

The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 8, No. 20. Whole No. 385.

SUMMERLAND, B.C., DECEMBER 17, 1915.

\$2.00, payable in advance.

K.V.R. Route to Coast via Hope Open Next June.

President Warren, Interviewing Sir Richard McBride, Gives This Assurance.

At a conference in Victoria a few days ago with Mr. James J. Warren, President of the Kettle Valley Railway, Sir Richard McBride took up with him the question of the construction of a branch line to provide much-needed transportation facilities to the Copper Mountain country in the Similkameen district, one of the most promising mine areas in the Southern Interior of the province. Big ore bodies exist which carry good values, and the mining interests are only awaiting transportation facilities before putting several properties on a shipping basis. The branch line of the Kettle Valley system to tap this rich area would, at the outside, be but twenty miles in length. Mr. Warren stated that this project had been made the subject of inquiry by himself and his colleagues for some time, and assured Sir Richard that there was a good prospect for the road being undertaken in the near future.

Mr. Warren also made another interesting statement to Sir Richard, to the effect that with the inauguration of the summer time table on the Kettle Valley line next June, a through train service to the Coast, over the Hope mountains, would become effective. At present the service on the section is from Nelson to Spence's Bridge.

The Kettle Valley Railway serves many thriving settlements in the Interior, enabling farmers to find an easy market for their produce. The line is nearly 1,000 miles in extent, and is proving of very great service in linking many municipalities and making the marketing of truck and farm stuff easy.

Mr. Warren states that weather conditions in the Coquihalla have been somewhat severe, retarding construction operations on the small uncompleted section, two miles in length. The snowfall in the Cascades, has been exceptionally heavy this season, and the weather has been very unsettled.

Three Casualties of Local Interest.

Casualty lists issued from Ottawa on December 10th and 11th contained three names of local interest, and give basis for the conclusion that the 2nd C.M.R. has again been in action.

Private Will Atkinson, wounded in the forehead not long since, has been back in the trenches, and a second time is reported wounded. This time, according to the telegram to his parents, he suffered a "gunshot wound in the chest."

He was admitted to No. 23 General Hospital at Etaples on December 2nd.

Privates James M. Harrison and Hartley-Simpson, both of Kaledon, were also enumerated in the casualty lists under the bare heading of "wounded." Kaledon also claims Private Atkinson as one of its own, since that place was the scene of his work for so long, and he enlisted from there. The little town thus starts with three names its honor roll of wounded soldier heroes.

Private Harrison is a son of Mr. and Mrs. Harrison of Kaledon, and a brother to Mrs. R. G. Tait. Hartley Simpson is a son of Mr. and Mrs. W. P. Simpson, who are also resident at Kaledon.

New Engine and Boiler For Sawmill Arrives By K.V.R.

A large stationary boiler of the "rotary tubular" style, together with an engine of 100 h.p., is being installed at the Meadow Valley mill of the Summerland Lumber Co. The boiler and engine arrived at Faulder siding yesterday, and will be taken to the mill at once. It is estimated that a carload of brick will be required to build the furnace for and encase the boiler. Beside generating much more power

Prize Cheques Handed Winners.

One hundred and fifty two dollars in cash prizes, \$95 of which was contributed by the Provincial Department of Agriculture, and \$57.00 by twenty-three interested citizens, has been distributed this week among the prize winners, the competition being conducted under the joint auspices of the Department and the West Summerland Women's Institute. The successful competitors, with their scores, as fixed by the judges, are as follows—

Eight acres and up:	
P. G. Dodwell	65
Allen Agur	61
Mrs G. Graham	60
Col. R. Cartwright	58
C. H. Tate	53
Two to Eight acres:	
A. McLachlan	66
Wright Bros.	50
C. Gayton	43
J. H. Bowering	42
W. Snow	38
Under Two acres:	
L. W. Pacey	90
H. Foreman	81
A. Martin	69
Jas. O. Smith	60
Alex. Smith	47
Mrs R. Mitchell	40

THE WOMEN'S INSTITUTES.

The regular monthly meeting of the Summerland Women's Institute was held in the Men's Club on Friday, December 10th. The roll call was answered with suggestions for Christmas. Mrs. Ross gave the motto, which was: Festive Bells everywhere—the feast of the Babe, Joy upon earth, peace and goodwill to men.

Mrs. Angwin brought very tempting samples of crystallized apricots which would make a very nice Christmas gift. Mrs. F. Gartrell had made some nougat and sent a box of it for the ladies to sample, and also the recipe. It was pronounced delicious.

Mrs. Sharp brought coconut macaroons, also the recipe, which were passed around, and they also were quite a success.

Mrs. Conway gave a good recipe for apple sauce cake.

Miss McLeod then favored those present with an instrumental solo, and Miss Hayes delighted all by singing a couple of solos.

The time was mostly spent in a social way over knitting and the usual cup of tea. Mrs. Helmer had brought a Canada War Cake, the recipe of which she is selling for 10 cents, the proceeds to be given to the Red Cross.

Several had their names put down as members for 1916. The first meeting of the new year is to be the third Friday in January.—Contributed.

There was a good discussion on "Christmas Entertaining" at the West Summerland Women's Institute meeting, held last Friday afternoon in St. Stephen's Hall. It was opened by Mrs. Scott Darkis, and a number of ladies took part. The open discussion seems to be more favored than one lady giving a long paper. Miss Spencer gave some new ideas for Christmas decorating.

Rev. N. McNaughton gave a good address on "Friendship," which was very interesting.

The attendance at the meeting was small, which is to be regretted, as these contributions to the program were all carefully prepared.—Contributed.

than the present plant the new boiler will be much more economical, as its furnace will be equipped to burn sawdust and shavings, which will be fed into the furnace by machinery.

Mr. Wheeler the manager expects to have the new plant ready for operation in the early spring.

The Summerland Lumber Company are now busy getting logs cut for next summer's operations, and expect to cut about 2,000,000 feet of lumber, a large portion of which will go into the manufacture of box shooks.

Council Makes Proposition to End South Main Dispute.

Pay's Practically Full Amount, But Not Satisfied With Job.

Little Progress Made With Gravel Case.

The Council spent nearly a full day in session at its last regular monthly meeting on Friday the 10th. During the morning the Council suspended business and sat for a few moments only as a Court of Revision. There was not a single protest against the new voter's list, nor an application for addition thereto, and the list as prepared by the Clerk was officially adopted. There were the usual number of citizens with requests and complaints to put before the Council.

