

The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 9, No. 33. Whole No. 450.

SUMMERLAND, B.C., MARCH 16, 1917.

\$2.00, payable in advance.

Liberal Gathering Is Resplendent Success

Entrance of Gentler Element Into Political Arena Marked by Big Social Event.

From the comfortably filled appearance of the College Gymnasium last Friday night it looked as though most of the three hundred or so invitations sent out by the Liberal Association to their At Home must have been accepted by the recipients. It was given by the local Liberal Association to the people of Summerland generally in honor of the extension of the political franchise to the women of the province.

At the door receiving the visitors were Mr. William Ritchie, president, Mrs. C. Pineo, the vice-president, and several other members of the local association, as well as Mr. L. V. Rogers, of Kelowna, the well-known party candidate in the riding. Tasteful decorations contrived of flags and fir foliage tended to give the big hall an inviting appearance to the arriving visitors.

Mr. W. C. Kelley, a member of the executive committee, took the platform to act as chairman, announcing that he had been deputed to do so by the president. Mr. Kelley gave a very hearty welcome to the guests who were present, and referred particularly to the political happening which was occasioning the function. For the benefit of the women who were now becoming voters on an equal basis with the men he outlined in a general way the different viewpoints which the two great parties to-day take in regard to political matters. After showing the origin of party government, Mr. Kelley epitomized the spirit of the two parties as their names indicate—Conservatism, satisfied to apply the methods and policies of yesterday to the problems of to-day, and Liberalism, a little wider in its outlook, believing that perhaps the policies of to-morrow needed to be applied to matters of the present.

Mr. L. V. Rogers of Kelowna, the Liberal standard bearer at the last provincial election, spoke shortly after Mr. Kelley, at first in a humorous and facetious vein, but later in a genuinely serious and forceful style. Although disclaiming any coherence at all for his remarks, Mr. Rogers spoke with sufficient lucidity to allow his listeners—especially the lady voters soon-to-be—to glean considerable sterling advice and admonition as they were entering the "game of politics." He desired to discourage above all things "rank partyism," and denounced those who coined such terms as "turncoat" for the voters who had the courage to change their political affiliations. He himself, in fact, at the last four elections had voted three times Conservative and only once Liberal. Mr. Rogers' second big point was to decry selfish motives in casting the ballot. He showed how in the past many men had been prone to vote this way or that because there might be "something in it" for them. The women voters, he urged, should place their ballot on the side where they honestly thought it could do the most good. Mr. Rogers inserted early in his remarks a feeling reference to the illness of Mr. J. W. Jones at that time.

An important item of business on the program of the evening, though one not consuming very much time was the appointment of the six ladies who are to have a place on the executive of the Lib-

Endeavouring to Re-Open Cannery at Peachland

Reeve Morrison Making Arrangements For the Operation of Local Plant.

With a view to the operating this season of the Peachland Canning Co.'s plant, Reeve Morrison has been busying himself for some days at the Coast. Mr. Morrison believes that the time is ripe for such an industry being operated in the district to provide a sure and near outlet for local peaches, tomatoes, and other products which thrive exceptionally well in Peachland, and he seems quite confident of carrying his plan through to a successful conclusion.

"The plant was operated two or three years ago," says Reeve Morrison, "but the general adverse conditions brought its temporary closing. The plant has a capacity of from 8,000 to 10,000 cans a day. If the plans on which I am working mature, a payroll of from 15 to 20 workers will be provided. All kinds of small fruits and vegetables will be handled, evaporating equipment will be installed, and the products of the industry shipped to the Vancouver and Coast markets. Peaches and tomatoes will be chiefly used, and once arrangements are satisfactorily concluded, Peachland growers will be advised to prepare their crops for the plant."

J. W. Jones, M.L.A., on Committees.

Announcement as to the personnel of the standing committees for the session of the Legislature was made the end of last week. The name of Mr. J. W. Jones, South Okanagan's member, is found with those who will act on the following committees: Mining, Public Accounts and Agriculture. Mr. Jones' first questions put to the new government were some illuminating queries as to the amount of interest payments which had been made by the province to the P.G.E. railway.

eral Association. On a motion proposed by Mrs. C. Pineo and seconded by Mrs. A. H. Steven, the following ladies were unanimously chosen: Mrs. R. Cartwright, Mrs. G. Morgan, Mrs. T. J. McAlpine, Mrs. J. J. Mitchell, Miss Rothwell, and Miss M. Lister. A little later opportunity was given to those ladies who wished to associate themselves with Liberal organization in a definite way by writing their names on a card and depositing the same in a receptacle provided, which would be taken as indicating a willingness to be placed on the membership roll, a step which it is provided by the constitution shall demand no fee.

A number of musical and other items were interspersed between the matters of business and the addresses, those who contributed in this acceptable way being Miss Evelyn Brown and Mr. F. C. Graham, who gave vocal selections; Mrs. A. H. Steven, who recited; Miss G. Elsey and Mr. H. Davidson, who gave a piano duet. Mr. Davidson also gave two piano selections, and acted as accompanist for the vocalists. Two or three promenades were also engaged in during the evening, music being given the while by a large phonograph.

Refreshments served later gave additional scope for the social intermingling of the company. Altogether the spirit in which this large "At Home" was carried along should give cause for congratulation to its sponsors.

Business Is Light At Council Session

Constable Brown Resigns. New Civic Improvement Association Asks Co-operation.

The table had been cleared somewhat at a meeting a few days before of some impending business so that there was not a great deal to come before the Council when it met in regular monthly session last Saturday morning.

In the matter of the light account from the Hotel Summerland deemed incorrect by the management, it was reported by the chairman of the Electric Light Committee that he had been given to understand again by the Electrician that the leakage of current thought to be occurring beneath the building was not now existent.

Arising from the reading of the minutes, the question was raised by Coun. Campbell as to whether the duties of the newly appointed irrigation superintendent should not be more clearly defined, especially as to new work. In this way some difficulties which arose last year might be avoided, he thought. This was discussed and an understanding arrived at.

Mr. J. C. Brown tendered his resignation as municipal constable, to take effect the end of this month, since he was then leaving the district. The resignation was accepted by the Council.

The provincial returned soldiers' committee advised the Council of some openings waiting for returned soldiers, and also asked to be advised of any such arising here.

A. B. Williams appeared before the Council in regard to payment of some rates and taxes contracted on property he had sold, but which has since reverted to him. The Council is communicating with the tenant-purchaser in the matter.

