

# The Summerland Review

DEVOTED TO THE INTERESTS OF SUMMERLAND, PEACHLAND AND NARAMATA

Vol. 12, No. 16. Whole No 589.

SUMMERLAND, B.C., FRIDAY, NOV. 14, 1919.

\$2.00, payable in advance.

## Will Rely On Supply Of Water From Trout Creek For Domestic Needs.

Engineer Favors Refilling Reservoir Through Canal During Warmer Periods.

### Asks Return Of Shore Lots.

Mr. J. M. Robinson Makes Formal Application to the Municipality For Return of Property Sold At Tax Sale Several Years Ago.

After hearing a verbal report from Engineer Fawkes respecting the diverting of water from springs below the reservoir to one of the domestic water mains and a comment from Coun. Dodwell on the condition of the water, the Council on Tuesday decided to abandon the plan for the present. From the site selected for a small dam to the water main is a distance of seven hundred odd feet. To build a dam and make the connection with an eight inch pipe would cost something over \$900. Though too high to admit any chance of contamination from barns, etc., it was stated by both Coun. Dodwell and Engineer Fawkes that the spring water at the site selected carried a large quantity of small black articles in suspension. This combined with the fact that there is no money available for an undertaking of this kind led the Council to conclude that it would be better to drop the plan particularly when assurance was given by Engineer Fawkes that the reservoir could be kept up by rushing water through the Trout Creek canal during mild weather. The Engineer has put an outlet in the side of the canal just below the intake so that any water which may get through the gate will flow back to the creek, thus preventing its flowing down and freezing in the ditch. By thus keeping the canal free and taking advantage of warm days the Engineer anticipated no trouble in maintaining the water supply in the reservoir. His plan was favored by Reeve Simpson and Councillor Kirk and the Engineer was instructed to take the matter in hand and keep the ditch in condition for carrying the matter when needed.

The Engineer reported having repaired and regraded over 9,000 feet of the main flume on the west side of Garnett Valley.

On behalf of the Okanagan Securities Company, of which he is the president and manager, Mr. J. M. Robinson made written application for the return of the shore lots Nos. 8-10 in block 26A between the post office and the Fruit Union building. These lots were sold some years ago for taxes and Mr. Robinson stated that his company had not been in a position to redeem them until now. He stated that in other cases property had been returned to former owners by the payment of all the claims of the municipality. This latter assertion was denied by Coun. Campbell who pointed out that the only cases of this kind were when the offer was advertised and each person interested notified. The lots in question have been the property of the Municipality for some years. Councillor White told of a conversation with Mr. Robinson on the subject and of the arguments advanced by Mr. Robinson in support of his request. Coun. Kirk could not see any point to these arguments. After some further discussion the application was referred to the properties committee.

Application was made by Mr. A. Davidson for electric lights. Mr. Davidson stated that Mr. J. W. Harris also wished the service. These applications again brought up the question of the inadequacy of the present power plant and the Reeve informed Mr. Davidson that it was impossible to make any further extensions at the present time. Reminded by Coun. White that the two houses in question had been expected to take the service along with several others when the extension was made in that direction and had the Council known at the time that the Harris and Moore properties would not be included the extension would probably not have been made, decision was made by the Council for a week until the cost of making the extension is learned.

Mr. F. A. C. Wright also applied (Concluded on Page 8.)

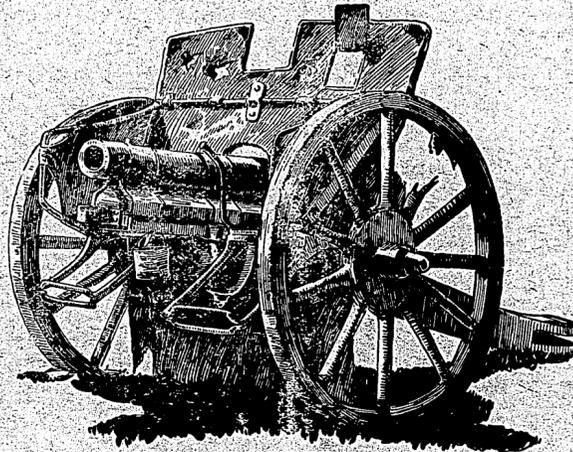

## Estimated Loss of Apples in B.C.

The following is the estimate of damage done by the recent freeze at the different points of British Columbia. The loss of apples is hard to give accurately as many of them will be fit for use as a by-product, very few will be fit to ship. The loss is largely valuable winter varieties such as Delicious, Spys, Wagner, Winesap and Newtons, which will have a bearing on prices of these varieties that have been stored ahead of the freeze. We also find that British Columbia shippers are practically sold out of apples, and the same is true of Wenatchee and Yakima. Our last prediction of high priced spring apples is emphasized by recent happenings, and we include onions in the estimate of high spring prices. Estimated loss of apples: Okanagan Valley, 250,000 boxes. Grand Forks, 4,000 boxes. Kootenay and Arrow Lakes, 1,500 boxes. Creston, 2,000 boxes.

—Markets Commissioner's Report.

Mr. J. M. Robinson left for Winnipeg Thursday morning. We understand he will try to interest prairie capital in a plan for providing better facilities for taking care of our apple crop.

## Will Your District Win This Gun?

Boche Siege Gun—A War Trophy

will be presented by the Canadian War Trophies Commission to the B. C. town or district making the best percentage showing on the Victory Loan. Every town and district has an equal chance.

In Battle Won by Bravery—In Peace to be Won by Bonds.

## Seed Production Greatly Increased

### Co-Operative Seed Organization Formed

At a meeting held in Penticton recently the organization of the seed growers of B.C. known as the United Seed Growers, Ltd., was consummated. The following officers were elected: President, L. E. Taylor, Kelowna; Vice President, W. C. Kelley, Summerland; Secretary, W. T. Hunter, Penticton; Directors, Prof. P. A. Boying, D. W. F. Reid, W. J. Gibbons, F. W. King and H. M. Eddie. To an executive committee of three, Messrs. Kelley, Gibbons and King were delegated the management of the affairs of the Company.

Prof. Boying gave an estimate of the seed produced in B.C. this year, placing the total at approximately 97,000 pounds, practically all of which will be cleaned, graded and marketed by the new organization.

A great increase in the production of pure seed in B.C. is expected to follow the formation of this co-operative company. The Summerland district with the encouragement and assistance of the Dominion Experimental Station here will be one of the leading pure seed producing sections of the province.

## Work or Starve

### Dr. J. W. Robertson Heard Here on Present Day Problems.

One of the finest lectures heard here in a long time was that given before a fair sized audience in Campbell's Hall last Friday evening by Dr. J. W. Robertson. Dr. Robertson, who is a brother of Mr. R. Robertson, organizer of the O.U.G., is recognized as one of the leading world authorities on matters pertaining to agriculture. He has long held a prominent position with the Federal Department of Agriculture and was one of the special Canadian advisors at the Peace Conference. Dr. Robertson gave an extremely interesting talk on matters in connection with the Conference and of the present relation of the nations. He made a strong plea for greater production as the only means of warding off a world crisis. Citing the effectiveness of military organization as an example Dr. Robertson made a strong case for organization for peace production.

Maximum production only would help us to meet our national heavy debt. We are in for some bad times in the near future unless we head them off by increased production from soil and factory. There is great danger to the nation in the arrogance, selfishness and irresponsibility of many of our citizens. There is only one ending. Unless we work we will go without work.

