The holding of the convention here next season is expected to further strengthen the institution in the hearts of the people.

entertaining the visitors in a way to impress them and send them off happy. The newspaper men are expected to arrive here in the early afternoon, and will be shown over the district by autos and teams.

The advertising committee of the Board of Trade were instructed to look into the possibility of preparing a district exhibit for the Dominion Exhibition at Victoria in September.

receive visitors on the grounds and instruct them regarding the progress of the work, and he will also deliver addresses and give demonstrations with regard to it, at different places, during the winter.

Mr. Hilborn is not at all new to this work, having been in charge of the Ontario Government's Fruit Experiment Station at Leamington, Ont., for a period of years; he was also on the Provincial Advisory Board in charge of different Fruit Experiment Stations of the Province.

Mr. D. Johnson, Fruit Commissioner, Ottawa, in a recent letter, congratulates the Department on having secured Mr. Hilborn's services. In his letter he states that "he was a pioneer fruit and vegetable grower of Leamington, and by his progressive ideas and energy has revolutionized the district."

In a similar letter, received from P. W. Hodgotta, Chief of the Fruit Branch, Toronto, Ont., Mr. Hodgotta expresses regret at losing Mr. Hilborn from Ontario, "as he was considered the best man in the Leamington district, both for fruit and vegetable growing."

While something has already been done to demonstrate the commercial possibilities of greenhouses and early vegetables in the Lower Okanagan, the industry is comparatively new, and a large amount of experimental work must of necessity be done. The arrangement entered into between the Provincial Department of Agriculture and Mr. Hilborn seems admirably calculated to secure the carrying on of this work to the very best advantage.

WM. E. SCOTT,  
Deputy Minister of Agriculture.

# The Summerland Review

PUBLISHED BY THE REVIEW PRINTING & PUBLISHING COMPANY LIMITED.  
RALPH E. WHITE, MANAGING DIRECTOR

SUBSCRIPTION RATES: \$2.00 PER YEAR, IN ADVANCE. SIX MONTHS \$1.00.

### Advertising Rates:

LEGAL NOTICES.—Twelve Cents per line for the first insertion; Eight Cents per line for each subsequent insertion.

LAND NOTICES.—\$7.00 for 60 days, \$5.00 for 30 days.

WATER NOTICES.—30 days, 150 words and under, \$3.00; each additional 50 words, \$1.00.

THEATRICAL, ETC.—50c. per inch for first insertion, and 25c per inch each subsequent insertion.

LOCAL NOTICES or Readers, Immediately following regular locals, 20c per counted line; 10c per line each subsequent insertion. Half these rates when accompanying display advertisements.

LODGE NOTICES Etc., 25c. per week, per column inch.

FOR SALE Advertisements, Etc., 2c. per word first week; 1c. per word each subsequent week.

Transient Advertisements payable in advance.

Rates for Contract Advertisements furnished on application.

Copy for change of contract advertising must be in the hands of the printer not later than Wednesday noon to insure publication in the next issue.

In accordance with schedule of prices adopted throughout the valley, charges for advertising are now being made weekly. Heretofore when five issues were made in one month the result was a loss. By the new method customers are charged each week for just the amount of space used.

FRIDAY, JULY 17, 1914.

### A MATTER OF PRINCIPLE.

THAT PRINCIPLES are only of service to us when they cost something is an axiom laid down by a noted moralist. One of the guiding principles of community life that the Review has consistently preached as vital to growth and progress is that which is voiced in the slogan "Trade at Home." Holding firmly to this principle we recently refused an advertisement offered for publication by an outside departmental store. The space desired by this firm was much more than that at present occupied in our columns by any local store, and would have been permanent, so that the mercenary consideration was not lightly to be passed by.

We tell this not expecting any commendation, but to drive a point home to our local merchants. The department store manager referred to became convinced, after a visit here and a look into conditions, that there was room for business in Summerland, and desired to reach out after it by the logical means of advertising. Some may think that the local stores are already handling all the business that can be attracted in Summerland, but that this is not the case is clearly shown by this instance of a concern seeing an opening for the thin edge of a wedge by which a good business could later be worked in. We believe it to be the case—have proven it to be so in a number of instances—that local merchants can equal and come under the prices offered by out of town merchants in a great many lines, on the same terms. But the reason a great many of the townspeople do not see the same way with us is because they seldom have presented to them by the local merchants the bargain opportunities which can be had here, with the same insistent force which the mail order houses advertise to their customers. An illusion is presented by some of the big catalogues by presenting with compelling force a few extraordinary bargains, which gives rise in the mind of the reader to the fallacy that every item is a like bargain.

There is more business in Summerland for the local merchants if they will reach out for it. It is for them to show the buying public that they can meet the city mail order store in the matter of price and quality. If the business men of Summerland would meet their outside competitors in the field of advertising to anything approaching the same extent, still less money would go out of town, and "Trading at Home" would become, for economic reasons, a stronger feature of the business life of this community.

### AN UNDERESTIMATED FOE.

IF ten terrible monsters came every spring to this country and all summer long devoured the people, chewing babies as we eat blackberries, biting off the heads of young men, goring the aged to death, and stalking about among us as a lion among the martyrs of the Coliseum, we should be up and doing, militia would march forth to give them battle, colonels would wave swords, guns would belch, and no enthusiasm would be lacking.

But when the monster is small and playful and common we let him ravage. He doesn't somehow appeal to our imagination, says the Ottumwa Courier.

Yet he does more harm, being 10,000,000,000 or so, than any ten minotaurs, polyphemuses or dragons that ever posed in the pages of tradition.

He is the common house fly.

Although much has been said about him and his deadliness, the people are not yet alive to the enormity of his crimes. There are thousands of kitchens where flies still swarm and infect the food, thousands of babies over whose faces and upon whose lips flies spread their poison, thousands of restaurants and lunch counters where flies are busy at the work of thinning out the human race.

RESPONSIBILITY has been fixed for the calamitous collision in the St. Lawrence on May 29 last, when the Norwegian collier "Storstadt" rammed and sunk the C.P.R. liner "Empress of Ireland" with the loss of over one thousand lives, passengers and crew. The third officer of the coal boat is censured for changing his ship's course without advising the first officer, who was navigator in charge. The first officer in turn comes in for some blame for not calling his captain to the bridge when fog appeared. On the other hand, the wreck commissioners report avers Captain Kendall of the Empress would have been better advised had he given the oncoming steamer a wider berth, and his action in bringing his ship to a standstill when the rules of seamanship only called for slowing down, is said to have caused some misunderstanding as to its position on the part of the collier. C.P.R. officials express satisfaction with the judgment, but the representatives of the "Storstadt" have announced their intention of bringing actions in both British and Canadian admiralty courts, in an endeavor to throw further light on the disaster, and thus, as they hold, shift the onus of responsibility on to the liner.