A newly-launched body, the West Summerland Improvement Association, in a communication over the signatures of Messrs A. J. Beer and S. Darkis asked for aid from the Council in some plans they have to effect civic improvements in their section. They are proposing to construct a boulevard on the south side of the main business street, planting trees and grass, and edging the walk to be made with white-washed boulders. This would constitute perhaps the most pretentious civic improvement effort ever launched in the place, and it is planned to bring it about quite without any municipal expense beyond the use of the overflow from the drinking fountain close by, and a grant of a "stand-pipe on the street. The Improvement Association also seeks to have a gravel walk made extending from Elliott's store east to Rosedale Avenue. The councillors seemed to think that such enterprises ought to be encouraged, and the request was referred to the Works Committee with favorable consideration urged.

Electrician T. P. Thornber asked that data be furnished the Canadian Westinghouse Co., for them to prepare estimates on the changes by which it is sought to utilize the water at the power-house to secure the maximum power possible. A representative of the concern visited Summerland lately to look into the matter, and the company is to be given full information.

The question of the 1917 bank loan was discussed, but no plan of action was laid out definitely during the morning portion of the Council session.

R. S. Munro, asking for the pro-

Home Comfort Club Banquet Great Event

Seventy Ladies Participate in Pleasant Function—And Not a Man is Nigh.

The ladies' banquet held on Thursday evening must pass into local history as the most unique event of its kind ever held here. As to its success several superlative adjectives are needed to fit the occasion. The men of Summerland held a banquet not long ago, confining participation in the function to their own sex, and on Thursday the ladies followed the same procedure. No vestige of masculinity therefore was anywhere near to mar the brilliance of this function. "The men had better pocket their time-honored dignity right now, and admit that the ladies carried through this social undertaking no less successfully than everything else they take hold of."

Seventy one seats were provided in the Hotel dining-room, but only the size of the room limited the number. Many ladies who put off securing their tickets found later to their regret that none were to be had, and having by now heard how the dinner went off will be doubly disappointed to think that they were not among the favored six dozen. The Hotel may conceivably have been just as crowded before, but such a spectacle of animated brilliance can scarcely have been seen there previously. To see the dining room full of men as it was a few weeks ago was pleasing enough, but beside the scene presented yesterday evening it would become quite ordinary and prosaic.

The banquet was given by the Home Comfort Club, and about a quarter of the gross proceeds at one dollar apiece will go to swell the club funds. Daintily hand-made shamrock-shaped program-menus were placed at every seat, and will serve as quaint souvenirs of the occasion.

The management of Hotel Summerland have once again proved themselves capable of rising admirably to cope with the problems an affair of this magnitude presents. Mr. and Mrs. Downton left nothing undone that could have added to the enjoyment of the lady diners, being responsible in a large way by their forethought for the smooth running of the evening's program. Table decorations made with vases of sweet peas and asparagus fern were conspicuous and effective, rounding out the general color

mise of a better irrigation service this season was given assurance that the needs of the flumes concerned will be looked into thoroughly.

In the interests of the public health Dr. F. W. Andrew urged the Council to take steps this year as in former years in the interests of a civic clean-up movement. A special day for the citizens to help in such an effort may be named a little later. An invitation was extended to the Council to be present at the joint meeting of Women's Institutes, Farmers' Institute and Board of Trade this afternoon, when a discussion of the topic "How to Preserve the Natural Beauties of our Town" may lead to some definite clean-up plans being formulated.

Dr. Andrew also advised the Council of an arrangement being arrived at by which a light may be placed on the government wharf. The immunity of the Council from any responsibility is fully recognized.

(Continued on page 6.)

Penticton Ladies Vanquished In Great Style

Local Feminine Basketball Enthusiasts Show Visitors Fine Points in Game.

The ladies of Summerland have taken to basketball very seriously this winter, and on Wednesday two great games were played in the Men's Club, before a great crowd of highly interested and excited rooters. The ladies have been practising with great diligence, and have come to display no mean degree of prowess in the strenuous game.

One of the games last Wednesday was between a Summerland team and five ladies representing Penticton. Accompanying the players from the neighboring town was a strong contingent of supporters, who came by boat and auto. They were not loath to make themselves heard, despite the fact that the fortunes of the game went against them. The quintette who upheld the name of Summerland consisted of Mrs. J. Lawler, centre; Miss E. Clouston, Mrs. G. Craig, forwards; Miss H. Phinney and Mrs. M. Bissette, guards. That they had things pretty much their own way is evident in that they came out victorious by 25-5. The star brand of play the local players showed, with commendable team work and splendid individual efforts, must have been something new to the Pentictonites, and an object lesson in "how to do it." For the victors, Mrs. Lawler was without question the shining light, getting many baskets to her credit.

The other game was played before the big encounter mentioned above. In it teams from Summerland and West Summerland clashed and though the game was hard, the scores did not reach very high figures, the final result being 7-4 in favor of the town. Comprising these two teams were the following:

Summerland—Mrs. Bennett, Miss E. Brown, Miss K. Brown, Miss M. Phinney, Miss J. Sutherland.

West Summerland—Mrs. O. F. Zimmerman, Miss M. Arkell, Miss G. Harris, Miss G. Bowering, Miss M. Gallagher.

The price of admission to the two games was put at fifteen cents, and no one will say it was not well worth it.

scheme of green and white.

When the serious business demanded by the menu had been given due attention—the needs of the inner woman having been catered to so to speak—there was a short after-dinner program of speeches and music. Upon Mrs. A. Stark, as president of the Home Comfort Club, devolved the duties of toast mistress. She proposed the toast, "The King," and the guests responded by singing the National Anthem. "Our Soldiers and Nursing Sisters," the second toast announced, was proposed by Mrs. R. C. Lipssett and responded to by Mrs. F. W. Andrew, and again the ladies rose, to sing "God Save Our Splendid Men." Even as speech makers the men have apparently got little or nothing to boast about over the ladies who were on the speakers' list at this banquet. All seem to be emphatic that the lady speakers made the most of their opportunities. The third toast was that of "Canada," proposed by Mrs. W. C. Kelley and responded to by Miss M. Aitchison.

The musical program consisted of a piano selection by Miss B. K. Harrison, a duet by Mrs. G. A. MacLaine and Miss Evelyn Brown.

(Continued on Page 2.)

Council Rules On All Appeals But One

Legal Advice Being Sought on Most Contentious Case. Three Appeals Allowed.

At the adjourned meeting of the Court of Revision held last Saturday decisions were arrived at in all the appeals brought up excepting that on the Mrs. Kelley property. The lands in question were viewed during the day by the entire Council, and the decisions handed out in the afternoon.

B. L. Hatfield's appeal against the assessment of his garage property at \$900 was not allowed.

In the case of the Wm. Cross lot in Prairie Valley the Assessor's figure was also sustained.

