Bar Barbarism by Buying Victory Bonds!

Taking No Chances With Any Suspects

Any Cases of Colds or Grip are being Isolated and Closely Watched.

Single Patient Arriving From Coast

Making Quick Recovery, Health Officer Says No Need for Alarm.

The closing of Vancouver due to influenza, which closing included the University, has resulted in the arrival here of several local students who have been attending the university. Unfortunately one of the boys arriving on Tuesday morning developed a pronounced case of influenza during the day, and was immediately isolated. He has since made good progress, and is now greatly improved. Several other cases of sickness, where the symptoms have borne resemblance to flu have been isolated, and in no instance has a second member of the household developed the disease. Other students returning from the university were also isolated but have not developed the disease.

Dr. Andrew, the Medical Health Officer, visited the Central School this week and gave the teachers some instructions and the children some practical advice. Dr. Andrew does not believe there is any occasion for alarm in a place like Summerland, where we all live in the open air and enjoy so much sunshine.

There have been quite a number of cases arriving in Vernon from the Coast and that place is "closed up" tight. A total of 70 cases were reported there yesterday, with two of the doctors ill. Kelowna has also effected a closing, and church services and public gatherings are prohibited.

SOME THINGS

WORTH KNOWING.

Influenza, which is now sweeping over Canada from one end to the other, is a very old disease. It was known in ancient times, and as early as 1510 it over-ran the whole civilized world. For centuries it has periodically swept over various parts of the world. The last great world epidemic was in 1889-1890; when it was generally known by the French name of la grippe. The disease has always travelled from east to west.

SYMPTOMS.

The symptoms are similar to those of a heavy cold: more or less severe headache, cold in the head or throat, fits of sneezing, flushed face, chills, aches and pains in the back and limbs, pains in the eyeballs and behind the eyes, general physical depression, and temperature rising to between 101 and 104 degrees.

HOW TO PREVENT IT.

As it is such an old disease, doctors have naturally learned a great deal about its prevention and treatment. The first principle of prevention is to keep away from those infected, and the second, to build up the germ-resisting parts of the body by eating nourishing foods, dressing comfortably, getting lots of sleep, and by living in the open air and in bright, well-ventilated rooms as much as possible. The mouth, throat, and nose should be systematically and frequently disinfected by antiseptic inhalations, sprays, and washes. Such preparations as chlorotone and listerine are well adapted for this purpose. In fighting previous epidemics, doctors found quinine a useful preventive. One grain of sulphate of quinine mixed with, but not dissolved in, a wineglassful of cold water, makes an excellent antiseptic gargle.

The anti-microbial properties of quinine are well-known, and its use

as described above at once relieves the symptoms of sore throat, which result from the strain of the fight between the white blood corpuscles and the invading germs in the tonsils—the body's first line of defence. Quinine is also given internally with success as a preventive. In one of the more recent outbreaks in Europe an experiment was tried in which the men of one squadron of a regiment of cavalry were each given 7½ grains of quinine in ½ ounce of whisky daily for 22 days, whilst those of the other squadrons were given none. The latter squadrons had from 22 to 24 cases each of influenza, whilst the squadron treated with quinine developed only four cases. Inhalations of oil of eucalyptus, thymol, oil of mountain pine and the like are also valuable as preventives.

HOW TO TREAT IT.

When a person is struck by influenza, only one course lies open. That is to take to bed with the least possible delay, and call a doctor. Rest, warmth, and quiet are three sovereign remedies of the primary disease, and the best preventive of its more deadly complications, of which pneumonia is the most frequent. While there is no specific for influenza, yet there are many drugs which play a useful part in relieving it, such as quinine, aspirin, and various tonics, anti-neuralgic, antiseptic, and heart medicines, to be prescribed by the physician in charge.

WHAT TO EAT.

The dietetic rules which apply to any fever apply equally to influenza. Liquid foods at first, solids a little later on, in a gradually ascending scale from lightly boiled fresh eggs to chicken, roast joints, etc. Water, cold or hot, may be sipped, or "egg water" may be given. This excellent dish is prepared by blending with a pint of cold water the whipped whites of from two to four eggs, flavored with salt or cinnamon. Then the animal broths may be given. There are many cases in which even the lightest foods are spurned with loathing, and common sense must be used in adapting diet to the particular case in hand.

PRECAUTIONS AGAINST INFLUENZA.

- (1) The sick should be separated from the healthy. This is especially important in the case of first attacks in the household.
- (2) Discharges from the nose and mouth should not be allowed to get dry on a pocket handkerchief or inside the house, office or factory. They should at once be collected in paper or clean rags and burned. If this cannot be done, they should be dropped into a vessel containing water.
- (3) Infected articles and rooms should be cleansed and disinfected. Use disinfectants everywhere. Wash the hands frequently.
- (4) Those attacked should not, on any account, mingle with other people for at least a period of ten days, from the commencement of the attack. In severe cases, they should remain away from work for a longer period.
- (5) Special attention should be given to cleanliness and ventilation. Warm clothing should be worn, the feet should be kept dry, and all unnecessary exposure avoided.

Victory Loan Terms, 1918

Sir Thomas White, Minister of Finance, has announced the terms of the Victory Loan 1918 as follows:

Through the prospectus of the fifth Canadian war loan—the Victory Loan of 1918—the Dominion of Canada will ask for a minimum amount of \$300,000,000, with the right to accept all or any part of subscriptions in excess of that sum, to be used for war purposes only, and to be spent wholly in Canada. The rate of interest will be 5½ per cent. per annum, payable May 1 and November 1, and the denominations \$50, \$100, \$500, and \$1,000. The loan will be offered in two maturities—five year bonds, due November 1, 1923, and 15 year bonds, due November 1, 1933.

The issue price will be 100 and accrued interest for both maturities, making the income return 5½ per cent. per annum. Provision is made for payment in five instalments as follows: 10 per cent. on application; 20 per cent. December 6, 1918; 20 per cent. January 6, 1919; 20 per cent. February 6, 1919; 31.16 per cent. March 6, 1919. The last payment of 31.16 per cent. covers 30 per cent. balance of principal and 1.16 per cent. representing accrued interest at 5½ per cent. from November 1 to due dates of the respective instalments. As a full half year's interest will be paid on May 1, 1919, the cost of the bonds will be 100 and interest. Payment may be made in full at the time of application at 100 without interest, or on any instalment due date thereafter with interest accrued at 5½ per cent. per annum. Bearer bonds will be available for delivery at the time of application to subscribers desirous of making payment in full. Bonds registered as to principal only, or as to both principal and interest in authorized denominations, will be delivered to subscribers making payment in full as soon as the required registration can be made.