THE FEW CENTS that can sometimes be saved by buying goods away from home is injuring your community to the extent of many dollars by retarding progress and the increased valuation of all kinds of property, including your own. Stand together and together all will prosper. Divide and prosperity will flee. You know what the Bible says, that "a house divided against itself cannot stand."

THE PROVINCIAL ELECTIONS in Manitoba furnished something of a surprise in the gains which the Liberals made. The newly laid out confines of the province allow for forty-nine seats. Of these the Roblin Conservative government has secured twenty-five, and the Liberals, under the leadership of Mr. T. C. Norris, twenty-one. Three elections in extreme northern districts have been deferred. The Government made seven gains, including five newly defined districts, and the Liberal opposition thirteen gains, including seven new districts. One member of the cabinet lost his seat, Hon. Hugh Armstrong, Provincial Treasurer, who met defeat in Portage la Prairie. In other seats the first returns are so close that recounts are inevitable. One of these is held by Dr. W. H. Montague, Minister of Public Works, by a majority of four. Premier Roblin's own majority was greatly reduced. On the big issues of temperance and the Catholic-Protestant education question the Orangemen of the province went against Sir Rodmond, but the French Catholic vote went for the government.

### A NEW CLUB.

Some seventeen Summerland men last night at Borton's Store organized the Summerland Gun Club. The prime object of the club is to engage in trap shooting. One thousand pigeons have already been ordered, and the first shoot is to be held next Thursday afternoon off Peach Orchard point. E. C. Graham was elected President; E. R. Butler, Secretary-Treasurer; and George Gartrell, Field Captain. The membership fee is \$2.

### MYRTLE REBEKAH LODGE.

The regular semi-monthly meeting on Monday of the Myrtle Rebekah Lodge No. 32 was of more than usual interest, the occasion being the installation of officers for the next half yearly term, following which refreshments and social intercourse were enjoyed. Dr. F. W. Andrew, who was recently appointed District Deputy by the Rebekah Assembly at Victoria, installed the officers, who are as follows: Noble Grand—Mrs. K. S. Hogg. Vice-Grand—Mrs. G. N. Gartrell. Recording Secretary—Amy Brown. Financial Secretary—Jean McLeod. Treasurer—Grace Logie.

### TO BUILD CREAMERY.

A creamery is to be installed at Kelowna, according to the unanimous resolution of the Farmers' Institute of that district. It is proposed to organize under the Agricultural Act, and to operate along similar lines as is the Cowichan Creamery Association at Duncan, Vancouver Island. The average net returns to members of the Island association for cream is given as follows:

In 1911—39.36c. per lb. of butter.  
In 1912—39.90c. per lb. of butter.  
In 1913—38.01c. per lb. of butter.  
The current year will not show anything like so good a return owing to the competition of New Zealand butter.

The annual picnic of the Methodist Sunday School was held on Thursday afternoon, and by "Skookum," small boat and road, a good sized crowd found their way to Crescent Beach, where in the best of weather the customary picnic good time was had. Adults joined with the children in making the afternoon a merry one, and the picnic luncheon served in the open air was not the least enjoyable feature of the outing. The ferry brought a big load back as dusk was gathering.

### UNEXPECTED MEETING.

Mr J. M. Robinson, accompanied by his son, J. O. Robinson, returned yesterday from Spokane where preliminary arrangements were completed for the floating of the company to operate the mine at Silver City in which they are interested.

By a happy and most unexpected co-incidence Mr. Robinson met his brother, Rev. A. T. Robinson and his wife at Spokane. They, in company with a number of others, were lecturing at the Chataqua School there. Mr. Robinson's theory for developing a higher moral life among the young, which is described in his recent publication, "Why They Fail," so impressed the Chataqua leaders that he was asked to join a lecture party which annually tours the country lecturing before the various Chataqua schools.

### KELOWNA'S TAX RATE.

Kelowna tax rate this year is 24 mills, apportioned as follows:—  
Debutenture interest and sinking fund - 11 mills  
Schools - 6 mills  
General - 7 mills.  
Rebate of one-sixth for payment on or before September 15th will be allowed on the general tax, or one tenth if before November 1st.

A meeting of the Ladies' Hospital Auxiliary is called for Tuesday afternoon of next week in the parlor of the Men's Club, at three o'clock.

Presbyterian services will be held next Sunday morning in St. Andrew's Church and in the evening in the Methodist Church.

Mr. A. H. Flack, Dominion Fruit Inspector, who was formerly manager of the Penticton Fruit Union, has been appointed Chief Fruit Inspector of Manitoba, Saskatchewan and Alberta, with headquarters at Winnipeg.

Mr James M. Wright, proprietor of the Similkameen Star, has disposed of his plant to Col. Lowery, owner of the Greenwood Ledge. Mr Wright has been in business at Princeton for a number of years, and is highly respected there.

A rumor that the Canadian Northern Railway will extend its line from Kelowna to Princeton has been given currency by a high railway official, says the Similkameen Star. What the route of the proposed extension would be is not suggested.

### Weather Report

Abstract from weather records for June, 1914, kept at the Government Station, Balcom Ranch, Summerland, B.C.

June	Maximum	Minimum	Readings	Sunshine hr. min.	Rainfall (Inches)
1	1014				
2	80.0	48.0	29.40	6.12	0.10
3	79.0	55.0	29.86	10.48	0.20
4	61.0	50.0	29.48	.48	0.10

# Sinning Against Your Home Town.

PART IV.

Told In The Strictest Confidence.

To succeed in the mail-order business— One has to know the ropes.

Here's one that never fails to bring the business—

Offer some commodity at a very special price and the public will take the bait. If our reader has in his or her possession a mail-order catalogue, there will be on one page, at least, a commodity marked down at a ridiculously low price. This is to impress you with the great illusion that all the goods in the catalogue are priced in the same ratio. If you didn't know this you would feel justified in buying everything by mail, just as it was intended you to do. But now that we know it, we will get fooled no more. Of course ALL mail-order houses don't do this!

His name doesn't matter. He is a fruitgrower—an agricultural business man," who looks to the growth of the community to add value to his property.