Mr. Jno. Tait met the Council in the morning in regard to the assessment of his home property. He said he demanded first of all equity in the assessments, and could not see how it could be said that this disideratum at present obtained in regard to the two main centres of the place. In reply to a question he was told that the main business lots at West Summerland were assessed at \$500 each. Beside this figure he placed his own small purely residential lots, which were assessed at \$550 each. Therein lay the inequity of which he complained.

Mr. Logie said he admitted there was some ground for complaint along the lines Mr. Tait indicated. His own view, as he had stated to the Council before now, was that the assessments in the town section were somewhat too high at present. The particular property in question was assessed fairly according to adjacent lots, though it might seem a little high. The discussion veered round to general talk of unsettled assessment considerations at present encountered everywhere, and also brought in the changing conditions in this particular place. After viewing the lots the Council ruled that the assessment be reduced from \$2,200 to \$2,000.

F. C. Naper's Prairie Valley lot was reduced \$300 on account of the amount of alkali land it embraces.

The Summerland Development Company lot at Watson Heights under appeal was ordered reduced \$500.

Mr. W. C. Kelley, speaking for a few moments to the appeal he was presenting for Mrs. Kelley on the lot near the Municipal Office, presented a copy of the registered plan of that section showing the lot in question and also the nearby lots in comparison to which he claimed Mrs. Kelley was not fairly assessed. Mr. Kelley mentioned that he had arranged with Judge Brown of the County Court to hear at Penticton any appeal that would be necessary in the event of the Council not allowing the plan entered on behalf of the appellant. This case was finally held over for a month, to be submitted to the Council's solicitors, for their advice as to whether there is any legal ground for appeal.

The Court of Revision stands adjourned therefore till April 10th.

Goes To Nelson.

Rev. H. S. Bagnall of Edmonton, has accepted a call to the Baptist Church, Nelson, where he will succeed Rev. C. W. Coray, who is with the Canadian Expeditionary Forces as a chaplain.

Spain contains more than eleven and a half million acres of unproductive land.

FRIDAY, MARCH 16, 1917.

OUR IDLE EVAPORATOR.

IS SUMMERLAND going to have its evaporator and jamming plant in operation this year or is it again to remain idle? In our news columns this week is an article telling of plans being made for the reopening of the cannery at Peachland. Cannot something be done at once to assure our fruit and vegetable growers of the market, a jam factory and an evaporator would afford? Never before has there been assurance of such a good market for dried vegetables and fruits as this season, and this year more than any before should make the operating of such a plant a profitable undertaking.

There were reports current some time ago that the plant of the defunct Okanagan Jam Co., which plant also includes an evaporator, was to be taken over by a local concern but there is nothing more heard of this. Cannot this firm or other local citizens be induced to operate the plant?

From Our Soldiers

H. J. Collas—I have just heard that your club was kind enough to send me a parcel. Unfortunately it never reached me, but I am very grateful to you for the kind thought. My battalion has been on the move for a long while and there must be much mail, including your parcel, waiting for us some where.

Parcels are always tremendously appreciated, especially in the trenches, where the menu is a simple one.

Summerland has, indeed, done splendidly in sending men, as I see by the Review that you have already sent out over one hundred parcels.

Please accept and convey to the members of your club my very sincere thanks for their kindness.

F. Le Roy Black—Again I want to thank the Summerland Home Comfort Club for parcel sent me via London. A nice selection and all in good condition. Might say that I received it on Christmas Day so it made a nice Christmas present whether or not it was intended as such.

Expect by now there are quite a number of Summerland boys over on this side to look after. I occasionally see one, but not often. No doubt they are well scattered.

Personally I have been residing in England since September, but expect to be in France before many weeks.

This very nice little summer resort is the Canadian Casualty Assembly Centre and Command Depot. Many, many, many pass through here, and those fit again for France stop for physical training.

Well I will stop and give you time to make up a parcel for some other Summerlanders.

A coal mine has been bought by the city of Lethbridge, with the idea of operating it for the benefit of the citizens.

An English farm is devoted exclusively to raising butterflies, of which more than 230,000 are sold annually.

A number of returned soldiers are acting as special guards on the Legislative buildings at Victoria while the House is in session.

Civil authorities of Greenwood, B.C., are considering the establishment of manual training and domestic science classes in the schools.

Holland's production of butter, which amounts to about 154,000,000 pounds annually, is controlled by the government so as to practically insure its purity.

The healthiest city in the United States is Seattle, where the mortality rate is 8 per thousand. Spokane stands next with a mortality rate of slightly over 8 per thousand.

The Nizam of Hyderabad, ruler of the largest and most populous of the internal states of India, has sent to the British government £100,000 for use in the anti-submarine campaign.

Honoring Memories of Soldier Heroes

Two more memorial shields now hang on the walls of St Andrew's Church, erected in loving memory of two Summerland heroes who have given their lives for the advancement of freedom and right. These last two, placed without ceremony, by relatives and friends, will bear evidence of the supreme sacrifice made by Lieut. Gordon Kerr and Private James Gordon.

The tablet bearing the name of Lieut. Kerr is inscribed as follows:

Sic Itur ad Astra
In Loving Memory of
Lieutenant Gordon Kerr
Killed in Action in France
October 15, 1916
A Gallant Soldier and a Christian Gentleman.

The other reads:

Faithful Unto Death
In Loving Memory of
My Friend
Private James Gordon
Killed in Action in France
November 18, 1916
Isaac Blair

Okanagan Indians

In a review of the agricultural progress of the aborigines of this province, the Vancouver World has this to say of the Okanagan agency:

Okanagan Indians as a rule do not live up to their opportunities. They have the most land and the best land of any in the south-eastern inspectorate, but they do the least with it. When the condition of some of the bands in this agency is compared with what it was twenty years ago, the retrogression is only too apparent. This does not appear to be due to any one cause, but to a combination of causes, and the greatest of all is firewater. If for no other reason than for the sake of the Indian, British Columbia should have Prohibition. Fortunately, however, there are a few exceptions, and perhaps the most conspicuous case is that of Isaac Harris, near Larkin, whose farm is most creditable to him. He is a member of the Armstrong Farmers' Institute, and farms on up-to-date principles. He has won first prize in this agency for two years, and he is another example of the fact that the rich man cannot win over the Indian of moderate means who uses up-to-date methods.

The second prize man in this agency was Chief Batiste George of Inkameep, who is a successful stockraiser. The third prize man is Chief Charlie Allison of Chuch-uey-ha reserve in the Similkameen Valley, near Hedley, and it may be added that there are quite a number of Indians in the Similkameen Valley who are prosperous. Allison is more of a stock-raiser than general farmer.