Bonds of this issue will be free from taxation—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada, and will carry the privilege of conversion into any future domestic issues of like maturity or longer, issued by the Government, during the remaining period of the war.

Subscription lists will be open on October 28, 1918, and close on or before November 16, 1918.

War Bulletin

Friday Evening, Oct. 25th.

The British have entered Valenciennes and have captured 8,900 prisoners and 100 cannon. The British also make headway along the Serre River.

Crowds in front of the Reichstag building in Berlin are clamoring for a German republic and demanding the abdication of the Kaiser.

The Italians have started another offensive between the Piave and Brenta Rivers.

Greatly Appreciate Response to Call For Soldier Gifts Most Generous

The money collected in Summerland for the Prisoners-of-War Fund through the efforts of the local organization on the recent "tag day" was greatly appreciated by the general committee at Vancouver. The following evidence of that appreciation is taken from a Vancouver daily:—

"The committee had a delightful surprise this week. Summerland sent \$119.15 for tag day, which brings the amount up to \$4,857.40 net, just \$274.09 less than last year. Many up-country places that contributed last year have given up tag days, and twenty places that took part last year did not do so this year. The result is altogether a splendid one, and the Prisoners-of-War committee is more than grateful to all concerned."

In addition to the sum mentioned above, contributed by Summerland citizens on tag day, a further sum of \$46.75 from Summerland is also acknowledged. This latter sum, we take it, is made up of regular monthly contributions. Mrs. Gayton's circle sent \$15 and Miss Dale's circle, \$15. Other donations amounted to \$16.75.

Freemen Buy Bonds. Slaves Wear Them!

Million Dollars from Okanagan District

Quotas for various Centres in District Nine Have Now Been Fixed.

Campaign Opens on Monday Next

District Divided Into Sections and Official Canvassers Appointed.

The Summerland-Peachland-Naramata section of the Okanagan District is asked to purchase Victory Bonds to the value of not less than one hundred thousand dollars. Penticton and neighboring communities are also asked to put up a like sum. Kelowna and Vernon sections are each asked to contribute \$200,000. The quotas fixed for the other centres of district No. 9 are: Armstrong, \$80,000; Enderby, \$35,000; Mara, \$10,000; Sicamous, \$7,500; Keremeos, \$15,000; Hedley, \$30,000; Princeton, \$50,000; and Allenby, the new community in the Copper Mountain section, \$20,000.

Of the quota allotted to Summerland-Peachland-Naramata, Summerland's share is \$80,000; Naramata's, \$5,000; and Peachland's, (including Westbank) is \$15,000.

When forwarding particulars regarding the quotas allotted to each section of his district, District Chairman W. T. Shatford pointed out that Vernon and Kelowna are placed in exactly the same position, while the Penticton section is expected to secure subscriptions to equal the group, of which Summerland is the larger unit. He hoped the fact that the sums being equal in these two instances would lead to friendly competition between the groups mentioned, while the others can compete on a per capita basis.

District No. 9, made up of the above named centres, from Sicamous to Allenby, is expected to invest one and a quarter million dollars in Victory Bonds, the irreducible minimum having been fixed at one million dollars. Mr. Shatford adds that each quota has been fixed so low that the committee expects each unit to add at least two crowns to its flag.

A meeting of the committee previously organized to promote the sale of Victory Bonds was held on Tuesday evening in the Bank of Montreal building. Plans were discussed as to the best means of bringing the sale well before the

Next Week's Fair

Summerland's Fall Fair and Apple Show will be held on Wednesday and Thursday of next week in the Agricultural Hall, Peach Orchard. Secretary J. Tait says the entries are coming in well, and he expects this season's show will be the best ever. Hon. E. D. Barrow, Minister of Agriculture, has signified his willingness to attend on Thursday and formally open the fair at two o'clock.

It is quite probable that several other members of the provincial house will be present during one or both days of the show.

The ladies of the Hospital Auxiliary are making every preparation to serve food both days of the exhibition. As a final wind-up the Home Comfort Club announce a dance to be held in Empire Hall.

The yoke brought \$5.

The Review has been asked to extend to all who helped to make the shower such a success, the gratefulness of the club, not overlooking the splendid contribution from the Union staff. Very generous donations were also received from other individuals.

A recent item of expenditure by the club was for yarn, the bill for this being over \$70.

citizens, and certain features were decided upon.

Mr. Zimmerman, who had already been appointed hon. secretary, tendered his resignation in accordance with the wishes of the Bank authorities, who desired, for obvious reasons, that no member of the staff take an active part in the canvassing of subscriptions. This was reluctantly accepted, and Mr. R. Purves appointed in his place.

It is also the wish of the Bank of Montreal head office that as far as possible prospective subscribers place their business with the canvassers direct. The work of the bank staff, in connection with the loan, will be far in excess of that of last year. Subscribers please note!

The campaign will be in full swing on Monday next. America has exceeded the huge amount asked for. Canada will surely do the same, and Summerland will show that her last patriotic response was but the prelude to an even more magnificent effort.

The following are the official canvassers:—Rev. H. A. Sotly, Dr. F. W. Andrew, H. Scott, J. L. Hilborn, R. H. Helmer, G. Thornber, and R. Purves.

"From Famous Summerland"

"Illustrating a Remarkable Display of No. 1 Apples" is the striking headline of a large section of a department store advertisement published recently in the Edmonton papers by James Ramsey, Limited. Under these big lines of type is a large picture of one of the windows of the Ramsey store, and below the cut are the words: "Above is a photograph of one of Ramsey's display windows featuring a carload of No. 1 apples grown in the famous Summerland district, B.C."

Other catch lines of the ad read: "Buy quality apples, we have them." It will also be of interest to our readers to know the prices asked for Summerland apples in Edmonton. The advertised prices ranged from \$2.00 to \$4.25 per box. Cox's Orange and Rhode Island Greening were offered at the lowest price, and Grimes Golden at \$3.25, Jonathans, Kings, King Davids, Wagoners, and Snows were quoted at \$3.50; McIntosh and Winter Banana at \$3.75, while Delicious were priced at \$4.25.

The ad, which was given widest circulation by publishing in both the Edmonton dailies, is a splendid one for Summerland and Summerland apples.

The Review is indebted to Rev. S. Everton, now a resident of Edmonton, for a copy of the ad, which has been on display in our window this week.

Feeling reference is also made by Rev. Mr. Everton in his letter to the losses Summerland has sustained, thus:

"We deeply regret to see that so many of Summerland's brave fellows have fallen in the recent heavy fighting, and especially to note Murray Cochrane's name in your last paper among those killed in action. Murray was one of the finest fellows I ever met, and among the choicest of our students at the college. It is hard to understand the meaning of all this sacrifice, except in the light of the long future."

