

The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 10, No. 1. Whole No. 470.

SUMMERLAND, B.C., AUGUST 3, 1917.

\$2.00, payable in advance.

Auto Tumbles Over Precipice

Five Occupants Escape With Little Injury.

In a motor car accident on the Lakeshore Drive a few miles south of Trout Creek, Mrs. J. W. S. Logie was on Sunday afternoon painfully injured. The others of the party all received wounds or bruises. That the five occupants of the car which rolled off the side of the road to the lakeshore about 30 feet below, should all have escaped with their lives, seems little short of miraculous.

Mr. K. S. Hogg, with Mr and Mrs J. W. S. Logie, Mr Hogg's little daughter, Isabelle, and her young friend, Marjory Merrill, went down the Lakeshore Drive to a point about half-way to Penticton, where the road rises on a low lying bench, possibly about 30 feet above the shore below. It was while turning the car at this point that the accident occurred. The rear wheels slipped over the side of the bank, and being out of control, the car slid quickly down the steep gravelly cliff until it struck a pine tree which checked its fall long enough to permit the front end to swing round when the car continued its fall, rolling over twice and landing up side down on the shore.

On the last turn Mrs. Logie was thrown clear of the car, where she was found by Mr Logie, lying close beside it, when he crawled out from under the wreck. Mr Logie escaped with nothing more than a nasty wound on the forehead, caused, he thinks, by a blow from some of the spilled tools which were flying about during the fall. The two girls and Mr Hogg were thrown clear of the car and escaped without serious injury. The two children were started off at once toward Summerland for help, and were away but a few minutes when a car from Penticton arrived on the scene and hurried on to Summerland, picking up the children on the way. A few minutes after a south bound car arrived and hurried on to Penticton with a call for medical aid, and before Mrs Logie was placed in a car to be brought to the hospital, a second doctor had arrived from that town.

A surprising number of cars quickly gathered, ready to render assistance. Fortunately, the accident was not as serious as was feared.

Proposed Irrigation System.

The proposal to instal an irrigation system fed by a pipe line twenty-seven miles up the North Fork of the Kettle River to reclaim 3,000 acres of Grand Forks Valley land at a cost of \$500,000, was laid before Hon. T. D. Pattullo, Minister of Lands, during his recent visit to the Boundary district. The minister promised that a departmental expert would investigate the project this fall.

Expecting a Big Yield.

The district of Kelowna, in itself but a comparatively small part of the Okanagan, will have a tremendous production of fruit and vegetables this year, according to Mayor D. W. Sutherland of Kelowna City. He states that in the Kelowna district this season's crop should produce a thousand carloads of potatoes, a thousand carloads of onions, four hundred carloads of tomatoes, and nearly three thousand carloads of fruit.

Fire Fighters Were Entrapped

Big Forest Fire Near Vernon Worst in Years.

Seldom has the city been subjected to more apprehension and excitement says the Vernon News, than that occasioned last Friday night when word came in that 26 men who were fighting the forest fire on the east side of Kalamalka Lake had been surrounded by the flames and were shut off from escape. All sorts of wild rumors were prevalent, and relief parties were rushed out to the lake from all quarters, every available car in the city being called into requisition. The worry and uncertainty continued through the night, many of the men, most of whom were members of the B.C. horse, having wives and families in town, whose suspense was almost unbearable, until the welcome news was received shortly after daybreak that all the men had succeeded in fighting their way through the girdle of flames, and had emerged safely.

The men who were subjected to this fiery ordeal, and who so narrowly escaped a terrible death, are not likely soon to forget their experience of last Friday night. They had been fighting the fire all day under a broiling sun, with the thermometer over ninety in the shade, and the heavy gale of wind which came up in the afternoon and blew steadily all night, swept the flames through the timber at a terrific pace. Faint with hunger, heat and thirst, the men at times were taxed to the uttermost to maintain the struggle to reach a point of safety, and at times some of them were so exhausted as to almost succumb to weariness and despair. Their escape was almost miraculous, and furnishes one of the most thrilling chapters in the history of fire-fighting in this district. One of their pack horses was burned to death, but fortunately all the men escaped without any injury beyond the strain of exhaustion to which they were subjected.

The fire which now extends over 15 miles in length has been burning for nearly three weeks, and is the worst fire that has raged here for the past twenty-five years. About seventy men are now engaged fighting it between the Oyama district and Blue Nose Mountain, and are holding it in check, though nothing but a drenching rain will extinguish it.

A meeting of fruit growers of the Coldstream district was being held that night, and broke up to rush to the assistance of the fire-belonged men.

Of the cause of many fires the News says:—Despite the fact that for many years the press of the province has been untiring in its warning and admonition to campers and others to be careful to extinguish all fires, and to see that no burning matches, cigarette ends, etc., are responsible for starting such blazes, the fact remains that a very large percentage of fires of this nature are caused by sheer carelessness. This blaze should afford a striking object lesson which should make an impression on even the most indifferent minds. It was only by the most narrow margin that the district escaped being thrown into mourning over the loss of many lives on Friday night. The loss of timber with its attendant depletion of the water supply which feeds the sources of our irrigation system is a heavy one, and it is hoped that one object of the fire will be to make everybody determine to exercise all possible caution to prevent further occurrences of this nature.