## Settlers Not Permitted To Land.

### Party of Foreign Blood Sent Back To Prairies.

Several families of Hungarian or Austrian blood were travelling up and down the Lake and the Sicamous for several days this week. The party, the elders of which were born in Europe, had come to the Okanagan for the purpose of settling near Kelowna, where it is said they had bought land. The adults all claim to be naturalized Canadians and resident in this country from thirteen to sixteen years. All spoke English. The children, all of whom were born in Canada, spoke English only, according to reliable information. When the party arrived at Kelowna they were met by ex-soldiers and other citizens and forbidden to land. For several days as the boat reached Kelowna from the north or south the crowd was there to prevent their going off the boat. On Wednesday the Sicamous was held at Penticton until the train from Nelson arrived, when some R.N.W.M.P.'s went up the Lake with the party and endeavored to effect an understanding with the Kelowna people. Claiming that these were forerunners of others of Austrian birth the crowd was insistent and finally the heads of the party decided to return to Weyburn, Sask.

## Equal Pensions

### Imperials In Canada Are Put on the C.E. Force Standard.

Through the efforts of the Imperial Veterans in Canada, aided by other soldier organizations the scale of pensions now granted to the Imperial men is on the C.E.F. standard. These pensions are paid by the Imperial Government, not by Canada.

The re-establishment problem has now been met by a reciprocal agreement between the Canadian and British Governments which allows for the training of Imperials in Canada at Canadian rates and Canadians in Britain at British rates.

The gratuity question is still in abeyance, but it is stated the Imperials in Canada have been assured that the claim of all Imperials to equality of gratuity is to be recognized by Parliament at Ottawa.

Should the above information come to the notice of any ex-Imperial men who would like to obtain more information we would suggest writing to W. Butterworth, Board of Trade Building, Vancouver, who is the Imperial representative on the S.C.R. and handles all Imperial questions.

Unless we curtail our extravagant habits we will some day face the sobering fact that we must do without necessities.

## Will Double Capacity Of Switchboard.

### Many More Subscribers To Local Phone Exchange Forces Extensions.

"The line is busy." This answer to a request for telephone connection always occasions disappointment. Sometimes the answer comes so quickly that those who are not acquainted with the work at the telephone exchange may sometimes doubt the correctness of the statement.

The volume of business handled at the local telephone exchange has been growing steadily and rapidly. There are half a hundred more subscribers than a few months ago. This means that each of the former subscribers has that many more telephone users to call or to be called by and the business has now reached a state where for some hours each day the operator and the equipment are worked to capacity. At times there is not a single plug unoccupied and perhaps a dozen or more little lights are indicating that that many subscribers are seeking connection with other subscribers.

At a recent meeting of the directors of the Telephone Company it was decided to make arrangements for doubling the capacity of the switch board and employing another operator for at least the rush hours of each business day. Summerland has a splendid phone system and with the better service which the enlarged switch board and additional operator will give the existing occasion for annoyance caused by momentary delays in getting connections will be removed.

## School Board Monthly Session

Mr. F. A. C. Wright, the newly elected trustee, took his position at the regular meeting of the Board of School Trustees last Saturday evening. With the exception of Mr. Garnett all the trustees were in attendance.

Miss Kennedy, newly appointed to the High School staff at a salary of \$1,260 met the Board and asked for additional salary, stating that she found she had to pay higher price for board and room than she expected. Chairman Gartrell explained that no increase could be granted until after the end of the year.

The janitor of the High School was voted a bonus of ten dollars per month on account of additional work put upon him.

Chairman Gartrell and Trustee Wright were appointed delegates to represent Summerland at a Convention of School Trustees to be held at an early date.

The accounts noted below were approved and the Secretary instructed to pass them over to the Municipal Treasurer for payment:

Teachers' salaries	\$1471.00
Conveyances	310.00
Caretaking	87.00
Secretary's Salary	10.00
Clarke & Stuart Company	47.88
B. C. Assay and Chemical Company	116.25
W. W. Borton	30.50
Manual Arts Press	11.75
G. R. Hookham & Co.	7.80
Summerland Supply Company	98.02
Postage, etc.	5.00
Summerland Drug Company	6.55
Sundries	8.70
<b>Total</b>	<b>\$2211.14</b>

A public reception to the ex-soldiers of Summerland is being organized by the women of the community and will be held on the evening of Tuesday, November 25th in the Empire Hall. A committee of the women is sending out invitations to all returned men. Should it be that any veteran is overlooked the committee will be very glad to have the fact communicated to Mrs. K. S. Hogg. In order to raise money to meet the expenses all men other than ex-soldiers will be charged an admission fee. Further particulars are given in our advertising columns.

## Miss Aitcheson Resigns Post At Hospital

### Has Been Matron Since Institution Was Opened Five Years Ago

At the regular meeting of the Hospital Board held Monday afternoon the resignation of the matron, Miss Aitcheson, was received and accepted by resolution which at the same time expressed the regret of the directors. Miss Aitcheson opened the hospital just over five years ago and has been head of the institution since that time. Her services have been highly esteemed by the Board as Miss Aitcheson is considered an excellent manager in addition to being an exceptionally capable surgical nurse. Miss Aitcheson's resignation is to take effect about the middle of December, when she will return to Ottawa, her home city.

The position thus rendered vacant has been offered to Miss Findlay of Kaleden, but there is some doubt if she will be able to accept, although the directors are yet hoping that she will be able to do so.

The Hospital Drive, started some time before the Victory Loan Drive, has been suspended for the time. The committee reported that nearly \$4,000 of the \$5,000 required had been received or promised and there is every reason to hope that those citizens who have not yet contributed will make up the thousand dollars necessary.

The new X-Ray equipment has been installed and has already proven a valuable aid in Hospital work. The Board of Directors authorized the payment of the second instalment on the purchase price.

The Directors decided to hold a New Year's Eve dance, and Empire Hall has already been engaged for that date. This is likely to be an annual affair. Through careful management the Hospital has been kept out of debt and without increasing the rates. Any further funds that may be obtained through an event of this kind can be used to advantage.

## School Trustees Should Not Have Appointment of The Teachers

That the appointment of teachers should be taken out of the hands of the trustees and that the salaries paid to teachers must be materially increased if our schools are to be successful were two features of a forceful and able address given recently before the annual meeting of the Okanagan Teachers' Association, by the president, Mr. Jas. Gordon.

In the course of his address he stated that the low status of the teaching profession was due to the low salaries paid. In a world which still believed that a man was worth what he earned and earned what he deserved, there was room for leadership originating from the teachers, for only the so-called leading citizens could get a hearing even in educational leadership. He contended that the business of the teacher so far as men were concerned was a good enough side line, but as a serious life work it was an absurdity. The tenure of office was too insecure. No one wanted an old teacher and a man might find himself after years of faithful service in the interests of the children of a community, merely an object of pity and patronage.

He contended also that the appointment of teachers should be taken out of the hands of Boards of Trustees and placed in the hands of officials who knew the needs of the various schools and the qualifications and records of the teachers. The salaries of teachers should be put on a similar basis to the Civil Service and thus the degradation of approaching school boards for advances in salary would be abolished. He thought that the appointment of those who were to teach, train and influence the young life of a community should not be left to chance as it often is at present. Boards

(Continued on Page 5)

## A Victory Loan Message

IF, after achieving a costly victory, Canada fails to provide for her wounded heroes, for the employment of her citizens, and for the maintenance of her trade, Germany will not have fought in vain. The Victory Loan 1919 is to provide for all these things. It is vitally needed. While the expenses of mobilization were spread over four years, the cost of demobilization is being crowded into one.

British Columbia, which maintained such a high average in recruiting, and Canada, which in Sir Arthur Currie's words, "Never failed to make an objective," dare not fail now.

JOHN NELSON, Chairman Press News and Feature Committee for British Columbia.

### Peachland Doings

A Weekly Chronicle Furnished By Our Local Representative.