One day he came to town. He wanted a pair of shoes. After selecting a pair he asked the price. "Two dollars," said the retailer. "What, two dollars for that pair of shoes? I can buy the same looking shoes for \$1.75 by mail. Why should I pay two dollars?"

The dealer told him he had excellent shoes for \$1.75, but the pair that he was looking at were \$2.00 shoes. Our farmer friend could not see the difference and took out of circulation in his home town \$1.75.

Perhaps it would interest you just how our friend's order was filled by the mail-order house. He would have to first picture in his mind a large building, housing hundreds of clerks and huge stocks. His order would be dumped among thousands of others on the desk of the receiving clerk where it is opened. The order read, a slip is made out, attached to his order and filed in a particular box, where a second clerk takes it to the order department, where a third clerk reads the order and attached slip and passes it to a fourth clerk who secures the shoes from thousands of other pairs. A fifth clerk takes the shoes and the order to a sixth clerk who verifies the order and shoes and passes them on to the seventh clerk in the shipping room. And so it goes until by the time the shoes reach our farmer friend, a dozen pairs of hands at least have handled his shoes, nearly enough to wear them out before delivery.

How much of our friend's \$1.75 went for the shoes and how much for the hands that carried out his order? Figure it up yourself and stack the result against what would have happened if our friend had purchased his shoes in his home town.

Our local merchants sell reputable goods. They cannot afford to sell any other kind and keep our business very long.

If our farmer friend had purchased his shoes at home, he would have received good shoes, made by a reputable maker, and he would have kept his money at home—a little help towards making his dream of a larger Summerland coming true.

Says a prominent Western merchant (name on request) who is also president of the local business men's league, "There seems to be a kind of feeling of self pride among the people that they are doing the right thing when they send away for their goods, even if they do not get them any cheaper. I do not think it is done because of any malice or illwill towards the home merchants, but more for the feeling that it shows business—that one has prominent affairs, going to the post office and buying a money order and in a few days get a big package by mail or express. Is that the way you feel? Don't you think we would feel better and have more pride if that new post office or station or courthouse was rising rapidly for visitors to see and say to themselves, 'I guess Summerland is some town.'"

Isn't that the way you want people to talk about Summerland—your home town?

Then let's get together and give our merchants a square deal. They've done their share towards building up our home town by coming here, and going into business.

The next instalment of "Sinning Against Your Home Town" will appear on July 24. In it "It's a Poor Bird that Spoils It's Own Nest" will appear.

## Market Commissioner's Advice To Shippers of Early Tree-Ripened Peaches.

It is very difficult, if not impossible, to induce wholesalers to handle our early peaches, as, unless specially tree-ripened, they are lacking in flavor and quality, and, unless they are got to the consumer with the least possible delay, they go down so rapidly as to entail considerable risk of loss.

Some eminently successful direct-to-retailer shipments of specially ripened fruit, however, were made last year, and there seems little doubt but that, if early peaches are handled properly, and special efforts made to deliver luscious, ripe, well-flavored fruit, direct, our peaches, 30 to 48 hours in transit by express, will readily outclass for dessert purposes, California and Washington peaches. For the nearest of these competitive shipping points is five or six days away from the market by freight, the 20c. duty is practically prohibitive to express shipments, and its peaches must necessarily be picked green, and, consequently, in a large measure dry and flavorless, in order to carry.

Success will not come, however, without much planning and attention to detail, and the necessity for selecting fruit at differing stages of ripeness to correspond to the distance travelled, the special care required in picking, handling, and packing, etc. make it clear that this special branch of fruit-selling can only be handled to the best advantage by the individual grower who will make a serious study of the subject, and who is prepared to devote more time and attention to each particular shipment than is possible when doing business on a large scale. One Okanagan shipper, I know, has had pre-eminent success with

his peaches handled in this way, and has realized returns considerably above the average level of the market. His fruit regularly secures a quality premium, but only as the result of an amount of thought, study, and careful attention that many shippers would consider excessive.

Growers generally are urged to test the possibilities of this specially tree-ripened, express-shipped peach proposition. Offer your peaches by letter or circular, at a delivered price, if possible. The retailer, as a rule, is not familiar with rates, and an offer F.O.B. far-away B.C. will not appeal to him as definitely and concretely as the delivered price which will certainly be quoted to him two or three times a week by the wholesale representative. All shippers should have copies of the Dominion Express Tariff, and quote rates in their circulars. Note, however, that a general rate of \$2.10 per 100 lbs. applies, this year, from Okanagan to all Alberta points except Calgary, Canmore, Bankhead, Cochrano, Exshaw, and Morely, to which the rate is \$2, and Banff to which it is \$1.00. In your circulars, also, emphasize the juicy, ripe quality possible in the express-shipped B.C. peach. If you get the right quality into them, the first peaches might be quoted out at \$1.30 which lays down at \$1.72, allowing the retailer to sell 60's at 30 c. a dozen, and make a profit of 68c. a box. California's, however, will be laying down at the same time at \$1.55 to \$1.00. The Market Commissioner wishes especially to be kept in touch by the shipper with the movement of these peaches, points shipped to, prices asked, etc.

P. P. JOHNSON, Summerland, B.C.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Public Building, Merritt, B.C.," will be received at this office until 4.00 p.m., on Tuesday, July 28, 1914, for the construction of a Public Building at Merritt, B.C.

Plans, specification and form of contract can be seen and forms of tender obtained at the office of Mr. W. Henderson, Resident Architect, Victoria, B.C., at the Post Office, Merritt, B.C., and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of

each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,  
R. C. DESROCHERS,  
Secretary.

Department of Public Works,  
Ottawa, June 29, 1914.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—52586. jy 17-1914

## SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion, in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,500 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full

quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,  
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

# OUR NARAMATA SECTION

## LADIES' AID TEA AND SOCIAL.

The Ladies Aid didn't altogether surprise us on Monday, as from past experience we know what they can do. They certainly pleased and delighted all who were privileged to attend the Raspberry Social held in the church basement on Monday afternoon and evening, which afterwards was followed by a fine program in the Opera House, at which latter entertainment the local Boy Scouts ably assisted. Features of the program were solos by Mrs. Dean Walters and Mr. Ben Newton, and the really high-class interpretations from Drummond, and "The Little Minister" by Miss Clyne, teacher of elocution in Mt. Royal College, Calgary. The camp fire song, "We are Tenting Tonight," staged by the Boy Scouts, led by Mr. Harry Pitman, Scoutmaster, added a fitting rounding out to what was indeed an enjoyable evening's program, which is here appended:

Chairman's Remarks—Rev. R. W. Lee of Summerland.  
 Drill—Boy Scouts.  
 Reading—Miss Clyne.  
 Solo—Mr. Ben Newton.  
 Address—Rev. J. W. Hedley.  
 Drill—Boy Scouts.  
 Song—Mrs. Walters.  
 Recitation—Mrs. J. R. Wells.  
 Song—Mr. Ben Newton.