D. H. Watson renewed the old question of remuneration for sand and gravel taken from a hillside on Watson Heights Ranch. Mr. Watson declared that had permission been asked he would not under any circumstances have granted the Municipality the right to take the sand and gravel, and asked \$1 per load, for all that had been taken, this to be applied against his rates and taxes. When it was pointed out that this was a very high rate, he suggested 50 cents per load for the material and another 50 cents for damage to his property. This matter had been put in the hands of the Clerk some time ago for adjustment but he reported that because of the present condition of his title he had not been able to make an adjustment. He estimated that the Council had taken 100 yards from inside the fence. In one case only had the Council ever paid for gravel, this being 10 cents per load to Jas. Dunsdon. For a time the argument waxed very warm, but practically nothing was accomplished. Mr. Watson said he would be satisfied if the Council would again fill up the hole, and the different members of the Council admitted that the Superintendent had made a mistake in encroaching upon the property, stating that this should be guarded against in future. Mr. Watson expressed willingness to have the case arbitrated, and finally, after concluding that \$20 was all that should be paid, the Clerk was instructed to obtain further information from interested parties.

T. B. Young asked permission to have an eight foot boulevard in front of his home, and to plant trees on the outer edge eight feet from the fence. This was refused, the Council fearing that the road which is 40 feet wide would be narrowed too much by the trees. Mr. Young asked that a guy post supporting an electric pole, now planted in his lawn be removed. Instructions were issued to have this done.

During the summer John Stewart's property had suffered considerably by the overflow from an irrigation ditch, and his cellar walls seriously damaged, the intrusion of water ruining \$75 worth of paper, which had been stored in the cellar. Mr. Stewart estimated his loss at not less than \$150. Immediately the ditch was repaired and cement lined the water subsided. The responsibility of the Council was admitted, the Reeve blaming it to "a careless ditchman." Mr. Stewart stated that he would be satisfied if he were given credit for \$65, to apply against rates and taxes. The Public Works Committee considered this a very modest claim, and a motion to that effect was carried unanimously.

There was quite a discussion on the lighting of Ellison Hall, which is in charge of the Agricultural Association, and which body is directly responsible to the Council for current used. The hall, however, is used by the Boy Scouts, the Poultry Association, and for some time last winter by Home Guards, and the basement by A. Stewart and Son. D. H. Watson, representing the Agricultural Society, stated that he had always supposed the Society had control, but that he went to the hall one day and found a padlock had been put on the place, and he was then in doubt. This, he believed, had been put on by the Council's Superintendent. The Board, however, know nothing of

this. Arrangements were finally made whereby Messrs. Stewart & Son, who are now using the building could have light.

An extension to the electric light service, to include a number of houses in the vicinity of Victoria Gardens was requested by Muir Stewart. The present Council, it was pointed out, would not have time to complete such an extension, and Mr. Stewart was advised to present a definite proposition, along similar lines to that submitted by Mr. Bowering and his neighbors. The Council felt sure that the extension would be granted under such terms.

The Constable was instructed to enforce the dog tax.

Robert Mitchell was given the privilege of harvesting the ice on the reservoir, he to pay the Council 30 cents per ton, and the price to the public to be limited to \$1.15 delivered on the shore. Constable Graham presented an account for \$47.80 for expenses in connection with the Jap recently sentenced to Kamloops Jail for stealing.

H. Bristow and R. S. Monro each reported water flowing from leaking pipes near their properties.

A former offer of W. C. Kelley, that he be given a Tax Sale Deed of the Humphrey property, upon payment of the amount due the Municipality, was again renewed. Mr. Kelley citing deeds issued to the Development Company as precedents. The Board were quite willing to waive any claim to title in the property upon payment of the taxes and rates, but they would not attempt to overthrow any rights of the former holders of this property.

A letter from T. J. McAlpine with reference to the South Main was read, as well as a communication from Engineer Latimer, stating that he could not inspect the work for some time. Mr. McAlpine claimed that his second contract had supplanted the first, and that he had now completed this second contract, and demanded payment in full. There was quite a discussion upon this subject and a general desire to close with Mr. McAlpine before the present Council goes out of office. Coun. Johnston suggested offering Mr. McAlpine \$850 in full so as to get the matter off the slate. Reeve Blair expressed a similar desire but stated that he hated to pay out any more money on the contract. That Mr. McAlpine had already been paid too much was the opinion of Coun. Campbell, who said the Council had been badly beaten, but he agreed that Mr. Johnston's suggestion was the best way to close with the contractor. The Reeve stated that the Council will often hear of the South Main, as he anticipates it will be a source of trouble until made right.

It was Coun. Campbell's opinion that after a season's use the ditch was not even as good as it looked to be last spring. Mr. Johnston's motion that the contractor be offered \$850 in full of all claims, without prejudice to the rights of the Council, was carried unanimously. From the changing of a ditch a lot on Jones Flat, the property of J. L. Logie, had been deprived of water for the last two years, and he was granted a rebate of one year's water rates.

Accounts as follows were approved for payment:

Wages	\$820.00
Jas. Ritchie, campus	40.00
F. G. Barnard, pipe line	100.00
W. C. Kelley	54.00
T. B. Young, feed	31.07
Can. Fairbanks	13.44
Mussons, Ltd., hose	16.00
Revlow Publishing Co.	16.40
Can. Pipe Co.	254.23
Nor. Electric Co.	202.14
Bank of Montreal, interest	50.14
School Board	907.10
Debenture Interest	7,426.00
Debentures, redeemed	1,170.00
C.P.R., freight on pipe	65.43
Sundries, small items	105.98
Total	\$11,322.02

Important Meeting of Hospital Board.

Earnings, expenses and outstanding accounts were subjects of much deliberation during the regular monthly meeting of the Hospital Board. It was generally agreed that the total of past due accounts is altogether too large, and that it is necessary that these be cleared up before the annual meeting. The accounts of Indian patients came in for special criticism, they seemingly not realizing their responsibility in this regard.

The possibility of reducing expenses and increasing income was exhaustively discussed resulting in the unanimous decision that it is impossible to further reduce expenses without endangering efficiency. On the other hand it was pointed out that the institution is not serving all the territory within its natural radius, and that all that was necessary to add more territory to its field of usefulness was to make known what a really excellent hospital we have, with its modern appliances, sanitary operating room, x-ray equipment, and not overlooking the very moderate rates, to persuade many not familiar with the institution of the advisability of making use of the hospital when sick. Peachland particularly should know of the provision made to care for patients from that town.

A vegetable cellar has been installed in the basement of the hospital, and the work of finishing another room on the upper floor is well in hand.

A very welcome offer was received from W. J. Beattie to supply shrubs, etc., for the hospital grounds, and was gratefully accepted.

The meeting was held in the reception room, and when business was completed the directors adjourned to the operating room where the matron gave an x-ray demonstration, different members of the board being put under the mysterious light. Rumor has it that it was easy to see through most of the Board, but that the cranium of one member was too dense for the rays to penetrate.

Farmers' Institute.

Another Pruning Class Proposed.