Mrs. J. B. Robinson is spending a week or so in Summerland visiting her sister Mrs. R. C. Lipsett and other friends.

Mr. Seth Davidson has been enjoying a short visit from his son Mr. Norvel Davidson and his wife from Winnipeg. This is not Mr. Davidson's first visit to Peachland, and from what he says it will not likely be his last. They were making a trip to Coast cities and just stopped off for a few days. Mr. Davidson has the honor and distinction of having been the first person to build an automobile in the city of Winnipeg. He was employed in a bicycle business at the time, and worked nights and holidays designing and building the automobile for some time until he completed it in the year 1900. It was not until 1903 that they formed their first automobile club and then with only four or five members. It is worthy of note that the machine made by Mr. Davidson was in running order until comparatively recently. Possibly it is yet, but he had lost track of its whereabouts since about four years ago. Mr. Davidson was also the first person to take out an auto license, and since that date has witnessed a great many changes in the automobile world. They expected to resume their trip on to the Coast on Tuesday evening, but Mrs. Davidson very kindly consented to render vocal assistance at the patriotic concert held here on that evening and Mrs. Town took them down by auto on Wednesday morning to catch their train at West Summerland and in that way they lost no time on their schedule.

Mrs. Daly and children returned on Friday of last week from To-field, Sask., and are guests at the home of Mr. and Mrs. H. R. Jeffords. Mr. Daly and Mr. Jeffords are busily engaged with their trap line.

Mrs. N. A. McDonald was a visitor in town on Tuesday last, spending the day with the McCall families, and returning to her home in Penticton in the evening.

Sam White and Cecil Brown came out on Saturday from the dam where they have been employed for some time.

The members of the Baptist Church gathered at the Church on Friday last to "house clean" the church. They spent part of the forenoon at work and then sat down to numerous dainties which had been brought for the mid-day lunch and completed the necessary work in the afternoon. Even while they worked they enjoyed the time spent.

Mrs. Evans (nee Miss Reta Scott, who will be remembered by many as having stayed here for a while some years ago to attend school, residing at the home of Mr. Young), with a friend, Miss Smart, have been recent visitors in town, guests at the home of Mr. Thos. Elliott.

Miss Hockyard with her little niece Emma left on Saturday morning last for England.

After a pleasant trip to the Coast, Mr. and Mrs. R. A. F. Moore returned on Saturday bringing with them an auto truck of goodly size, which will put Dick and the democrat in the shade for moving produce. They were accompanied by M. Howse of New Westminster.

Rev. C. D. Clark conducted a song service in the Methodist Church on Sunday evening the 9th at the usual service hour. There was a good attendance out for the occasion. The choir rendered several extra numbers, including a quartette, a duet with chorus and anthems. Mrs. N. Davidson who was visiting in town sang two beautiful solos which were enjoyed very much by all. Mrs. Davidson is a member of one of the large Methodist Choirs in Winnipeg and gave great support to the choir on this special occasion. The service was in commemoration of the Armistice and the hymns and choir numbers were chosen relative to various phases of the war, and was very impressive.

Mr. Sootherin is enjoying another visit from his brother, who came in last week.

Miss F. Broscob came down from Kelowna to spend the week end with her sister and family here, returning Monday morning.

The deer are coming down to the front of late and several have been bagged during the last week, but it is not all sunshine getting them as the snow has piled up pretty deep for this time of year.

The Victory Loan Campaign in this section is progressing favorably, with the canvassers still active.

Miss Pearl Gellatly returned home on Monday morning, having come down on Sunday afternoon for the evening service here, and was a guest of Mrs. L. Mills.

Mr. Brinsen is enjoying a visit from his brother with his wife and family who came in on Tuesday night to remain a short time.

The address which had been advertised for Friday afternoon the 7th was given by Dr. Robertson, brother of Mr. R. Robertson, founder of the Okanagan United Growers, in the Council Chamber. There was not a very large attendance, but those who were there spoke very highly of the address and the pleasing and able manner in which it was given. The speaker gave an outline of what had been done by Britain and Canada during the war period and very strongly urged greater production, explaining that the greater the production the sooner the decline of high prices. He was of the opinion that it would take a couple of years or perhaps three for us to realize any marked change in high pricing, owing to the tremendous shortage in many lines. He also urged a continually increasing community spirit along the lines of general improvements in all phases of social life, and stated that he considered Peachland none too small a town to hold at least two monthly meetings where every available citizen should attend and discuss ways and means of bettering the community along all lines. He emphasizes the benefit to the growing generation of boys which was found in the Boy Scout Movement, speaking very highly of this method of helping to fit the boys to take their places and fill them to better advantage as they rise to manhood. Mr. J. W. Jones, M.P., accompanied Mr. Robertson in his tour of the Valley.

Mr. and Mrs. John McDougald have moved down to Summerland, where Mr. McDougald has accepted a position which he expects to occupy for some time.

Mrs. Grantham with her little boy of Vancouver is visiting in town for a time, a guest at the Edgewater Inn.

The Armistice Day entertainments given by the Community Club for the 11th was quite a success. The Orange Hall was filled almost to its capacity and everyone enjoyed the evening. The program was as follows: Opening chorus by the school children, The Maple Leaf For Ever; Solo by Mrs. N. Davidson—with encore: Carnival of Nations, in which little Miss Frances Robinson was costumed to represent Belgium while Mrs. J. A. Moore sang a Belgian national song; little Miss Mildred McDougall represented France while Mrs. N. Davidson sang a National song of France, Little Miss Willa Elliott represented Canada while Mrs. J. L. Elliott sang O Canada; with the school children joining in the chorus. Master Edgar Taylor represented the U.S.A. while Mrs. J. A. Moore sang The Star Spangled Banner; Master Joe Hyde stepped out as John Bull, while Mrs. Mitchell sang, Rule Britannia, with the school children joining in the chorus. Then followed an address by Reeve Hogg which was very interesting and instructive. Space will not permit of our dealing with his address entire, but among other important points taken up he pointed out many of the changes which the war wrought in the world especially in the scientific realm. He pointed out very clearly where the world needs the best that is in us to cope with the many trying situations which we find ourselves in, and in his summing up made an appeal for everyone to do his and her best for Country and Community, and suggested that one of the quick and beneficial ways to help the country was to come to the fore and respond to the Victory Loan Campaign. Following came a solo by Mr. A. N. Cutbill which was well received and an encore demanded. Mrs. N. Davidson then rendered another beautiful patriotic number, Miss Morley acted as accompanist throughout the evening. The next on the program was a trio of tableaux; first, "Freedom" by seven girls in costume bearing the letters to form the word FREEDOM. Second, "Red Cross" with Miss Kathleen Henderson as Red Cross Nurse over a patient on a stretcher, a very touching scene. The third, "Peace" well portrayed by Miss Verna Town appropriately costumed and looking charmingly "Peaceful." This part of the program was brought to a close by the singing of "God Save The King." The assembly arranged themselves in groups and enjoyed refreshments which were served, after which they dispersed.

One in seven of the population of Montreal is a foreigner.

### WATER NOTICE. (Use and Storage.)

TAKE NOTICE that Naramata Water Users Committee whose address is Naramata, B.C. will apply for a licence to take and use 1,500 acre feet and to store 1,000 acre feet of water out of Chute Creek (East Fork), also known as Lequima Creek, which flows west and south and drains into the east side of Okanagan Lake about 12 miles from the outlet of said lake.

The storage dam will be located at a point 1 1/2 miles due west of 12 M. Post, Lot 2711. The capacity of the reservoir to be created is about 800 acre feet, and it will flood about 80 acres of land. The water will be diverted from the stream at a point about 3 miles west of 12 M. P., Lot 2711, and will be used for irrigation and domestic purposes upon the lands described as D. Lots 206, 207, 209, 210, 266, 3315, 3314, 156, 211, Plan No. 576, 575 and 706.