THE NEWSPAPER SITUATION.

F. E. SIMPSON, Editor of the Kamloops Standard-Sentinel, who was chosen president of the British Columbia and Yukon Division of the Canadian Press Association, in an editorial published in his paper, has the following to say of the newspaper situation in British Columbia and the business transacted at the gathering:

"The newspaper convention held in Vancouver recently was productive of one great good at any rate. It brought out the fact that as a rule, although men engaged in that business, as well as men engaged in other businesses, were paying from 50 to 150 per cent. more for what they purchased now than they did four years ago, yet the prices of local printing products were virtually the same. It demonstrated the fact that as loyal patriots the newspaper men were true to the core, but as business men they were lacking in efficiency, as everyone expected to pay the newspaper men and the printer more to-day than they did four years ago; but so long as they do not ask for it, just so long they will not pay for it. In an address given by President Sutherland, he stated that since the war forty-one newspapers in B.C. had died, and are now sleeping beneath the sod of non-support, while many others are just alive owing to extreme economies, long hours of work, and the leniency of their creditors. One member remarked that with the high wages prevailing most any newspaper man might close his office and make three times the revenue he was securing in the newspaper business by becoming a craftsman along any line in which he might be capable. These are facts, and the time has now come when nine out of ten newspapers in this province must raise their rate or go out of business."

§ § § § §

THE DISEASES OF THE TOMATO.

FEW PEOPLE HAVE EVER STOPPED to consider the number of diseases to which the tomato plant is subject. A bulletin recently issued by the Division of Botany of the Experimental Farms enumerates forty-four of these diseases, and possibly there may be more. Many complaints to which the potato, tobacco plant, and egg plant are subject are also common to the tomato, the five plants all being members of the Nightshade family. Mr McCubbin, Assistant in Charge of the Plant Pathological Laboratory at St. Catharines, Ontario, is the author of the bulletin which can be had free upon application to the Publications Branch, Department of Agriculture, Ottawa. It consists of sixteen pages, with three full page plates, showing some of the diseases at the various stages. At a time when vegetable gardening is so general, there should be wide demand for the bulletin, which indeed no grower of the tomato should overlook.

§ § § § §

FOR THE YEAR ENDING July 1st, 1919, the Allies look to the American continent for 17,550,000 tons of meats, fats, sugar, feed grain, and bread stuffs. This means 5,780,000 tons more than was shipped in the year ending July 1st, 1918, and the surplus alone is 197,000 tons greater than the entire shipments based upon the average for the three years before the war. Conservation and production are absolutely essential in Canada.

§ § § § §

CANADA IS ONE OF THE great fish producers of the world, but Canadians are not eating their share even yet. The catch in 1917 was 856,000,000 pounds, or an equivalent of 94 pounds per head of population, while our consumption has been only about 29 pounds per head of population of recent years. The Canada Food Board is providing greater facilities for the marketing of Atlantic and Pacific fish in interior Canada, and Canadian consumption of fish is increasing.

Plan to attend the COMMUNITY DANCE

(The big wind-up event of the Fall Fair)

Thursday Evening
Next - - Oct. 31

In EMPIRE HALL

Good Music has been arranged for
Light Refreshments without extra charge

Admission 75 cents

Entire proceeds for our Citizen Soldiers.

Dance is under auspices of the Summerland Home Comfort Club.

A Victory Loan Catechism

Q. What is the Victory Loan, 1918?

A. It is Canada's Second Victory Loan and fifth war loan.

Q. What is a Victory Bond?

A. It is the promise of the Dominion of Canada to repay the lender the sum stated upon it at the time stated.

Q. What security stands behind this bond?

A. The entire assets and wealth of the Dominion of Canada.

Q. When was the last Victory Loan raised?

A. In November, 1917, when \$420,000,000 was subscribed.

Q. What became of that money?

A. It has been used to prosecute Canada's part in the war and to finance and carry on great industries at home.

Q. For example?

A. Millions were spent in raising, equipping, and sending forth the Canadian reinforcements.

Q. How was the money spent at home?

A. In many ways. The British Government was given large credits and out of these great orders were placed in Canada for munitions, wheat, spruce, salmon, and other things needed by the army.

Q. Why did Great Britain need these advances from Canada?

A. They were needed to offset Britain's advances to Canada in army expenses overseas.

Q. How does the loan affect the people of Canada?

A. Without it our war effort would collapse, our industries would suffer a great breakdown, our manufacturers and farmers alike would lose their foreign market.

Q. What has the loan done for the farmer?

A. It has bought the greater part of the wheat crop, and provided a market at good prices for his dairy and animal products.

Q. What would have happened to these products without the loan?

A. Most of the wheat would have been unsold, the price would have been greatly reduced, and the cheese and bacon would have been a drug in the market.

Q. Has the Loan established any new industries?

A. It has revived ship-building and created new and bustling shipyards on the shores of the St. Lawrence and the Great Lakes. It has brought into being great plants for the making of aircraft.

Q. What do these mean to the country?

A. The employment of thousands of well-paid men and women and their development into highly skilled workers.

Q. Does the Loan reach widely in the distribution of the money?

A. It reaches virtually everybody in Canada. All the great industries are benefitted, while the financial and mercantile classes all reap their share as middlemen.

Q. Why is it necessary to raise the Loan in Canada?

A. Because there is no other place to raise it. Our Allies are burdened to the limit, and we must carry our own load.

Q. Why is Germany fighting?

A. To dominate the world and crush civilization under her cruel militarism. General von Bernhardi wrote years ago: "Our next war will be fought for the highest interest of our country and mankind. World power or downfall will be our rallying cry."

Q. Why is Canada fighting?

A. To save herself and civilization from this dastardly attack on the world's liberty.

Q. What part has money in this fight?

A. While armies of men are indispensable, no country can make war without "silver bullets."

Moyes, eggs; St. Stephen's Church Harvest Festival, flowers, fruit, vegetables.

"Ernest," said the teacher of geography, "tell what you know about the Mongolian race." "I wasn't there," explained Ernest hastily. "I went to the ball game."

Orange Prices.

This is the "between-season" time in the orange and lemon trade as far as the California product is concerned; and California is practically the sole source of supply for these fruits for Western Canada. The past season was a disastrous one for the deciduous fruit crops of California, resulting in a great scarcity and consequent high prices. The prices on what little remains of the last crop is now being held at fabulous figures. At Vancouver the increased demand caused by sickness from influenza has run the wholesale price of California Valencia oranges up to \$12 and \$12.50 per box. As the average box will only give the retailer twelve to fourteen dozen it can be readily seen that oranges are indeed a luxury.