The course in pruning that has been conducted by Mr. Ben Hoy was concluded last week and has been pronounced quite a success. Some disappointment has been expressed that more have not taken advantage of the course, and it is proposed to give the orchardists of the district another opportunity provided a class of not less than eight can be formed. Secretary Tait will be glad to learn of any who wish to take the course.

The meeting announced to be held in Campbell's Hall was postponed because that meeting place was not available, and is to be held next Thursday, the 23rd, at the above place.

The Department of Agriculture is again sending registered seed for crop improvement to all members of the Farmer's Institute, provided they apply at once to the local secretary, with cash accompanying orders.

There is to be a Provincial Seed Fair held in Armstrong on January 10 and 20, 1916. The secretary will give particulars to anyone intending sending exhibits.

WEDDING.

RAMSEY-ATKINSON.

St. Stephen's Church was the scene of a quiet wedding on Tuesday, December 14, when Miss Jessie Atkinson, youngest daughter of Mr. and Mrs. W. Atkinson, Garnett Valley, became the bride of Mr. H. M. Ramsey, Pentleton.

The marriage was witnessed only by the immediate relatives of the bride, who was unattended, and was given away by her father. After the ceremony the party repaired to the home of the bride where a wedding breakfast was partaken of, after which the happy young couple left for their future home in Pentleton, carrying with them the best wishes of their friends for a long and happy wedlock.

Local Branch of Patriotic Fund Is Organized.

F. Nation, Provincial Secretary Delivers Lucid Address on Work and Needs of Fund.

A meeting of exceptional importance was held in Empire Hall on Wednesday evening when an address was given by Mr. F. Nation, the Provincial Secretary of the Canadian Patriotic Fund.

The chair was occupied by Reeve Blair, who, after a few introductory remarks, called upon Mr. Nation to speak.

Mr. Nation made no pretence at oratory, but presented his "case" in such a clear and interesting manner, as to make all present enthusiastic in the work.

He gave a brief account of what other places in the province were doing. Silverton a little Kootenay town of 650 people subscribes \$14,000 per year.

Kaslo, with a population of 800, is giving between \$5,000 and \$6,000 per year.

Trail, a small Kootenay town, is giving \$20,000 per year.

Mr. Nation gave an outline of the history of the fund. It dates its inception from a conference called by the Duke of Connaught at Ottawa in August 1914, the result of which was the Canadian Patriotic Fund, being chartered by a special act of parliament, with the object of giving assistance to the dependents of our soldiers and all the reservists of Britain and her Allies who are at the front. This was one of the greatest funds ever raised in any country, and in all history there has been no parallel of a fund being so economically administered. The expense of administration had been only 1/2 of one per cent. He pointed out that each dependent in the West would be allowed \$37.50 per month, including the \$20 per month allowed by the government, the fund thus making a grant of \$17.50.

It had been figured out that a woman with three children might be expected to live on \$52.50 per month, and due provision had thus been made, grants being made for each child.

Mr. Nation referred to the various general criticisms which were often hurled against such funds.

He dealt with the suggestion of graft, and said that the best answer to such a charge was that companies like the Bank of Montreal and C.P.R. had each donated \$100,000 per year. He went on to say that those of us who stayed behind are just as responsible for the carrying on of the war as those who are at the front.

There are two ways of doing this—we must either fight or pay. This was our business. It should be our first business. People had no right to say they had no time and were too busy to join a patriotic fund.

They are surely no more busy than the man who had left home and family to fight and die for them.

After the address a branch of the Canadian Patriotic Fund was organized with the following as officers: President - Dr. F. W. Andrew Vice-President - Reeve Blair Secretary - W. C. Fosbery Treasurer - E. B. May Finance Committee—

J. J. Mitchell, Rev. H. A. Solly, W. Ritchie, Col. Cartwright, J. D. Lewis.

Investigation Committee—

Dr. Andrew, Mrs. Solly, and Mrs. Cartwright.

On the proposition of Rev. H. A. Solly, seconded by Rev. R. W. Leo a hearty vote of thanks was accorded to Mr. Nation.

The decision of the government, to send on all parcels addressed to soldiers at the front, but insufficiently stamped, the government paying the cost, is one that will be deeply appreciated by both the soldiers and their friends. At the same time it would be better to stick on a few more stamps than are really necessary rather than a few less.

The importation into Great Britain of insecticides etc., containing nicotine is prohibited on account of the danger of blood poisoning.

The Summerland Review

PUBLISHED BY THE REVIEW PRINTING & PUBLISHING COMPANY LIMITED.
RALPH E. WHITE, MANAGING DIRECTOR

SUBSCRIPTION RATES: \$2.00 PER YEAR, IN ADVANCE. SIX MONTHS \$1.00.

Advertising Rates:

LEGAL NOTICES.—Twelve Cents per line for the first insertion: Eight Cents per line for each subsequent insertion.
LAND NOTICES.—\$7.00 for 60 days, \$5.00 for 30 days.
WATER NOTICES.—30 days, 150 words and under, \$8.00; each additional 50 words, \$1.00.
THEATRICAL, ETC.—50c. per inch for first insertion, and 25c per inch each subsequent insertion.
LOCAL NOTICES or Readers, Immediately following regular locals, 20c per counted line: 10c per line each subsequent insertion. Half these rates when accompanying display advertisements.
LODGE NOTICES Etc., 25c. per week, per column inch.
FOR SALE Advertisements, Etc., 2c. per word first week; 1c. per word each subsequent week.
Transient Advertisements payable in advance.
Rates for Contract Advertisements furnished on application.
Copy for change of contract advertising must be in the hands of the printer not later than Wednesday noon to insure publication in the next issue.

FRIDAY, DECEMBER 17, 1915.

FOR THE NEXT COUNCIL.

ONE OF THE FIRST items of business the 1916 Council will be called upon to deal with will be the matter of the vacant superintendency. In justice to the appointee, whoever he may be, he should be given the position as long before the opening of the irrigation season as possible, in order to allow time enough to get some grasp of the whole municipal situation.

Some will advocate that the appointment be made locally. The great advantage pointed out for this course is that the candidate would already have a general knowledge of the state of affairs in regard to the public works of the community. A local man, too, might not require a salary quite so high as a superintendent appointed from elsewhere.

There are other considerations which should be looked at, however. In these days of somewhat reduced emoluments, it is safe to say that the services of a trained and experienced engineer could be had for a good deal less money than formerly. By the time the Council has paid a superintendent's salary for a year, and an engineer not infrequently, at \$25 per day, it can be seen that in the end they are paying the salary of a man who could combine the duties of both. It will be well worth while to weigh the pros and cons of both lines of action.

