

The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 9, No. 31. Whole No. 448.

SUMMERLAND, B.C., MARCH 2, 1917.

\$2.00, payable in advance.

Lights For Public Wharf Greatly Needed

Board of Trade Hears Much Correspondence. Will Not Give Up.

Though as yet unsuccessful in their endeavor to have the government wharf lighted, the Board of Trade is not discouraged. A quantity of correspondence on the subject, including communications between the Public Works and Marine Departments at Ottawa was read at the last meeting of the Board, held in Hotel Summerland, had been turned over to the Board by the local Liberal-Conservative Association. From these departmental letters it was learned that the wharf had never been taken over by the Department of Marine and Fisheries from the Public Works Department, under whose direction the wharf was built. Until officially taken over the Marine and Fisheries Department could, of course, not undertake to light the wharf, and if taken over, the Marine and Fisheries Department, according to its custom, would place a wharfinger in charge. Such official, Ottawa says, is paid for his services by a proportion of the wharfage fees he would collect. Such an officer would then attend to the lighting of the wharf. As in this case there is no desire to have wharfage charges, the Board were not in a position to recommend a wharfinger. The municipality, not having any desire to assume any responsibility regarding the wharf, has refrained from taking possession or supervision, and has also refused to light it on the ground that to do so would make the municipality liable for accidents resulting from any interruption in the lighting.

That there is sore need for lights, and particularly for a beacon light at the end, and that until such is provided the wharf will continue to be a menace to safety of small craft moving in the vicinity after nightfall is fully recognized, and upon suggestion Dr Andrew was appointed one of a joint committee of three to further deal with the matter. The Municipal Council and Okanagan Lake Boat Co. will each be asked to name a representative to work with the Board of Trade representative.

Dr Andrew reported that for some time past the Reeve had been receiving communications of enquiry from the Commission for Returned Soldiers. This correspondence had now been turned over to the Board of Trade, and Dr Andrew suggested that a committee be appointed to whom this mass of correspondence could be turned over and made responsible for furnishing data asked for re Summerland. After some discussion the council of the Board of Trade was given this additional responsibility.

The Department of Colonization and Development of the C.P.R. is also seeking information regarding this district that will aid in the placing of returned soldiers.

The Vancouver Auto Club has asked the Board of Trade to send a representative to a conference to be held in Vancouver at an early date when the All Canadian Highway will be discussed. The appointment of such delegate was left to the council.

Other correspondence included a letter from the Hon. Martin Burrell in reply to a communication from the Board on the subject of government telephones in this valley.

(Continued on Page 2.)

New Officers Elected at Liberal Meeting

Organization Will Embrace Women Voters. Planning Social Event

The annual meeting of the Summerland Liberal Association which took place last Friday evening in Campbell Hall drew a larger attendance than any business meeting which that body has held for some time past. Perhaps those of this political persuasion fancy they see their star in the ascendancy, and enthusiasm has been quickened in consequence. However that may be, there was strong enthusiasm evident at the meeting, and energetic plans are being laid for future work. In the absence of Col. Cartwright, last year's president, Mr Wm. Ritchie, vice-president, was in the chair.

A financial statement covering the year just closed was submitted by the secretary-treasurer, Mr A. H. Steven, and adopted.

The association also adopted a constitution similar to that governing the district association, with the modifications necessary. This provides for a yearly subscription fee of one dollar. Ladies are to be admitted into membership this year, since they have been empowered with the franchise, but no membership fee will be required from them.

Officers for the year were elected as follows:

Honorary Presidents

Hon. H. C. Brewster

Col. R. Cartwright

President

Wm. Ritchie

First Vice-President

O. F. Zimmerman

Second Vice-President

Mrs C. E. Pineo

Secretary-Treasurer

A. H. Steven

Six ladies and six gentlemen will act with these officers to form the executive. Thus in addition to allotting one of the vice-presidencies to the women, they also have been given a very substantial part in the executive deliberations. The six male members of the committee were elected at large as follows: Messrs J. R. Campbell, J. C. Brown, C. Eisey, T. J. Garnett, C. P. Nelson, and W. C. Kelley.

[Continued on Page 2.]

May Phone Soon from Okanagan to Coast

The Vancouver Board of Trade has lately been urging upon the officials of the British Columbia Telephone Company the necessity of linking up the telephone systems of the Coast with those operating in the Interior. They point out that with the quick connection now possible by rail from the Kootenay to the Coast via the southern Okanagan, it becomes essential to have adequate telephone connection between the southern Interior and the Coast cities. The telephone company is understood to have given a very sympathetic hearing to the request.

At present a break occurs between Agassiz, to which point the Coast systems are connected up, and Ashcroft, the present terminating point of the government long distance lines. The B.C. Telephone Company expressed itself as being quite ready to co-operate with the government line or any other companies operating in the Interior in an effort to get this gap connected up. If this is undertaken there is a likelihood that Summerland will have connection with the Coast and Kootenay points as well, in common with other towns in the Valley.

Sudden Death of F. T. Jackson

Manager of United Growers Stricken with Heart Failure

A very severe shock was received by the farmers and other citizens of the Okanagan Valley when it was learned on Tuesday morning that Mr F. T. Jackson, manager of the Okanagan United Growers, had died suddenly at his Vernon home during the early morning hours.

Mr Jackson had been suffering from a severe cold. On Monday night he was coughing almost continuously, and suggested to Mrs Jackson that she occupy another room so as not to be disturbed by his coughing. She saw him about 12 o'clock, and gave him some medicine. On entering the room again on Tuesday morning at seven o'clock she was horrified to find him dead, and upon the arrival of the doctor he pronounced that life had been extinct for several hours. Death was due to heart disease, from which Mr Jackson had been suffering for some years, the fatal attack having probably been brought on by a violent spasm of coughing. He passed away in the prime of life, being only about 45 years of age.

Mr Jackson was a native of Iowa, but had lived in the southern states before coming to this country. He first settled at Armstrong about 15 years ago, where he engaged in the produce and shipping business, afterwards becoming a member of the firm of Daykin & Jackson. For the past two years he was manager of the Okanagan United Growers. His death is a serious blow to this organization, as his plans for the approaching season's business were well matured, and as they all were under his personal control it will be difficult for the directors to go on with the work without his invaluable assistance. Mr Jackson was a keen business man of exceptional ability. He had performed the duties attached to his responsible position in a manner that won the admiration and confidence of all concerned in the success of the organization. He possessed a remarkably comprehensive grasp on the marketing situation, and his energy and great executive powers had been devoted unceasingly to the work of which he was making such a great success. It was his ambition to extend the business of the association in the way of export trade until all countries afforded markets for Okanagan apples, and his plans were rapidly reaching their desired end in this respect. His uniform courtesy and kindness won him the friendship of all who were associated with him, and his public spirited endeavor to advance the interests of the district makes his loss a heavy one at this critical juncture in affairs. He leaves a widow and two children—a girl and a boy about 16 and 14 respectively of age.

The remains were taken east on Wednesday, for interment at his old home in Iowa, by Mrs Jackson.

Doukhobors Make Jam

The Doukhobors of the Kootenay country are making such a success with their jam factory that their supply of the raw material is not sufficient to keep the machines busy during the season. As a result Peter Voregin and his lieutenants have made deals with the raspberry growers of the Mission-Hatzie district for a large supply of raspberries.