The first of the new navel oranges will not be on the market for another three or four weeks.

Vancouver prices on lemons are also high, \$10.50 to \$11 per box being asked this week.

Corporation of the District of Summerland

BY-LAW No. 99.

BEING A BY-LAW AMENDING BY-LAW No. 53 OF THE CORPORATION OF THE DISTRICT OF SUMMERLAND, A BY-LAW TO LICENCE THE SUMMERLAND TELEPHONE COMPANY, LIMITED.

WHEREAS the Summerland Telephone Company, Limited, on the nineteenth day of January, 1914, entered into an Agreement with the Corporation of the District of Summerland, which said Agreement did contain a Clause numbered Five, in which the said Summerland Telephone Company, Limited, agreed to the monthly rental that should be charged and paid by their subscribers.

WHEREAS the said Summerland Telephone Company, Limited, has requested the Council of the Corporation of the District of Summerland to amend said Clause Five, and the Council of the Corporation of the District of Summerland has agreed to amend said Clause Five,

THEREFORE the Reeve and Council of the said Corporation of the District of Summerland in Council assembled enact as follows:—

That all that part of Clause Five in said By-Law No. 53, which is part of the Agreement entered into with the Summerland Telephone Company, Limited, and the Corporation of the District of Summerland commencing with the words "The Company shall not charge their, etc.," to the end of the said Clause, be and is hereby rescinded and the following substituted therefor: The Company shall give a twenty-four hour service daily and shall not charge their subscribers a higher monthly rental than \$3.00 for telephone service for each dwelling or residence-house, nor more than \$4.00 monthly rental for each other telephone service.

PROVIDED HOWEVER, that these rates shall prevail only where said monthly rentals are paid by the subscriber to the Company in advance, and if said rentals are not paid in advance the same may be increased to \$3.50 and \$4.50 respectively.

This By-Law shall, before the final passage thereof, receive the assent of the Electors of the said Corporation of the District of Summerland in the manner provided by the Municipal Act, 1914 and Amending Acts.

DONE AND PASSED by the Municipal Council this day of October, 1918.

RECEIVED THE ASSENT of the Electors of the Corporation of the District of Summerland this day of October, 1918.

RECONSIDERED and finally passed by the Municipal Council the day of October, 1918.

Reeve.
Clerk.

TAKE NOTICE that the above is a true copy of the proposed By-Law upon which the vote of the Municipality will be taken on Tuesday, October 20th, 1918, between 0 o'clock a.m. and 7 o'clock p.m. The Poll will be held at the following places:—

Municipal Office - West Summerland
W. J. Robinson's Office - Summerland

PUBLIC NOTICE is hereby given that the vote of the Electors of the Corporation of the District of Summerland will be taken on the above mentioned By-Law at the time and places above mentioned.

Music a Real Necessity in Time of War

Music has justified itself as a factor of real service in this hour of trial. Not only to the man at the front do there come times of loneliness and discouragement. Those who remain at home have their share of the world's burden. They need the inspiration, the encouragement, the soul-satisfying comfort of music in the home.

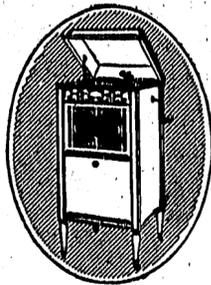

The NEW EDISON

"The Phonograph with a Soul!"

Re-creates the human voice and the music of human-played instruments with such fidelity that the actual voices and instruments cannot be distinguished from the New Edison's Re-Creation of them. But you will never fully believe what any dealer tells you when they make conflicting statements.

The wise way to choose your phonograph is to let all claims pass in one ear and out the other, then have the several makes of phonographs and talking machines in which you are interested sent to your home on trial, where you may make direct comparisons among them in the quiet of your own home and decide which one you would like to keep—which one you think you would enjoy hearing just as much five years from now as you do to-day.

We will gladly send a New Edison to your home, for purposes of comparison or to be heard alone, without the slightest obligation on your part.

Summerland Supply Co. Ltd., Summerland, B.C.

HIRST'S PAIN EXTERMINATOR

STOPS THE PAIN—AND ACTS QUICKLY

Rheumatism, lumbago, neuralgia, sprains, lame back, toothache, earache, sore throat, swollen joints and all similar troubles are quickly relieved by Hirst's Pain Exterminator. It has been used for 40 years, and should be in every household—has a sure and safe cure.

All dealers or write us. HIRST REMEDY CO., Hamilton, Canada.

Germany's Food Outlook.

Germany and her Allies face another serious food shortage. Roumania and the Ukraine, which were counted on to supply a large part of the Central Powers' needs, will themselves have a shortage and will have nothing to export. A drought is responsible. Roumania provided the Central Powers with about 3,000,000 tons of grain last year, but this year it really needs imports to fill its own needs. The Ukrainian supply is disappointing to the Germans, and may be regarded as negligible. The German crop is of average dimensions, Hungary's the same, but Austria has a crop failure. Hence the Central Powers face a hard winter in respect to food conditions.

Goats' Milk Highest Food Value.

The Journal of the American Medical Association, the official organ of over sixty thousand physicians in the United States, under the heading "Dietetics and Hygiene," prints the following words: "The goat is the healthiest domestic animal in the world. It is immune from tuberculosis. Goat's milk is superior in every way to that of the cow, being nearly twice as rich in butter fat which does not readily separate from the milk unless heated. Goat's milk is the ideal food for babies, convalescents, and invalids, especially for those with weakened digestive powers. Goat's milk is the purest, most healthful, and most complete human food known."

Govt. Takes B.C. Salmon Pack.

Coast canners of salmon have been notified that by an Order-in-Council the Ottawa government has commandeered most of this season's pack. The entire sockeye and red spring output, and 75 per cent. of the cohoes and pinks are thus made available to the British Purchasing Commission. The prices have been

fixed, and the canners will be required to sell to Canadian dealers at the same price as quoted for export.

Sixty tons of dressed reindeer meat was recently marketed in the States. This meat is quite tender and, although it has the taste of wild game, it is as good as beef.

hereinafter mentioned, a sum of money not exceeding in the whole the sum of \$35,000.00 and to cause all such sums so raised and received to be paid into the hands of the Treasurer of the said Corporation of the District of Summerland for the purposes and with the objects hereinbefore recited.