Another big problem for the incoming Council to tackle will be the irrigation improvements called for in the vicinity of Siwash Flat. Not so much what work is to be done as how to find the means to do it. It is a foregone conclusion that the orchardists of that section must be given a better service next summer, and it will be for the new Council to figure out the required combination of economy and satisfaction in carrying out this work.

Are the Reeve and Councillors for the coming year to receive some monetary payment for their services rendered? This was talked of at a session not long since, but it is certain that any such salaries cannot be the true measure of the time given up to the public interest. The amount mentioned was five or six hundred dollars per year to cover them all, and if the Reeve and Public Works chairman are to receive more than the remaining Council members, and they should if their activity this year is any indication of the duties pertaining to these offices, there will not be left much for the others.

In any case it is doubtful if the salaries which can be offered on this basis will be inducement enough to allow of men offering themselves for office more freely than in the past. An alternative will be to take some of the responsibility off these willing shoulders and put it where it would seem more properly to belong, namely in the care of a superintendent engineer.

These are just three outstanding matters that must engage the attention of the Council early in the coming year. There will be the usual array of difficulties that inevitably crop up, making it unsafe to say that the year will be an uneventful one as regards municipal activity.

§ § § § §

IT WOULD SEEM as though a freight rate war between the western railways serving the prairie provinces had been started. Substantial reductions in the rates that have hitherto prevailed have been effected by the Canadian Northern Railway on the line which was recently opened from Vancouver, and they have come, it is stated, as a great surprise to the C.P.R. It is confidently expected that a corresponding reduction as regards the points affected will be made shortly by the C.P.R., and just where the anticipated war will end is a matter of interesting speculation by many. The reductions announced by the C.N.R. are anything up to 10 cents per hundred pounds, or per carload of 20 tons, up to \$40. The Coast section of this province will derive considerable benefit from the reductions, since carload business in lumber and staple commodities will be stimulated. This, at any rate, is the view taken in distributing towns on the prairies. From the consumers' viewpoint railway competition is a little better freight rate regulator than even the Railway Commission.

§ § § § §

THE POST OFFICE DEPARTMENT has decided to supply the demand for a three-cent stamp to obviate the necessity of placing an extra stamp on letters for the war tax. This will be done by issuing an ordinary two-cent stamp with a distinguishing mark designating the additional value of the war tax. The issue of an entirely new stamp is attended by a great number of formalities, in connection with the international postal union, which it is desirable to avoid just at this time, for one reason from considerations of time. The desire of the department is to issue a stamp which will disappear after the war, in itself a welcome intimation that postal rates have not been hoisted for good. The ordinary two-cent stamp will therefore be used with a surcharged design upon its face similar to that on the present one-cent war stamp. The new stamp will be issued at an early date.

§ § § § §

THE REVENUE OF THE DOMINION for the month of November totalled \$17,072,450, an increase of \$7,576,020 over that of November last year, and also the largest for any month in the history of the country. This, and the fact that the recent domestic war loan of \$50,000,000 was doubly subscribed, is evidence that Canada is taking very seriously the task of financing her own share of war activities, without depending upon the proffered aid of the Mother Country.

LOCALS.

Are your "stuck?" Read A. J. Beer's adv. on page 5 for some good suggestions.

Mr and Mrs J. C. Findlay returned to Kaleden Wednesday after spending a few days here with their daughter, Mrs Jas. Ritchie.

The Review job printing department is well prepared to take care of any late rush orders for Christmas Greetings. Call and see some of our work.

The road to Peach Valley station has been receiving some much-needed attention. A new surface of shale has been put on by some municipal employees under the direction of J. Arkell.

Mrs Mary Campbell left on Thursday morning's boat to spend the Christmas sea on with a daughter at the Coast. She was joined at Sicamous by another daughter, Mrs Brown, of Winnipeg.

F. T. Jackson, manager of the Okanagan United Growers, spent most of Thursday in town with the directors of the Summerland Fruit Union. He is making a tour of the Valley, conferring with the various locals.

The Ambulance League are meeting with unqualified success in the sale of Mr D. E. Hatt's poems, "Random Rhymes," in which they have been greatly assisted by the recitals given by the author. Last Friday Mr Hatt was greeted by a large audience at Peachland—see Peachland Paragraphs. On Monday he gave an evening at Kelowna and last night at Naramata. On Monday night he will give the last of this series of recitals at Meadow Valley. There he will be assisted by local musical talent. A number of the Ambulance League ladies will also attend.

A "500" Club is being organized by Mrs Frank Marshall of the Hotel Summerland for the benefit of the Red Cross Society, with full permission of the officers of that organization. The first meeting will take place at the Hotel Summerland on Thursday, January 6th, at eight o'clock. An entrance fee of 25 cents each member, and 15 cents each meeting, is charged, the full amount of which, without any deductions will be handed to the treasurer of the society, Mrs Solly. Over fifty members have already been enrolled, and appearances indicate a large muster roll.

H. Bristow, W. J. Beattie, and D. Thompson were all successful exhibitors this week at the Penticton Poultry Show. Mr Beattie had practically no competition in Silver Spangled Hamburgs, and took all the awards. In Black Hamburgs Mr Bristow had 1st Cock, 1st Hen and 1st and 2nd Pullet. He also took 1st on Cockerel and 1st, 2nd and 3rd on Pullet in S.C. Black Leghorns. Mr Beattie seemed to have things pretty well his own way with Partridge Wyandottes, taking 1st, 2nd and 3rd on Cockerel, 2nd and 3rd on Pullet and 2nd on Pen. White Wyandotte prizes to come here are 2nd Cock, D. Thompson, 3rd Cock, H. Bristow, 1st Cockerel, W. Beattie, 1st Hen, H. Bristow, 2nd and 3rd Hen, D. Thompson.

Mrs P. G. Koop has returned from a visit of several weeks at the Coast.

Mr and Mrs Fred Gartrell came off the boat on Monday night, returning from a short visit to Kelowna.

Donald Ross has been making splendid progress in the convalescent stage of recovery from his long seige of typhoid fever.

A supply of printed letterheads and envelopes make useful and very acceptable Christmas Gifts. See samples at Review Office.

The lake has dropped to an unusually low level and this is particularly noticeable when the C.P.R. mail boats and car barges approach their landings.

The Ambulance League hopes to send off another bale of Red Cross material next Monday and would like all members who have work on hand that could be completed to bring it in on Monday for packing and shipping.

The Review has been asked to again remind our readers of the Soldiers' Christmas Tree in St Stephen's Hall on Thursday, the 30th at 3.30, when gifts suitable for soldiers in the trenches are to be placed on the tree. Tea will be served during the afternoon. The ladies of the church will also hold a Sale of Work on the same date.

Announcements have been sent out this week telling of a House Concert, dated for next Monday evening, December 20th, at the Trout Creek residence of Mr J. R. Brown. It has been cause for regret among the people of this section that their comparative remoteness from the centres where concerts and entertainments are usually staged has prevented them from attending gatherings of this nature as freely as they have wished.