Reading—Miss Clyne.  
 Song—"We are Tenting Tonight," Mr. Pitman, assisted by the boys.  
 Chorus—"The Maple Leaf,"  
 God Save The King.

Aside from the satisfaction which naturally follows as a result of doing something having an educational value is the fact that the community is none the poorer, and that the financial obligations of the society under whose auspices the event was staged, are very substantially reduced.

J. M. Robinson and son J. O. Robinson, returned from Spokane where the necessary steps were taken in floating the mining company now operating so successfully near Silver City, Idaho.

 20 mile radius FREE.

## Current Events — OF — Town & District

Mrs. E. B. Reesor with her son have taken the Wilkinson Ranch cottage for the summer months.

Mrs. J. S. Gillespie is expected in shortly from an extensive lecture tour through Michigan.

D. F. Broome formerly of the K.V.R. engineering staff of town was a week-end visitor.

Mr. Frank Firstbrook of Toronto came in on Wednesday to enjoy for a season the outdoor life of the Okanagan.

T. H. Broad and brother C. N. Broad, sons of Dr. Broad of Calgary, were in town on Monday having a look round our favorite resort.

Mr. and Mrs. Firstbrook of Toronto, parents of Mrs. W. L. Robinson, are now in Naramata to pass a pleasant holiday.

Mr. J. H. Pushman has been confined to his bed since Monday suffering from what would appear to be an attack of malaria.

Others reported to have succumbed to the effects of hot weather are Dr. W. L. Robinson and "Billy" Robinson, present manager of Hotel Naramata.

Among the week's list of tourists registered at Hotel Naramata from outside points were Mr. and Mrs. J. A. Nolan and two daughters from Calgary.

Miss Orca Williams, a former local school teacher, returned on Monday from Fernie, B.C. Miss Williams has been re-engaged at an increased salary in Fernie.

Rev. W. P. Willan, our local pastor goes to Kelowna next Tuesday to enter the church workers training school being conducted there for a full week. It is probable that Mr. Willan remain only till Saturday in order to be here for the usual church services on Sunday, July 26th.

The special feature about our 12th of July celebration was more the nature of a church anniversary—and incidentally there were three services held in the local edifice: Rev. J. W. Hedley, B.A., of Enderby, B.C., preaching to good audiences at 11 a.m. and also at 7.30 p.m., while Rev. H. A. Solly conducted the regular monthly Anglican service at 8 in the afternoon.

An effort will be made to have the annual district meeting of the Methodist churches of the Valley held in Naramata. Naramata is certainly in a position with two such excellent hotels to accommodate a gathering of such modest numbers, and as all the other towns have had their turn in the entertainment of the annual church delegates it would appear to be about up to us to get busy. By all means let Naramata extend an invitation.

## FRUIT UNION ACTIVE.

The Naramata branch of the Summerland Fruit Union opened out in real earnest on Monday morning with Geo. Craig of Summerland and Norman Alexander of town in charge. The Union is situated in airy apartments formerly used as a house by Grant Smith & Co. There is already on hand a big supply of box material, part of the big order upon which Manager Robertson netted such a big saving to the fruit growers. In regard to orchard boxes it is the intention of the management to institute a system of checking in order to show where these boxes are. Hitherto this has not been done, and consequently many of these useful boxes have disappeared. Altogether the fruit growers of Naramata are approaching the busy season with confident hopes of a successful season's output.

## Has Naramata No Camping Ground?

This week this question came up. It's a question that is likely to trouble itself upon our notice from year to year. And each time we return a negative we are turning people away from our town. Here is a case where a party numbering twenty-five or more had to turn away because of the fact there is no easily available, close-in camp ground.

## FARMERS' INSTITUTE MEETING.

The regular monthly meeting of the Farmers' Institute—which as far as we are concerned would be more appropriately named "Fruit Growers' Institute"—was held on Friday evening, July 10. Vice-President Cook was in charge, with T. H. Boothe acting secretary, owing to the unavoidable absence of J. H. Pushman the secretary-treasurer. Chief among the features of the evening's findings was the adoption of the tentative report of the special committee appointed in April to take the necessary steps toward the establishment, through government assistance, of a more adequate supply of water for irrigation and domestic purposes. The report showed that a party of engineers were already here and looking over the ground, and were at present in camp on the site of the Okanagan Trust Company's dam; that it was anticipated that the plans about to be submitted for adoption would involve a very inconsiderable expenditure of cash, as the engineers are of the opinion that by enlarging the wall of the existing dam a really fine reservoir will be created.

Later in the evening President H. J. Wells came in for some hot criticism for his policy as director of the local fruit union in dealing with non-members in the matter of the purchase of supplies. The critic, Mr. F. H. Rounds, claimed that in his opinion it would be a long way better to adopt a spirit of conciliation toward non-members in the hope that we would stand a solid organization of fruit growers.

Mr. Wells defended his position by claiming that the experience of other similar organizations had amply proved that the only really effective way of forcing upon the minds of the non-members of the union the benefits accruing from year to year, was to shut down hard and fast, hand out no plums in the hope that eventually they would join.

On the whole the discussion was like a thunder shower after a hot stuffy spell of weather—it cleared the atmosphere, and everyone felt better after both sides of the question had been thus thoroughly aired.

## SCHOOL MEETING.

The annual meeting of ratepayers summoned by usual ten days' notice resulted after a half hour's wait past the hour appointed in a bare quorum turning out on Saturday morning, July 11th. Owing, however, to the very important nature of the business to be transacted it was felt that it would be a shame not to make one more effort to assemble a larger representation of citizens. Hence it transpired that the meeting was adjourned to meet on Tuesday evening at eight o'clock.