Meetings of the Kolowna Growers' Exchange will be held quarterly hereafter. At the annual meeting just completed a committee was appointed to look into methods of buying and selling.

LOCALS.

Rev. H. G. Estabrook returned last night from a visit of some days to Armstrong and vicinity on military Y.M.C.A. business.

Mr Ben Priest has opened undertaking rooms on Shaughnessy Avenue, opposite R. H. English's livery, where he will keep a complete stock of funeral supplies. 33p

Mrs York, of Mineola, has been holding a series of services for women in the Parkdale Baptist Church. The whole series, the last of which was held on Wednesday afternoon, was full of interest and help.

Mr G. J. C. White returned last night from a United Growers committee meeting at Vernon. This committee is preparing the way for the appointment of a successor to the late manager. They are finding that good men are all demanding high salaries. It is probable that at the annual meeting on Tuesday, a readjustment of the duties of the heads of the organization may be made.

A picture post card of the front line trenches of more than usual local interest reached Summerland recently. It came in the usual course as do thousands of others, but in this case the recipient, Mrs Faulder, thought she discovered a familiar face, and took it to Mr and Mrs A. B. Elliott who, too, quickly recognized none other than the picture of their own son who, with others, was administering first aid to some of the enemy's wounded. Keith's face was full of sympathy for the suffering prisoners.

While on the return trip to Naramata and just as the boat was about to tie up to the wharf there "Billy" Robinson took a plunge into the lake. He was standing on the edge of the boat ready to spring ashore and carrying several parcels under one arm while he made his position secure with the other. Needed attention to the burden of parcels called for momentary release of his grip, and just at that moment a sudden lurch of the boat threw him, parcels and all, into the water. Several Boy Scouts were on hand, and immediately saw an opportunity to put into practice some of their scout training. With coolness, confidence, and precision they quickly effected the rescue under the wordy direction of one of their number as self-appointed chief. After a good rubbing, and a change of clothing, the unfortunate one was little the worse of his unpleasant experience.

United Farmers

At a meeting of Farmers last Saturday, called by Messrs Helmer and Tate, these two gentlemen, who were the local delegates to the provincial organization meeting of the United Farmers of B.C. held at Victoria, gave full reports of the proceedings there and of the constitution adopted. The occasion was taken advantage of on Saturday to complete the organization of the two local branches. A resolution asking the Federal Government to put an embargo on the importation of foreign apples, in view of the British embargo, and the probable result of the excessive dumping of American apples on the Canadian markets, was proposed and adopted after very little discussion. It has developed since that a number of those who favored this action at the meeting now feel that a better plan might be to ask for voluntary action on the part of the prairie dealers that would have the same object, namely the excluding of American fruit.

HOME COMFORT CLUB BANQUET GREAT EVENT.

(Continued from p. 1)

a reading by Mrs C. J. Duncan, whistling solo by Mrs F. W. Andrew, and a vocal solo by Mrs C. W. Lees. These artistes were given very warm receptions, and the ladies demanded encores.

Mention must also be made of the efficient staff of waitresses, who gave splendid help during the progress of the dinner. They were Mrs Bennett, Miss Edna English, Miss Kathleen Brown, Miss Iessie Phinney, Miss Muriel Phinney, and Miss Shields.

The Fruit Union has been advised that the Central has closed a contract for some 200 tons of onions for preserving that will net the growers at least \$14 per ton. Other lines contracted for include cherries, pumpkins, squash, and other vegetables.

Many Hindus are being employed in place of Chinese in the plant of the Duchesney Packing Co. at Ladner. This firm is engaged in filling orders from the British and French Governments for evaporated vegetables.

Advertising is the education of the public as to who you are and what you have to offer in the way of skill, talent, commodity.

A General Meeting

OF THE
Farmers' Inst. & Fruit Growers' Assoc.

WILL BE HELD

In the Campbell Hall,

ON

Tuesday Evening, March 20th, at 8 o'clock

An Address will be delivered by

W. E. McTAGGART

(Market Commissioner), on

"What has been done in the Advertising Campaign of B.C. Fruit in the Prairie Markets."

This Meeting is open to all Fruit Growers, who are all cordially invited.

Doings of Peachland
 A Weekly Chronicle Furnished By Our Local Representative.

Ambulance League and Comfort Club Sale Great Success.

The sale which was held on Wednesday afternoon by the ladies of the district was very successful. The hotel was kindly loaned for the occasion by the Peachland Townsite Company, and proved to be a very convenient place, and well-suited for the purpose. The display of home cooking, aprons and fancy articles was most attractive, and showed the skill and love of those who gave them for the good of the boys at the front. The rooms were thronged with buyers all the afternoon, and by closing time almost every article had been sold. All the members of both societies worked with a will, and did everything they could to make the affair the success it proved to be. The young ladies of the Red Cross Society also helped in the tea room, which was a pleasant meeting place, and was well patronized by a large number of people. The following are the receipts: miscellaneous, \$34.15; aprons, \$20.00; afternoon tea, \$14.15; home made cooking, \$18.65; making a total of \$86.95. This sum was afterwards made up to \$87.00.

February Honor Roll

Report of Second Division of Peachland Public School for the month of February. Pupils enrolled, 31; average attendance, 25.80.
 Second Reader—Ray Harrington, Frances Clement. First Reader—Edgar Taylor, Eddie Williams. Second Primer—Isabelle Taylor, Gertrude Hohensee. First Primer—Vivian Thompson, Pearl Law, Irvine Ashley. 2—Hertha Hohensee, Douglas Elliott, James Clements.
 Neatness—Ray Harrington, Frances Clements, Edgar Taylor, Gertrude Hohensee, Pearl Law, Irvine Ashley.

Postponed Meeting of Board of School Trustees.

The adjourned meeting of the Board of School Trustees was held in the Board room of the school on Monday evening.
 A letter from the Superintendent of Education was read stating the terms on which classes may be dismissed by the Trustees for the purpose of picking and packing fruit.
 A report was received with regard to the desks needed for the primary room.
 Arrangements were made to have plans of the school grounds prepared to send to the Department of Education, and to secure some shrubs and vines for planting. The usual accounts were passed.
 The Trustees have tested the fire drill of the pupils, and although all had to leave by the south doors on account of the north doors being closed, all were out of the building in less than sixty seconds.

Council Meets.

The Reeve was absent in Vancouver so the matter of membership in B.C. Municipalities was left over until the next meeting. The report with regard to what is being done in connection with irrigation matters was very satisfactory.
 Mr Dryden was appointed Assessor, and instructed to make the assessment between the 10th March and the 18th April.