Entrance Writers Are All Successful

Summerland Public School Makes Splendid Showing.

Hugh McIntyre Wins Governor-General's Medal.

The results of the High School Entrance Examinations, which were held on June 25, 26, and 27 at 95 centres throughout the province, have been announced by the Department of Education. The entrance class of the Summerland Central enjoys the unusual distinction of having every one of the candidates passed into the High School, 13 in all. Two candidates from a neighboring school wrote with the Summerland class, but were not so fortunate.

One of the ten bronze medals donated by His Excellency the Governor-General of Canada to be awarded to class leaders in municipal schools of the province comes to Summerland, having been won by Hugh McIntyre, who made a total of 764 out of a possible 1100.

Results in other Valley centres are:

	Candidates	Passed
Armstrong	14	12
Enderby	19	14
Kelowna	30	22
Naramata	7	3
Peachland	9	8
Penticton	23	21
Vernon	38	32

Of the above Miss Flora M. Ball of Kelowna scored the highest, making 800 out of the possible 1100. The highest in all the province was 864.

SUMMERLAND CENTRE.
Summerland Municipality.

(Continued on page 2.)

Nine Carloads Of Peaches.

Greta Ranch Will Ship That Quantity This Season.

Nine carloads of peaches! A fairly respectable quantity of this fruit to be shipped from one orchard. Yet the Greta Ranch expects to ship at least that quantity of peaches this year, and the total may run to ten carloads. Last year eight carloads were shipped, and the crop will be considerably heavier this year, according to Manager J. T. Long, who now has fourteen men busy thinning peaches, in what he claims is the biggest peach orchard in the Valley. The first peaches of the season were shipped from the Greta Ranch on Monday. They were Sneeds. Apricots and tomatoes are also being shipped.

Crops seem to be running uniformly heavy from year to year on the Greta Ranch for this is the third year in succession for a heavy crop of peaches. Cherries were again good this year, and the apple trees are heavily laden, so much so that considerable expense must be incurred in thinning.

Mr Long attributes the excellency of his crops and the fine condition of his trees to clean cultivation. He is a firm believer in this method, with frequent sowings of clover to be plowed under.

Production in Okanagan Has Greatly Increased.

Big Jump in Output of the District in the Last Two Years.

Figures compiled from government statistics show that in 1914 the tonnage exported from this Valley amounted to 31,558 tons, valued at \$985,088, while in 1916 the tonnage had jumped to 52,248 tons, with a value of \$2,232,249. This shows an increase in two years of 226,690 tons, carrying value of nearly a million and a half dollars, or to be exact, \$1,246,381.

During the three years since the outbreak of the war, the statement continues, the Okanagan has contributed 20 per cent. of its entire population to the fighting forces of the Empire.

Great damage to gardens and crops is reported from certain sections of the State of Washington. In some districts where a week before the temperature was 100, the ground was covered with white frost.

fully as Chairman of the Board of Okanagan College for many years. In addition he was a leading officer and constant loyal worker in the Baptist Church.

As a man of the highest integrity and ideals, and as a wise counselor, a staunch friend, and a public spirited citizen, he will be greatly missed by a host of friends and admirers, and by the community at large.

The funeral service, conducted by Rev. Messrs White and Hendy, was held on Monday forenoon, jointly with that of Alex. Harbottle, at Parkdale Baptist Church, interment being made at Summerland cemetery. A memorial service will be held in the same church next Sunday evening.

Besides his aged mother, and a large number of brothers and sisters, who occupy prominent positions in Western Canada, Dr McIntyre leaves his wife and three children, Miss Joan, and Masters Donald and Hugh. These relatives have the sincere sympathy of the entire community which shares with them the loss sustained.

Potato Plots Scoring High

Official Examiner Delighted With Results.

Summerland is in a good way to win the provincial prize in the boys' and girls' potato competition, according to the official judge, Mr. W. Gibson, of the Department of Agriculture, Victoria, who spent Thursday inspecting the fourteen plots in this district entered in the competition. Each of these plots contains one-tenth of an acre, and Mr Gibson found all of them in first-class condition. In only one did he find any trace of disease, a little scab. So far Summerland leads all that he has yet examined.

Mr Gibson informed the Review that every one of the local contestants was doing his or her work faithfully, but, while he had not made up the scores, he named three girls whom he thought were leading. The score of one of these he had totalled, and it made 98 out of a possible 100. In every case, Mr Gibson says, the young folks have beaten their fathers, their crops being excellent. He had also visited the Experimental Station, and while he had seen potatoes there nearly as good as he had found on the plots, the latter all excelled the Farm.

Each contestant will be required to send 20 pounds of potatoes to the seed fair, where there is the possibility of making another score of 100. There is yet another 100 possible, offered for the best written report on the season's experiment. Thus a score of 300 in all is the aim. The one making the highest will be awarded a substantial prize by the Department of Agriculture.