Trunk Road, Says Board of Trade

As Such, Shore Road should be Maintained by Province.

A resolution which received the support of every member present at the last meeting of the Board of Trade pointed out the deplorable and dangerous condition of the trunk road passing through this district from Crescent Beach to Trout Creek, and requests that as this road is a through highway the provincial government bear the cost of the upkeep of the road.

The question of further volunteer work was another topic discussed, and will be dealt with more fully at the next meeting.

Last fall a largely signed petition was presented by the Board to the Municipal Council asking for a number of additional street lights. This was returned to the Board with the request that it be presented to the new council in 1917. Presentation of the petition will again be made with the request that action be taken at an early date, and that provision for the cost be made in the estimates for the year.

Another topic pertaining to roads was the need of road signs. As at present a through motorist would scarcely be able to learn the name of the place from any sign boards. A movement is now under way to have a sign "Summerland" placed on the post office, and further efforts will be made by the Board and local motorists for the erection of sign posts at road forks and corners.

Fruit Union Makes Big Change in Directorate.

The members of the Summerland Fruit Union in annual general meeting yesterday made almost a complete change in the personnel of its board of directors. The only two directors to be returned to office were F. W. Rolt, representing the Naramata section, and E. R. Simpson.

Following are the members of the 1917 board:

F. W. Rolt, E. R. Simpson, Matt. Wilson, S. M. Young, G. Thornber, W. H. Hayes, and J. A. Kirk.

The new board held an organization meeting this afternoon at which the president and other officers were chosen and representatives on the membership of the Okanagan United Growers named.

These were: E. R. Simpson, president; W. H. Hayes, vice-president; J. A. Kirk, secretary to the board. Holders of shares in Okanagan United Growers: E. R. Simpson, F. W. Rolt, and M. G. Wilson.

Apple Exports Grow.

How rapidly British Columbia is establishing itself in the fruit export business is seen from figures recently given out by Inspector R. G. L. Clarke. In 1913, he says, the province made a record exportation to Australia and New Zealand of 30,000 boxes. By the end of 1916 this had grown to 70,000 boxes, besides large exports to Great Britain, and to new markets in South Africa, China, South America, and Japan. It is something to be proud of, Inspector Clarke considers, that the quality, pack and grade of these shipments have been well received and favorably commented upon.

New Member Boosting Constituency

Mr J. W. Jones Breathes Optimism at Coast Regarding South Okanagan

Two thousand tons of the total 5,000 tons of onions produced by growers in the Okanagan during last season passed through the B.C. Evaporating Company's plant for delivery under a special contract for the war office, and were delivered to the troops in France as part of the famous "Mulligatawny Rations," was information given out by Mr J. W. Jones, M.P.P. for South Okanagan, at the Coast a few days ago. Mr Jones added that the South Okanagan district had a record season in fruit and vegetables, the output totalling in the neighborhood of \$1,000,000, and requiring no less than 1,600 cars to move it.

The B.C. Evaporating Company is a very progressive firm, headed by experts in the business. To give an idea of the large development of the vegetable industry Mr Jones stated that the carrot crop alone handled by this company totaled 300 tons. In addition to fruit, largely apples, vegetables, hay and peaches turned out fair crops. Mr Jones believes that next season some 1,500 acres of new orchards will be in bearing. Irrigation and the picking of the crops present the greatest problems confronting those engaged on the slopes of the Okanagan Lake. Owing to the large numbers of men who have dropped the hoe and taken up the rifle, the labor shortage may be very acute. As it is Orientals take a big part in the fruit and vegetable industries.

To meet the conditions, Mr Jones said, schools in the Okanagan district may continue open during July and take their holidays in August and part of September, so as to allow the children to help gather in the immense apple crop expected. It is anticipated that the apple crop alone during the coming season will exceed that of last year by about 25 to 30 per cent.

"One Cent A Box" to be New Slogan

"We must advertise, there is no question about that." This was the remark made by Mr C. E. Barnes of Walhachin, the newly elected president of the B.C. Fruit Growers' Association, discussing the first meeting of the new executive of that body. Plans to make the association independent of the government and quite self-supporting were discussed in a general way at the convention, and the executive meeting took the matter up further. Mr Barnes states that the funds for carrying on the work will be provided by a contribution of one cent per box of apples marketed from every fruit grower who will benefit from the work that is being done.

"I have it on the best of authority," says Mr Barnes, "that the American growers will advertise in Western Canada this coming season, following our example of last year. To what extent they will carry this campaign I do not know; but this I do know—that if we do not advertise we shall lose the support of the apple consumers of Western Canada to the American growers." Mr Barnes says that the North Western Fruit Exchange last year raised a special fund of \$70,000 for advertising purposes, by levying ten cents a box on the fancy Hood River apples.

Standard Packages Favored by Convention

New Grading Requirements Suggested For Apples and Peaches

At the recent convention of the B.C. Fruit Growers' Association resolutions were passed outlining size and color requirements which peaches and apples should measure up to in order to catch the No. 1 grade. They were as follows:

That no variety of apples shall be graded "No. 1" when the size runs to over 188 per box, except the following varieties, viz.: Snow, Winesap, Russets, Cox's Orange, Pomme Gris, and similar varieties; that the color percentage shall be as follows:

Red varieties, 60 per cent.; half red, 40 per cent.; striped and partially red, 25 per cent.; blush and red cheek, a distinct blush. This is to be the minimum of color, and color to be true. There are to be no color requirements on summer apples.

Peaches—All peaches for size for grade 1, to run not smaller than ninety per box, except Alexanders and other early varieties up to Briggs red main, which may be ninety-six per box.

Fruit packages recommended for standardization follow:

Apples—The American box which measures 10½ by 11½ by 18 inches. Crates to contain the equivalent of a standard apple box.

Pears—The box to be 18 by 8 by 11 inches.

Crabapples—The pear box to be the standard for crabapples.

Peaches—18 by 11 by 4 inches; 18 by 11 by 4½ inches—two depths.

Prunes—18 by 11 by 3½ inches.

Plums and Apricots—The four-basket crate and the prune box.

Tomatoes—The four-basket crate and the 4½ inch peach box.

The four-basket crate to measure 7½ by 7½ inches on top, 6½ by 6½ at the bottom, and 3½ inches in depth.

Berries—The dry pint hallock containing 38.6 cubic inches, except for raspberries, for which the two-fifth quart hallock shall be used. The deep pint hallock to be used for strawberries, etc.

Cantaloupes—The adoption of the American standard cantaloupe crate was recommended; this crate measures 11½ by 11½ by 20½.

The association also recommends that all fruit imported into Canada be made to comply with these standards.

Were Held in High Esteem

The following letter, which has just reached the editorial desk, will be read with interest and pride by the many friends and neighbors of two of our soldiers, now among our honored dead:

B. E. F., France,
Jan. 20th.

Dear Mr White,
Having received two copies of the Review to-day and noticed your reference to Percy Holder and James Gordon, I thought I would write as I have had the opportunity this last week of meeting the corporal in charge of the bombing section to which they belonged, and I am very sorry to state that there is little doubt amongst their comrades but that they have both made the "Supreme Sacrifice." Their loss to their section was undoubtedly felt, judging from the high esteem in which both of them were held in their section.

Yours truly,
P. T. W. BEATTIE.