Presentation to Mr. L. D. McCall.

Mr and Mrs L. D. McCall were taken by surprise on Tuesday last when a number of the members of the Baptist Church invaded their home and took possession of it for the time being, bringing with them some delicious specimens of the ladies' culinary art. After a very pleasant social session had been enjoyed Pastor Scott interrupted the proceedings by addressing Mr McCall and revealing the chief object of their visit. After stating that it is better to put flowers upon the brows of our friends while they are living than to place them upon

Mr C. Vansermortier, who is employed at the Summerland Experimental Farm, came over last week to look after his lot.

Messrs J. R. Brown, G. Gartrel, and G. A. MacLaine of Summerland were visitors in town on Thursday.

Mr W. J. Robinson spent a couple of days in town this week making arrangements for the summer's work of the irrigation company.

Rev. A. Henderson of Summerland was in town making arrangements for the summer for his lot, and went over to Kelowna on Friday.

Mr W. D. Miller came up from Penticton to spend the week-end with his family.

Miss Vins McLaughlan went to Penticton on Saturday to visit her sister, Mrs D. A. Kirkby.

Mrs Hendrickson is visiting friends in Penticton.

Reeve Morrison went out on Saturday night for Vancouver. He expects to be away a week or ten days.

Mr R. J. Hogg returned home on Monday morning from the Coast. Mrs Hogg is staying in Vancouver until next week.

Messrs H. H. Thompson and H. E. McCall visited Summerland on Monday returning the same day.

A meeting of the Comfort Club was held on Monday afternoon at Mrs Dryden's when it was decided to send a parcel to each of the boys in the trenches. The ladies are to meet on Friday afternoon at the same place to pack the parcels.

Mr Robison, the newly appointed manager of the local Fruit Growers' Union, arrived on Friday night to make arrangements for the summer's work.

Mr W. E. Morsch of Summerland is staying in town for this week.

Mr J. T. Long was a passenger south on Tuesday night. He is going to New Westminster to make arrangements for the summer's work on the Greta Ranch.

Interesting Meeting of Women's Institute

The regular monthly meeting of the Women's Institute was held in (Other Peachland Notes will be found on page 6).

Okanagan District

FERRY—SUMMERLAND-NARAMATA, OKANAGAN LAKE.

In accordance with chapter 85, R.S.B.C. 1911, "Ferries Act," the Government of British Columbia invite applications for a charter for a ferry to ply between Summerland and a point on the opposite side of Okanagan Lake known as Naramata, a distance of about two miles and three-quarters.

Applications will be received up to 12 o'clock noon, Monday, 26th March, 1917.

The charter will cover a period expiring on the 31st March, 1918. The ferry shall make two trips each way every day, weather permitting.

Applicants shall give a description of the vessel or vessels it is proposed to use, which must conform in all respects to the requirements of the "Canada Shipping Act" and amending Act.

Applicants shall state the tolls they propose to ask for—

Each adult passenger.
 Each child (not in arms) under thirteen years.

Each head of cattle, horse, mule, or donkey, etc.
 Each calf, sheep, goat, or swine, etc.

Each vehicle with one horse and driver.
 Each cart or wagon with one horse and driver, loaded.

Each vehicle with two horses and driver, unloaded.
 Each vehicle with two horses and driver, loaded.

Each automobile and driver.
 Each parcel of 25 lb. and under.

Freight, per 100 lb. and under, non-perishable goods.
 Freight, per 100 lb. and under, perishable goods.

To the successful applicant the Government of British Columbia will pay, at the expiration of every three months of satisfactory service, the sum of two hundred and fifty dollars (\$250).
 The Government of British Columbia is not necessarily bound to accept the lowest or any application submitted.

J. E. GRIFFITH
 Deputy Minister and Public Works Engineer.

Department of Public Works,
 Victoria, B.C., 8th March, 1917.

Our Naramata Section.

Farmers' Institute Hold Good Meeting

The regular monthly meeting of the Farmers' Institute was held in the hall on Friday evening last. The attendance was not as large as it might be, attributed to other meetings of one kind or another, following in close order.

In the midst of a whole budget of correspondence two items of special interest to the community were unearthed. One referred to the Express Office at Naramata. The other was a communication from the Kelowna Growers Exchange.

Regarding the Express agency it was learned that at last the wishes of the people are to be listened to, and the Institute was asked to recommend a suitable party. It was unanimously agreed to submit the name of Mr H. P. Davies. There has been some hitch about placing the agency here on account of the Express people putting their men on a salary basis instead of a commission basis. However, it is believed that the agency will be established.

The Kelowna Exchange sent in a resolution for adoption by the Institute calling for protection of the Canadian market for Canadian fruit.

The next meeting of the organization will be addressed by a government lecturer on the subject of Live Stock.

could write separate letters of thanks.

The 62nd Battery is still in England, but as soon as we have our complete equipment we expect to leave for France. A month should see us ready to go. In the meantime we are learning to do all kind of things that were never necessary in any previous call to arms. Just now we are learning to fix gas masks. We have to put masks on the horses as well as on ourselves so you may imagine we are a weird looking outfit when we are so dressed. "Morgan," known around the Okanagan as "Hop," is the only one from home that I have met as yet, and he leaves for France within a week. Perhaps I shall meet some more of the boys over the water.

Things are moving along slowly on the western front, but judging by the elaborate preparations there will be something doing this spring. Naturally we all hope the war will finish in 1917. Anyway as soon as it does finish I am coming straight back to Naramata, for besides being the garden of the Okanagan, it has, I believe, a prosperous future. Again thanking you for your remembrance. I am, sincerely yours,

GORDON HAYMAN.

Joe Morsch, a former resident of Naramata, but now of Peachland, paid a visit to Mr and Mrs D. J. Walters over the week end.

Current Events - OF - Town & District

Mr and Mrs Ford Dynes have removed to Penticton.

Mr F. H. Rounds paid Penticton a business visit on Wednesday.

The regular monthly Anglican service was conducted on Sunday last by Rev. H. A. Solly of Summerland.

Messrs F. W. Rolt and M. Wilson attended the meeting of the Fruit Union directors in Summerland on Tuesday.

Taking advantage of the special ferry on Sunday Mr W. Steel and Mr A. Aveson spent a short hour's visit at Naramata.

T. H. Boothe received official notice from Ottawa on Wednesday that his eldest son, Reg. L. Boothe, was wounded on February 27th. The message contains no details.