Contests are also being held in pigs, calves, and poultry. The object of these contests is to instil a better system of farming into the minds of the young.

Mr Gibson expressed great delight with Summerland and the interest shown by the young contestants.

Normal School Students Must Attend Victoria

Owing to the steadily increasing attendance the education department has decided that for the next session and hereafter the Provincial Normal School at Vancouver shall only receive students from the immediate vicinity of Vancouver, and from the lower mainland as far east as Hope on the main line of the Canadian Pacific Railway, with the proviso that the maximum attendance at that school shall not exceed two hundred and twenty-five students. Further, that all students from Vancouver Island, the Gulf Islands, and the mainland east of Hope, shall attend the Provincial Normal School at Victoria.

It may be recalled that the travelling expenses of all students attending both of the Provincial Normal Schools are paid by the Provincial Government.

Notice is also given that all students who purpose attending Normal Schools should govern themselves accordingly in making application for admission. The next session of the Provincial Normal Schools opens on August 20, and all students are reminded that application should be made as early as possible. According to regulations the last day for receiving applications is August 10.

OBITUARY.

ALEXANDER HARBOTTLE.

After a lingering illness of several months death came last Sunday morning to Mr Alexander Harbottle, who had been for some months a resident of Summerland.

Mr Harbottle was a native of Ontario, but came west to the prairies with his parents when an infant. For some years he had been farming in a large way in Saskatchewan, and only last year disposed of his farm and home there when ill health made it advisable that he seek a better climate. Coming to Summerland last October with his wife and two little ones some weeks were spent with Mr and Mrs G. J. C. White, but latterly the family have been living in the T. N. Ritchie cottage. It was the privilege of but few of our citizens to have known Mr Harbottle, but to those few he was known as a man of excellent character. He was only a young man of about 30 years.

The funeral was held jointly with that of the late Dr McIntyre, both bodies being placed side by side in the Parkdale Baptist Church, where the funeral service was held. Conveyed side by side on the same motor vehicle (they had been next door neighbors, and both departed this life at the same hour) the remains were at the same time committed to their respective graves in a short ceremony, conducted by Rev. G. J. C. White.

The bereaved widow, who has the heartfelt sympathy of all, will remain in Summerland with her two young children until fall at least.

JAMES P. MCINTYRE.

In the death of Dr Jas. P. McIntyre last Sunday morning, after a lingering illness of several months, Summerland lost one of its best known and highly esteemed citizens.

Dr McIntyre was born near Perth, Ontario, and as a youth came to Winnipeg, when his family moved there in 1880. He early took up the study of medicine after completing his collegiate course, and was graduated from the Manitoba Medical College with Honors. Later he completed a Theological course at McMaster University preparatory to entering the Baptist ministry. For some years he held successful pastorates at Moosejaw, Sask., and Birtle, Man. Subsequently he returned to the medical profession and built up a splendid practice at Pilot Mound, Man. Tempted by the larger field he later moved to Winnipeg, and the expectations of the work there proved too much for his strength, resulting in a severe illness about 10 years ago, which forced him to relinquish medical practice.

About 9 years ago Dr McIntyre and his family moved to Summerland and engaged in fruit farming. During this period his health improved greatly, so that he was able to take an active part in the public life of the community. He was always ready to sacrifice himself in service. For some years he acted as Chairman of the School Board, where his mental acumen and grasp of educational problems were of great benefit. He also served faith-

BUTTERMAKING ON THE FARM.

IN BULLETIN NO. 53 of the Dairy and Cold Storage Branch of the Department of Agriculture, Ottawa, Mr George H. Barr, Chief of the Dairy Division, in descriptive form deals with the process of butter-making from the raw milk until it is ready for the market. He points out the defects sometimes found in dairy butter, and explains how they are caused. He tells of the conditions that are necessary to produce fine-flavored cream, of advisable methods in creaming, and of the use of the separator. He gives statistical tables of results of separating at different temperatures and at variations of speed. He describes what is necessary to get rich cream, and the manner in which it should be prepared for churning. He advises as to salting and working the butter, and counsels as to the wisdom of care in packing and of using parchment paper of good quality. After passing reference to the regulations regarding the branding of butter, he concludes with some suggestions as to utensils and their care, and the way to get the best results in farm dairy work. Blue prints of the plans given can be had from the Dairy and Cold Storage Commissioner, Ottawa, and the bulletin itself can be had free from the Commissioner or from the Publications Branch of the Department of Agriculture, Ottawa.

WHILE fully endorsing the stand of the Municipal Council that that portion of the Lakeshore Road passing through the Municipality should be maintained by the province, the Review would respectfully point out to our Municipal authorities the risk of suit for damages they are running by totally neglecting the Lakeshore Drive within the municipal limits. While morally it is up to the government to maintain this road, we fear that if an accident occurs the municipality will be legally responsible. There are two very bad places on the road between H. C. Mellor's and Crescent Beach that may cause an accident at any time. We have already called attention to the Gartrell corner.