The Summerland Review

PUBLISHED BY THE REVIEW PRINTING & PUBLISHING COMPANY LIMITED.
RALPH E. WHITE, MANAGING DIRECTOR

SUBSCRIPTION RATES: \$2.00 PER YEAR, IN ADVANCE. SIX MONTHS \$1.00.

Advertising Rates:

LEGAL NOTICES.—Twelve Cents per line for the first insertion: Eight Cents per line for each subsequent insertion.
LAND NOTICES.—\$7.00 for 60 days, \$5.00 for 30 days.
WATER NOTICES.—20 days, 150 words and under, \$8.00; each additional 50 words, \$1.00.
THEATRICAL, ETC.—50c. per inch for first insertion, and 25c per inch each subsequent insertion.
LOCAL NOTICES or Readers, Immediately following regular locals, 20c per counted line; 10c per line each subsequent insertion. Half these rates when accompanying display advertisements.
LODGE NOTICES Etc., 25c. per week, per column inch.
FOR SALE Advertisements, Etc., 1c. per word first week; 1c. per word each subsequent week.
Transient Advertisements payable in advance.
Rates for Contract Advertisements furnished on application.
Copy for change of contract advertising must be in the hands of the printer not later than Wednesday noon to insure publication in the next issue.

FRIDAY, MARCH 2, 1917.

SOMETHING IN THE PLAN.

THE FACT that the daylight saving plan is going to come up for consideration within the next few weeks in the foremost nations of the world to-day indicates that there is more to the idea than many people are prone to think. It is not merely a freakish, faddish theory that seems workable, but is not so in practice. On the contrary, it has been proved a practical means of economizing in these war times.

The British parliamentary committee appointed to investigate the workings of daylight saving in the British Isles last summer has reported unanimously in its favor, as it was expected it would. One recommendation is made, however, and that is that the plan come into effect one month earlier than last year. This means that the clocks would be advanced one hour some time in April, instead of in May.

The provincial government is going to have it urged upon them to put daylight saving into effect all through the province this summer. If this could be done, the objections of many people to daylight saving would be swept away. Dominion legislators will also have the matter brought to their notice. The United States congress will be asked to diverge from the absorbing matters of foreign policy soon to pass upon the question of daylight saving for the country.

Lastly, Germany, that country where economy is being practised to the very highest degree, has decided that it must have more daylight saving this year than last, and so will change its clocks on April 15th instead of May 1, and will continue on the hour ahead schedule till September 15th.

§ § § § §

IT LOOKS AS THOUGH the Brewster government is in real earnest when it talks about the necessity of practicing economy in the administration of the province. They are even willing apparently that it should start right close home. There is a well-founded rumor afloat in Victoria that the question of lowering the ministers' salaries is being considered, and also that the seasonal indemnity be reduced from \$1,600 to \$1,200. The total amount that could be saved in this way would not amount to very much in the aggregate, but it will help to make a program of retrenchment and increased taxation a little more palatable. It is said that the question will be taken up in party caucus before long.

§ § § § §

CANADA AS A WHOLE has determined that the dependents of its soldiers sons shall not be denied the financial help they have received from the Patriotic Fund. The nation-wide campaign undertaken at the first of the year to secure pledges for the coming twelve months has resulted in the sum of over one million dollars a month being promised, or thirteen million dollars for the year. This amounts to almost two dollars per head of the population of the country at the present time, men, women, and children.

The United Farmers of B.C.

WILL HOLD A
Special Meeting in the Parish Hall
— ON —
Saturday, 8 p.m., March 10th

At this Meeting, the two Delegates to the Convention at Victoria, will give reports on the constitution, &c.

EVERY FARMER, whether a member or not, is urged to attend.
C. H. TATE, Pres. W. S. Union.

Fruit Growers Get Lower Express Rates

The British Columbia Fruit Growers' Association has just obtained valuable concessions from the Dominion Express Company in connection with the express shipment of cherries, berries and currants in carload lots, by which it is expected that the growers and shippers of B.C. will save thousands of dollars during coming seasons. The Express Company has agreed to give unloading-in-transit privileges covering two unloadings at five dollars a-piece. In past years it has been impossible to obtain this concession, with the result that the British Columbia shippers of small fruits were not able to make as full use of the express carload method as they desired. For example, it was seldom that they could find a strong enough market for a straight carload of small fruits in Medicine Hat, for instance, although they might easily get Medicine Hat, Swift Current, and Maple Creek to take a car between the three points if the company would permit unloading in transit. This privilege, hitherto denied, has now been given, and as a result it is expected that a great proportion of the berries, cherries, etc., will be sent out in carlots for two or three points, thus doing away in a large measure with the expensive method of shipping by express in single boxes. Small fruits, it must be remembered cannot profitably be sent to the Prairies by freight shipment. Hereafter, by means of the unloading-in-transit concession, the shippers will be enabled to use express cars and can make a better return on their small fruits, at the same time very probably offering them to the prairie consumer at reduced prices.

The British Columbia Fruit Growers' Association has also obtained another concession in connection with express car shipments. Last year it induced the Dominion Express Company to reduce its carlot minimum on berries, etc., from 20,000 to 17,000 pounds, bringing a saving in carriage charges of at least \$60 per car. Previously, although the company could only offer small refrigerator cars, the larger minimum was charged, and the shippers found themselves unable to get this minimum into the small cars.

The company has now agreed to build a number of 45-foot cars, the largest refrigerator cars on the continent. In future shippers will be able profitably to accept the 20,000 lbs. minimum rate for these cars. With the large new cars in use the 17,999 lbs. minimum will be done away with, although it is understood that in cases where the large cars are not available, special arrangements will be made so that the 20,000 minimum will not be exacted against the smaller refrigerator cars.

These two concessions in connection with unloading in transit and the operation of larger cars for the 20,000 minimum will do much to stimulate shipments of small fruits in express carlots, declares Secretary R. M. Winslow of the British

LIGHTS FOR PUBLIC WHARF GREATLY NEEDED.

(Continued from page 1)

Premier Brewster replied to the Summerland Board of Trade's endorsement of Pentleton's suggested change of route for the Highway, to the effect that the matter was now under advisement.

Kelowna's recommendation to the provincial government that the ferry charge for autos crossing at Westbank be fixed at \$1.00 instead of \$2.00 as now charged, will be endorsed by the local Board.

NEW OFFICERS ELECTED AT LIBERAL MEETING.

(Continued from Page 1.)

The appointment of the ladies who will act on the executive will be one of the items to take place at the social gathering which the association is announcing elsewhere in this issue for next Friday evening. This social is being given to the citizens at large irrespective of party leanings, in honor of the extension of the franchise to women, which became an actuality the first of March. Mr. L. V. Rogers of Kelowna is expected to be present at this social gathering, and a program of music will also be given.

Big Reserves For Mountain Sheep Created.

The authorities of the State of Washington are uniting with the game warden's department of this province in an effort to preserve the huge herd of big horned mountain sheep which range on a stretch of country covering both sides of the international boundary line almost directly to the south from this point. The Washington game department is reserving an area of 27,200 acres in Okanogan county. Assurances have been given that a similar reserve will be created by the provincial government on this side of the line. The herd of mountain sheep found in this part of the country is the largest now existing on the continent.

Prairie Apple Consumption

The consumption of apples in the prairie provinces of Canada during the past season was 2,406 cars, of which British Columbia supplied 44.9 per cent., or 1,081 cars. The remainder was supplied by Ontario and the north-western states.