The St Andrew's Society has made itself responsible for the program at this concert on Monday, and naturally enough the Scotch element will predominate in the nature of the numbers. The contributors to the program are announced as Mrs John D. Wood, Miss M. Lister, Messrs J. G. Robertson, Jas. Smith, and Alex. Smith. The admission to be charged is 25 cents for adults, children free. There is an added inducement to attend from the fact that the proceeds are in aid of the Canadian Patriotic Fund. While the concert has been arranged to take place at Trout Creek primarily for the convenience of that community, everyone will be welcomed quite irrespective of their place of residence.

THE EGG MEN'S FLIGHT.

Few of us will sympathize with the men who are left with millions of cold storage eggs on their hands that they are unable to sell at a profit. It is not that there is no necessity for the cold storage of eggs or that the business of so storing them is in itself bad. But it has become the means of gouging the people by means of prices, when it should be the means of bringing prices near to a reasonable basis. It has also been used as the vehicle for foisting upon the people unsound food that was detrimental to their health, and of providing dishonest bakers and others with a means of cheating the public.

Weather Report

Abstract from weather records for November, 1915, kept at the Government Station, Balcom Ranch, Summerland, B.C.

November	Maximum	Minimum	Readings	Sunshine hr. mn.	Rainfall (Inches)
1015					
1	45.0	31.0	20.44	1.24	.27
2	39.0	31.0	20.40	0.00

Newsy Paragraphs
 from
PEACHLAND

Mr and Mrs Cutbill, Mrs Tewart,
 and Miss McDonald were visitors to
 Kelowna on Saturday.

Mr Jas. Miller left for Victoria
 on Saturday where he expects to
 join the 103rd Battalion.

Mr Cousins came in on Friday
 night to spend Christmas with his
 family at the Townsite.

Mrs Wm. Douglas was a passenger
 to the Coast, where she will
 visit for a couple of weeks.

Miss Brown of Glenrosa spent
 Friday night with Miss M. R.
 Reid at the home of Mrs Mills.

Mr R. Harrington and Mr S.
 Mirden drove down to Summerland
 on Friday and returned the same
 night.

Mr Osborne Needham returned
 home on Thursday night after
 spending a couple of years on the
 prairie.

The Presbyterian Ladies Aid
 spent a very pleasant social after-
 noon in the Reading Room on Wed-
 nesday.

Mr and Mrs Geo. Keyes left on
 Tuesday morning for Calgary where
 they will spend Christmas with
 Mr and Mrs Geo. Phillips.

Mr and Mrs R. Harrington en-
 tertained at dinner on Saturday
 night Mr and Mrs S. Mirden and
 several of their friends in honor of
 Mr and Mrs Mirden's china wed-
 ding.

A very pleasant evening was
 spent on Tuesday at the home of
 Miss Kate Miller, who gave a fare-
 well party for Miss Beatrice Lang.
 The first part of the evening was
 spent in crocheting and knitting,
 after which cards and music were
 enjoyed.

It was with much regret that
 Peachland said Good-bye to Mrs
 Geo. Lang and Beatrice on Satur-
 day morning when they left to join
 Mr Lang, who is now assistant
 superintendent of the Ottawa Elec-
 tric Railway. In the short time
 they have lived in Peachland they
 have made many friends. They
 will be very much missed in all
 social gatherings and in the
 church, as they were always ready
 to help with the singing or play-
 ing.

**Will Continue Feed
 Department.**

At a general meeting of the
 shareholders of the Peachland Fruit
 Growers' Union, held on the 8th
 inst., for the purpose of discussing
 matters relative to the feed depart-
 ment, now in its first year, resolu-
 tions were unanimously passed.
 One of these was in the form of a
 recommendation to the directors
 "that the operations of the depart-
 ment be continued," and also
 "that Mr H. Slater, the present
 manager, be offered continuance of
 engagement for the year 1916."

Before the resolutions were
 brought forward, a report by the
 manager was read showing the
 business turnover since the begin-
 ning of the year, and also to pre-
 sent the financial standing. The
 report was received with favor.
 The resolutions followed and were
 carried unanimously. The tenor
 of the meeting was that the de-
 partment needed stronger support
 from the Union members, and from
 the people of Peachland in gen-
 eral. Those present promised to do
 their part in this respect.

The resolutions were confirmed
 and adopted at a meeting of the
 directors on the 9th inst.

**Peachland Well Pleased
 with Recital.**

Peachland concert-goers enjoyed
 a real treat on the evening of the
 10th when a party from Summer-
 land gave a delightful program un-
 der the auspices of the Women's
 Institute in aid of the local Ambu-
 lance League.

Rev. A. Henderson acted as
 chairman. Mrs Geo. Ross, whose
 beautiful soprano delighted the
 audience, was first heard in a fine
 patriotic selection, and later in two
 beautiful numbers.

Rev. D. E. Hatt is well known
 here, and as usual, delighted his
 hearers with his dialect readings.
 This time, however, the selections
 were taken from his own book,
 "Random Rhymes," the number
 entitled "Okanagan Weather" ap-

pealing particularly to the Peach-
 land residents, who consider their
 neighborhood furnishes the best
 sample of the article in question.
 The patriotic and comic songs by
 Mr Jas. O. Smith, and the old
 Scotch favorites by his brother, Mr
 Alex. Smith, were also much ap-
 preciated.

Miss Bené Logié added much to
 the evening by her able accompani-
 ments.

As the artistes all gave their
 services free, a nice little sum was
 realized for the Ambulance League,
 which sum was augmented very
 materially by the sale of over sev-
 enty of Mr Hatt's books, the net
 receipts amounting to \$25.

At the conclusion of the program
 a vote of thanks was moved and
 seconded to all those who had con-
 tributed towards the evening's en-
 joyment.

Miss Grace Logie, Mr Geo. Ross,
 and Mr Galt accompanied the
 artistes.

**Peachland's Sick Given
 Every Comfort.**

**Hospital Society To Provide For Their
 Accommodation.**

With a long distance phone at the
 bedside and motor accommodation
 to convey patients from and to the
 wharf near-by, the Summerland
 Hospital is now ready to receive
 patients from Peachland.

Beautifully and conveniently
 located, completely equipped and
 thoroughly up-to-date in every re-
 spect as the institution is, the
 Society proposes to extend its field
 of usefulness to the care of pa-
 tients not only from Summerland
 and Naramata, but from the sister
 town of Peachland. At the last
 meeting of the Hospital Board it
 was decided, in view of the length
 of the journey to provide motor
 conveyance for Peachland's sick
 who came down by boat, and when
 desired, to have a nurse meet pa-
 tients on arrival of the boat.