THERE WAS PUBLISHED in these columns recently a dispatch from Victoria stating that a commission had been appointed to inquire into the irrigation systems of Peachland, Westbank, and Summerland. An official advertisement in this issue fully explains that dispatch. This commission is to investigate the conditions at Westbank, the two systems at Peachland and the Naramata system. The cause for Summerland's name appearing in the report was due, no doubt, to the fact that the company which put in the system at Naramata was originally known as the Summerland Trust Company.

OKANAGAN APPLES may yet be shipped to Australia this fall. The sister Dominion has not yet placed an embargo on Canadian apples, and though there remains the possibility that she may do so Sir George Foster, Canadian Minister of Trade and Commerce, is still hopeful. He recently replied to Hon. J. Oliver's enquiry on the subject that representations had been made last week by the Dominion Government to the Government of Australia with a view to intercepting any embargo on the importation of Canadian apples into the Commonwealth.

POLITICAL FRIEND and opponent alike will hear with regret of the serious condition of health of Sir Richard McBride. Sir Richard was to have left for British Columbia over two weeks ago, but his medical advisers have refused to permit him to attempt the journey. So bad is his eyesight that he is now unable to read.

THE BOARD OF TRADE was disappointed in the action of the Council with reference to Daylight Saving. There will be no need to go to the Council next year on this subject. Sir George Foster's Daylight Saving Bill is making good progress through the House at Ottawa, and will be in good time to inaugurate the plan throughout all Canada next spring.

Asks Women To Abandon Styles.

A movement is being started among Vancouver women to bring about the abandonment of styles, and the Council of Women is bringing the matter before the attention of its members. It is felt by many women leaders that, in view of the growing need for war economy, clothing should not be discarded just because it is "out of style." The women's committee of the Defence Council of the United States has just launched an appeal to the women of that country to "wear the clothes you have, so that man-power now engaged in feminine fads and fripperies may be released for real war service." It asks them to "allow the un-

lightened men to find fault with you," and strongly condemns the insistence of women on "something exclusive to tickle her vanity and arouse envy in the next-door neighbor's house."

A party of members of the Kelowna Farmers' Institute visited the Experimental Station here last Saturday.

The Stewart Fruit Co. shipped a carload of apricots early this week, the first to be shipped from the Valley this year.

HER ANSWER.

An applicant for a telephone job at Memphis, when asked if she had ever had any operating experience, replied: "Yes, I have had my adenoids removed."

Robbery at Kamloops

Frank Pare was held up and robbed the other night near Kamloops by two men who stopped him when he was driving to town. They asked him for a match, then told him there was something wrong with the bridle on his horse, and when he got out to investigate, robbed him, taking \$27 and some papers. The papers were later found on the roadside, but there has been no trace of the hold-up men.

R. T. Cook and his mother are now living in the Male cottage, Peach Orchard.

The commission appointed to investigate irrigation matters at Naramata, Peachland, and Westbank is sitting at Naramata to-day.

Summerland telephone operators and those of the government and Okanagan Co. offices at Penticton enjoyed a picnic at Okanagan Falls on Thursday afternoon.

Although we have not been able to get a list with the records made we hear that all of the first year class in the High School have been promoted to second year.

Principal McIntosh and Mr Denton of the High School have returned from Victoria where they have been taking special studies at the summer school for teachers.

An exchange gives among Okanagan casualties recently reported, the name of Lieut. L. H. Garnet of Summerland, killed in action. Enquiry about the district fails to enlighten us as to who this might be, as no one of that name is known to have enlisted from Summerland or to have relatives here.

The water sports at the government wharf yesterday afternoon were, under the circumstances, fairly well attended, and gave much pleasure both to participants and onlookers. Prizes were competed for in swimming, diving, etc., including the usual greasy pole stunt; The Red Cross Society, who arranged the afternoon's sports, also had refreshments on sale. In all about forty-five dollars profit was realized, all of which will be devoted to Red Cross work.

ENTRANCE WRITERS ARE ALL SUCCESSFUL.

Mrs Borton, senr., came in over the K.V.R. from Vancouver this morning.

Mr Gordon Dinning of the Bank of Commerce, left Friday last for Princeton. Mr Dinning was a very popular young man in town, and will be much missed. He was a very active member of the Fire Brigade, and has done useful work in that connection. He was also lately secretary of the Tennis Club, and foremost in most of the sports which are left to us in these times.—Kelowna Record. Mr Dinning is well-known in Summerland, having been with the Canadian Bank of Commerce here for some time before going to Kelowna.

For some time the advantages of having an organization of local automobile owners have been apparent, but until now no definite move toward organizing has been made. With the steadily increasing number of cars being used here the need of organization is increasing, and a meeting for this purpose is announced in this issue. Better roads, making travel more safe, the prevention of fast and careless driving are some of the desired objects which may be attained by organizing. Further publicity for Summerland and advantage to individual members may also be had by making it possible to have affiliation with other automobile clubs.

Mrs A. Bird and her son Eddie, and daughter Sadie of Vancouver, are visiting at the home of Mrs E. Vanderburg for a month.