Columbia Fruit Growers' Association. Shippers may hope for better net returns, and the fruit will reach the consumers in better condition than in the past. Mr. Winslow looks naturally for a big increase in express carlot shipments of berries from B.C. this season. Last year some thirty express cars of berries went out of the province, but he believes that the total for 1917 will be at least 100 and probably 120 if reasonable and labor conditions prevail. The association officials anticipate a forty per cent. increase in the berry yield, with also a heavy increase in cherries over last year.

Small fruit growers of the Kootenay, Fraser Valley and the Island, with the cherry men of the Okanagan, are welcoming the announcement of the success of the efforts of the British Columbia Fruit Growers' Association on their behalf.

An Invitation

(To each Summerland Lady).

Yourself and Gentlemen friends are cordially invited to a social

At Home

To be given by the LIBERAL ASSOCIATION of Summerland, in the College Gymnasium, on Friday, March 9th, at 8 p.m.,

In honor of the Suffrage being extended to the Ladies of British Columbia.

WM. RITCHIE, President.
A. H. STEVEN, Secretary.

GREAT Auction Sale

Horses, Cows, Farm Implements
Furniture, Stoves
Groceries, Provisions

AT

KELLEY'S STORE,

West Summerland,

On Thursday, March 15th

Mr. E. W. MOORE, of Meadow Valley, has enlisted, and will sell his entire outfit absolutely without reserve.

31-32

Suppose the Review Ceased Publication

JUST suppose this community were left without a local newspaper! What would become of its local pride? Summerland would be just a name on a railway time table or a post office guide. Men and women might die, or marry, or go away, or suffer accidents, or entertain friends, and you would hear about it all only through gossip. Municipal affairs and other news of interest to this particular part of the wide, wide world would have no publicity. Our local merchants would have no cheap and quick way of telling you what they provide for you. Our churches and schools and other institutions would have no medium of news or appeal. And this whole community would slip back and be the sport of jokesmiths.

Would city papers take the place of the Review?
You know they would not.

THE point of it all is: Like all other newspapers we are feeling the pinch of higher prices for paper and other material. But, unlike hundreds of other weekly papers, we do not propose yet to raise the price, but simply ask that each and every subscriber pay up his or her subscription and keep it paid up. Nothing unfair about that is there? Now to "klick" at this and drop your subscription, would be to say, in effect, "This community doesn't need a local weekly. If I can do without the Review, all others can."

We do not believe for one moment that the good people of Summerland, Penchland, Naramata and neighborhoods will "klick" or drop their subscription to the Review. We expect all our subscribers to recognize the new conditions of living and publishing that have made this policy a necessity. Do you realize that your weekly newspaper at the rate of 4 cents a week—little more than the price of a postage stamp—costs an insignificant sum when you reckon up the service it renders you and this whole community.

Be loyal to and proud of the community you live in. Keep it on the map.

Under New Management.
Hotel Summerland
 Warmth and Comfort Assured.
 MEALS at usual Hotel hours.

Try a Cut. Better than anything imported. **Prices Right.**
 Store Closed Mondays. Delivery down town Tuesdays & Saturdays.
J. R. CAMPBELL.

This Newspaper is the "Trade-Journal" of the Buyers of Home Supplies for this District

A MAJORITY of the women who read the Review READ THE ADVERTISEMENTS IN IT WITH EVEN GREATER INTEREST THAN THEY GIVE THE NEWS. For, after all, the news is interesting in an abstract way—usually; while the advertisements are interesting in a directly personal way.

The Review conducts a persistent campaign of education for its readers as to the value and interest to them of the "ads" in the paper. It suggests the value of the SERVICE which the merchants render to them in their advertising.

A business man, engaged in a distinct kind of business, has his "trade journal," a publication devoted to that interest, keeping him in touch with all that is going on in his line. Often his trade journal saves him appreciable sums of money through the facts and tips which it gives to him.

Every woman, who is the "buyer" for a home, is engaged in a very real "business." It is a complex one, and one in which much money may be unwisely spent—and in which economies are nearly always possible. To these buyers for the home the Review comes—with its "store news"—as an indispensable TRADE JOURNAL.

The merchant whose business is not advertised in this trade journal of the home "buyers" may expect very little attention from these buyers. The merchant whose advertising is fullest and most informing may expect, and receive, the largest share of their attention and favor.

Orchard and Farm:
 Topics of Timely Interest and Helpfulness in the complex Business of Farming.

Soy Beans, Horse Beans, Field Peas

Soy beans, and Canada field peas are most valuable concentrated feeds. Their use for feeding farm animals is increasing annually, because farmers are coming to realize their value and to appreciate that they can greatly reduce their feed bills by growing high protein forage and grains on their farms. Incidentally their fertilizer bills may be reduced, since these crops render available for plant use the free nitrogen of the air, through co-operation of soil bacteria, and leave the soil richer in plant food elements than it was before the crop was grown thereon.

Horse beans, split or ground, are fed quite extensively in some countries to horses and cattle, making a very satisfactory concentrate. They, like the field pea and soy bean, have a high digestibility, and all contain two or three times as much digestible protein as the cereal grains. The soy bean is also high in fat, containing approximately 17 per cent. The other leguminous seeds, however, are low in fat content, comparing with the cereals in this respect—1 to 2 per cent of fat.

The following table indicates the chemical composition of these three legumes and also barley for comparison:

	Protein	Fat	Ash	Digestible Protein	Digestible Carbo-Hydrates and Fat	Nutritive Ratio
Horse Bean	26.6	1.0	3.8	23.1	51.6	1:2.2
Soy Bean	33.5	17.2	4.8	29.1	56.2	1:1.9
Can. Field Pea	23.7	.8	2.4	19.7	50.2	1:2.5
Barley	12.0	1.8	2.5	9.4	75.9	1:8

Seed Industry Gets Attention.

Mr. Macmanus, Expert of Dominion Department, Now On Way to British Columbia --- Will Advise Growers.

Mr. A. Macmanus, of the Dominion Seed Branch, who is a field root and vegetable seed expert, will spend the next two months amongst the field root and vegetable seed growers of Canada. He is at present on his way to British Columbia, where the government is giving considerable encouragement to the seed-growing industry.

Mr. Macmanus has had wide experience as a vegetable gardener at the Ontario Agricultural College, and on some of the best seed farms in the United States. During the past two years he has been in charge of this class of seed growing in Ontario, and has been studying the possibilities in Canada with a view to filling contracts for Canadian seed companies and wholesale seed merchants.

Mr. Macmanus, while in British Columbia, will give his advice and assistance to the growers in the Okanagan, in the Fraser Valley, and on Vancouver Island. The experience of the past two years indicates the suitability of the soil of these districts for large yields of excellent quality seed. Field root and vegetable seeds were formerly obtained from France and Germany but Hon. Martin Burrell has recognized the need for the encouragement of Canadian production. In 1913 he offered a bonus to growers amounting to about one-eighth of the retail price to enable them to overcome the European advantage of cheap labor. The curtailment of supplies by the outbreak of the war has given a further impetus to the industry.

The Creston Valley, to the southeast of the Okanagan, shipped last year fruit products to the value of about \$80,000. This was largely made up of 22 cars of strawberries, 49 cars of apples, and 6 cars of raspberries. The strawberry crops showed a notable increase over the previous year, and further growth is expected during this coming season. If expectations are realized, no less than 30 cars will be shipped. Increased areas are constantly being planted to soft fruits, and Creston expects during 1917 to become the largest strawberry shipping point in the province. Other farm products and live stock shipped from the Creston Valley during 1916 reached a value of \$40,000.