Mr J. M. Schreck treated the school students to a half hour of surcease from the grind of study last Friday afternoon. The treat was of a musical character, furnished by a really fine graphonola. The scholars and teachers say come again Mr Schreck.

Pte. Arthur Stiff, a bugler attached to the R.M.R., Kamloops, is home on sick leave for an indefinite period.

Mrs Panrucker and Mrs Mitchell, two ladies from Alix, Alberta, have come in to enjoy for a month or so the exuberating climate of the Okanagan. They are guests, in the meantime, of Mrs T. I. Williams.

Mr and Mrs Carroll C. Aikins and young son John, returned on Wednesday morning's K.V.R. service on the final lap of the return journey from California, where they spent the winter. Accompanying them from Los Angeles as far as Victoria was Mrs J. M. Robinson and three daughters, the Misses Gladys, Kathleen, and Marguerite.

Rayner, Harold Stiff, Gordon Williams, Lester Williams.

CLASS LEADERS.

Senior Second—Florence Lyons.
Junior Second—Eric Rayner. First Reader—Wilfred Brodie. First Primer—Alice Walters.

Will there be Camp at Vernon this Year?

Despite the fact that information apparently given out from Winnipeg and published in the daily papers that only one military camp would be operated in the west this year, and that in Manitoba, some people at Vernon seem to be confident that the camp there is not to be discontinued altogether. According to the dispatch from Winnipeg a short time ago, fifteen thousand troops from all over the west are to be mobilized for their training at Camp Hughes, in Manitoba, this summer. This step was going into effect, it was stated, on grounds of economy.

On the other hand parties in Vernon claim to have received private information to the effect that the military authorities are now preparing estimates for the conduct of the mobilization camp there on a scale about half as large as last year. It is even hinted also that owing to sanitary difficulties at Sarcee, the Alberta camp near Calgary, the men from that province may be sent to Vernon also. This sounds somewhat improbable, however, since it would be far more logical to send the Alberta men east instead of farther west.

W.C.T.U. Notes

The regular monthly meeting of the local branch of the W.C.T.U. was held at the home of Mrs J. Russell Wells on Tuesday afternoon last. After the regular business routine had been disposed of there was a short program given as follows: Duet entitled "My Father Knows," sung by Mrs Lyons and Mrs Hunt, accompanied by Mrs King; war anecdotes read by Mrs Hunt, after which refreshments were served by the hostess.

Naramata Junior and Intermediate Grades.

Perfect attendance for February, Stanley Allen, Roy Hunt, Florence Lyons, Margaret Mitchell, Dorothy Partridge, Bert Partridge, Eric

Red Cross Notes

62 Batt., 15th Brigade, London, England.

Dear Mrs Aldridge,
I should like through you to thank the Red Cross workers of Naramata for the most acceptable and useful parcel that arrived here safely to-day. I wish I knew just who made each article for then I

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS: of the Dominion in Manitoba, Saskatchewan, and Alberta; the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years: at an annual rental of \$1. per acre. Not more than 2,500 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal sub-divisions of sections; and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Land.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorized publication of this advertisement will not be held for.

WAR LOAN

DOMINION OF CANADA

Issue of \$150,000,000 5% Bonds Maturing 1st March, 1937

Payable at par at Ottawa, Halifax, St John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, Victoria, and at the Agency of the Bank of Montreal, New York City.

INTEREST PAYABLE HALF-YEARLY, 1st MARCH, 1st SEPTEMBER.

PRINCIPAL AND INTEREST PAYABLE IN GOLD.

ISSUE PRICE 96.

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st SEPTEMBER, 1917.

THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

The MINISTER OF FINANCE offers herewith, on behalf of the Government, the above-named Bonds for Subscription at 96, payable as follows:—

10 per cent on application;
30 " 16th April, 1917;
30 " 15th May, 1917;
26 " 15th June, 1917.

The total allotment of bonds of this issue will be limited to one hundred and fifty million dollars, exclusive of the amount (if any) paid for by the surrender of bonds as the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of April, 1917, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the April instalment.

Scrip certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared with coupons attached, payable to bearer or registered as to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary or Victoria, or at the Agency of the Bank of Montreal, New York City.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons, at the option of the holder, will be payable free of exchange at any branch in Canada of any chartered bank, or at the Agency of the Bank of Montreal, New York City.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognized bond and stock brokers having offices and carrying on business in Canada will be allowed a commission of three-eighths of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915, or in respect of the amount of any allotment paid for by surrender of five per cent debenture stock maturing 1st October, 1910. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

NO ALUM

Canning Factory For Keremeos.

A syndicate of Coast capitalists have organized a company and are completing arrangements for the establishment this spring of a \$12,000 fruit and vegetable canning plant at Keremeos. Mr Robert Broder, who operates a similar canning establishment in New Westminster, is interested in the project, and will have charge of the work of installing the plant. The company behind the project has been incorporated. An up-to-date plant will be installed, capable of handling the fruit and vegetable products of that district.

Miscellaneous

TEAM WORK of all kinds done. Power sprayer for hire. Milk tested 25 cents per sample. Apply to H. Reynolds. 32-35

Passing Events: Social, Personal, &c.

Postmaster Phinney has recently had a sign-board "West Summerland" placed over the front of his office.

H. H. Thompson, Harold McCall and A. H. Cutbill, all of Peachland, were business visitors to Summerland on Monday.

Mr and Mrs J. B. Donald moved up to Upper Trout Creek on Tuesday, where they have leased a farm—the Bowen property.

E. N. Rowley came in from the Coast a few days ago, and has been busy at his ranch some miles back on the K.V.R. line. Mrs Rowley is remaining in Vancouver for some time.

Real estate deals are becoming more frequent. Among the transfers this week is one between H. C. Mellor and W. P. Seerest, whereby the latter becomes the owner of 10 acres of meadow land near his place.

Mrs D. C. Thompson, with her two children, is leaving for the Coast on this evening's train to spend a few days with her husband who is in the Army Medical Corps. He expects to leave very shortly for overseas with a draft.

Two carloads of Newtown Pippins were shipped to the prairies by Reeve Blair this week. The apples were kept in a fruit cellar during the winter, and are reported to be as firm and crisp as when they were pulled from the trees.

Miss Ida Brown, who holds a position at Penticton, was up last week-end spending Sunday with her parents, Mr and Mrs J. C. Brown. Miss Ida and her elder sister, Miss Stella, who is also at Penticton do not expect to accompany their parents to Alberta at the end of the month.

Five of our citizens with the worthy desire to give added attractions to their neighborhood, and also no doubt with the view of making a little of the needful, have jointly purchased a motion picture machine and are preparing to open a picture house at an early date. It is understood that T. B. Young's building opposite the Ritchie lumber yard will be converted into a theatre.