2. It shall be lawful for the Reeve to cause any number of debentures to be made, for a sum not exceeding \$1,000.00 each, bearing interest at the rate of eight per cent. per annum, not exceeding in the whole the sum of \$35,000.00 and all such debentures shall be sealed with the seal of the said Corporation of the District of Summerland.

3. The said Debentures shall bear date the first day of November, 1918, and shall be made payable

- \$500.00 in one year.
- \$2,000.00 in two years
- \$2,200.00 in three years
- \$2,400.00 in four years
- \$2,600.00 in five years
- \$2,800.00 in six years
- \$3,000.00 in seven years
- \$3,200.00 in eight years
- \$3,500.00 in nine years
- \$3,800.00 in ten years
- \$4,000.00 in eleven years
- \$5,000.00 in twelve years

from the date hereinafter named for this By-Law to take effect, at the agency of the Bank of Montreal, in the said Corporation of the District of Summerland, and the amounts shall be raised and levied annually in each of the respective years by a rate on all the rateable property in the said Corporation of the District of Summerland, in addition to all other rates, for the payment of the debt hereby created, when due.

4. The said Debentures shall have coupons attached for the payment of interest at the rate of eight per cent. per annum on the amount of the said Debentures, and such interest shall be payable half-yearly on the first days of May and November, in each and every year, and the signatures to such coupons may be either written, stamped, printed or lithographed.

5. A rate on the dollar shall be levied and shall be raised annually in addition to all other rates on all the rateable property of the said Municipality, sufficient to pay interest on the debt hereby created, during the currency of the said Debentures and to provide for the payment of the said debt when due.

6. The sum of
- \$2,800.00 in the year 1919
 - \$2,760.00 in the year 1920
 - \$2,600.00 in the year 1921
 - \$2,424.00 in the year 1922
 - \$2,232.00 in the year 1923
 - \$2,024.00 in the year 1924

Corporation of the District of Summerland BY-LAW No. 98.

A By-Law to raise \$35,000.00 to improve, repair and reconstruct the flumes, ditches and dams of the Irrigation System, of the Corporation of the District of Summerland.

WHEREAS it is deemed advisable to improve, repair and reconstruct the flumes, ditches and dams of the Irrigation System of the Corporation of the District of Summerland,

AND WHEREAS it is necessary for the said purpose to raise, by way of loan, upon the credit of the Corporation of the District of Summerland, the sum of \$35,000.00 payable

- \$500.00 on the first day of November, 1919
- \$2,000.00 on the first day of November, 1920
- \$2,200.00 on the first day of November, 1921
- \$2,400.00 on the first day of November, 1922
- \$2,600.00 on the first day of November, 1923
- \$2,800.00 on the first day of November, 1924
- \$3,000.00 on the first day of November, 1925
- \$3,200.00 on the first day of November, 1926
- \$3,500.00 on the first day of November, 1927
- \$3,800.00 on the first day of November, 1928
- \$4,000.00 on the first day of November, 1929
- \$5,000.00 on the first day of November, 1930

bearing interest in the meantime, payable half yearly on the first day of May and November in each year at the rate of eight per cent. per annum, the principal of such sum, when raised, to be applied for the purposes aforesaid.

AND WHEREAS for the payment of the said principal and interest, it is necessary to raise the sum of

- \$3,300.00 by rate in the year 1919
- \$4,760.00 by rate in the year 1920
- \$4,800.00 by rate in the year 1921
- \$4,824.00 by rate in the year 1922
- \$4,832.00 by rate in the year 1923
- \$4,824.00 by rate in the year 1924
- \$4,800.00 by rate in the year 1925
- \$4,760.00 by rate in the year 1926
- \$4,804.00 by rate in the year 1927
- \$4,824.00 by rate in the year 1928
- \$4,720.00 by rate in the year 1929
- \$5,400.00 by rate in the year 1930

AND WHEREAS the whole rateable property of the said Corporation of the District of Summerland, according to the latest revised assessment roll is \$2,751,085.00,

AND WHEREAS the total amount of the debenture debt of the said Corporation of the District of Summerland is \$330,500.00, of which none of the principal or interest is in arrears,

NOW THEREFORE, the Reeve and Council of the Corporation of the District of Summerland, in open Council assembled, enact as follows:—

1. It shall be lawful for the Reeve of the said Corporation of the District of Summerland to raise by way of loan, from any person or persons, body or bodies corporate, who may be willing to advance the same on the credit of the said Municipality, by way of the debentures

Summerland and West Summerland

Peachland Doings

A Weekly Chronicle Furnished By Our Local Representative.

Mrs H. B. Morley of Penticton is a visitor in town, as guest at the Edgewater Inn.

Mr and Mrs Fulton were passengers to Kelowna on Wednesday last, returning in the evening.

After spending a few days here renewing old acquaintances, Miss Kathleen Henderson returned to Summerland on Wednesday of last week.

The Ladies Circle of the Methodist Church met on Wednesday of last week at the home of Mrs A. Town. Arrangements were discussed and completed for the annual meeting to be held on Nov. 8th, at the home of Mrs A. Town.

Mrs R. Howell returned on Thursday evening of last week after a short visit with friends in Lumby.

The School Board made a special trip out to the Trepanier School on Thursday of last week to pay an official visit.

Mr J. McKinnon was a passenger to Kelowna last Friday, returning the same day.

Mrs and Mrs Suddaby, having sold their property near Edmonton, Alberta, arrived here on Friday night of last week, and intend spending the winter here.

Mr Shaw and Lorne came from Bear Creek on Friday night last, where they have been getting out timber for the Kelowna Saw Mill, and expect to remain here for a couple of weeks to get their crop off. Messrs Fruean and Hohensee, who have a logging contract for the same camp, also came home on Friday night, having finished their contract.

Passengers to Kelowna on Saturday morning were, Mr A. Town and Master Albert, Mrs W. Ashley and three of the boys, all returning in the evening.

Miss Newby was a passenger to Summerland on Friday evening's boat to spend the week-end with her brother who is residing there. She returned by auto on Sunday evening.

Mrs J. McLaughlin returned from Penticton on Saturday morning last where she has been visiting with her daughter, Mrs D. Kirkby.

Miss Kathleen Henderson is again spending a few days in town, having arrived back on Saturday morning.

Mr W. D. Miller spent the week-end here with his family.

Mrs Currie left on Saturday morning's boat to return to her home in Vancouver, after spending a pleasant visit here as guest of Mrs and Miss McDonald.

After spending several weeks here, Mrs Walker Aitken left on Saturday morning to return to her home in Kelowna.

Mrs R. Howell was a passenger to Summerland on Saturday night, where she is the guest of Miss Dancer.