DOES ADVERTISING PAY?

Bradstreets have compiled statistics that prove that 84 per cent. of the failures are among the non-advertisers. The merchant who does not believe in the use of printer's ink has never advertised right. The failure to produce results is not chargeable against advertising, but against the manner in which it is done. Advertising is the modern creative force, positive and potent—a force that has produced two blades of grass where but one has grown before. It is the flowering of industrial evolution. It is the conqueror of unfair competition—the promoter of right dealing—the solution of the mail order problem. Its basic principle is frankness.

EVERY MAN AT HIS WORK.

Every man who would truly succeed should call into a grand council of administration all the potent faculties of his being, and demand admonition of them as to the conduct of his life, remembering always that real success has no relation to great riches or high position. And if he would eat, or laugh, or sing, let him bathe in the healthy sweat of labor. The happiest development of our race will come when, with every man at his work, we learn to live content with moderate means, to strive for culture rather than wealth, to shun arrogance as a snake that kills, to avoid ostentation when we are rich, and envy when we are poor; to greet adversity as an austere friend; to draw wisdom from daily contact with good books; to spur the thought and action of our time with sage counsel; to find the sweetest music in the laughter of children; to keep the spirit so attuned to the glory of living that we can behold in the rising sun every day all the splendid promise of the first dawn of creation, for only so can the soul ever learn to walk amongst the stars in the full measure of felicity.

Doings of Peachland

A Weekly Chronicle Furnished By Our Local Representative.

"Ye Skule of Ye Olden Days"

A play under the above caption presented on Thursday afternoon by the pupils of Principal Rayner, B.Sc., and a number from the junior department provided an hour's entertainment for a whole lot of grown-ups and incidentally quite a nice collection for the Prisoners of War fund.

The play, as its title suggests, is a pretty accurate portrayal of an old-fashioned school by old-fashioned folks in old-fashioned garb, and with very pronounced opinions on their own ideas of true education. The leading role of "Skulemaster," taken by Master Stanley Stiff, the lad who was the Valley medalist two years ago at the time of the entrance examination, was certainly excellently well played. Other of the heavier roles were handled effectively by Enid Rayner, Vera Salting, and Malcolm Walters.

The caste of characters was as follows:

- | | |
|----------------------|-------------------|
| Master Wilkins | Stanley Stiff |
| Deacon Partridge | Harold Allen |
| Mrs Partridge | Mary Hancock |
| Mr Von Pelt | Arnold Stiff |
| Mr Shooks | Cyril Rayner |
| Charity Hornwell | Enid Rayner |
| Mrs Parsons | Vera Partridge |
| Mrs Peterkins | Irene Brodie |
| Mrs Do Little | Vera Salting |
| Penelope Hornwell | Cathy Hancock |
| Bud Hornwell | Ralph Boothe |
| Judith Do Little | Elsie Brodie |
| Deliverance | Dorothy Partridge |
| Ebenezer | Stanley Allen |
| Salvation | Alice Myers |
| Abraham Whitestone | Clifton Roe |
| Temperance | Laura Palmer |
| Peter Paul Peterkins | Wesley Rounds |
| Dorcas Skinner | Margaret Allen |
| Deborah Tubles | Jenny Jacobson |
| Josiah Barebones | Ira Hughes |
| Patrick Von Pelt | Ira Jacobson |
| Jonah Partridge | Donald Salting |
| Blinda Basset | Margaret Mitchell |

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.
N.B.—Unauthorized publication of this advertisement will not be paid for.

Current Events — OF — Town & District

The cold wave that has struck the Valley has to a large extent put a stop to the pruning operations. Truly, a few of the more determined of the ranchers "stick it out," and will take it easy when the warm sunny days again set in to gladden our hearts.

Owing, doubtless, to the advent of the lenten season there is and will be less activity in many of the social features that ordinarily characterize the movements of the citizens.

A coal black four-year old colt has been added to the string of horses now owned by the Naramata Fruit Co. The beast was purchased at the Pound in Penticton.

Rev. Robert Hughes, chaplain to the forces situated at Esquimalt, conducted the service in the church here on Sunday last.

Pte. Arthur Stiff, after having reached a partial recovery from his recent illness, returned to Kamloops on Monday morning's boat.

A hayrack which will allow of a short turn without having the front wheels cramp, has been built for the Naramata Fruit Co. by Mr Geo. Cook. It is one of those simple contrivances not capable possibly of being protected by a patent. The sides of the rack upon which the cross arms rest, instead of running parallel, gradually converge to within 8 to 10 inches on the front bolster. Short pieces bolted by cross bars are substituted at the outer edge of the bolster to add the necessary support for the front crossbar. The idea is capable of being applied with good results to fruit drays, and will doubtless come quite generally into use.

The Unity Club ladies held their regular monthly meeting on Friday afternoon. There was a fine attendance, and a really enjoyable session was the result. After the usual short business session a few "Good of the Order" items of entertainment provided a half hour's pleasure. These were: a vocal solo by Mrs M. M. Allen, "My Own Little Home in the West;" Reading from "Jimmy Brown," entitled "Prompt Obedience," by Mrs Boothe provided a welcome relaxation; while the concluding number, a piano duet by Mrs Cash and Mrs Languedoc, was a fitting prelude to the dainty luncheon provided by the hostesses for the occasion—Mrs E. Wells and Mrs V. Watson.

Red Cross Items.

A visit of a few moments to the Red Cross headquarters at the Unity Club rooms, last Saturday, revealed the spirit of unity and admirable co-operation amongst the women and young girls of Naramata. Here is one woman cutting out suits of pyjamas, to be passed on to another lady at a sewing machine, while another lady works the buttonholes and sews on buttons.

Another group were busy at another line of useful endeavor. All were apparently experts at their own special tasks, and thus the excellence of the work is readily explained.

Every Saturday afternoon the ladies take turns in serving a light lunch with a cup of tea, for which the small sum of ten cents is charged. The proceeds from this fund and from other "benefits" is used for purchasing supplies in the way of material.

In the course of the short business session the secretary reported that a shipment from Naramata had gone out on the previous Thursday. This shipment represented a month's work. Certain it is, everyone who is at all acquainted with conditions at this corner of the Empire will agree that the showing is a creditable one. Here is the list:

- 66 pr. socks; 14 pr. slippers; 23 suits pyjamas; 7 day shirts; 42 pillow cases; 1 doz. towels; 4 doz. khaki handkerchiefs; 3 doz. operation stockings; 22 personal property bags; 3 hot water bottle covers; 10 pr. leather boot laces; 1 woollen rug.

With the advent of warm, sunny days the work of orchard pruning is proceeding at a rapid pace.

The Naramata Fruit Co. have recently purchased a rather nifty driving outfit in the shape of a pony and buggy.

"Molly," the spirited young mare belonging to Mr R. H. King, took a tumble off a railway bridge and a slide down a steep embankment near Penticton on Monday morning that came near being a "finisher." The animal, though badly shaken up at the time was so far recovered as to be brought home on Wednesday morning, and apart from a little stiffness, is as well as ever—apparently.