Thus an hour from the time the
 patient leaves Peachland he or she
 can be comfortably situated in one
 of the bright and sunny wards in
 our now popular home for the sick,
 of which it is said "Not just like
 being at home—it is better."

A report of the last meeting of
 the Hospital Board will be found
 elsewhere in these columns.

A novel yet really practical ex-
 periment in co-operative chicken
 raising is now being conducted at
 the Manitoba Agricultural College.
 Under a co-operative scheme framed
 by the government, about a
 thousand chickens have been sent
 to the College by farmers. After
 they have been scientifically fatten-
 ed, they will be killed, dressed, and
 marketed to the best advantage.
 The price realized, less only any
 transportation charges in connec-
 tion with the marketing, will be
 given to the farmers.

Good Coffee

At last they are satisfied! This
 young housewife searched
 the town high and low for the
 right kind of coffee.

—that coffee with the rich
 coffee fragrance, with the delicate
 tang that makes coffee a joy to drink
 and sends hubby away in the morning with the feeling
 that he has had a good breakfast—and all is right with
 the world.

We sell it. We had your tastes in mind when we
 bought it. Our blending is perfect. A trial
 order will make you a constant user. Call in and
 let us tell you all about it—or phone your trial
 order at once.

OUR NARAMATA SECTION:

Everything of Business and Social Importance
Transpiring in South Okanagan's Newest Town

GILLETT'S LYE EATS DIRT

Red Cross Notes

About the usual number of enthusiastic workers turned out on Saturday afternoon last. Arrangements were made for handling the recital given last evening by Rev. D. E. Hatt. An active ticket selling committee was selected to advertise the event as much as possible, and to see that nobody in Naramata is overlooked.

Two daintily gowned little ladies of tender years, Audrey Northcot and Laurel Pushman, served tea and cake.

In the absence of Miss Robinson, the regular secretary, Mrs Languedoc kindly carried on the duties of the office.

From the apparent apathy amongst the members toward assuming the honor of serving, it is thought by some that the lunch should be absolutely limited, as in other places, to a cup of tea and a bread and butter sandwich. It is just a question here in Naramata if we are not carrying this form of luxury—for that is what it amounts to—altogether beyond the limits of good judgment.

It is announced that after the New Year Mrs Hancock, Mrs Aldridge, and Mrs Raynor propose giving a whist drive under Red Cross auspices. But of this more later.

A wire came from Ottawa on Tuesday from Mr J. M. Robinson to the effect that the recent legal tangle which was the cause of his hurried trip East, has been adjusted in his favor. Mr Robinson also expressed the hope to get back for Christmas. His son, Jack, also in Ottawa, will, it is expected, spend the holiday season in Toronto.

Farmers' Institute Last Meeting For The Year.

At the meeting of the Farmers' Institute on Friday evening last a commencement was made toward having a more or less fixed program. Certain it is if the pace set upon this occasion is maintained throughout the coming year, and with fair regularity, a good deal will be accomplished.

After the usual routine business was disposed of President G. Cook read a paper setting forth in clear and simple English the way to go about making apple cider and apple butter. Mr Cook's paper was listened to with evident interest for his many years' experience in the business in Michigan has made him thoroughly conversant with the subject. The paper was afterwards followed up by handing round a glass of the pure article made at his own Naramata press. The quality certainly was excellent, and bespeaks much for the possibilities of disposing of at least a portion of one's apple crop. Though here in Naramata very few of us have any sweet apples planted, and as a consequence a good deal of sugar would have to be added unless one were to grow sugar-cane as a substitute.

Mr H. P. Salting "spoke his piece," as we used to say in school, dealing with the keeping of vegetables fresh throughout the winter. Mr Salting spoke with authority as having in former years been acquainted with the methods followed in Holland and Denmark.

A paper was given by T. H. Boothe on Fire Insurance, setting forth instructive facts as to the volume of the business as now carried on in Canada. It was shown that of one hundred and twenty Fire Insurance Companies operating in our country, there are nearly twice as many concerns having head offices outside of Canada as there are at home, and these outside companies control the great bulk of the business. The time was surely here when we, as a nation, should be able to control at least this branch of the insurance business.

At the close of the evening's program the ladies were on hand with a choice selection of cake to serve along with the cider so generously provided by our worthy president.

The next meeting will be held in January, when the chief item of business will be the election of officers for the new year now so near at hand.

"ROUGH ON RATS" clears out Rats, Mice, etc. Don't Die in the House. 15c. and 25c. at Drug and Country Stores.

Ladies Hold Successful Bazaar.

Despite ominous predictions to the contrary the proceeds of the bazaar held in the basement of the church was an unqualified success, and as a result not only the coffers of the church, which means the Missionary Fund, but also of the Red Cross, are considerably enlarged.

During the afternoon the sales at the different stands went along quietly, and at each very satisfactory progress was reported. True, all the goods were not sold, but the ladies always look for this, such goods being held over for another year.

In the evening a fine supper was served, and at this alone a sum approximating \$20 was realized.

Death of W. D. Mackie.

The news that reached town late last week that W. D. Mackie was dead, came as a shock to everyone.

The facts as gleaned from an account in the Vernon News are that his lifeless body was discovered on the lake shore some five miles south of Okanagan Landing on Saturday, December 4th, and that the Vernon city police, who were at once notified, ordered a post-mortem examination. The examination revealed the fact that the deceased had been dead several days, and that death was due chiefly to exposure.

The deceased was well-known here, where he had lived for about three years, coming here from Vernon, where he owned a pre-emption some twelve miles out of the city.

He left here early this fall and joined the Army Medical Corps at Vernon, and being an old army veteran, with eleven years' service in India, it was thought that his promotion would be rapid.

The late Mr Mackie was of Scotch descent, whose father was a clergyman. He was well-educated, could converse in several languages, and was an interesting conversationalist. He has two sisters living in London, and the sad news of the brother's demise is being forwarded thither.

Current Events - OF - Town & District

Rev. R. M. Thompson of Penticton was in town on Wednesday.

Mrs. J. M. Robinson and also Miss Gwen were week-end visitors at Summerland, guests of Mrs R. C. Lipsett.

Miss Naomi O'Callaghan has severed her connection with the Naramata School, and leaves shortly for her home in Vancouver.

A sort of epidemic of colds has, during the last few weeks, added much to the discomforts of the otherwise enjoyable life at Naramata.

According to announcement, Rev. H. A. Solly of Summerland conducted Anglican service here last Sunday evening. Whether the change of hour will prove popular, remains to be seen. The reverend gentleman remained here overnight, as guest of Capt. and Mrs Languedoc, who are now cozily settled for the winter in Mr Walter Land's cottage.