As announced, the special Thanksgiving Service in the Methodist Church, was held on Sunday morning at 11 o'clock. A very appropriate sermon was preached by Rev. J. A. Rowland, to a large congregation assembled for the occasion. Another special feature of the morning service was the christening of Mr and Mrs C. Somerville's baby; Arthur Elliott Somerville. The choir rendered special music. There was also special Thanksgiving services in the Anglican Church in the afternoon. Both churches were beautifully and appropriately decorated for the occasion.

Mr J. Brown returned on Monday morning after a short trip to Penticton, going down by auto with his son, Stanley, who spent Sunday with his father here. We understand that Walker Brown has enlisted and is now in Esquimault, a member of the navy. We might also say that we are sorry to report that Walker is confined to the hospital for treatment for a short illness which it is understood is not serious; also Erskine Brown, who is at present in Vancouver, is ill and in the hospital.

Cecil Brown and Arnold Ferguson were passengers to Kelowna on Monday last, returning in the evening.

Owing to there being several cases of Spanish Flu in Vernon, the schools were officially closed, and Miss E. Pentland and Miss Cousins were released for a time from their duties and came in on Monday night, Miss Pentland to visit the Ferguson's and Miss Cousins to visit her sister, Mrs W. Aikens.

Mr and Mrs Suddaby were passengers to Penticton on Monday night last, returning on Wednesday morning.

Mrs Estabrook, Sr. of Summerland came in on Tuesday morning's boat to spend a short visit with friends here. At present she is a guest at the home of Mr and Mrs R. Harrington.

Passengers to Kelowna on Tuesday of this week were, Mrs Lowndes, Mrs H. N. Tewart, and Mr A. J. MacKenzie, all returning in the evening.

Mr T. Powell was a passenger to Vernon on Tuesday morning last.

Rev. Dr Campbell of Toronto addressed a public meeting in the reading room of the Presbyterian Church in the interests of the Lord's Day Alliance. Unfortunately there was a very small attendance, but those who were not present were very much the losers as Dr Campbell gave a very able and explanatory address on the work and aim of the Alliance. A local executive committee was formed as follows:—Mr R. J. Hogg representing the Presbyterian Church, was appointed as president; Mr H. E. McCall, representing the Baptists, appointed as

secretary-treasurer; Mrs J. B. Robinson, representing the Methodist Church, and Mr W. Coldham, representing the Anglican Church.

A friend of John McLaughlin from the Beamsville Camp near Toronto, in the person of Harold Haste, spent a day this week at the home of John's parents, Mr and Mrs J. McLaughlin.

Stocks of sugar in Paris on May 31, 1918, were about half what they were on the same date in 1917. The total amount of sugar in France is lower than ever before, even in war times.

Freemen Buy Bonds. Slaves Wear Them!

Sugar Deal Ends Speculation

The Sugar Equalization Board on September 13, closed a contract with the Cuban Minister for the purchase of the Cuban sugar crop at a price basis of about \$5.50 per hundred pounds f.o.b. Cuban ports. This purchase is made on behalf of the American, English, French, and Italian Governments. The crop will begin to be available in December, and its division between the Allies will be directed by the United States Food Administration. These arrangements put an end to all speculation in sugar, and assure an equitable distribution between all Allies.

Corporation of the District of Summerland

BY - LAW No. 97.

A By-law of the Corporation of the District of Summerland to authorize the Municipal Council of said Municipality to improve, repair and reconstruct the flumes, ditches and dams of the Municipal Irrigation System of the said Corporation of the District of Summerland.

The Reeve and Council of the Corporation of the District of Summerland, in Council assembled, enact as follows:—

1. WHEREAS it is necessary to improve, repair and reconstruct the flumes, ditches and dams of the Corporation of the District of Summerland, therefore be it resolved that the Council of the Corporation of the District of Summerland be, and is hereby, authorized to improve, repair and reconstruct the said flumes, ditches and dams of the said Municipality.

2. This By-Law shall, before the final passing thereof, receive the assent of the Electors of the Corporation of the District of Summerland in the manner provided for in the Municipal Act 1914 and Amending Acts.

3. That this By-Law shall come into force on the first day of November, 1918.

Done and passed by the Council this 12th day of October, 1918. Received the assent of the Electors this day of October, 1918. Reconsidered and finally passed by the Council this day of October, 1918.

Reeve. Clerk.

TAKE NOTICE that the above is a true copy of the proposed By-Law upon which the vote of the Municipality will be taken on Tuesday, October 29th, 1918, between 9 o'clock a.m. and 7 o'clock p.m. The Poll will be held at the following places:—

Municipal Office West Summerland.
W. J. Robinson's Office Summerland.

PUBLIC NOTICE is hereby given that the vote of the Electors of the Corporation of the District of Summerland will be taken on the above-mentioned By-Law at the time and places above-mentioned.

J. L. LOGIE, Municipal Clerk.

Your patronage respectfully solicited.

The undersigned is now conducting in his own name the business which he has been managing for
Mr. J. R. CAMPBELL.

A full stock of FRESH and CURED MEATS and Fish will be carried, and every effort made to maintain a good service. Your orders will be appreciated.

BALCOMO RANCH. R. V. Agur, Mgr.

Passing Events: Social, Personal, &c.

Mr H. Sutherland is spending a few days at Halcyon taking the sulphur baths.

Mrs C. E. McCutcheon, with her two little ones, left this morning for an extended visit to her former home in Chatham, Ont.

Mr J. W. Jones, M.L.A., has been spending a day or two with friends at Naramata, and came across to Summerland to-day.

Mr and Mrs W. E. Spivey and family returned this morning to Jenner, Alberta, after spending the summer here. It is not improbable that they will return next year to engage in fruit growing.

Owing to an interruption in the film service the special picture advertised for last night at The Rialto was not shown, much to the regret of the management and the public. The regular service is still being continued.

Mr and Mrs J. M. Robinson and Misses Gladys, Kathleen, and Marguerite started from Naramata the first of the week on a motor trip to Idaho. From there they will go to Victoria, where the family will live for the winter.

The many friends of G. Dobie, manager of the Okanagan Telephone Co., will regret to hear that he is lying ill at Salmon Arm, having been prostrated last week by an attack of pneumonia.—Vernon News.

A. Harwood, who has been on military service in Canada for some time, has been given his discharge. He came in from the Coast on Thursday, and after getting some tools here went up to Vernon this morning to take a job offered him there.

Word has been received by his father here that Lewellyn Bowering contracted influenza on his way to Saskatchewan last week, and arrived at his uncle's home to be put to bed. He was doing nicely when the letter was written.