A large sheet of ice in the vicinity of the old mill was the scene on Tuesday evening of a jolly skating party. A large bonfire on the shore added the necessary warmth and cheer to the occasion. After ten o'clock the skaters were entertained to an enjoyable lunch by Mesdames M. M. Allen and D. O. Hughes, at the nearby home of the latter. After an hour or so of social chat the young people dispersed to their homes after voting the hostesses the "best yet" in the way of "sports."

Mr Wm. Nuttall returned on Saturday from a week's absence at Paradise Ranch.

Another batch of letters of appreciation from the boys at the front have been received, of which the following are extracts:

Roy Boothe—"Thanks to the efficiency of our postal staff, that love-cy of you thoughtful ladies sent me, arrived in first class condition. The socks were certainly welcome, as owing to their splendid quality the route march problem has been solved for some time to come. The cake just lasted as long as sugar in boiling water, once I showed it to the boys. We sure enjoyed it."

W. P. Bunt (former pastor at Naramata)—"I have time to but barely acknowledge the receipt of the lovely Christmas box which came a day or so before Christmas. It is certainly kind of you to remember me in such a practical way."

Local Fruit Union Of One Mind.

Determined to Have Business Methods Improved.

At a meeting of local Fruit Union shareholders the report of the resolutions committee was presented, and after full and unreserved discussion of the different points at issue the report was adopted. Just what that report called for cannot well be discussed until it goes before the Board of Directors. This much can be said, however, that the situation insofar as the Union is concerned is regarded on all sides with alarm, many declaring that the mistake was made at the start when we did not sell co-operatively. That we had the chance and missed it of gradually building up a trade of our own and by degrees work up to a full state of efficiency and effective control of our own market.

Another matter discussed was the "1917 slate," meaning the Board of Directors. It is likely that in this respect Naramata will vote solid for a definite reorganization in this respect.

The Cunard Steamship Company, which some time ago took over the Atlantic steamship interests of the Canadian Northern Railway, will inaugurate a trans-Pacific service in conjunction with that line, according to Sir William McKenzie, president of the C.N.R., who was recently at Vancouver. Just when the new service would begin to operate he could not say, but expressed himself of the opinion that the new Cunard liners being built at Seattle were for the projected service with the Orient.

Musical Instrument Dealer to new boy—"Now, if while I am out a customer wants to look at a mandolin, flute, or piccolo, you know what to show him?" Boy—"Yes, sir." Dealer—"And suppose he should want to see a lyre?" Boy—"I'd ask him to wait until you came in, sir."

Mrs George McClure, who lives just across the lake, returned on Wednesday after nearly a year's visit in Spokane, Washington.

Mrs R. C. Lipsett of Summerland came up on Wednesday to visit her sister, Mrs J. B. Robinson, returning home on Friday night.

Mr Lee Mills was a passenger to Penticton on Monday, returning home on Wednesday morning.

Mr and Mrs A. Town, who were passengers to Penticton on Wednesday, returned home on Friday morning. Mr Town went on to Kelowna and spent the day there.

Mrs Thomas Welch, who has been visiting Mr and Mrs L. D. McCall, was a passenger south on Wednesday night.

Mr J. Brown went down to Penticton on Thursday and spent Monday with his wife there.

Rev. J. A. Rowland returned from Armstrong last Friday where he had been attending a meeting of the Presbytery. He reports a successful meeting.

Mr Thomas Powell, who has been attending the B.C. Fruit Growers' Convention in Victoria, returned home on Friday. We are pleased to see that he was re-elected director for the Peachland-Westbank section.

Mrs J. Hyde and Master Joe came up from Penticton on Saturday to visit Mrs Hyde's mother, Mrs Lee Mills.

Mr Dynes of Penticton was a week-end visitor to town, returning to Penticton on Monday night.

Mr Walter Brown and his grandfather, Mr Joseph Wilby, were passengers to Penticton on Monday. They went down to see Mrs Brown before she went to the hospital at the Coast.

Mr John Brown was a passenger by Tuesday's boat for Penticton. He has gone to take Mrs Brown to a hospital at the Coast where it is expected she will have to undergo an operation.

Mr Thomas Powell was a passenger to Vernon on Wednesday morning. He went to attend a special meeting of the directors of the United Growers which was called on account of the sudden death of the manager, Mr Jackson.

It is feared that Mr Hanson, who left a short time ago to work in a munition factory in Birmingham, must have been on the ill-fated "Laconia" when she was torpedoed, for Mr W. Coldham received a letter from Mr Hanson stating that he intended to sail on her.

Last Thursday a hockey match was played with Harold McCall and John McLaughlan as captains of the respective teams. John McLaughlan's team won out with a score of 8 to 5. On Tuesday a return match was played, resulting in a tie. The girls of the Philathea Class provided supper on both occasions, and the proceeds are to be divided between the funds of the class and various patriotic purposes.

The story of the life of Sir George Williams, founder of the Y.M.C.A. as told last Sunday night by Pastor Scott, ought to be an inspiration to any young man or woman. His whole life was devoted to the service of others, and he never lost an opportunity of helping those who were down and out. He rose steadily from the position of a humble apprentice in a village store to be the partner in the firm of Hitchcock & Williams, the largest establishment of its kind in England. When he went to London to work for Hitchcock & Williams, it was said that it was almost impossible for any of the 150 employees to be Christians, but after he had been there for a short time it was said to be almost impossible for a man not to be a Christian. Almost any other young man would have been influenced by his wicked fellow workmen, but he stood out and won them nearly all for Christ. When young Williams saw the change among the men his heart went out to the men in other establishments, and this was the beginning of a work which has spread to almost every part of the world, and which is such a benefit to the men at the front.

After the business had been dispensed with, refreshments were served and thoroughly enjoyed by all. A collection was taken, the proceeds of which was equally divided between the Ambulance League and the Home Comfort Club. After tea Mrs Dryden, secretary of the Comfort Club, read some more letters from the men at the front in acknowledgment of the parcels sent them: L. Maxwell, Mr Michael, J. L. Vickery, T. McLaughlan, A. W. Feathers, J. D. Henderson, F. Salt, C. G. McDougald, F. A. Maxwell, W. Waldriff, G. Lang, W. Aitkins, H. Miller, O. Needham, Mr Topham. The parcels have given so much pleasure to the men that the members of the Comfort Club are more than ever determined to keep up the good work.

The meeting was called to talk over plans for a sale to augment the funds of both societies. After an animated discussion it was decided to hold a miscellaneous sale. Home cooking is sure to be one of the strong features of the sale, and this department will be in charge of Mrs Town. Mrs J. Miller suggested that there be a table for the

A well-attended combined meeting of the Ambulance League and the Comfort Club was held at the home of Mrs Dryden on Tuesday afternoon. Mrs Smalls, president of the Comfort Club, was asked to take the chair in the absence of both the President and Vice-President of the Ambulance League.

GILLETT'S LYE EATS DIRT

sale of aprons, and this was taken up enthusiastically by those present, who promised to make at least one apron each and to get others to do the same. Mrs Miller, who will preside at this table, wants every lady to give an apron, big or little, frivolous or otherwise, for the sale. Mrs Dryden and Mrs Smalls will be in charge of a miscellaneous table which has proved a success in the past. Afternoon tea will be served, and Mrs Needham will direct this feature. Mrs Scott, Mrs McCall, and Miss Macdonald are to be a receiving committee.