The public meeting on Tuesday evening was well attended as school meetings go. James C. Williams was voted to the chair. The secretary, C. B. Cash, read quite an exhaustive report on the business transacted throughout the year, and in the estimates outlined the plans for the year to come. In this report the item of especial importance to the taxpayers was that of appropriation. In this matter the board suggested our acting on the plan as outlined by the Department of Education, a plan which, if followed, will give the trustees a bank account to carry them along while the current year's taxes are being paid. The suggestion was to call for just twice the needed amount this year, and a year from now call for a year's expenditure to be raised, and so on from year to year. Hitherto it has been the practice of school boards throughout the country when they ran shy in the bank to draw on the treasury department—a privilege that became abused.

The Naramata School will not, however, be required to make a double assessment this year. Last year sufficient funds had been put in the estimates in anticipation of having to pay for an additional teacher—but as there was a delay in getting the school under construction till this season, part of last year's assessment is still good.

In the course of election of officers for 1915, Mrs. Allen was re-elected as school trustee for a period of three years, and Mr. Geo. Wolstencroft auditor for this year.

Hon. Martin Burrell, who with Mrs. Burrell contemplates spending a portion of the holiday season at Naramata, the guests of the latter's sister, Mr. Cash, have been delayed through a change of plans, and are now expected to arrive here early next week.

**The Breakfast**

Breakfast is the most important meal of your life, for on it depends the enjoyment of each day—and the bodily and mental condition you take to your work.

A good breakfast requires Good groceries—cereals, eggs, bacon, coffee, and other enjoyable parts of a satisfying meal. But see that they are Good. Unsatisfactory food brings dyspepsia, sour temper and a disagreeable day.

Be sure of YOUR day. Use our groceries—the kind that is eaten by the best business men and women in this town.

TENNIS CROQUET BATHING

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Drill Hall, Kamloops, B.C.," will be received at this office until 4.00 p.m., on Friday, July 24, 1914, for the construction of the aforesaid building.

Plans, specification and form of contract can be seen and forms of tender obtained at the office of Mr. Wm. Henderson, Resident Architect, Victoria, B.C., on application to the caretaker of Public Building, Kamloops, B.C., and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of

each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,  
 R. C. DESROCHERS,  
 Secretary,  
 Department of Public Works,  
 Ottawa, June 27, 1914.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.—68742. 15-12

W. Clark, formerly of Summerland but more recently of Penticton, has accepted the position of porter at Hotel Naramata. Billy has a lot of friends in town who will hope that he may make his stay in town a prolonged one.

Mrs. H. W. Price of Calgary, wife of the well-known C. P. R. conductor, and a daughter of Mrs. James Wells, with her two daughters, Misses Alma and Thelma, arrived in town on Sunday evening to spend a holiday season at Naramata.

## Noticed the Difference?

There was a time when the product of the GARNETT VALLEY MILL was not of the Best.

## There's a Difference Now.

Home-made Building Material as good as the imported article is being turned out at the local mill.

Prove This for Self.

**Passing Events: Social, Personal, &c.**

Mr. M. Van Allen is now running  
a fine new McLaughlin 35 touring  
car.

Miss Lucy Hopkins leaves on Sun-  
day morning to return to her home  
in Ireland.

Mr. Hamilton Lang, District  
Road Superintendent, was in town  
early this week.

Mr. and Mrs. R. V. Agur have  
returned from Bathfield and are  
now residing at Balcombe Ranch.

The ladies of St. Stephen's  
Church are planning to hold a lawn  
social at the Rectory on the even-  
ing of July 30th.

Mr. and Mrs. Kenny of Calgary,  
former neighbors of Mr. and Mrs.  
Hilborn at Leamington are visit-  
ing them at their home.

Dr. H. Bulyea, a dentist of Ver-  
non, together with Mrs. Bulyea  
and two children, are camping for  
a week with Rev. Mr. Hatt.

Dr. T. B. Turner, dentist, will  
spend Monday and Tuesday of each  
week in Summerland. Crown,  
Bridge and Gold Inlay work a speci-  
alty. tf

Mrs. E. W. Sawyer went out on  
Thursday morning of this week  
for a holiday visit to Vancouver.  
She was accompanied to the main  
line by Dr. Sawyer.

The Secretary of the local Board  
of Trade has been advised by the  
President of the Associated Boards  
of Trade of the Valley that a meet-  
ing will be held here next Friday  
evening.

Douglas Male, who has been with  
a survey party to White Lake, re-  
turned on Monday and came up  
from Pentiction on Tuesday after-  
noon, with two friends, Mr. Jack  
Hinchman and Ernest Bashan, to  
visit his parents.

Mr. and Mrs. W. H. A. Moore  
and family are now en route to  
Scotland. Mr. Moore purposes re-  
turning in time to resume his mus-  
ic teaching at the College, but Mrs.  
Moore and children will probably  
remain in Scotland for a year.

The local friends of Dr. R. E.  
McKechnie of Vancouver will be  
pleased to learn that he has been  
honored by election to the presi-  
dency of the Canadian Medical As-  
sociation, which has just complet-  
ed a successful convention in St.  
John, N.B. The association meets  
in Vancouver next year.

Much recovered from her recent  
illness, though by no means quite  
strong, Mrs. J. L. Hilborn re-  
turned to Summerland on Friday  
evening last from Calgary, where  
she had been confined to the hos-  
pital for a time suffering from an  
attack of diphtheria, contracted,  
it is thought, while travelling.

Mr. and Mrs. E. B. May, who are  
attending the tennis tournament at  
Kelowna will proceed to Lake Louis  
where they will remain for some  
time before returning to Sum-  
merland. During Mr. May's vacation  
Mr. Collas is in charge of the town  
branch of the Bank of Montreal,  
and Mr. Rush assumes Mr. Collas's  
duties at the branch.

A gang of about fifteen Jap rail-  
way workers, in charge of a sec-  
tion foreman, have been at work  
since the middle of the week at  
the C.P.R. wharf putting the track  
in the best of shape for the sum-  
mer car traffic, and making a few  
alterations that will facilitate the  
switching that is necessary from  
time to time for the best arrange-  
ment of the cars.

The Review has been again asked  
to urge upon fruit growers the ad-  
visability of having their fruit de-  
livered at the packing house not  
later than two or three o'clock in  
the afternoon. It is then possible  
to ship the fruit the same night,  
otherwise it must be held in the  
packing house twenty-four hours  
longer, and the owners may suffer  
much from the resulting deteriora-  
tion.