Mrs H. B. Young and three children went down to the Coast on Wednesday to spend three weeks with relatives in Bellingham and Seattle.

Mr and Mrs A. B. Elliott went out to Caster, Alberta, on Monday morning to attend to some business matters in connection with property they hold there.

Mr Harold Sharp, brother of Sydney Sharp, surprised his brother on Wednesday morning when he arrived from San Diego. Mr Sharp was a former resident of this district.

E. Walton of the Red Deer district of Alberta was a recent visitor to Summerland, coming here to look over the McLaren property with a view to exchanging his prairie farm for that well-known fruit orchard.

E. A. W. Cooper is now a wireless operator on a trans-Pacific liner. In a recent letter to Mr and Mrs G. J. C. White, he tells of calling at Vladivostok and at ports in Japan and China. He was then about to sail for Manila.

That his brother's wife, Mrs J. H. Sharp, with her three children, had safely arrived at Halifax from England and were leaving at once for Summerland, was the surprising news received by S. F. Sharp over the wires this week. They will make their home here, to be joined by Mr Sharp after the war.

Mr R. C. Barker, recently appointed to the position of C.P.R. Agent here, visited Summerland with Mrs Barker last week-end. They are greatly delighted with Summerland, and are looking forward with much pleasure to making their home here. While here Mr Barker leased the Anderson cottage on Lakeshore Drive, and is now at Revelstoke preparing to move his household effects. After his three weeks' vacation, beginning August 1st, Mr Barker will assume charge at the C.P.R. office.

O. E. FISHER, Traffic Manager. H. B. YOUNG, Agent, West S'land.

Mr W. P. Secrest is the owner of a fine new Studebaker car.

Jas. Fyffe had a cow killed on the railway near his home last Saturday.

When in Penticton call at The Glen for some of that delicious Ice Cream and Ice Cold Drinks. 47tf

Miss Marjorie Beckwith of Victoria is spending the summer here with her cousin, Mrs W. M. Wright.

Mrs Fred Cooper of Vernon, who with her three children has been visiting with Mrs McLaren, Jones Flat, returned to the north Okanagan city on Monday morning.

Mrs Young, who has been some weeks stenographer at the Municipal Office, has returned to Vancouver. Mrs Rice, niece of the Misses Spencer, with whom she has been staying for some time, now has the position.

Couns. Johnston and Campbell of the Public Works Committee, and W. M. Wright went up to the headwaters of Trout Creek, leaving here on Wednesday, going by way of Fish Lake and head of Eneas Creek. They planned to return through Peachland.

In a letter received from Liverpool, England, last week Mrs T. H. Walker learned the sad news of the death of her youngest brother, Private H. O. Pearce, who was killed in France by gun fire while in action on the 30th June. Mrs Walker has two other brothers on active service in France.

Mrs Weaver of Edmonton, with her two little children, arrived here by boat on Monday evening to visit at the home of her uncle, Mr S. M. Young. Mrs Weaver will be remembered by many of the older residents as Miss Myrtle Williams, she having spent a year here with Mr and Mrs Young about seven years ago.

Two names in addition to the four announced last week might have been included in the lists of students successful in passing the Matriculation Examinations. These two are, Miss Belle Vanderburg and Miss Kathleen M. Elliott. These two young ladies completed their Matriculation examinations this year, making the total six out of seven.

An obvious error crept into the item of last week telling of the Dominion Horticulturist's comment on the plants at the Demonstration Farm here, and of the crop prospects. It was stated that Mr Hilborn expected soon to be shipping 1,000 crates of cucumbers a day. This is the quantity he probably will be shipping each week during the height of the season's picking.

In several letters written since his arrival in France, Pte. W. D. Smith gives his parents, Mr and Mrs J. O. Smith, some of his impressions of that country and of the soldiers' life there. Like many other soldiers he is impressed with the havoc wrought by the conflict, especially with the torn surface of the earth which has been converted into a broad area of craters, shell holes, and torn trenches. Even more is he impressed with the immense transportation organization and its perfection. "You talk about your traffic in a great city, but it cannot beat some of these cross roads about three or four miles behind the line at about eleven or twelve o'clock at night." Pte. Smith is on construction work and has a variety of jobs. Much of this is done at night. For a time it was most uncomfortable, standing in mud to the knees, building roadways. This was during the spring. Lately a little rain to settle the dust would be welcome. Spontaneous of how welcome the home parcels are, the writer praises the Home Comfort Club for their good work. And the Canadian parcel, so full of good things to eat, is especially appreciated. His suggestion of an ideal package includes a piece of good old fruit cake, some home-made jam, biscuits, comb honey, a tin or two of ham and tongue, a piece of soap, and a pair or two of socks, not forgetting plenty of chocolate and gum. Of the Military Y.M.C.A. Pte. Smith says: "That is an institution that should have all the support possible." In his last letter the writer tells of working in a sawmill just behind the line.

Mr and Mrs C. E. Rennie were week-end visitors with friends at Penticton.