This notice was posted on the ground on the 18th day of October, 1919.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of

Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

## A Victory Loan Message

FEEL the great task of the Provincial Publicity Committee has been to bring the true status of the Victory Loan 1919 to a clear understanding of the public. If this can be done the work of the Victory Bond salesmen will be easy indeed.

I want our citizens to know that 1919 is a War Year—to understand the post war problems that our Government has faced. I want them to know that if the Government is to keep its covenant with the Canadian Corps—to redeem its pledges made with our hearty approval—if all this is to be done we must provide the necessary money through the 1919 Victory Loan.

I would urge all citizens to familiarize themselves with the true condition, to carefully study all literature, which has been conscientiously prepared in connection with this loan.

OSCAR A. OLSON,  
Chairman, Provincial Publicity Committee.

### Synopsis of

### Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is not timber land.

Partnership pre-emption abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without present residence may be issued, provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company. Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

### PRE-EMPTORS' FREE GRANTS ACT

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by holders on pre-emptions recorded after June 19, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from settlement to March 31, 1919.

### SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who have completed purchase, involving forfeiture, complete fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original purchase price due and taxes they be distributed proportionately over whole area. Applications must be made by May 1, 1919.

### GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commission. Annual grazing permits issued based on numbers ranged, priority for established owners, block-owners may form Associations for range management. Free, or partially free, permits for cattlemen, campers or travellers, up to ten head.

### Have You Any Surplus Money To Invest?

Now is the time to place same on good Mortgage Property. I have some choice loans offered. See me if interested.

## A Campaign For Good Roads In Canada.

The Canadian Good Roads Association is extending its activities to a Dominion wide educational campaign with the object of stimulating a more active interest in the Good Roads movement generally, and in particular to create sufficient public opinion to influence the provincial and local authorities to take advantage of the Dominion aid of \$20,000,000. For some reason the offer has not been taken up as well as expected. Even the boosting given it by the Commissioner (Mr. A. W. Campbell) has not made it popular, but now that the Good Roads Association has determined to take up the matter there is every chance for its success. The principal difficulty that the Association has to overcome is the jealousy of the provincial authorities who seem to have a chronic resentment against any scheme emanating from Ottawa for the benefit of the citizens generally, particularly when the said scheme is of such a nature that it should have been taken up, but for one reason or another neglected by the provincial authorities themselves. This is well illustrated in the Federal Aid scheme itself. Outside Quebec and Ontario the roads of Canada are anything but what they should be, the principal reason being that the Provincial Treasuries are not overflowing with funds—and good roads cost money. The Dominion authorities know this and being urged by the good road enthusiasts, such as the Canadian Good Roads Association, offer to subscribe \$20,000,000 for the building of good roads on certain conditions which in effect are, first, that for every forty cents put up by the Dominion Government the Provincial authorities must put up sixty cents, and second, the Dominion authorities must have a voice in the control and management of what-

ever roads are built with the aid of Federal funds. Whether these conditions are good or bad we are not prepared to say, but we do think the time has come for closer co-operation between the Federal and Provincial—and Municipal—authorities in everything that affects the welfare of the citizens. Canada has a population of less than nine millions, yet she has one Federal, nine Provincial and over 3,600 Municipal governments to control her administration, which means that unless each unit appreciates and works with the other units much that would be valuable is wasted. In the building and maintenance of our roads, highways and streets the three units are now associated, consequently there should be the closest co-operation between them through there is a tendency on the part of both the Federal and Provincial authorities to forget that there are rural as well as municipal authorities who know local needs better than either. Be that as it may, we wish the Canadian Good Roads Association every success in its campaign for good roads. —Canadian Municipal Journal.

### Yakima Loses 300 Cars Apples

Yakima, Wash.—C. L. Robinson, district horticultural inspector, has announced a ruling that no frozen apples would be shipped unless marked frozen, and sent direct to by-products plants. The edict destroys the hope of many growers and shippers, that it would be possible to thaw frozen fruit and send it as fancy stuff. Robinson, one of the most conservative estimators of frost damage, says the order affects at least 300 cars, estimated at a value of \$450,000. This afternoon while inspecting produce row warehouses, Robinson found a crew behind locked doors engaged in packing frozen fruit for shipment. The stuff was confiscated and the proprietor warned that any repetition of the offence would result in court action. All dealers are warned they must pack in the open.

Spinsters are not partial to ad-ages.

### Summerland Weather Report

Below is a report furnished by the Dominion Experimental Station here for the week, ending Tuesday:

Date, 1919.	Max.	Min.	Rain	In.	Sn.	Sunshine
Nov. 5	40	27	.00	0.00	3.5	
6	39	25	.00	1.25	0.0

### TO CARE FOR WOUNDED

#### Money From Victory Loan Will Be Used to Re-establish Soldiers.

Our soldiers in France faced perils other than those of shell and gas and machine-gun fire. There was the peril of tuberculosis. Up to August last 3,909 soldiers suffering from this disease had been returned to Canada. These were placed in sanatoriums under the direction of the Department of Soldiers' Civil Re-establishment, and they are one of the departments of that branch that must be maintained, and come under the head of capital war outlay. All of these men and some 20,000 others, disabled or ill, will be looked after with money raised through the Victory Loan 1919. It is the sacred duty of Canadians that the money is forthcoming.

#### Credits Must Be Established for Sale of Surplus Products.

#### Success of Victory Loan 1919 Will Insure Steady Markets for Farmers.

It takes some six bushels of wheat to feed the average person in Canada annually. Roughly, therefore, the eight million people here consume about 50,000,000 bushels each year. But even in a poor year the crop is some five times that amount, and the surplus must be sold if the farmers are to get a return for their time and labor. But the sale of the crop must be financed. Great Britain, which provides our greatest market, has not the ready cash; and so Canada must find means of raising the money. Hence the Victory Loan 1919. In view of the fact that the prosperity of the Dominion is dependent to a considerable extent upon the sale of her surplus grain the necessity of the money being forthcoming is patent.

Your dollar may be the last straw that sweeps the Victory Loan over the top. Would you take the chance of making it a failure?

Lend your money that your pay envelope may be always filled, as will follow the success of the Victory Loan.

Victory Bonds are the fodder that keeps the machinery of Canada's industrial world running at full speed.

### NOTICE TO PARENTS

As tonsillitis and acute colds are now present in the Municipality, and as influenza and diphtheria are reported in the Province, it is advised that school children with severe colds or any inflamed condition of the throat be kept at home. While any part of the respiratory tract is inflamed, such children are unable to do justice to their studies, are a possible source of infection to others, and are in a condition to readily contract any infectious disease.

F. W. ANDREW,  
Medical School Inspector.

## Municipal School Board

### TENDERS FOR WOOD

TENDERS will be received by the Undersigned up to Saturday, December 6th for FIR or PINE Stove Wood, to be delivered and piled at the School yards as stated below:

30 Cords at CENTRAL SCHOOL.  
7 Cords at TOWN SCHOOL.  
7 Cords at GARNETT VALLEY SCHOOL.  
7 Cords at TROUT CREEK POINT SCHOOL.

Wood to be sound and cut into 16 inch lengths. The standard of measurement in each case to be the true cord of 128 cubic feet.

Also 10 straight cords of 36 inch wood to be delivered at Okanagan College.