As a result of the inspection of  
the south main by the Revoe and  
Public Works Committee some im-  
provements have been instituted  
which makes possible the convey-  
ance of a larger body of water.  
The Revoe, when seen by the Re-  
view, stated that he was now satis-  
fied that by some repairs and fur-  
ther lining it would be possible  
next year to deliver a very much  
larger volume of water through the  
south main. That part which was  
lined recently could now carry two  
feet more of water. As soon as the  
irrigation season ends the necessary  
improvements will no doubt be un-  
dertaken.

Dr. Lawrence of Vernon spent  
Tuesday with friends here.

Oil shares. Lettermay shares  
25c. and Crystal Oil shares \$1.00.  
See ad. P. P. Johnson. j17-24p

One of our well-known property  
owners here, a resident of Calgary,  
made \$20,000 in two weeks' deal-  
ings in oil shares.

Rev. D. E. Hatt, recently of  
Vernon, has rented the Richardson  
cottage and will remain here for  
the summer at least.

Miss Anna R. Hayes was a home-  
ward bound passenger on Thursday  
evening's boat after a visit of five  
or six weeks at Coast points.

A number of the members of the  
local Orange lodge went down to  
Pentiction on Sunday, joining their  
brother Orangemen there in a  
church parade and service.

Captain's papers have been is-  
sued to Mr. P. S. Roe, manager  
of the Okanagan Lake Boat Co.  
The Captain passed his examination  
at Nelson some weeks ago.

Mr. Dan Johnson, the new Dom-  
inion Fruit Commissioner, in a re-  
cent letter to his friend, Mr. J. L.  
Hilborn, states that he is planning  
to visit this district in September.

The new Canadian Pacific steam-  
er "Scamious" came on the regu-  
lar run up and down the lake on  
Sunday evening last, and signified  
this fact as it entered Summerland  
by an unusually long blast from  
its siren.

By the unusual medium of water  
directed through a hosepipe, a  
large body of dangerously over-  
hanging earth was removed from  
above the shore road near the  
C.P.R. wharf on Wednesday even-  
ing. The water-soaked mass slid  
down on to the road from whence  
it was removed by scrapers.

Mr. and Mrs. J. A. Nolan and their  
two daughters of Calgary, arrived  
here on Friday. Mr. Nolan, who  
owns the corner ten acres near Prof.  
Broad's on Jones Flat, had never  
visited the district. He expressed  
himself as delighted with both his  
property and Summerland. The  
party left on Tuesday evening.

For some days considerable anx-  
iety has been caused his family by  
the alarming illness of Mr. Jas.  
Garnett. It will be remembered  
that some time ago Mr. Garnett  
cut his foot badly with an axe.  
Blood poisoning has resulted, but  
this morning his condition was re-  
ported as somewhat improved, with  
good prospects of recovery.

Are we to have another Indian  
settlement in the vicinity? It has  
been stated that the Indians on the  
Westbank Indian Reserve are soon  
to be moved to a tract of land in  
the vicinity of Fish Lake. The  
same authority, who claims to have  
the information from a reliable  
source, states further that the  
Westbank Indian Reserve will soon  
be thrown open for settlement by  
the government.

P. P. Johnson, who recently ex-  
changed his orchard property near  
the Parker lot, for some Alberta  
farm land, was one of those caught  
up in the whirlwind of excitement  
in the oil boom at Calgary, and is  
reported to have cleaned up several  
thousand dollars during a few  
weeks stay in that city. Mr. John-  
son returned to Summerland early  
this week, and will leave in a few  
days again for Calgary, taking his  
family with him.

That a number of prominent offi-  
cials in connection with the horti-  
cultural industry in Washington  
are extremely interested in the  
work being carried on by Mr. J. L.  
Hilborn is evident from the fact  
that already two special trips have  
been made here by auto to inter-  
view Mr. Hilborn and inspect his  
work and to get as much first-hand  
information as possible. The data  
gathered together with photographs  
will be used in connection with  
lecture courses. A third trip is to  
be made here shortly.

To the number of about thirty-  
five, members and friends of the  
Junior Bible Class, conducted by  
Miss M. Skillen in connection with  
the Parkdale Baptist Church, gath-  
ered at the home of Dr. and Mrs.  
E. W. Sawyer on Friday evening  
of last week, and enjoyed a most  
pleasant evening social. Games  
and guessing contests formed the  
first part of the program, and this  
was followed with a reading by Mr.  
Walter M. Wright. Ice cream  
filled an interlude very acceptably,  
and music was enjoyed for a short  
time before the party dispersed.

Mrs. Reesor, who has been living  
in the Logie cottage at Peach Or-  
chard, has moved to Naramata.

Mr. and Mrs. Scott of Victoria  
left on Sunday evening's boat after  
spending two or three days with Dr.  
and Mrs. Lipsett.

Dr. J. E. Black, dentist, of Van-  
couver, has opened a dental office  
in Dr. Andrew's West Summer-  
land office till August 1st.

Dr. W. Kennedy of Vancouver,  
who was taking care of Dr. An-  
drew's practice during his absence,  
left for the Coast last week-end.

Miss Matterson, sister of Mr.  
Matterson of the West Summerland  
Branch of the Bank of Montreal, is  
a guest at the home of Mr. and  
Mrs. R. Clouston.

The Summerland Fruit Union's  
Naramata warehouse was opened  
on Tuesday with George Craig in  
charge. Daily shipments are now  
being made from that point.

The local home of the Okanagan  
Telephone Company will soon ap-  
pear bright and resplendent in ex-  
terior appearance, a first coat of  
paint being applied this week.

Remember the date of S. L.  
Taube's visit to Summerland and if  
there is anything wrong with your  
eyesight do not fail to consult him  
at Summerland Drug Co. Store, on  
Saturday, July 18th.

Manager G. H. Dobie made an  
auto call in Summerland over Tues-  
day night in connection with the  
repair and improvement work which  
the Okanagan Telephone Company  
are carrying out in Summerland.

Mr. and Mrs. T. G. Beavis and  
family have been at Keremeos this  
week on a short vacation visit.  
They travelled over on Monday  
morning in Mr. G. N. Gartrell's  
automobile, and will probably re-  
turn about the first of next week.

An important special meeting of  
the Farmers' Institute which is  
announced in our advertising col-  
umns to be held in the High School  
next Thursday evening, should be  
attended by every member or other  
person interested in fruit culture.

Mrs. Janet Lock, who came up to  
Summerland last week-end from  
Kaleden by road with her son, E.  
H. Lock, and has been spending  
the week here, went up the lake  
on Thursday morning's boat on a  
short visit with friends in Vernon.