The ferry will resume its Thursday afternoon trips to Penticton on and after next Thursday, July 5th.

Miss Verth of Toronto, with her niece Miss Thompson of Gladys, Alberta, are guests of Mrs E. Vanderburg.

Mrs Crossen of Victoria arrived here on Monday morning to spend a few weeks with her daughter, Mrs John Tait.

Moonlight excursion! Penticton and return 50 cents, Saturday, August 4th. Leave Naramata 6.30, Summerland 7.00.

Mr and Mrs S. F. Sharp are camping at Naramata, where Mr Sharp is in charge of the Union packing house.

Mrs Lott of Vancouver, with her three children, Misses Alma and Dorothy and Master Gordon, is visiting with her parents, Mr and Mrs S. B. Snider.

Rev. H. G. Estabrook, secretary of the military Y.M.C.A., with headquarters at Victoria, came up to attend the funeral of the late Dr McIntyre. He returned to the Coast on Wednesday evening.

Dr and Mrs Andrew, and Mr and Mrs C. W. Lees, with Mr and Mrs Stark made a motor trip to Grand Forks and return the first of the week. They are delighted with the two days' outing and with the magnificent scenery.

Private W. J. Taylor, of the C.A.M.C., Esquimalt, was a recent visitor to his home here, having been called home because of the serious illness of Mrs Taylor. Fortunately Mrs Taylor's health is now improved.

Mr W. C. Kelley was the leader of the service in the Parkdale Baptist Church last Sunday evening, and delivered a sermon on "Man's Attitude toward Life," in a manner that would never betray him as a novice in the pulpit.

Until further notice will the several contributors of Summerland and West Summerland to the Military Y.M.C.A. fund please make all payments to Mr G. Lloyd McWilliams at the West Summerland Drug Store.—H. G. Estabrook, secretary.

Having been advised when at Victoria some weeks ago that he would be given his discharge, and that it would be forwarded from Ottawa, Finley McWilliams was naturally considerably surprised when he received an order last week-end to again report to Victoria. He came down from Vernon the first of the week and went on to the capital from here.

The Pioneer Livery has recently added to its equipment a motor truck capable of carrying a good-sized load. With this additional equipment the Messrs English will be better able to attend to the needs of their many customers. It was but a few weeks ago that these enterprising citizens provided themselves with a touring car for livery work.

A lady who formerly lived in the Wenatchee Valley, but for several years has been a resident of this Valley, spent last week-end here on her return from a visit to the more southern fruit district. She expressed some surprise when served with ripe tomatoes on Sunday, remarking that she had not seen a ripe tomato nor one near ripe in the section of the Wenatchee in which she had been visiting.

There was somewhat of a shortage of beef in the community last week. Especially was this found by those who placed orders with Ronnie's meat store. Mr Ronnie explains the shortage as being due to the unexpected demand on his stock, but gives assurance that he will not be so caught again. He has now arranged to have fresh supplies of beef three times a week of locally grown and fattened animals. To better cater to his increasing business Mr Ronnie announces this week in his regular advertising space special delivery days. In addition to filling the local need he also sends meat to Mincola and to Peachland.

If your eyesight is defective consult the specialist at Rowley's Jewellery Store, Summerland, Friday, Aug. 10th.

Every automobile owner in Summerland and vicinity is urged to attend a meeting to be held on Monday at 8 p.m. in the Board of Trade rooms for the purpose of organizing.

A memorial service for the late Dr J. P. McIntyre will be held in the Parkdale Baptist Church on Sunday evening at 7.30. There will be special music by an augmented choir. Miss Snider will be soloist.

The lower bridge over Eneas Creek in Peach Orchard has recently been strengthened by a new top.

Miss Hood of Vernon has been assisting Indian Agent Brown with his office work this week.

Mr Arthur Holmes has been visiting at Grand Forks for some days. She is expected home on Saturday night.

Lieut. Marquis Despard, of the Royal Fusiliers, and son of Rev. A. V. Despard of Vernon, has been reported killed in action.

The Stuart Fruit Co., and T. J. Garnett have each purchased trailers which, attached to the rear of autos, enables them to handle fruit speedily. Several trips of auto and trailer, each carrying good loads, can be made from orchard to packing house and from packing house to car while a team would be making a single trip.

SYNOPSIS OF COAL MINING REGULATIONS.

COAL MINING RIGHTS of the Dominion in Manitoba, Saskatchewan, and Alberta, the Yukon Territory, the North-West Territories, and in a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 per acre. Not more than 2,560 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections or legal sub-divisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of \$5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year. The lease will include the coal mining rights only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

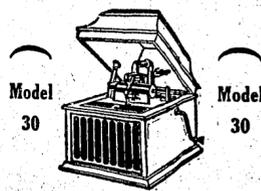

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.
N.B.—Unauthorized publication of this advertisement will not be paid for.

CARD OF THANKS.

Mrs McIntyre and family extend sincere thanks to the many friends who have been with them in their bereavement and by kind words and kindly acts have tried to lessen their sorrow.