As an outcome of a discussion at the Farmer's Institute meeting last Friday night relative to the number of petty thefts during the course of the season, a petition is being circulated calling upon the Police Department to appoint a constable for the town and district. This petition is in Secretary Pushman's office, and every ratepayer should make it a point to see that his name is attached before it is forwarded to head quarters.

Naramata Current Events.

(Continued.)

Mrs H. T. Davies was a visitor to Summerland on Wednesday.

Dr and Mrs R. C. Lipsett were across to Naramata between ferries on Wednesday, guests of Mrs J. M. Robinson.

Mr Ben Hoy of the Horticultural Department of the government, arrived in town on Tuesday, and has been busy ever since initiating a class of twelve into the intricacies of tree pruning.

School is out! For two weeks the young folks in daily attendance at the local institution of learning will enjoy unrestricted freedom from the thralldom of books, and incidentally keep tab upon the movements of Santa Claus.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated. In surveyed territory the land must be described by sections or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessees may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be paid for.

Mr Harry Mulford is again the winner of several prizes, including a first, second, and two specials, at the annual Poultry Show at Penticton. Mr Mulford also again won the Somerton Cup which he has held for the past year. He keeps none but pure bred White Leghorn fowl.

A full account of the recital in the Opera House on Thursday by Rev. D. E. Hatt is of necessity held over till next issue. To judge from the brisk sale of tickets and the general spirit of anticipation it may be assumed that Naramata will have been given a really genuine literary treat.

Mrs H. Mitchell held a charming dancing party in the club room parlors in honor of her son, Harold. Fine music for the occasion was provided by a number of the ladies in turn, including Mrs Manchester, Miss K. Robinson, Mrs Languedoc, and Miss Edith Roe. Such was the pleasure of the evening that it was

The Old England

JULIUS W. A. BLOCK,
NARAMATA, B.C.

Gentlemen's Outfitter, etc.
Chiefly British Goods Imported Direct.

decided to hold, if possible, a number of such dances at convenient times throughout the winter.

A game of basketball is being arranged for to-morrow, Saturday evening, with a team in Summerland. Only a few of the fellows here profess to be players at all, so it is not to be expected that any big score will be chalked up to their credit, but it shows a fine spirit in meeting the wishes of the promoters in thus getting up a game to further this ideal winter sport, and incidentally to help swell the Red Cross funds.

The Summerland-Naramata cable, out of commission for several days, was overhauled during the forenoon hours on Monday by Manager Atkins and Mr K. S. Hogg, in the latter's launch. The troublesome spot was found over near Summerland. What we should have here is a system that would include every resident in the community, with a lock-out system, same as in Summerland. This is, however, a luxury that will have to be set ahead for a few years.

(Other Naramata Notes will be found on page 6).

IT'S not a catalogue but a book of information—brim full of valuable money saving facts for the farmer.

It tells how to construct fire-proof, weather-proof, wear-proof buildings and other farm improvements of indestructible concrete—the most economical of all building materials.

It is the same book that has saved time, labor and money for more than 75,000 progressive Canadian farmers. Let it save money for you.

C. E. McCutcheon,
 BARBER

Passing Events: Social, Personal, &c.

O. Vaughan returned from Victoria on Monday evening, whence he had been called about a week previously on account of the sudden death of a brother.

An unusual opportunity to get useful and valuable Christmas goods at bargain prices is afforded in the nightly sales by auction of J. Rowley's entire stock at West Summerland.

A meeting of the Poultry Association will be held in Ellison Hall on Tuesday evening, December 21 at eight o'clock. Important business, including the appointment of a delegate to the convention to be held at Chilliwack January 6, will be considered.

Miss Margaret White returned home last Friday from Victoria.

Fred Neve was a passenger homeward bound on the "Sicamous" Monday night.

Please attend Farmers' Institute meeting on Thursday night, 23rd, in Campbell's Hall, West Summerland.

Posters are out announcing an auction sale of watches, clocks, jewelry, etc., the entire stock in Mr Rowley's West Summerland store.

Misses Blanche and Kathleen Babbitt have returned from their visit to Princeton and vicinity, the latter early this week, and the former some days sooner.

Methodist Church services will be conducted on Sunday next by Rev. R. W. Lee. The morning service is at 10.30 a.m., while the evening service at 7 p.m. will be in St Andrew's Church.

The road so long obstructed by the pond of water south of Giant's Head has been again opened to traffic. It now seems certain that a sure and lasting remedy for the troublesome accumulation of water has been provided.

The West Summerland Skating Rink has been taken over by Roger Tingley and Dan Rutherford. They have everything in readiness waiting for freezing weather, when the rink will be opened to the public. The new proprietors assure satisfaction.

S. R. Fraser left on Tuesday for Ontario to be absent for some weeks at least. Mr Fraser purposes consulting an eye specialist in Toronto, as he has been suffering much from defective sight. During his absence Mr McCutcheon is looking after his business.

The biggest and best yet is what the management of the Poultry Show, to be held on Tuesday and Wednesday, December 21 and 22, are expecting. Entries are coming in well, and there is now reasonable assurance not only of a large number of local birds being shown but that outside entries will be larger than ever. Penticton alone is counted upon to send up 75 birds or more.

Mr H. G. Estabrook, who withdrew from the superintendency in British Columbia in March, 1913, to make an effort to regain his health, has since that time been living on his farm at Summerland. Apparently his mind has been active along other lines than formerly, as we find reported in the Summerland Review an invention which has been demanding considerable attention, and has been approved by all who have seen it. It is described as the utility duplex door, being a combination of the ordinary street door and the wire screen door. Patent has been secured in this country and is pending in the United States. We are glad to have this reminder of Mr Estabrook's service to the denomination and to know that he is still "going strong."—Western Outlook.

Mrs Robinson and Miss Gwen Robinson of Naramata were guests of Dr and Mrs Lipsett last Saturday.

T. J. McAlpine informed the Review this (Friday) morning that he had accepted the Council's offer of \$350 in full settlement of the balance due on the South Main contract.

The copper wire cable connecting Naramata with the Summerland Telephone Company's exchange was repaired early this week, after being out of commission for some days.

Mr S. B. Snider leaves by C.P.R. to-morrow morning for Vancouver, where he and Mrs Snider, who preceded him, will spend the Christmas holidays with their three daughters.

Mrs Wm. C. Fosbery went up the lake on Thursday morning, joining her two brothers at Sicamous that evening. The three are now on their way to Long Beach, California, to pay their parents, Mr and Mrs W. A. Doyle, a surprise Christmas visit.

Mrs Male and daughters leave here on Wednesday next on the long journey for their former home in England. They will sail from New York on the "Cymric," December 29th. Mr Male, who has been in England for some months, expects soon to be called into service for garrison duty. Douglas, the only son, is with our 54th Battalion, now in training in England.