J. H. BOWERING,  
Secretary School Board.

# The Summerland Review

PUBLISHED BY THE REVIEW PRINTING & PUBLISHING COMPANY LIMITED.  
RALPH E. WHITE, MANAGING DIRECTOR  
SUBSCRIPTION RATES: \$2.00 PER YEAR, IN ADVANCE. SIX MONTHS \$1.00.

FRIDAY, NOV. 14, 1919.

AN INTERESTING SITUATION in respect to municipal taxes has developed in connection with the soldier settlement scheme of the Federal Government. Under the plan of purchase the vendor sells to the Government, termed "The King," the veteran buying from the Government on terms which will mean that deeds will not be obtained and the property registered in the name of the purchaser for a varying period up to twenty years.

As public property held in the name of "The King" is exempt from taxation the general purchasing by the soldiers of lands in any municipality might easily have a disastrous result to municipal finances. Doubtless this phase of the transferring of property in this manner to war veterans was overlooked and a remedy will no doubt be effected.

THE LOSS SUSTAINED BY FRUIT GROWERS this season through various causes should bring about a radical change in the methods of handling the fruit crops. Shortage of wrapping paper, due evidently to great under estimation of the crop, and a more serious shortage of box material, due perhaps largely to the same cause, totally inadequate storage facilities and the inability of packing houses and rail roads to take care of the crop, resulting in the unprecedented early frost finding many thousands of dollars' worth of our best apples wholly unprotected, has had a result that will give many of our growers serious thought, resulting in a demand for a change of method that will guard against any possibility of a recurrence of this year's disaster.

THROUGHOUT THE SEASON the shortage of box material has been acute. Perhaps by the early placing of orders for shooks and by more general adoption of the practice of making up of the boxes in the orchard this trouble would be overcome. A few weeks ago the writer visited an apple growing district in Washington, with an estimated crop of at least 800 cars. He was somewhat surprised to find that it was a common practice to supply the grower with the boxes in shook form. With plenty of boxes on hand growers could pick to a better advantage and send to the packing houses only those varieties which were being shipped out.

Individual storage accommodation in the orchards would make the grower largely independent of the packing house. With storage in the orchard and large frost proof warehouses in connection with the packing establishments our apple crop could then be handled in a manner to assure better prices and growers would have a practical assurance against the recurrence of a loss such as has been experienced this year.

The loss in Summerland due to frost is placed officially at from seven to eight per cent. of the total apple crop. Peachland's percentage may be a little higher, and Naramata's somewhat less. The sum represented by these losses would provide the much needed storage. The question of obtaining box shooks well in advance of the harvesting of the fruit should be a simple matter for our shipping organizations to deal with.

SHOULD FRUIT TREES BE CONSIDERED as part of the land or in the nature of improvements, as buildings, fences, etc.? This question has been discussed in an informal way by our Municipal Council in previous years. A recent ruling by Ottawa effecting the federal land settlement scheme will therefore be of particular interest. Under this ruling soldiers will be able to borrow a larger sum for the purchase of orchards and may again borrow for improvements, live stock, etc. Up to the present many men wishing to go fruit farming and to have the board purchase for them land already planted with fruit trees have been greatly handicapped by the fact that the trees have been regarded as part of the stock and equipment. Arrangements have now been made whereby the trees are to be regarded as part of the land and their value will be added to that of the land.

The difficulty in the matter lay in the fact that fruit trees are delicate plants and, under ordinary circumstances, not suitable to be taken as security for a loan. The Board has decided, however, to make the change, with the result that many men who have been held back from settling on fruit farms will now be able to go ahead. Previously in many cases nearly all the money the board allowed them for stock and equipment was eaten up by the purchase of the trees and there was left practically nothing for other necessities.

NEW YORK and a number of other American cities have adopted daylight saving as a local measure. Several Canadian cities contemplate taking similar action. In some cases the measure has been adopted by civic ordinance. Other cities propose submitting referenda at annual municipal elections. This would indicate that there is some doubt of daylight saving being effected as a national measure next season and the cities are taking the initiative so that they may have the longer evenings again next year.

## ROLLING STOCK IS SCARCE EVERYWHERE.

### Washington Fruit Districts Crying For More Cars.

Shortage of cars coupled with insufficient local storage still continues to cause local fruit shippers much worry and inconvenience. Fruit is still moving in to the local packing houses in greater quantities than it is being shipped out.

The car shortage seems to be general in this Province and in Washington. The potato districts have lost heavily through being unable to obtain cars in sufficient numbers to move their crops. The fruit districts of Washington are also experiencing an unprecedented car shortage. The Wenatchee Dairy World last week published the following:

An apple blockade exists all over the Wenatchee fruit district, comprising Chelan, Okanogan, Douglas and Grant counties. Every warehouse is jammed full of apples to the roof, every platform is piled high with boxed apples, every vacant basement, storeroom, barn, shed or cellar is filled to overflowing.

Shippers have been forced to refuse to receive any more apples simply because they have not a foot of space to store them in. Yesterday dozens of growers were forced to haul loads of apples back home on account of being unable to find a place to unload them in Wenatchee. The same condition prevails in practically every shipping station in the district.

Frantic appeals for more cars are burning up the wires between here and St. Paul, Chicago and Washington, D.C. It is estimated that there are today between 1,500 and 2,000 car loads of apples in the district that are absolutely unprotected, most of them being in the orchards.

With only about 100 empty cars being received daily and about the same number of loaded cars going out, there is no relief in sight for about two weeks. It will take that long to relieve the congestion of apples in the warehouses so that more apples can be received.

The only hope to save the apples that are still in the orchards is for each grower to provide some sort of temporary shelter right at home. A few hours time and a few dollars worth of lumber and building paper would build a storage house sufficient to protect the average grower's remaining apples for the next month or so.

The time spent in waiting for a chance to unload at the warehouses, would suffice to build a shed of sufficient size to save the crop from damage for a few weeks.

Truck drivers wait five or six hours in many instances for their turn to unload, and when they are informed that their loads will not be received, they are forced to haul the apples back to the ranches. This is a very expensive proceeding for the grower who is hiring the truck by the hour. It is just as expensive for the grower who is doing his own hauling.

During the evenings it is a common recreation for truck drivers to leave their loads standing at the warehouses, while they take in the first show at the Wenatchee or Gem Theatres. They can then return and take up their places in the line.

Yesterday several loads of apples were brought down from Wenatchee Heights and Stemilt Hill, but the owners were unable to find a place to unload them and had to leave them on the streets all night.

## Hospital Aided By The Citizens

Donations to the Summerland Hospital for September and October are as follows:

Mrs. G. Young, eggs, fruit, flowers; Mrs. H. A. Solly, milk, fruit, vegetables, old linen; Alex. McLaughlin, melons; Mrs. R. C. Lipsett, canned fruit; Mrs. A. Ferrywick, canned fruit, eggs; Harry Callaway, fruit and vegetables; Mrs. Eley, eggs and fruit; Mrs. O. Zimmerman, canned fruit; Mrs. R. H. Helmer, flowers and vegetables; Mrs. Whitfield, jelly; Mrs. E. Thomas, vegetables; G. J. C. White, fruit, canned fruit; H. Dunsden, cake, cream, fruit; Mrs. W. M. May, eggs; Isaac Blair, strawberries, vegetables; Mrs. F. J. Nixon, canned fruit; Mrs. M. Campbell, blackberries, vegetables and canned fruit; Mrs. G. White, cake, melons, ice cream; E. Faulder, cream; Mrs. W. C. W. Fosbery, canned fruit; Mrs. J. Fyffe, cream; J. McLean, fruit, &c.; Mrs. Chas. Baker, canned fruit; J. Clement, flowers, vegetables, melons; Mrs. C. H. Gayton, vegetables, fruit, chickens; Alex. Fraser, tomatoes; J. Downton, sausages; St. Stephen's Church, fruit; J. W. Wheeler (Mineola), two loads fire wood; W. E. Rines, two boxes prize apples; Summerland Show, vegetables.