Naramata News

Current Events of Town and District

Mr and Mrs C. C. Aikins, Miss Gladys Robinson, and Miss Zella Smith motored to Ashnola last week-end. The party was very successful in its catch of fish.

Mr Carroll C. Aikins went to the Coast on Thursday to look into the matter of installing a pumping plant. He came home on Sunday morning, but left again for Vancouver on Monday to complete his arrangements. Mrs Aikins is expected home on Wednesday.

Lieut. Bruce Cash came down from Vernon to spend the week-end at his home.

Mr Victor Watson, Mr Wm. Nuttall, and Master Duncan Leckie walked to the upper dam on Friday. They camped there that night, and very early on Saturday morning attempted to locate the position of Summit Lake. After several hours futile search for the lake the party returned home late on Saturday afternoon.

The Summerland English Church held a Sunday School picnic at Naramata on Thursday afternoon. The picnickers came over on the eleven o'clock ferry, and after a very enjoyable afternoon spent in swimming and games they returned to Summerland on the five o'clock ferry.

Mr John McLean of West Summerland spent the week-end with Mr J. M. Robinson.

Mr and Mrs Bentley, and Mrs T. P. Thornber and children spent last Friday in Naramata on a picnic.

The regular weekly meeting of the Naramata Red Cross was held on Saturday afternoon in the Unity Club. Mrs Aldridge, the secretary, read a letter from headquarters in which the ladies were urged to knit as many socks, Balaclava caps, and mufflers as possible for the soldiers during next winter's campaign. Through the kindness of Mrs Hancock and Mrs Allen tea was served to the workers.

Mr Ernest Noyes came in on Thursday morning from Victoria to spend a couple of months with his parents.

Mrs Chas. Day, Mr Wm. Plunkett and children of Chesaw, Wash., spent a day or two in Naramata. As they had heard a great deal of the beautiful Okanagan Valley they determined to see it for themselves, and were greatly charmed.

Miss Goldsmid of Vancouver spent the week-end with Mrs S. B. Cash. Miss Goldsmid is on the staff of the Vancouver Province. She is touring the Interior of B.C. in order to write up the berry pickers and fruit packers.

Capt. Languedoc has been offered the command of an ocean going vessel.

Mr Charles Johnson is building a warehouse for the Okanagan Lake Boat Co. on the government wharf between the packing houses of the Naramata Fruit Union and the Naramata Supply warehouse.

The pupils of the Naramata School who were successful in passing their Entrance exams, were Alice Myers, Ralph Boothe, and Cyril Rayner. Harold T. Allen passed his junior year in the High School.

Sidney Sharp, manager of the Naramata Fruit Union, Mrs Sharp and their son, Stanley, moved to Naramata on Saturday. They will live in the Dean's cottage during the packing season.

Miss Mayda Williams and Miss Bouchard gave interesting addresses to the Sunday School scholars on Sunday afternoon on the subject of Home Missions.

Mr T. H. Boothe has resigned his position as Principal of the Nanaimo High School, and has accepted a position with the Manufacturer's Life Insurance Co.

Mrs Jack Lawler and Mrs George Craig motored round from Summerland to Naramata on Sunday and spent the afternoon with the Misses Robinson.

Mr Ernest Noyes went to Westbank on Wednesday morning.

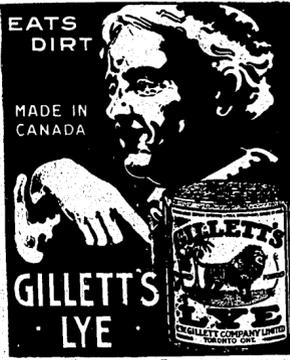

Mr Wm. Steele has been confined to his bed for some time by a severe illness.

At a meeting of the Naramata Water Board on Saturday afternoon it was decided to levy a tax of fifty cents per acre on all orchards to provide for the repayment of a government loan for irrigation purposes.

On Saturday night the young people of Naramata were entertained at a fancy dress party at the home of Mrs J. M. Robinson.

Mr Harold Sharp came in on Thursday from California. Mr Sharp was one of the early timers of Naramata, coming here the year Naramata was started.

Word has been received by Mr Everett Mason and Mrs Languedoc that their brother, Lieutenant Harold Mason, has been killed on the field of honor. Mr Mason is the second Naramata boy to give up his life for the Empire. He lived in Naramata for several years, and soon after war was declared went to England with one of the Canadian battalions. After some months of trench life he returned to England and was transferred into an English regiment in which he received his commission. The news of his death has cast a gloom over the community as Lieutenant Mason was very well liked by all.

Clements has been appointed to fill the vacancy.

Lee McLaughlan, his sister, and two friends came up from Summerland in a motor boat on Thursday and spent the night in Peachland, returning to Summerland on Friday morning.

Mr and Mrs P. C. Cresswell returned on Friday from Pentiction where they had been visiting for several days.

The C.P.R. pile-driver having finished the repairs to the wharf here went down to Summerland on Friday to make some alterations to the wharf there.

Miss E. Wickett, of Vancouver, came in on Friday and is staying with Mr and Mrs E. W. Leeson.