Tuesday next is the day on which every ratepayer is required to vote on the municipal by-laws. While casting your vote in favor of the irrigation improvements do not forget that circumstances have made it absolutely necessary that the Telephone Co. be given permission to increase its rentals if it is to continue to give us an efficient service.

A prize of \$8 has been awarded the teacher and pupils of Division II. of the Summerland Public School by the Strathcona Trust. Thirty dollars is allotted each inspectorate to be divided into three prizes for the class rooms taught by teachers who have taken the course in physical drill prescribed by the Trust. Miss Wolfenden and her pupils have won the third prize, the teacher being awarded two-thirds of the sum and the room the remainder. We believe the score is made up by 25 points for deportment, 45 for physical drill, and 30 for sitting posture and carriage.

To be ordered off a ranch at the point of a revolver was the experience of four Summerland hunters a few days ago. A party of Summerland people had motored out the Marron Valley road, south-west of Kaleden, four of the male members of the party, E. N. Rowley, A. Peck, H. Vanderburg, and F. Steuart, each taking a gun. The story, as told by one of the party, is that they were walking along near a small lake with their guns under their arms when they were confronted with a man with a revolver, which he pointed at them and ordered them to hold up their hands. When told that he was laying himself open to a criminal charge by pointing his gun at the men, the rancher still insisted that they get off his ranch at once. Rather than further annoy the old man the hunters moved off to other grounds in search of deer.

Mr and Mrs R. C. Robinson left for Vancouver on Wednesday to remain for the winter.

Mrs Barker, who has been visiting here at the home of her parents, Mr and Mrs Pollock, has returned to her home in Trail.

Miss Marie Miller, who has been for several weeks a guest at the home of Mrs Robinson, Giant's Head, left this morning for her home in Regina.

We are informed that if any of the girls who have been doing farm work wish to have their transportation tickets extended they may have an extension to Nov. 30 by applying to the local ticket agents.

The sad intelligence has come to Mrs Basil Steuart that her sister, Mrs Bancroft, has died as the result of an attack of influenza. Mrs Bancroft, who visited here recently, was a resident of Vancouver.

The lot to the south of Giant's Head, known as the Daubney lot, and formerly the property of Mr Fred Daubney, brother-in-law of Miss Aitchison, matron of the Summerland Hospital, has been purchased by Mr G. S. Drewett. Mr Drewett has also acquired the adjoining property known as the Hackney lot, from the Summerland Development Co.

Pte. John Smith came in from the Coast on Tuesday morning for a short visit to his parents, Mr and Mrs J. O. Smith. He leaves on Monday night, as he must report in Vancouver on Tuesday. It is several years since he left here a chubby lad, and the loss of some of his former fat and the uniform of khaki have effected quite a change in his appearance.

For some days there have been persistent rumors current that the local association of Japanese were arranging to open a store here. When asked yesterday by a representative of The Review as to these reports, a prominent member of the association expressed much surprise. He had never heard it mentioned before. He said there was a possibility that such a store might be opened at Kelowna for all the Valley, and that now they are supplied from the Coast.

Yesterday's train from the Coast arrived here several hours late. The delay was due to a rock slide in the Coquihalla Pass, according to one of the passengers, who says that the forward engine of the two that was pulling the train up the grade was thrown across the track about 1.30 on Thursday morning. The second engine and the cars all remained on the rails. When the westbound train came along a little later a complete transfer of passengers, baggage and express was made and the direction of the trains reversed. The transferring occupied several hours. This is the first time there has been any considerable delay in the K.V.R. train service, as all trains have been running close to schedule.

At Headwaters. Coun. R. Johnston, R. H. Helmer, A. Moyes, G. Thornber, and H. Scott returned last Friday from a trip to the head of Trout Creek. It was raining when they arrived there, but the weather cleared that afternoon. The morning the party left the camp there was snow on the ground. A small crew of men working there under R. Mitchell have built a permanent shack for the accommodation of workmen or others visiting the headwaters in the interests of the municipality. A stable and corral have also been put up. Two or three of the men that went up with R. Mitchell from here have returned, but several men were engaged at Peachland.

Just arrived: a car of flour, bran, shorts, and barley chop. The Steuart Fruit Co. 13

Mr and Mrs W. Cross, who have been spending the summer on their fruit lot here, are leaving to-night for Winnipeg.

Mr E. R. Simpson attended a meeting of the Okanagan United Growers directors at Vernon on Wednesday.

Mrs Charlo Warnock of Galt, Ont., who has been visiting here at the home of her cousin, Mr A. E. Hespeler, went out on Monday night to Vancouver.

Officials of the Summerland Telephone Co. were advised this week that their solicitors had succeeded in having a very material reduction made by the court in the bill of costs which the Okanagan Telephone Company sought to have taxed against the local concern. These costs were in connection with the judgment obtained some time ago, the sum awarded as damages having already been paid. A bill of costs totalling \$1,898.90 was entered by the Okanagan Company, but \$668.20 of this was disallowed by the court. The costs as taxed are \$1,230.70, and this sum will be paid this week.

Official of the Summerland Telephone Co. were advised this week that their solicitors had succeeded in having a very material reduction made by the court in the bill of costs which the Okanagan Telephone Company sought to have taxed against the local concern. These costs were in connection with the judgment obtained some time ago, the sum awarded as damages having already been paid. A bill of costs totalling \$1,898.90 was entered by the Okanagan Company, but \$668.20 of this was disallowed by the court. The costs as taxed are \$1,230.70, and this sum will be paid this week.

Reset Your Clock!

To-morrow, October 26th, will be the last day of the season under the "daylight saving plan." That night you will be expected to turn the hands of your clock back one hour. Two o'clock Sunday morning, when the fewest trains are rolling, is the time set for the official change. Better make the change before you retire Saturday night, and this will be your opportunity to recover that hour of sleep of which you were robbed when "day-light" saving was inaugurated last spring.

Honor Memory Of Late Hero

A memorial service was held in St. Andrew's Presbyterian Church last Sunday evening in honor of Pte. George Fisher, who, for some years prior to his enlisting, took an active part in the Sunday School, the Young People's society, and other church activities. The service was most impressive and helpful, and the church was very appropriately decorated. The solemn dignity of the decoration was easily discernable. A beautiful wreath hung on the chair in the choir once occupied by George. A broken wreath, made by Mrs S. Darkis, enclosed the honor roll in front of the pulpit. Mrs Darkis also carried out the decoration.

Messrs J. G. Robertson and J. L. Logie spoke feelingly of the late hero and their personal testimonies as to the splendid qualities exhibited in his life and character, both as a civilian and a soldier, were concurred in by the large congregation present. The sympathetic feeling of the church and the community are extended to his sister, Mrs Alex. Smith, who resides here, and to his sisters living in Edinburgh.