After the business had been dispensed with, refreshments were served and thoroughly enjoyed by all. A collection was taken, the proceeds of which was equally divided between the Ambulance League and the Home Comfort Club. After tea Mrs Dryden, secretary of the Comfort Club, read some more letters from the men at the front in acknowledgment of the parcels sent them: L. Maxwell, Mr Michael, J. L. Vickery, T. Passing Events: Social, Personal, &c.

Miss N. Harvey is this week visiting Mrs H. M. Ramsay, Penticton.

The contribution from Summerland during February to the Patriotic Fund totalled \$144.45.

R. W. Kelly, C.P.R. agent, has been back at the wharf on duty again this week after a vacation spent partly at the Coast.

A special business meeting of the Baptist Church members will be held on Sunday afternoon at three o'clock in the Parkdale Church. 31

Mr F. M. Buckland, Highland Farm, Shingle Creek, is returning to Kelowna to reside. It is stated that he has leased the Highland Farm to Mr Brent.

The library for the use of the Summerland Farmers' Institute members has come to hand and books may be borrowed from now on. Jno. Tait, Secy. Phone 924. 31

Mr G. J. C. White goes up to Kelowna to-morrow morning on duties in connection with the Okanagan United Growers. On Monday he will attend a meeting of the executive at Vernon.

Mr F. A. C. Wright is now the owner of a new Ford touring car, purchased through the local agent, B. L. Hatfield, and delivered a day or two ago. The car has been fitted with a self-starter at the local garage.

Mr J. Galt, who has been filling the position of accountant at the Bank of Montreal for the past year and a half or so, has been transferred to Kelowna, and with Mrs Galt and little daughter will leave for the Orchard City on Saturday morning. It is not likely that a successor will be sent to fill Mr Galt's position, his work being divided among the remaining members of the staff.

Among those who remained behind in Victoria when the Bantam Battalion went overseas, was Private John Pollock, who had perforce to stay on account of illness. He has been officially transferred from the 143rd with a score or so of his comrades, and with them expects to go overseas before long. Official notice is also given in current military orders that the promotion of Lieutenant W. Vere Brandram Webb, 6th Duke of Connaught's Own Rifles, to the rank of captain is approved provisionally.

O. E. FISHER, H. B. YOUNG, Traffic Manager, Agent, West S'land.

Miss Dancer has returned from a stay of some weeks in the south.

Mr John McLean of Peach Valley has returned after spending the winter in Montreal.

Important meeting West Summerland Women's Institute, 3 o'clock, Friday, March 9th, Parish Hall. 31

Mrs Phinney entertained on Tuesday in honor of her guest, Miss Jaques, who returned to her home in Vernon this morning, after a visit here of several weeks.

O. Atkins' Ford car has taken on a particularly smart and distinctive appearance since it has been repainted. The body has been painted stone grey, with black lining.

Horace A. Young, after a stay of some time at the home of Mrs Young's parents, Mr and Mrs J. Treffry, went out on the boat on Thursday morning to teach school in Alberta.

The Okanagan Lake Boat Company is maintaining its regular schedule between Summerland, Naramata, and Penticton. They are also giving a messenger service at nominal rates. 29tf

Miss Flora Phillips, until recently a resident of Summerland, and eldest daughter of Mr and Mrs Stephen Phillips, on Tuesday became the bride of Mr Albert Moore of Penticton. Guests at the wedding from here were Mr and Mrs J. S. Ritchie and two daughters.

Mr T. R. Harwood has enlisted in the Forestry Battalion, and expects to leave here on Monday for a short stay at the Coast before going overseas. Mr Harwood has had many years' experience as a bridge builder, and it is in this capacity that he will serve his Empire in Europe. It is stated that D. Lister will complete Mr Harwood's contract with the school board.

Rev. H. S. Bagnall of Calgary spent a few days in Summerland over last week-end, a guest at the home of Mr and Mrs G. J. C. White. He left on Wednesday morning, going east over the K.V.R. on his way back to Calgary with several stops to make en route. Mr Bagnall preached at two services on Sunday last, giving earnest and forceful messages to good congregations. Mr Bagnall spent some years in real missionary pioneering in the Peace River district, and his experiences in that work would form material for public lectures of great interest. He is at present located in Calgary. Older residents here will recall that Mrs Bagnall, who before her marriage was Miss Lucy Lowe, spent some time here, filling the position of teacher at the Town School.

Precarious For The Weeklies

Advancing Cost of Materials Is The Reason.

Four years ago nearly every small town in the province of British Columbia had at least two weekly papers, says the Ladysmith Chronicle. In some instances there were two semi-weekly papers, and the publishers of these papers by some means managed to eke out a miserable existence. To-day there is only one town in British Columbia with two papers, and Kamloops and Ladysmith are the only places where semi-weekly issues are published.

A noticeable feature in this connection is the fact that the weekly papers have in nearly every instance dropped party politics, the feeling being that without opposition it is not fair to the supporters of the publications to discuss subjects that must lead to dissensions among the citizens. This is a sensible course to take, and may in time lead up to a condition that would make it possible for the newspaper man to earn a decent living. With the advancing cost of material the newspaper business is now in a very precarious state, and there is nothing that would lead to the hope that there might be some improvement in the situation pending.

Mrs McLaren returned last night from a visit of some weeks with her sister in Vernon.

Mr Scott Darkis reached home on Wednesday night from a visit to his former home in Carlton County, New Brunswick.

The schools reverted to the longer fall and spring schedule commencing Thursday morning, half an hour being tacked on to each end of the day.

Lieut. George Clingan of Summerland and Salmon Arm has lately been wounded at the front, but "remains on duty" as the parlance of the casualty list put it this week.

Harry Tomlin last week acquired the Studebaker car which Mr W. C. Kelley brought in from Vancouver a few months ago. Mr Kelley, it is understood, contemplates the purchase of a new Chevrolet.

In accordance with his advertised announcement, A. J. Beer has had the stock from his town store removed to augment that of his other place of business, vacating his Shaughnessy Avenue store on Thursday.

Mr E. W. Moore of Meadow Valley has enlisted for overseas. Although Mr Moore only came to the Valley to locate a few months ago, he feels it his duty to enlist, and has decided to sacrifice the carload of implements, furniture, etc., by auction sale, announcement of which sale appears in our advertising columns. We wish for Mr Moore every success, and hope that his sale will be well attended.

The Home Comfort Club dance last Friday night in Empire Hall came quite up to the usual standard of success, despite the cold weather that prevailed. The Walters orchestra from Naramata provided splendid music and the dancing was kept up till the customary early hour. From the proceeds, including the sale of refreshments, the Home Comfort Club gets a sum that helps to replenish their ever-needy treasurer.

Packing classes for the school children have been in progress this week, continuing in the Campbell Hall, where the adult classes were held last week. Mr J. Lawler has been acting as the instructor, taking one class in the morning and two in the afternoon. He has proved himself an able teacher, and has been giving the children the right kind of practical instruction. The three classes have totalled 60 pupils from the Central and High Schools. Mr Lawler is delighted with the result of the week's instruction. He says there will be at least 40 good packers amongst the 60. He finds the young folk more adept pupils, and quicker than are adults.

Recital Proves Musical Event of High Order

The musical recital given under the auspices of the Ladies' College Auxiliary last night by Mr Frederick Graham, assisted by Mrs Arnold, delighted a fairly good house, there being close to 150 present.