Rev. James Lang was a passenger to Vernon on Saturday where he has gone to visit his son, Mr Hamilton Lang.

Mrs A. W. and Miss Kate Miller returned from Summerland where they had been visiting for several days.

Mr A. Stephenson of Vernon came down on Saturday and spent the week-end with Mrs Robert Howell returning home on Monday.

Mr R. T. Buxton was a visitor in town on Saturday.

George Robinson went down to Summerland on Friday and brought back his new car, having exchanged his old one for a new model. Mrs Howell accompanied him home.

Mr J. R. Brown, Indian Agent, and Mr Tom McAlpine, road superintendent, were in town on Saturday on business in connection with their departments.

Mr Manning of the Peachland Lumber Co., went up to Vernon on Saturday, returning on Monday. While there he purchased a planer and matcher for the saw mill, and brought them back with him.

Mr and Mrs Wesley Manning of Pentiction spent Saturday in the district, returning to Pentiction at night.

Mrs Geddes of Kelowna came down on Saturday to visit the Misses Henderson, returning to Kelowna on Tuesday morning.

Mr J. D. McDonald and Miss Montgomery of Pentiction are visiting at Dr and Mrs Buchanan's.

Mr Robb of the Peachland Lumber Co. spent the week-end with his family at Pentiction, returning on Monday morning.

Mrs Vivian and her mother were passengers to Pentiction on Monday night, where they have gone to visit Mrs Everett Lav.

Mrs Hendrickson returned from Vernon on Monday where she had been visiting friends. Her friend, Mrs Finch returned with her.

Mr John Gummow was a passenger south on Monday.

Miss Alice Elliott came in on Monday night and is visiting at the home of Mr S. Murdin.

Public Meeting of Water Users.

At a public meeting of water users held in the Council Chambers, Peachland, on Monday, July 30th, at eight o'clock in the evening, Reeve Morrison presided, and there was a large attendance of water users present.

The business was to consider the proposed supply of water from Lake Breda, and to decide how the advance promised from the government be repaid, should this loan be taken advantage of. The chairman called upon Mr Powell as Chairman of the Irrigation Committee to give a report from his committee.

Mr Powell gave an outline of what the committee had done, and suggested, should the proposed work be decided upon, to adopt the same means as Naramata had adopted, the signing of an agreement to pay a pro rata cost per acre on land under irrigation.

After a long discussion it was decided to wait until the Government Engineer and Messrs Hogg and McLaughlan had made an inspection of the conditions as to supply available, costs of the proposed work, etc. Arrangements have been made to make the above inspection immediately after the return from Armstrong of the Water Engineer. With a view of helping matters in the meantime the following resolutions were passed:

"That this meeting of water users ask the Peachland Townsite Co. Ltd., for permission to place a man at the North Fork dam for the purpose of regulating the flow of irrigation water so that it runs only fourteen hours per day."

"That Mr Small be appointed to obtain signatures of fruit growers to contribute pro rata per lot towards paying a man to attend at the North Fork dam to regulate water until supply runs out."

The water users attention was drawn to the Water Act Notice as advertised in the Summerland Review in connection with the Government Board of Investigators on irrigation company systems.

Mr Sismey of the Water Branch Department spent Monday at Trepanier in connection with the irrigation system there, returning to Pentiction at night.

The regular meeting of the Ambulance League was held in the reading room at half past two on Tuesday afternoon. There was a good attendance, and the ladies were delighted when three donations were brought in amounting to \$12.50.

The regular monthly meeting of the Baptist Women's Mission Circle was held at the home of Mrs L. D. McCall. After the program refreshments were served and a pleasant social time enjoyed.

There will be a Lawn Fete and Concert on Mrs Tewart's lawn on Saturday evening, the 4th inst., in aid of the Patriotic Fund. Be sure to come and bring your friend.

Peachland Doings

A Weekly Chronicle Furnished By Our Local Representative.

Last week Mr. Charles Sommerville and Miss Irene Elliott took a trip over to Kelowna and were quietly married there. The news soon spread around town, and a large number of their friends went down to the wharf on Wednesday to meet them when they returned and to wish them every happiness. Their many friends wish them a long life and a happy one.

Miss Bessie Seaton returned from Vernon on Wednesday where she had been for a few days.

Mr J. W. Jones of Kelowna returned to Peachland on Thursday after touring the country with the Hon. T. D. Pattullo. He stopped over in Peachland a day to get full information regarding the irrigation system of the district, to enable him to lay our wants before the proper authorities.

Mr W. J. Robinson of Summerland spent Thursday in the district in the interests of the irrigation company.

Miss Jean Babbitt and Miss Gertrude Elsey of Summerland came up on Thursday morning and visited at Mr H. E. McCall's, Miss Babbitt going home on Saturday, and Miss Elsey on Monday night.

Very great and general regret was felt on Thursday at the instant dismissal of Mr W. M. Urquhart from the agency of the Dominion Express Co. The public have been well served, and he has been held in the highest esteem by the many patrons of the company. Mr J. H.