Paradise Ranch, M. G. Wilson  
proprietor, made its initial ship-  
ment of fruit last Friday when  
consignment of apricots was deliv-  
ered to the Summerland Fruit Un-  
ion, followed by peaches on Satur-  
day. Mr. Wilson's trees will soon  
be in full bearing.

The crossing from the Hotel cor-  
ner to the Empire Hall Block,  
across Ninth Street, has been put  
into the best of condition again  
with new planking and shale, much  
to the satisfaction of all traffic,  
pedestrian and vehicular. Muni-  
cipal men had the work in hand on  
Monday of this week.

The many friends of Inspector A.  
G. Simms will regret to learn of  
his illness which necessitates his  
confinement to bed for a few days  
at least. Naturally Mr. Simms is  
restive on being laid aside just at  
the busy season. Inspector R. H.  
Helmer will look after Mr. Simms  
duties during his illness.

Methodist services will be con-  
ducted on Sunday next at 10.30  
a.m. and 7 p.m. by the pastor,  
Rev. R. W. Lee. At the morning  
service, in the Methodist Church  
the subject of address will be "Bur-  
den Bearing." The evening ser-  
vice at 7 p.m. will be held in the  
St. Andrew's Presbyterian Church.

A teaming accident near de  
Muth's saw mill at Upper Trout  
Creek caused the death of the team-  
ster, Edward Callahan, last week.  
When the brakes failed to hold his  
wagon load of logs Callahan antici-  
pated trouble and jumped, but be-  
came tangled in the reins, the  
wheel of the heavily laden wagon  
passing over him. Deceased is sup-  
posed to have come from Seattle.

Though the information contain-  
ed in our last issue with reference  
to the finishing of the operating  
room in the new hospital was re-  
ceived from excellent authority we  
were misinformed with reference  
to Mr. Bartholomew having had  
the contract for the Winnipeg Hos-  
pital. The facts are that the offer  
was to finish the room in the same  
manner as one hundred rooms re-  
cently re-finished in the Winnipeg  
Hospital had been treated.

The \$5 pair of shoes offered as a  
premium during the recent sale  
at the Leather Store fell to Miss  
Elizabeth Campbell, holder of tick-  
et No. 258.

A good response to the generos-  
ity of Mr. H. Reynolds in offer-  
ing a day's serving of ice cream to  
the public for the benefit of the  
Hospital Fund on Tuesday of this  
week, enabled Mr. Reynolds to  
hand over a sum of \$19.50 to the  
Treasurer of the Ladies' Hospital  
Auxiliary, as the receipts for the  
day's business.

At the close of the evening ser-  
vice at the Methodist Church on  
Sunday last, there was presented  
to Mr. and Mrs. Martin Beavis a  
silver creamer and sugar bowl, as  
a dual token of their friendship,  
and regret at the impending de-  
parture of Mr. and Mrs. Beavis,  
which means the severance of a  
long connection with the church  
and its activities. They anticipate  
leaving for their new farm home  
near Qu'Apelle, Sask., about the  
middle of next week.

The management of the Felix  
Hotel received a good number of  
visitors on Wednesday afternoon,  
when citizens and friends were in-  
vited to take an inspection of the  
new hotel and partake of afternoon  
tea and other refreshments. Roses  
and other flowers kindly donated  
by Mrs. R. H. English were ar-  
ranged around in fragrant profusion.  
The visitors were one and all very  
much impressed with the homelike  
comfort of the hotel appointments  
and arrangements. Included in the  
light refreshments served to the  
visitors was ice cream, much ap-  
preciated in the heat of the af-  
ternoon.

**"Pound District Act, 1912,  
and Pound District Amend-  
ment Act, 1914.**

WHEREAS notice has been duly  
given of the intention to constitute  
the following district as a pound  
district, under the provisions of  
section 3 of the "Pound District  
Act," namely that portion of the  
County of Osoyoos comprised in the  
Naramata District and within the  
following boundaries:— On the  
south by Four Mile Creek, on the  
north by a coulee running from  
the base of the rock through which  
the Kettle Valley Railway has made  
a tunnel on their lower grade, to  
the Okanagan Lake, on the east by  
the lower grade of the Kettle Val-  
ley Railway line and on the west by  
the Okanagan Lake.

And whereas objection to the  
constitution of such proposed pound  
district has been received from  
eight proprietors of land within  
such proposed district:

Therefore notice is hereby given  
that the majority of the proprietors  
of land within the above-mentioned  
district must within thirty days  
from the posting and publishing of  
this notice, forward to the Hon.  
Minister of Finance and Agricul-  
ture their petition in the form re-  
quired by section 5 of the Act, or  
otherwise such pound district will  
not be constituted.

Dated this 27th day of June,  
A.D., 1914.

"PRICE ELLISON"  
Minister of Finance and Agriculture

**How To "Get By."**

**Canadian Quarantine Described By Portland Man.**

Portland, July 14. — Secretary Prince of the North-western Fruit Exchange has been making a personal canvass of the Canadian markets, and is strongly impressed with the fact that there is every indication that the Canadian quarantine law is going to be enforced more rigidly than ever from now forward. The newspapers have been agitating "Buy British Columbia Products," and much pressure has been brought to bear on the government that the law shall be administered in its full technical requirements. Mr. Prince makes the following deliberate recommendations:

1. Inspection of all fruit intended for Canadian destination should be unusually rigid, and every single box bearing even the slightest trace

of Codlin moth or any disease should be excluded.

2. Before loading the fruit in railway cars the cars should be swept thoroughly.

3. Fumigate each car before loading.

4. Leave the utensils used for fumigation in the car, as evidence thereof.

It is stated that the Sebastopol Apple Growers' Union, California, have used this method with such success that not a single car of their fruit has ever been condemned.

A fox hospital has been established at Charlottetown, P.E.I. A staff of veterinary surgeons will be connected with the hospital to study fox ailments, and to treat any of the animals that become sick or injured. This is an indication of the marvellous growth of the fox industry in the Gulf Province.

**Apple Pollination In The Spokane Valley**

The Experiment Station at Pullman has been engaged for several seasons in a study of orchard pollination to determine which varieties of apples are self sterile and need to be planted near other varieties in order to be fruitful, and which, if any, can successfully pollinate their own blossoms. Tests have also been made with a number of the more important varieties to show what combinations give the best results in cross pollination. Most of these studies have been carried on at Pullman, but this spring considerable work was done in several orchards at Opportunity, Washington, and the results may be of interest.