Shipped 21 Cars Of Fruit.

The Grenta Ranch, of which Mr John L. Long is manager, shipped this season twenty-one carloads of fruit. This big ranch has now reached the time when it can be counted upon as a heavy producer. Much of the area planted to trees is only now beginning to be a factor in bulking up the yearly crop. Like all other Okanagan fruit tracts, water is absolutely essential to its existence, and to insure an adequate supply the company owning the property proposes to build a storage dam on Lake Brenda, which has back on the summit, and to convey the water from there to the ranch on the bench above the lake, between Summerland and Peachland. The property, being between these two centres, does not come under the water system of either. Grenta Ranch is a member of the Peachland Fruit Growers' Union, and the largest individual shipper in that organization.

THE WOMEN'S INSTITUTES.

The regular meeting of the Summerland Women's Institute was held last Friday in the Elliott Hall.

Roll Call was answered with favorite quotations.

Miss Aitchison gave a preliminary talk on the conference, in the absence of Mrs Solly, who will give a full account at our next meeting.

Mr C. W. Lees was present and gave an address on "Post War Problems." It was a great pity more members were not present to hear of many phases under the following headings: Demobilization of the Army; Political; Industrial; Socialism. Mr Lees brought to our minds many problems which will have to be faced after the war.

AT The RIALTO

SATURDAY, Oct. 26.

What Common Sense Should Teach Us.

Registered in accordance with the Copyright Act.)

ARTICLE No. XXV.

The editor of a local paper was talking recently to a man who complained bitterly because the town fathers saw fit to increase the tax rate four mills for the current year. He couldn't understand it at all, and said there was very lax management.

As it happened, the editor in question knew a thing or two about the complaining citizen, and he asked him:

"Is it right that you sent away last fall to the catalogue house for practically all your family's winter requirements?"

"Well, I sent away a fair-sized order. What about it?"

"Did you ever take a half-hour off to figure out just where your property in this town would stand if I and everyone else in the town and district sent away for practically all our needs as you admit having done last fall?"

"Never thought much about it," said the citizen with some asperity. "I consider that a matter of my own business."

"Well, that's where you are making a mistake. If all citizens were as loyal to the town as you are you'd have no chance to kick about the tax rate, because the value of your property would be down to zero. We'd have no town left to pay taxes on. We'd go bankrupt in short order."

"This town," continued the editor, "depends solely upon the business men of the town for its life. Take away the business man and what have you left? Where would you be to-day if your ideas were to prevail? Instead of enjoying a good income from the property you own you'd be stony broke and have to hunt a job."

A COMMONSENSE DUTY.
This instance—and it is not an isolated case—should teach us that it is the commonsense duty of every

citizen to support his home community. When we send away our home-earned money for goods we hurt the town—and certainly what hurts our town MUST hurt us.

If we actually want to kill our town why not all join together and send to distant wholesale houses for one huge order, instead of keeping up a constant stream of orders going to the mail order houses. Better far to kill the town outright than by a process of slow strangulation.

But we did not build our towns up to be thus ignominiously destroyed!

Let us display commonsense and practice home loyalty to the utmost.

As workingmen, salaried men, farmers, or professional men—and women—let us realize once for all that the town is **FOUNDED ON FAITH AND PERPETUATED IN SERVICE.**

The town is not built up for the purpose of selling a spasmodic pound of nails or package of tea; it is not built simply to supply an odd yard of cheese-cloth or single bed slats.

No! It is built for **BUSINESS, for GROWTH and PROSPERITY.** It is built to do ALL the trade that legitimately belongs there. Every branch of business, profession, and work must be given its due measure of support by ALL the people.

That's the way to make a town hum! That's commonsense and economic perspicacity.

Of the upwards of one hundred million dollars' worth of business done by one of the big city mail order houses in 1917, not a penny of that money comes back to help pay our district taxes. It is not available for our schools or churches or for loans to the farmers.

Where do our interests lie? Our community duty is a serious matter and a vital one.

Boy Scout Column

SUMMERLAND TROOP BOY SCOUTS.

O. F. Zimmerman, Scoutmaster. Headquarters, College Gymnasium.

Meets every Friday evening at 7.30 p.m.

The Lions Orderly Patrol for the month.

There was a very good attendance at our last regular meeting as Dr Andrew was expected to be here to instruct us in First Aid work.

After Roll Call the Scouts were taken in individual Patrol instruction in Signalling, First Aid, and Drilling. Sides were then chosen, the basketball captain taking his choice of the boys and another Patrol Leader taking his choice of the rest. The sides were well matched, and at the end of about forty-five minutes the score showed that the "scrub" team was a few points ahead.

The boys were then dismissed, being told that they could have library books to take home.

The Court of Honor met for a few minutes and drew up a new set of rules to be put before the Troop at the next meeting.

SEC.

Water Notice.

(USE AND STORAGE)

TAKE NOTICE that the Westminster Trust Company, whose address is New Westminster, B.C., will apply for a licence to take and use 400 acre-feet and to store 400 acre-feet of water out of Lake Brenda, which flows south-westerly and drains into Pinaske Lake. The storage dam will be located at outlet of lake. The capacity of the reservoir to be created is about 400 acre-feet, and it will flood about 50 acres of land. The water will be diverted from the stream at a point about 2,500 feet below outlet of lake, and will be used for irrigation purposes upon the lands described as D. Lots 3316 and 2537 Osyoos Division. 200 acre-feet to be used on D.L. 3316, 100 acre-feet in D. L. 2537, and 100 acre-feet for loss by evaporation and seepage. This notice was posted on the ground on the 12th day of October, 1918. It is also proposed to lower the water level of Lake Brenda 5 or 6 feet by an open cut. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon and Nicola. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is October 11th, 1918.

THE WESTMINSTER TRUST CO. LTD., Applicant.

The highest or any tender not necessarily accepted.

J. L. LOGIE,
Municipal Clerk.

Service Costs Money

WE BELIEVE there is no better Telephone Service in the Province than our own.

WE BELIEVE our subscribers would not be satisfied with anything inferior to our present service. Indeed, certain proposed improvements, when effected, will give us a service available at all hours, and dependable for all business, social, or emergency requirements. Dissatisfaction would be sure to follow a policy of limited service.

WE BELIEVE we can make a dollar go as far as any company, but present costs of labor and telephone materials can not be overcome by our present rates.

WE THEREFORE BELIEVE that the subscribers and ratepayers of Summerland, understanding the facts, will co-operate with the company in its desire to give the best of service, though it may cost a little more.