The sale of work held last Saturday afternoon under the auspices of the Ladies' Aid of St Andrew's Church was a most successful affair. Immediately the sale began the large collection of handwork began to move off rapidly, and sales continued brisk until a complete clean-up was made, resulting in an addition to the church funds of more than one hundred dollars. Naturally the ladies are very grateful for the patronage they received. A refreshment booth, candy stall, and house plants all helped to make up the gratifying total.

A letter received lately at the Review Office from Mr C. Fetherstonhaugh, now in England, but formerly resident in Summerland, contains the interesting information that he has taken employment in a munition factory at Barrow-in-Furness. There are eight thousand men in this same shop, he says, and the working hours are from 6 a.m. to 5 p.m. one week and from 5 p.m. to 6 a.m. the next, seven days a week. There has been a rush of young men to the munition factories since Premier Asquith and Minister of Munitions Lloyd George have been applying some gentle pressure on the "slackers," the hope of these young men being that they will escape being enlisted. It is learned from other sources that approximately half the population of Great Britain is now employed on the manufacture of munitions in various stages, keeping the army of about three millions supplied with the essentials of war.

A Day Earlier.

To give our local merchants another opportunity to tell their customers of their many Christmas bargains they have to offer, the Review will be published next week on Thursday afternoon instead of Friday. Will correspondents and advertisers kindly keep this in mind, and send in their copy at least a day earlier than usual.

Readers would do well to study the advertisements in this number and next. They will find many helpful and profitable suggestions.

Not Guilty.

In the case against J. M. Robinson which came before the court at Ottawa on Monday Mr Robinson was found not guilty of the charge of obtaining from H. K. Bowes, C.P.R. stock under misrepresentation with intent to defraud. News to this effect was wired to friends here, and was the cause of much rejoicing.

Mr Robinson is now on his way home, making the journey by way of Chicago, Battle Creek, Mich., Silver City, Idaho, Spokane, Seattle, Victoria, and Vancouver. He will return to the Okanagan in time to spend Christmas here.

Naramata basketball enthusiasts having had the temerity to challenge a Summerland team to a trial of skill, two teams representing these towns will meet in an encounter on the Men's Club floor, to-morrow evening, Saturday. The proceeds from the admission will go to swell Red Cross funds. The boys from across the lake put up a game last year that showed them well worthy of respect, and enlistment having removed a number of Summerland's most gifted basketball artists, a hard tussle can be safely anticipated.

Classified Advts.

Wanted.

Prohibition Organizers Will Tour Province.

Dr R. A. McGuire, M.P.P., of Vancouver, provincial organizer for the People's Prohibition Movement, has resigned his position. He explains that it is impossible for him to devote the time necessary to the movement owing to business arrangements, and especially would this be true at the beginning of the new year, when the services of an organizer would be most needed.

Succeeding him are four organizers being sent out by the prohibition forces to engage in field work in all parts of the province. One of them, Mr W. P. Goard, has already embarked on his first organization trip. He is proceeding to Revelstoke, and from there will make his way to Sicamous, and down through the Okanagan Valley, holding meetings and forming organizations en route.

Mr Goard is a retired minister, and for the past few weeks he has been acting pastor of the Grandview Congregational Church, Vancouver.

Xmas, 1915

The biggest holiday season of the year will soon be here. Anticipating your requirements we have secured from many sources

NARAMATA SECTION, Cont. fr. p. 4

The regular monthly gathering of the W.C.T.U. which met on Tuesday afternoon at the home of Mrs T. H. Boothe was another of the social functions of the week. The ladies, as usual, had a well-balanced program, in which readings and musical selections played conspicuous parts as follows: Vocal solo, Mrs T. I. Williams; reading, Mrs Pushman; duet, Mrs Lyons and Mrs Hayward; reading, Mrs Hughes; solo, Mrs Allen; instrumental solo, Mrs Boothe. The hostess upon the occasion of the January session will be Mrs Jas. Myers.

"Whatever things are pure think on these things" Basing his remarks on the apostle Paul's address to the Phillipians, the Rev. R. M. Thompson of Penticton in the course of his sermon last Sunday made a strong plea for a closer oversight, on the part of parents—more especially as regards the books that should be read, and particularly those that should not be read. Books were classed as "Good," "Indifferent," and "Bad," and in these days of printer's ink, when editors talked to a great many more people than the preacher—and often with a great deal the better advantage—books are the mightiest of influences in moulding character and in shaping destiny. A timely illustration was made by a passing reference to the picture on the front page of a recent issue of the Saturday Evening Post, showing a young lad sitting up in bed late at night—presumably—devouring the last chapters of a thrilling novel, the yellow kind that should be avoided as one would shun the plague.

Later reports have it that Mr A. H. Mulford has for the second time won the Somerton Cup at the Penticton Poultry Show for the best pen of Single Comb White Leghorns, young stock. Naramata, naturally, is delighted and is hoping that Mr Mulford will do as well next year when the cup will be his "for keeps."

We Should Worry!

A letter from Mr Harry Pitman, now a private of the 47th Battalion that sailed on the "Missannable," has the following for all superstitious souls to read: "We left the Coast at 13 o'clock, Pacific time; we arrived in Montreal and boarded the boat on a Friday; set sail on the 13th of the month. The first letter of the name of the boat is the 13th letter in the alphabet. The boat has a capacity of 13 thousand tons, and was then making its 13th trip east. In addition to this it was observed that the life boat crushed while loading was No. 13. The writer was put in the battalion in England after arriving on English soil on the 23rd of the month, with a black crow for their mascot."

The Hunters Return Deerless

Messrs Bruce and Hymon from Naramata, who with Mr Rowley of Summerland, camped up Trout Creek for ten days in pursuit of the elusive deer, returned on Sunday evening rich in experience, but minus the object of their search. There is no uncommon experience and cannot be attributed to their lack of knowledge of the country, nor yet of the ways of their coveted game. In all that time the trio of hunters actually sighted but one live deer, and that one at an impossible distance.

WANTED:

Farm Produce.

THIS is the substance of a call that is being made by our Canadian Government, a call that will be heard from the Atlantic to the Pacific within a few weeks.

NEVER in the history of Canada has there been such a demand for the fruits of the soil as is expected next season.

Money for the Farmer

IS what this unusual demand will mean. Prepare now to take advantage of it. Giving steady employment, with at least a living at any time, Farming, for years to come, is going to be the most satisfactory and happiest of occupations.

START RIGHT by buying rich, fertile soil at right prices. I have many acres of the richest of soil in the wonderfully fertile Okanagan Valley, just ready for the plow, at war prices. Old prices have been quite forgotten, and terms are fixed to suit the buyer.

GET A PIECE OF LAND NOW. GET IT UNDER CROP, AND REWARD WILL BE YOURS.

JAS. RITCHIE,
WEST SUMMERLAND.