When a man loses his caution about this time of year, he gets into a flirtation; when he loses his common sense, he falls in love; and when he loses his last spark of reason, he gets married.

This is about the time of year that the family furnace picks up its ears in anticipation of making a winter meal of the year's savings.

**Passing Events: Social, Personal, &c.**

Mrs. J. Lawler left this morning for a visit to Vancouver.

There's a photographer in your town—Chas. P. Nelson, West Summerland. 16tf

Mrs. Wm. Kerr returned Tuesday morning from a visit to the Coast.

Miss Nellie Hutton arrived here from the prairies early this week and is visiting her sister, Mrs. Oxley, at Mineola.

Mrs. E. N. Rowley leaves tomorrow for Vancouver where she will remain for six months. She purposes taking a special course in vocal music.

Mr. Ben Blair and his sister Miss Ruth have returned from the Nelson district where they have been for some time engaged in fruit packing.

Material alterations are being made by Mr. Figgis in his restaurant building. The front has been extended to the sidewalk, thus adding considerable space to the interior.

The annual harvest thanksgiving service was held last Sunday morning in St. Andrew's Church, the service being a most interesting and inspiring one. The decorations were pleasing and appropriate. A special thanksgiving contribution was received amounting to a substantial sum.

Mrs. MacDonald, wife of Mr. S. A. MacDonald, principal of the consolidated school, reached here last Friday from Creston, where she has been visiting with relatives since she and Mr. MacDonald returned from their honeymoon trip to Mr. MacDonald's home in Prince Edward Island.

Slipping on a stairway on Friday, October 31st, Mr. G. Thornber sprained his ankle. Thinking it would be all right in a day or two the injury gave him no great concern, but later when he called on the doctor he was advised to go to the hospital and when put under the X-Ray it was discovered that a bone in the ankle had been broken. For some days he has had the injured limb in a plaster jacket, but he is now getting along nicely and hopes to have the plaster removed within a day or two.

Your friends can buy anything you can give them this Christmas—except your photograph. Chas. P. Nelson, West Summerland. 16tf

Assessor J. M. Sutherland and his assistant Mr. G. Marshall are busy men these times on the work of valuating the property within the limits of the Municipality of Summerland. Garnett Valley, Jones' Flat, Prairie Valley, Paradise Flat, Peach Valley and part of the territory around Giant's Head have already been covered by the assessors. The very careful inspection of the lots and improvements thereon has in many cases aroused the curiosity of the owner, as never before have buildings and other improvements been so carefully looked over.

Phone your order for rubbers and I will deliver by mail at my expense. A. J. Beer. 13-20

Reeve Simpson went up the Lake Thursday morning to attend a meeting of the Directors of the O.U.G.

Another dance was given by the G.W.V.A. in Empire Hall on Tuesday evening. The attendance was good and all enjoyed themselves.

The stage and the screen of the Rialto theatre have been moved back to the rear of the new addition recently made to the building.

Levi Johnston, second son of Mr. and Mrs. R. Johnston, arrived home last Saturday. This is his first visit home since he returned from service overseas.

Mr. Cochrane of the Bank of Montreal staff of Vancouver, arrived here on Monday to relieve Manager E. J. White who is now enjoying his vacation.

Mr. Lloyd-Jones came in from the Coast on Monday and after spending a day or so here with relatives went on to his home at Kelowna.

A Toronto woman asked a fruit dealer in that city if the apples he was selling were Canadian. “No,” he replied, “they come from de-Ockeyanagin.”

Children's portraits for Christmas—Chas. P. Nelson, West Summerland. 16tf

Miss McCarthy and Miss Palmer, two young women who have been assisting in fruit packing here, returned Tuesday morning to their homes in Vancouver.

Misses Annie and Ruth Blair and Miss Janet Sutherland are planning to go to New Zealand early in January to engage in fruit packing. That country is looking to this Province every year for expert fruit packers. We understand that any who go have their transportation paid one way.

The College Auction will commence at 2 o'clock promptly on Thursday, 20th, at the Ladies' Building. Some splendid furniture will be offered early in the sale. All good stuff at first including a large quantity of table silver. About 3.30 o'clock the sale will start at the Boys' Building. Entrance at the basement door in rear. 16

Mr. G. M. Ross returned to Field this morning to resume duty in a new position with the C.P.R. which we believe is one of considerable responsibility at one of the most difficult divisional points on the system. Mrs. Ross and the baby will remain here for the winter, Mr. Ross having arranged for rooms for them with Mrs. Phinney.

No mail was delivered to patrons of the rural route on Tuesday because of the illness of Mr. Thomson, the courier. On Wednesday and Thursday Mr. G. J. C. White, one of Mr. Thompson's bondsmen, sent his car over the route, the mail being handled by Mr. J. R. Brown. To-day Dr. Lipssett, the second bondsman, is on the route with his car, with Mr. Brown again working the mail.

Mr. C. A. Walters, who has been here for four months attending to the harvesting and shipping of his fruit crop returned to Castor, Alberta, on Wednesday. He plans on returning to Summerland early next year to build a house on his orchard property and to reside here. His son, who has been managing the business of Walters, Ltd., is also likely to come to Summerland next spring, in which event he will also build and settle here.

While the Council was in session on Tuesday a hurried call was received by Reeve Simpson from his home stating that the fire had broken out in the house. The Reeve made a quick departure, hailing a passing car and others of the Council followed. By the time the K.V.R. station had been reached it was learned that the fire had been extinguished. Mr. E. T. Mountford, a neighbor, had been called and quickly removed a coal oil stove which had occasioned the alarm. Mrs. Simpson was in town at the time and it is fortunate that the fire had not spread before noticed by the little ones.

According to information received here Mr. G. A. McWilliams was married a few days ago at Vernon to Mrs. Main, of Armstrong.

**Community Calendar of Coming Events**

Advance notices under this heading will be charged for at two cents a word. Minimum charge 25c. first insertion. Each repeat one cent a word. Minimum 10 cents.

Morning Service at 10.30 in St. Andrew's Church. Subject, “The Adaptation of Bible Religion to the Needs and Nature of Man.” Young People's Society, 7.30, led by Mr. J. C. Freeman. Subject, “Citizenship.” C

Commencing Sunday, November 16th, the Pastor will conduct a week of special services at the Lakeside Church. Sunday, 7 p.m., week nights, 8 p.m. Everybody welcome. C

The Ladies' Hospital Auxiliary will hold their usual monthly meeting on Tuesday next at 3 o'clock at the Hospital. C

Rev. Mr. Cook of Ontario will preach in the Baptist Church, West Summerland on Sunday morning at 10.30. Subject, “A Soldier's Religion,” and in the evening at 7.30 he will speak on his experiences overseas. All welcome. C

There are thirtyfour ways of making a husband happy; the first consists of knowing when to cuddle him—the other thirty-three in knowing when to let him alone.

**SCHOOL TRUSTEES SHOULD NOT HAVE APPOINTMENT OF TEACHERS.**

(Continued from Page 1.)

of trustees in a large measure represented the ratepayers alone. Many trustees were not even parents; some had families grown up, and were more interested in keeping down the rates than in advancing education. His solution of the educational problem was the attraction of a high type of teacher into the profession by better salaries and greater security, making the profession less dependent upon the whims and prejudices of changing trustees and of faddists. At present the teaching profession was a profession of slavery, but the fact that teachers everywhere were organizing showed that they were starting on the road to freedom.

A good deal of business was put through in the afternoon, including the reports of the various committees. The salaries committee reported that it had been successful in influencing the School Boards to increase salaries. In most cases small increases had been granted.