Nineteen varieties were tested for self sterility. Rome Beauty and Baldwin were the only varieties tested which gave any promise of being able to produce a crop without cross pollination, and these set much less fruit than when crossed. Ben Davis, Wealthy, and Yellow Newtown were slightly self fertile. King David, Delicious, Jonathan, Wagener, Winter Banana, Maiden Blush, Twenty Ounce, Lawyer, Northern Spy, Tompkins King, Spitzenburg, Yellow Transparent, Rhode Island Greening, and Winesap failed to produce any fruit from self pollinated blossoms.

Rome Beauty, McIntosh, Delicious, Spitzenburg, Ben Davis and Wagener all gave good results as pollinizers of Jonathan. Winter Banana and Yellow Newtown were also crossed successfully with Jonathan, but gave fewer fruits than the other varieties. Jonathan, Delicious and Ben Davis crossed most readily with Wagener, and Rome also gave some fruit. Wagener, Delicious, Jonathan and Winter Banana gave the best results with Spitzenburg, while Yellow Newtown and Ben Davis gave quite good results, and Rome, McIntosh, and Winesap were found to cross pollinate the Spitzenburg successfully. Rome Beauty was most successfully pollinated by the Wagener, though this is not a very desirable combination in orchard practice, as the Wagener is an early bloomer and the Rome blossoms rather late. Jonathan, Delicious, Ben Davis, and Spitzenburg all gave very good results as pollinizers for the Rome.

In most cases it has been found that varieties which blossom at the same time will cross pollinate successfully, and, as a rule, set more fruit than the same varieties when self pollinated. Winesap and Stayman Winesap, however, have failed to give good results as pollinizers on any of the varieties tested. The Experiment Station has a bulletin in preparation giving the results in detail of this and other pollination tests.

Assistant Horticulturist.

**RASPBERRY SOUP.**

**Recommended As An Excellent Hot Weather Dish.**

Raspberry soup is a delicious appetizer and cooler on a warm day. Fruit soups are used as foods in many countries. They are not so common in the United States, but they undoubtedly possess food value when thickened with sago or tapioca. They may be served hot or cold. Raspberry soup, however, should be served cold.

Use one pound of granulated sugar, two quarts of red raspberries, one tablespoonful of corn starch, one half pint of sherry. Look the berries over thoroughly and mash them. Let them stand an hour, and put through a sieve. Heat gradually, and when the boiling point is reached add a tablespoonful of cornstarch which has been moistened in water. When clear, smooth and thickened add the wine; remove at once and let cool. Serve at the beginning of the meal, poured over shaved ice in glasses.

Those of our fruit growers who are not now receiving Market Commissioner J. Forsyth Smith's regular weekly market report may do so by becoming members of the B.C. Fruit Growers Association. The annual fee is \$1. Application should be made to Mr R. M. Winslow, Secretary of the B.C. F.G.A., Department of Agriculture, Victoria.

**NARAMATA LOCAL.**

Dr. J. E. Black, a Vancouver dentist now practicing in Summerland, will be at Hotel Syndien, Naramata, on Monday, Tuesday and Wednesday. Make your appointments promptly.

**Peachland Notes.**

Wm. Logan of Kelowna spent the week-end in town.

Mr. and Mrs. John McGregor are rejoicing over the birth of a baby boy which event occurred in Kelowna on Sunday, July 6th.

On Friday evening Rev. A. Henderson and daughter, Miss Henderson, who has spent the winter in California, came in from the Coast.

Miss Dancer, who has been staying near Ewing's Landing all summer, came down on Friday evening and will stay some time at the hotel here.

Mrs. W. Lupton of Kelowna, who is just out of the Kelowna Hospital, came over on Monday evening, and will stay with her mother, Mrs. Aitkens, for a couple of weeks.

On Thursday the family of Rev. A. Henderson were surprised and delighted by the arrival of Douglas, the eldest of the family, who has been in Seattle for a time.

Messrs. Ernie McKay and Bryson Whyte left for Calgary and other eastern points on Tuesday morning, to look around them, to see if the prairie would suit them better than the mountains.

On Wednesday Lionel Aitkens, an old Peachlander, came in from Winnipeg where he has been doing office work, and will spend a few days renewing acquaintance with his old friends.

Mr. and Mrs. Bert Smith with their five children motored over from Morritt on Wednesday. They made the trip in one day, covering the whole distance, 188 miles, before eight o'clock in the evening.

Work has again begun on the Inke shore road, Jas. Michael, with a gang of men, are in camp near Dan. McLaughlin's ranch, from which operations will be carried on.

Mrs. D. Kirkby of Penticton and Mrs. McLean (Margaret Warnick) of Winnipeg, with their children, came up on Tuesday morning and are the guests of Mr. and Mrs. John McLaughlin.

The recent change in the temperature has been welcomed by every-

body here. The storm on Saturday afternoon was accompanied by some very heavy cannonading by the artillery of heaven, while the electrical display was magnificent. No damage is reported as resulting from it.

Penticton baseball players played one of a series of games with the Peachland team here on Thursday. A prize of seventy-five dollars is being competed for by the teams which have each won one game by one run. The game on Thursday was the home team's, for which they were given a present of five dollars by Mrs. A. Town. The final game is to be played in Penticton on the 27th.

The Women's Institute held its last meeting of the half year on Mrs. Town's lawn on Tuesday afternoon. Notwithstanding the threatening appearance of the weather a fair number turned out. Mrs. R. J. Hogg was unable to be present but sent her recipe for brown bread and also a couple of loaves of the same. Miss Mary White gave a recipe for candy, and passed around her sample. Miss Bina McLaughlin gave her recipe for Scotch shortbread. Her sample and Mrs. Hogg's formed part of the refreshments. Miss Dorothy Harrington, who was there with her violin, on which and the piano, several selections enlivened the afternoon. The gathering dispersed with the singing of the National Anthem.

**A HEINOUS CRIME.**

A gentleman visiting a jail notified a colored man of his acquaintance whom he had never known to be guilty of wrong-doing.

"Why, Jim, what are you here for?" he asked.

"I don't know, suh," replied the negro.

"Well, what have you been doing?"

"Nothin' 'tall, suh — nothin' 'tall."

"What made 'em put you in here, then?"

"Well, dey sez, boss, I wuz sent up for fragrancy."—Chicago Daily News.

Q. Why is a motor car like a dog? A. Because it sometimes ro-

llieves you of a tramp.