Mr W. J. Ross has sold his five and one-half acre farm at Trout Creek to Mr J. I. Thompson, who has been occupying the Mrs R. M. Ross house in town for the last nine months. Mr Thompson takes over the property as a going concern, including stock, implements, and some furniture, as well as the land and buildings. The transaction was made through Mr F. D. Cooper. Mr and Mrs Ross have been resident in Summerland for many years, and their friends generally will regret to learn of their impending departure for Long Beach, California. Mr and Mrs Thompson will take possession about the beginning of next month.

Mr and Mrs J. L. Hiborn went out to Vancouver by the train last Saturday evening on a short visit.

Mrs H. E. Raby of Calgary, with her two children, is visiting at the home of W. G. Raby, Jones Flat.

Pte. W. J. Taylor, a recent enlistment into the Army Medical Corps, came in on Saturday from Vancouver on a short holiday.

Mr and Mrs Alden S. Peck of Vancouver, who spent last summer here, will again be in Summerland this year, having rented the Hunt cottage above town.

A. L. Moreland of the Summerland Fruit Union, left on Tuesday morning for a visit to Hamilton, Ontario. Report has it that Mr Moreland may accept a position with a hospital society in that city.

The Okanagan Lake Boat Company is maintaining its regular schedule between Summerland, Naramata, and Penticton. They are also giving a messenger service at nominal rates. 29tf

Word has been received here that T. R. Harwood, who enlisted as a bridge builder, has been turned down on account of his age. The same message stated that Mr Harwood would spend the summer on the prairies.

Rev. William Vance, pastor of the Methodist Church at Vernon, exchanged pulpits with Rev. A. Henderson of this place last Sunday. Mr Vance in some way went by Summerland on his journey down the lake and had to come up from Penticton on the Saturday evening train.

That Roscoe McWilliams is climbing the ladder of his recently chosen vocation is evident from the fact that he has been made wireless operator of the "Harold Dollar," a trans-Pacific liner. He is now on his way westward to Vladivostok, and will visit a number of ports in the Orient. As one of the officers of the ship he has assigned to him a cabin boy to serve him.

The West Summerland Local Improvement Club is a newly-formed organization formed, as its name implies, for the purpose of improving local conditions about the townsite. It is proposed to boulevard the south side of Granville Road, planting some trees, and also to build a gravel walk on the same street further east. A general clean-up of vacant lots, yards, and roadsides might well be undertaken by the club. We shall likely hear more of its activities, and of new improvements being undertaken. At the organization meeting T. H. Riley was made chief.

Capt. Rose of the R.M.R., Kamloops, and Sgt. Grant of Penticton spent Wednesday in Summerland seeking for further recruits for the Forestry Battalion. Capt. Rose, who in private life was editor of the Kelowna Courier, has never been able to pass the eye test that would permit him to go with the forces overseas. He now has prospects of going over in command of a draft of the Forestry or at least as a lieutenant. It will thus be seen that he has a special interest in trying to complete the draft. When seen during the afternoon the officers had not been successful in obtaining a single recruit, although they had the names of a number of prospects.

Captain Olsen and Mr Cox were two official visitors to Summerland last Saturday, viewing the College property, more thoroughly with a view to adapting the building to use for convalescent soldiers. From the nature of the data they were seeking, which was the exact accommodation to be had, the room dimensions, etc., it is hoped that the authorities are considering seriously the splendid advantages the property has for such a purpose. Mr E. W. Bateman, of Vancouver, C.P.R. right-of-way agent, was with the party here. He states that the C.P.R. hotel at Balfour, B.C., has already been leased for the accommodation of returned soldiers who must still be cared for. It was also the intention of the officials to pay a visit to Naramata during the course of the day.

St Andrew's Ladies' Aid entertainment, April 9th. Note the date. 33

Gunner James Kean returned to Vancouver last Saturday night after a week's holiday spent at home.

Mr and Mrs S. M. Young returned last Friday evening on the boat after a visit of three weeks or so to Manitoba points.

Mrs G. Raby, who, when visiting her daughter at the Coast, was taken ill and had to undergo an operation, is progressing favorably, and is expected to leave the hospital shortly.

A second daughter has come to add further cheer to the home of Rev. F. W. Pattison of East Northfield, Mass.—Helen Viccars Pattison, born March 7th, 1917.

Ed. Garnett, now of Calgary, has been spending the week about town attending to some business matters. As soon as he returns to the prairie city he intends to move out to his farm at Carlsbad. He will be leaving here for home on Saturday morning.

The Bishop of Kootenay will visit Summerland on Saturday next for the purpose of administering the apostolic rite of confirmation. Six candidates will present themselves. The service will take place at eleven o'clock on Sunday morning. In the afternoon the bishop will leave for Peachland.

Press dispatches from England appearing this week in the Coast papers recorded the death of Mrs Evelyn Hutton, wife of Major Hutton, of the Mounted Rifles. Mrs Hutton passed away at Clivedon, Somerset. She left "Bredon Hill," their handsome home here for England, about the time Major Hutton took his commission with the C.M.R.

What is perhaps the first reply to the national service registration among the male population of the country completed a few weeks ago has come to Summerland, Mr Gabriel Marshall receiving an intimation last Friday offering him employment in Montreal. Mr Marshall spent some years as a steel cutter in Scotland, and naturally there is a keen demand for workers in this line. His health, however, precludes Mr Marshall from leaving the Valley at present.

After an absence of six years or more from Summerland, Mr A. Kercher came in a week or so ago, accompanied by Mrs Kercher and two children, to establish his home here again. Mr Kercher has taken the Sam Scott house on Siwash Flat, removing thence from the Hotel where he has been staying. During his absence from Summerland Mr Kercher has been in business at the Coast, and later farmed on the Prairies. He has just sold out there to return to this place.

No less than four families are removing from Balcom within the next few days, three to other parts of the district, and the other away to the Coast. Mr Joseph Smith is removing down to the Experimental Station, Mr R. Carefoot and the family of his brother, are taking the house recently vacated by the Harwood family, and Mr Holmes and family is moving down to the flat in the expectation of having employment with A. Stuart & Sons. The fourth family making a move is that of Mr G. H. Bent, now on the Angus orchard, who is returning to the Coast immediately.

Mr and Mrs A. E. Smith of Sheerness, Alberta, and their family of six are expected to arrive here about the 20th. Mrs Smith is a sister of Mr T. J. Garnett, and both she and her husband have visited here before. Mr Smith has been operating a coal mine at Sheerness, and to escape the rigorous prairie winters they have been visitors to Florida. They find that Summerland has some advantages over that far-off corner of the continent, and the admirable climatic conditions here together with the excellence of our schools has made Mr and Mrs Smith decide to settle in Summerland. For the first season at least Mr Smith will work with Mr Garnett in his fruit growing and shipping business.