In the evening the convention listened to a highly instructive paper by Mr. Mitchell of Kelowna, on Manual Training, in which he showed the educational value of manual training.

Several resolutions came before the convention, the most important being that the teachers of the Okanagan and Similkameen unite with the B.C. Federation. This central association has been recognized by the Education Department which is giving many of their suggestions, such as a two years' normal course, serious consideration. It also publishes a magazine which will prove very helpful to teachers and trustees all over the province, so that, considering all the benefits which were likely to accrue from uniting with the B.C. Federation, the Okanagan teachers felt that they could not afford to remain outside of it.

There were about 100 teachers present and great enthusiasm and interest prevailed throughout the session. It was resolved to hold another convention in the spring for the discussion of purely technical matters connected with school work. The annual business meeting of the Association was fixed to be held each fall. The new office bearers appointed were: President, D. J. Welsh, Enderby; 1st Vice President, S. MacDonald, Summerland; 2nd Vice President, Miss Cavors, Cavors, Vernon; Recording Secretary, Miss Brown, Summerland; Corresponding Secretary, A. S. Matheson, Penticton.

**A Reception and Dance To the Returned Soldiers**

will be given by the Ladies of Summerland, in the Empire Hall Tuesday Evening, Nov. 25th at 8.30 o'clock sharp.

All Come, and help welcome our Returned Men.

Peck and Manchester Orchestra.

**A Victory Loan Message**

If the people of British Columbia as a whole respond as readily, as unreservedly, to the direct appeal “Buy Bonds,” as the business men have responded to the appeal to give their time, their business ability and their energy to the task of preparing this 1919 Victory Loan Campaign, there will never be a moment's doubt of the result—British Columbia will take up her quota and more.

And the consideration that it is a good investment makes the Canadian 1919 Victory Loan just that much more attractive. That the money raised in British Columbia will be spent in British Columbia—that it will be an insurance for continued business activity in re-establishing the soldiers and in upholding Canada's export trade—there are other considerations which must appeal to every citizen to “Buy Bonds” of Canada's 1919 Victory Loan.

STANLEY BURKE, Chairman Provincial Business Committee.

**CANADA'S FUTURE DEPENDS ON LOAN**

Steady Employment and Prosperity Hangs on Victory Loan.

Canada's future prosperity depends to a great extent upon the success of the Victory Loan. No country can exist upon trade within its own boundaries. Canada counts on the trade with Great Britain and other allied countries to keep the flood of good times in the country.

The surplus products of the farm and the factory find their way across the seas. The revenue of the farmer and the manufacturer is dependent on this trade relationship being sustained. The employment of many hands depends on the orders that come to the firm. The pay envelope only comes with steady employment.

Great Britain and overseas countries are still desirous of continuing trade relations, but, overwhelmed with war expenses, they must be given credits for the time being. The farmer and the manufacturer must be paid for their products and manufactured articles in cash. Therefore, Canada must finance the proposition to keep the tide of commerce coming this way. But in order to have the money on hand to do this great thing, Canada must borrow from her people.

The Victory Loan offers bonds to subscribers paying 5 1/2 per cent. interest. The guarantee behind the bonds makes them an absolutely safe investment. Victory Bonds are accepted as collateral at any bank, and can easily be turned into money at a profit. It is then to the interests of every Canadian to subscribe for all the Victory Bonds he can, for it is profitable, it is patriotic, and it is necessary for the continued prosperity of the country.

**CANADA NEEDS MONEY**

War Expenditures Still to Be Met From Proceeds of Victory Loan.

The war is over and won; but Canada's main expenditures for war will not be complete until well on into 1920. The \$610,000,000 raised last year has all been spent, \$400,000,000 having been largely devoted to soldiers—to maintaining them, bringing them home, providing the necessary medical services, training them. Most of the balance of the loan was lent to Great Britain to enable her to buy our surplus products. And money is still necessary—for soldiers, for providing markets, for our surplus products, for the needs of reconstruction. And that is why another Victory Loan is necessary. Canada still needs money, and needs it badly.

**A Good Investment.**

Speculation is one thing. Investment is another. The majority of citizens want an investment, not a speculation. And they want a safe investment. Victory Bonds fill that requirement as does no other investment. Because behind every bond there is the national wealth of Canada—a wealth so great that it staggers the imagination.

**Canadian Bank Clearings.**

That Canada is well able to support the Victory Loan is clearly shown by the Canadian bank clearings for the current year. They indicate that the year's total will exceed \$15,000,000,000 compared with \$13,776,000,000 in 1918. And the year's total clearings should be three times those of 1909.

**Must Subscribe More**

Dividing the people of Canada into three classes—the comparatively poor, the moderately wealthy, and the very wealthy—it would seem that if contributions to the Victory Loans constitute service to the nation, the moderately wealthy class is hardly doing its share. Of the money subscribed to the Victory Loan 1918, two hundred and seventy-one million dollars were in bonds of \$5,000 and under, ninety-four millions in bonds of between \$5,000 and \$25,000, and three hundred and one millions in bonds of \$25,000 and over.

Be true to yourself. Buy Victory Bonds.

You did it before. You can do it again. Buy Victory Bonds.

Canada pledged her last man and her last dollar. Redeem that pledge in Victory Bonds.

If the fighting were still raging, you wouldn't hesitate to buy Victory Bonds.

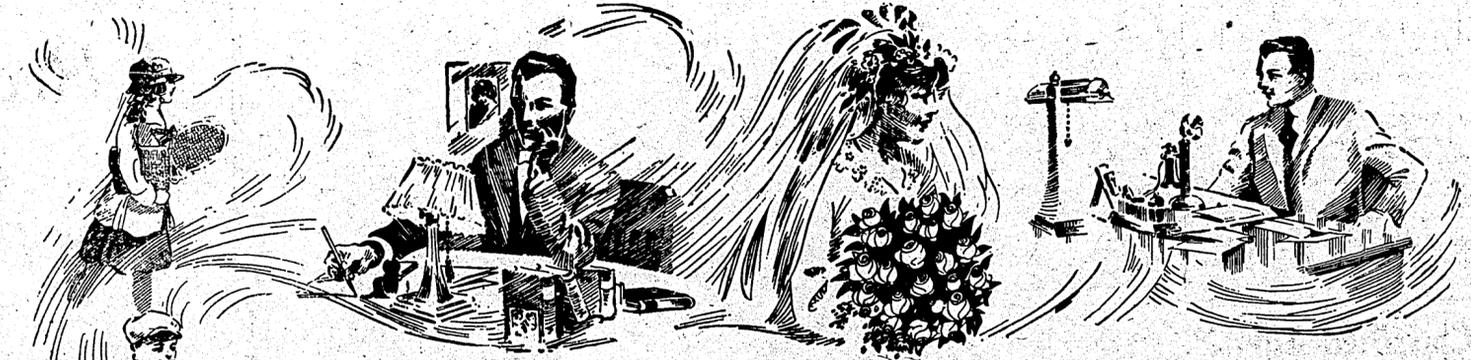

To make the Victory Loan a success is a national obligation. It may be that you are the deciding factor.

If you are concerned about the future welfare of Canada, buy a Victory Bond and make it a sure thing.

Don't forget the future of your children. Lay a good foundation with a Victory Bond.

Would you lend a soldier \$50 if you knew it would save his life? Buy Victory Bonds and keep the military hospitals up.

If you appreciate a good investment you will buy a Victory Bond.

**Make Your Dreams Come True**

Fond parents dream of a bright future for their children.

They dream of the literary and musical education they are going to give their daughter, and of the high position she will take in her sphere of womanhood.