With the exception of perhaps one or two public appearances when he assisted the local choirs this is Mr Graham's first public appearance since his illness. The varied program was well chosen for the rich powerful, well-trained baritone voice of the singer.

Mr Graham has a pleasing voice, and sings with a confidence born of long experience. He shows an exceptional resonance on his low notes and in the higher tones he can show a restraint of volume that greatly enriches the pianissimo effects. His best numbers in the very varied program which he presented may perhaps be mentioned as "Honor and Arms," from the oratorio, "Samson," "It is Enough," another gem from oratorio and "Requiem," a number in the final part of the program. These three numbers sufficed to show the versatility to which Mr Graham can put his powers, while the other items further exemplified this.

Mrs Arnold performed her exacting part at the piano in a sympathetic manner winning for herself golden opinions as an accompanist. In her solo she was revealed as a concert artist of outstanding ability, and her number was justly enjoyed.

Just before adjourning this afternoon the new board of directors of the Union appointed the president, Mr E. R. Simpson, as the local representative on the Central directorate. That body holds regular meetings every three months. The retiring director, Mr White, was also a member of the Central executive. The annual meeting of the Okanagan United Growers shareholders will be held on the 19th inst.

No school is as good for a boy as a good home and a good mother.

ROBIN HOOD FLOUR

Distributed by Summerland Fruit Union, Summerland and Naramata.
Also by Peachland Fruit Union, Peachland.

Boy Scout Column

SUMMERLAND TROOP BOY SCOUTS.

Headquarters—ELLISON HALL.
Meets every Friday in Ellison Hall.
Visitors cordially invited to attend.
Recruits apply at any meeting.
Scoutmaster J. Tait.

The bugle band has now been chosen, and consists of the following Scouts—Buglers A. Smith, B. Taylor, J. Gayton, and B. Phinney, and Drum. A. Harris. The first practice was held last Friday, and it is hoped that we will soon have a good band.

The new Patrol Leaders for 1917 are: No. 1, A. Smith; No. 2, J. Gayton; No. 3, B. Taylor, with Corporals W. Gayton, B. Munn, and F. Steuart.

The patrols will be chosen to-night. Last Friday the Scouts were given signalling exercises by Patrol Leader J. Gayton, and marching drill by the Scoutmaster. The Scoutmaster then lined the boys up and spoke a few words to them.

Several of the Scouts passed parts of the tests for second and first class.

To-night tumbling exercises will be gone through as part of the night's work.

A SUMMERLAND BOY SCOUT.

rule took the form of dinner parties, and were much enjoyed by all.

C. D. Hampshire—Very many thanks for the parcel which I have just received. Please give my appreciations of kindness to the members of the Home Comfort Club. I returned from my first leave just before Christmas and it was a treat to get under a roof and in the dry.

At last we have been taken right out of the line after having been doing duty work ever since July 1st. I am now billeted in an ordinary farmhouse, and it is almost as damp as being under canvas. French people don't know what comfort means. Wet brick floors, damp walls, fires, so small they don't count, doors that don't fit, and are generally open, and sloppy snow falling every day, so life at present is a perfect joy. But as spare time is practically eliminated owing to getting ready for the next push, no one has time to even calculate the probable amount of water in each boot.

The Canadian mail at Christmas time was of such proportions that it upset arrangements. The English parcels were stowed in a shed and haven't been delivered yet (Jan. 14) —at least a large number of them.

A. E. Nelson—I received the parcel from the Home Comfort Club about a week after Christmas, and am just writing you a few lines to thank the club for the same. Everything arrived in good condition, and the things that were in the

which, despite the exigencies of war and so forth, we managed to celebrate in quite the proper manner—thanks to friends and relatives.

The boys were very appreciative of the baccy, cigarettes, candy, etc., and I thank you again on behalf of all for this real Christmas box.

The newspapers appear to think that we shall bring the war to a triumphant finish this year and spend next Christmas in Canada; but whether that comes to pass or not everybody is prepared to carry on to the grand finish—and I guess most of us would like it to take place in Berlin—whenever or wherever it takes place.

A successful and prosperous new year to the Okanagan in general and my home town in particular. Good luck and good health to you all.

Charles Kerr—I wish to thank all the members of the Home Comfort Club for the box which arrived in good condition last night. All its contents are most useful and enjoyable, and I appreciate to the full all the kindness and thought which went into its packing.

The holiday season passed without festivities of any kind in our battalion as we were on duty in the trenches, but those who were fortunate enough to be in reserve had modest celebrations which as a

From Our Soldiers

W. J. Tullett—I was very pleased to receive your parcel, both for what it contained, and for the pleasure it gave me to think that I am not forgotten by those at home. It arrived in good condition, and although we are only in Scotland it is hard to get anything as we are away up in the mountains, 7 miles from the nearest town. We are in the forest of Glenmore, and it looks very much like British Columbia, the trees being mostly pine. The "Old Chum" tobacco was very welcome, and the raisins, candies, and cake were very nice, although the latter seemed to have had a "break-down" on the way over. I saw most of the Summerland boys in the 172nd before we came up here, and I was very pleased to see them, although it was only for a short time. Thanking you for the parcel and with best wishes for the welfare of the Club.

Austin Cooper—Once again please convey my thanks and good wishes to the Home Comfort Club to whose generosity and thoughtfulness there appears to be no end! The parcel of good things arrived in capital shape just before Christmas and greatly contributed to our enjoyment of the festive season,

Own Two Pairs of Shoes

A man who buys one pair of shoes and wears them until they are worn out, isn't treating his purse or his feet right.

Buying two pairs of shoes and alternating their wear, rests your feet and keeps them in good trim.

And those two pairs of shoes will last longer than two pairs bought on any other system. --- Shoes need rest just as feet do.

But whether you want one pair of shoes, or two, doesn't affect the HIGH QUALITY and GOOD VALUE of those you buy here.

Summerland Supply Company, Limited.

parcel are most useful here. I have been over three months now, and have just about got used to things as they are over here. I have met several Summerland boys over here, and the most of them are in pretty good health. It is fine when two or three of us get together and compare the news we get from home, as each one gets a little fresh news of some sort to tell, and we are all eager for news from home. We have been having a rest lately, but will be leaving for the front line in a few days, and then for the mud. It is bad enough around where we are just now, but I guess we will have to wade when we go in this time. I will now close as I hear the boys coming with the "mulligan," and it will never do to miss that. Thanking you very much for the parcel.

E. A. Agur—I hope you will forgive me for not writing you sooner and thanking you for your kindness and thoughtfulness in sending me such a great parcel of good things at Christmas time. Every single article hit the right spot, and you seem to know just the right things to send—those that are difficult or impossible to procure here. If it wasn't for your club and the kindness of friends we have left behind in Canada, Christmas would have been a very dreary affair, but with so many tokens of kindness which we received, I assure you the day went by quite happily.

Most everyone is confident that the war will be brought to a close this year, but I think that this same old year will see the hardest fighting since the war began. Only we will start it, just when and where we want to. Fritz won't have a say, believe me.

I haven't seen many Summerland boys lately. When we first came to this place I ran across Glenn and also Milligan, who had just come over in a draft from England, and the other day I met Laurie Hatfield. It's nice to see an Okanagan face, and I always think that anyone who is lucky enough to have come from that part of Canada is missing more than most men by being here, as he has left behind the best spot in Canada, no, the world, and the best friends too. Thanking you again for the parcel.