THE WOMEN'S INSTITUTES.

There was a good attendance at the West Summerland Women's Institute on Friday the 9th. Among the communications read was a letter from Mrs Lipsett stating that the Department had asked that all Institutes be urged to give all support in their power to the military work of the Y.M.C.A., and that Mr H. G. Estabrook had been appointed to field work in British Columbia. The territory assigned to him embraces the greater valleys of the Interior and the Cariboo country. It has been suggested that the most economical and expeditious way of working this broad territory would be by auto. There were a number of schemes suggested to raise funds and which will be tried. \$50 was the amount suggested to be raised by the West Summerland Institute. \$25 was donated to the local Red Cross Society. Miss Spencer gave a very interesting talk on "Utilizing Our Okanagan Resources," which will be carried out later on.—Cont.

Mrs J. M. Robinson is expected to arrive here to-morrow morning from the south by the K.V.R.

Mrs C. J. Thomson and her daughter, Miss Mae, left last week-end to join Mr Thomson in Australia.

As announced elsewhere in this issue an entertainment is to be given in Naramata for the benefit of the Red Cross in which both Naramata and Summerland talent will participate. The program is under the efficient direction of Mrs Walters, Mrs T. I. Williams, and Miss Walker.

Doings of Peachland

[Continued from Page 3.]

the school room of the Baptist Church on Friday afternoon at three o'clock. The president, Mrs Douglas, was in the chair. A communication from Mrs R. C. Lipssett of Summerland was read by the secretary, Mrs Robinson, asking that the Peachland Institute co-operate with other Institutes in the Valley to procure a motor car for the military branch of the Y.M.C.A. The car would be of great service to Mr H. G. Estabrook, secretary, who is collecting funds for the work, and whose territory covers the Cariboo district and other outlying places in B.C. which are only reached by stage once or twice a week. It was decided to give \$10 out of the Institute treasury and to collect as much as possible to add to this amount. Mrs Ferguson and Mrs Smalls were appointed to collect the money. Mrs A. Town gave the following motto for the month: The thing that goes the farthest in making life worth while That costs the least and does the most, Is just a pleasant smile.

'Tis sweet to be remembered and a pleasant thing to find That though you may be absent you still are kept in mind.

The roll call was answered by names of British Columbia lakes and rivers. Mrs Clarence read an

instructive paper on the care of house plants, which gave many valuable hints to flower lovers. Misses Olive Ferguson, Pentland, Ilva Murdin, and Verna Town, accompanied by Mrs Mitchell gave a pleasing song.

An amusing and instructive competition in buttonholes followed. Thread, needles, and the buttonholes already cut were given out, and twenty minutes allowed to complete them. There were some funny looking buttonholes, or attempts at buttonholes, and a good many laughs because some did not know how to start nor which way to sew, but there were many beautifully worked ones, and the competition was pretty keen. Mrs Douglas and Mrs Clarence were the judges, and Mrs Smalls came first, and Mrs Keating second.

Mr A. J. McKenzie went to Olds, Alberta, on Wednesday morning, where he hopes to make an exchange of his fruit lot for a wheat farm there.

Mr Hugh Williams went to Gellatly's on Wednesday morning to do some blacksmithing work for Mr Gellatly.

Mr J. D. McDonald and Miss Montgomery of Penticton came up on Wednesday morning and are visiting Dr and Mrs Buchanan.

Guests registered at the Edge-

REGULAR COUNCIL SESSION.
(Continued from Page 1.)

A. A. Derrick was granted a rebate from water rates to a Peach Orchard lot to which service cannot be given. He also asked for some measure of control over the dogs of the place, to curb the damage animals running at large are causing, particularly at nights to poultry, rabbits and such like. Mr Derrick said he had suffered fifty dollars worth of damage last year, and he knew of another man who had lost a large number of rabbits. It developed during the discussion on this point that a person is quite at liberty to shoot or otherwise dispatch a dog on their premises if the animal is caught doing damage. The law is quite specific on this point.

This brought up the appointment of a constable to succeed Mr Brown. The appointment, it would seem, has to be made by the police commission, but it has been customary to combine in one the offices of sanitary inspector and constable. Mr Derrick was asked if he would consider taking the position, and though quite unprepared for the offer intimated that he would entertain the idea. No appointment was made in the end, however.

Accounts authorized by the Finance Committee for payment were as follows:

A. Stewart & Sons, stable rent	\$19.93
W. R. Shields, smithing	10.93
J. S. Ritchie, harness repairs	7.40

Boy Scout Column

SUMMERLAND TROOP BOY SCOUTS.

Headquarters—ELLISON HALL. Meets every Friday in Ellison Hall. Visitors cordially invited to attend. Recruits apply at any meeting. Scoutmaster J. Tait.

The Scouts held their weekly meeting on the 2nd, the chief item being the choosing of Patrols. The leaders and seconds had already been chosen, so the choosing was quickly done.

After the roll had been called by the Assistant Scoutmaster the boys closed in and the Patrol Leaders chose their boys. A list of the patrols will be given next week. Scoutmaster Tait then spoke a few words to the patrols. The Scouts are expected to give a monthly donation to the funds, the idea being to have a fund on hand for the purchasing of badges. After a discussion on various matters the meeting broke up for the evening. Robert Hatfield has been chosen as librarian for the year 1917.

Last Friday night, the 9th, was a busy one for the Scouts. The Scoutmaster was only able to stay a short time, but the Patrol Leaders were left in charge. Each patrol was put through its paces by its leader, and a real good night's work was done. The patrols are each intending to specialize in a certain line, such as: Ambulance, Signalling, etc.

After an hour's work of marching, staff drill, and signalling, the meeting was broken up for the night. Some Tenderfoot tests were passed.

Each Scout has now a printed card on which is set forth all the badges won and initialled by the examiner. Thus the Scout has a complete record with him all the time.

Next Friday will be tumbling exercises.

Own Two Pairs of Shoes

A man who buys one pair of shoes and wears them until they are worn out, isn't treating his purse or his feet right.

Buying two pairs of shoes and alternating their wear, rests your feet and keeps them in good trim.

And those two pairs of shoes will last longer than two pairs bought on any other system. --- Shoes need rest just as feet do.

But whether you want one pair of shoes, or two, doesn't affect the HIGH QUALITY and GOOD VALUE of those you buy here.