They dream of the education they are going to give their son and vision him some day as a clergyman, a famous lawyer, an eminent physician, a prominent financier, or a captain of industry.

But to make these dreams come true

—or even partly true—requires foresight, planning and money.

To provide the money what plan so wise as to buy Victory Bonds for each child?

Thousands of parents bought Victory Bonds for their children in 1917 and 1918.

Surely you will be among the thousands of loving parents who will buy Victory Bonds for their children—this year?

Victory Bonds may be bought on instalments at such easy terms that every parent who so wishes may buy

**Buy Victory Bonds For Your Children**

## .. The Winding Trail ..

**THE FOX AND THE BEAR** The Kelowna Courier in a recent issue had an editorial written in the similitude of a fable, the theme being the sleekness, prosperity and content of a certain Grizzly Bear, and eke the gnawing jealousy of a neighbor hard by, known to men as the Red Fox. The allegory relates how the poor Fox lived in a sort of a hole in the ground, away from the end of the lake, and how although he had plenty to eat, and carried a good brush on his tail, he was never really happy because of his jealousy. The Bear on the other hand was always fat and contented, though he had no tail worth speaking of, but only a coat with lovely silver tips, which sometimes glistened like diamonds, and were consequently very valuable. The Fox could see no value or beauty in this coat, and was continually puzzled to know why strangers should be more attracted by it than by the glory of his own tail. Even the Indians know the trail to Grizzly Bear, but they know not of the Red Fox "because the place where he lives is barren, and while it may make a good place for a fox to dwell, it is not the place where a man grows fat, except it be by a cunning like that of the fox."

So much for the fable. What is the moral? If we translate Grizzly Bear into Kelowna, and Red Fox into Vernon, we shall not be far astray, and the moral seems to be that, although the latter place is "barren" and no place for a man to thrive except by the cunning of a fox, yet she hugs the fond delusion of her own superior attractions, and despises the claims of her neighbour. It will be news to a great many people that the Vernon district is particularly barren, and personally I must say I have never heard in that city any expressions of jealousy or contempt directed at her sister community. However, let that pass for what it is worth—the feature which is really prominent is the stupid and unreasoning antipathy we find occasionally between towns or cities which are near enough to consider themselves as rivals. A few well known examples are found in the old time fancied rivalry between the cities of Hamilton and Toronto, Prince Albert and Saskatoon, Edmonton and Calgary, the first named places being in every case much the smaller and yet by far the more aggressive. There was in these instances, no possible rivalry at all—geographical position was the governing factor, and always must be. Neither Hamilton, Prince Albert nor Edmonton were ever rivals of their bigger neighbors. Their interests lay in the territory around them, and that is really the keynote of the situation always. Every town is the natural centre of what may be called its tributary territory, and just in proportion as that territory developed, so will the central point thrive. It is as wide of the mark for a Kelowna paper to apply the term "barren" to the land around Vernon as it is for a Pentiction paper to ignore the real location of the Dominion Experimental Farm, and give it simply as "near Pentiction." The Farm remains at Summerland, nevertheless, and the fertile area north of this lake is neither better nor worse for an idle chance remark. The interests of the Okanagan Valley are one, and every unit in it fills its natural place.

AUTOLYCUS.

## Unity Club Peace Banquet

Naramata Women Entertain War Veterans.

The Ladies' Unity Club Peace Banquet which was by far the largest and most elaborate social function that has been given this season, was a pronounced success. Everyone was there and with a purpose, and that purpose was to enjoy thoroughly the fine supper and entertainment which the ladies had prepared. The returned men who had enlisted from here were the guests of honor, some coming from Pentiction and some from Summerland and they were very welcome guests you may be sure. The affair was held at the home of Mr. J. M. Robinson in their large dining room which had been most beautifully decorated with flags of the Allied Nations. The new Victory Flag held a prominent position in one end of the room. The tables were handsomely decorated with barberry, Oregon grape and small flags and chairs were set for one hundred and fifty guests, who were entertained during the banquet by cello and piano duets rendered most charmingly by Miss Gladys Robinson and Mrs. R. C. Robinson. As soon as the repast was finished speeches were in order and most interesting remarks were made by different members of the gathering. Mr. J. M. Robinson acted as toastmaster and it is needless say that he was most proficient in this position. The speeches were interspersed with lively choruses of patriotic songs and besides this there was a most pleasing program composed of music and recitation.

The first number was a violin solo by Mr. Davidson. A reading by Miss Mary Gordon followed, then came a vocal solo by Mr. Griffith and last but not least a piano duet by Miss Ammeron and Miss Margaret Mitchell. A most hearty vote of thanks was given to Mr. and Mrs. Robinson for their kindness in opening their home for this event. After singing "God Save The King" the floor was cleared for dancing and this amusement completed the long to be remembered event in the history of our community, and so Armistice Day has been most fittingly celebrated.

## May Organize A Municipality

Leading Citizens of Naramata Are Considering This.

The Farmers' Institute held their first meeting since closing down for the summer, Friday night. There were many important subjects taken up and discussed. The memorial was left to a later date. The necessity for co-operation among the fruit growers was the most important subject and a committee composed of Mr. Partridge, Russell Wells and R. King were elected to go into the matter and report at an early date. Whether we are to form ourselves into a Municipality or not was one of the matters to be

## COUNCIL REPORT

(Continued from page 1)

for electric light and offered to pay initial costs, to be refunded through rates. Following a discussion as to the policy to be followed respecting the electric light system that the needs of the district in this respect may be properly served. The Clerk was instructed to write Mr. Wright to the effect that the question was under advisement and until a plan for increasing the power and extending the system was adopted light could not be promised him.

Mr. C. H. Dunbar, former registrar at Kamloops, wrote consenting to make the necessary searches to put the assessment roll in the condition required by law. He also recommended that arrangements be made with the Land Registry Office for reports covering all changes in titles, mortgages and other claims registered against property in the Municipality. This latter service will cost seven cents per item and the Council unanimously agreed that this service should be taken.

Mr. H. H. Elsey was sold some flume in Prairie Valley at 15c. per length and to G. W. Johnson, in his vicinity at 12c. An application from Jas. Hermiston was referred to Coun. Dodwell.

## Victory Loan 1919 Is Bridge Between War and Peace.

Agricultural and Industrial Prosperity of Canada Depends on Success of the Loan.

Why is it necessary to have another Victory Loan? Have you heard this query? Or have you asked it?

The Victory Loan of this year stands out as the bridge between war and peace. The war is over. Our boys won that. The reconstruction period is dawning and we at home must win that.

Much of the money that Canada is asking for will be needed to clean up the war debt. The expenses of demobilization were heavy, and there is still much of it unpaid. Now that our men are back, let it not be said that we repudiated the debt for bringing them back.

The sick and wounded soldiers still in hospitals are expecting that Canada will care for them and their dependents until they have been returned to health and strength. The hospital services must be maintained at full strength as long as there are returned men needing attention.

Many men through disability are unable to return to their pre-war occupations. The Department of Soldiers' Civil Re-establishment is doing a fine work in training returned soldiers in trades and professions that they can earn a living at, and is following up the training and seeing that they obtain remunerative employment. The maintaining of this branch of reconstructive service calls for much funds, and the Victory Loan will be used to pay for it as well as the other purposes.

Under the Soldiers' Land Settlement Act, enough money is lent to returned soldiers to enable them to buy and stock a farm. This money will be repaid at a low rate of interest. The soldier is thus given a chance to re-instate himself in civil life, and production is given a boost. Of the total amount of the forthcoming loan, \$24,000,000 has been apportioned to finance these soldier-farmers.

Pensions to the disabled and dependents of our glorious dead, as well as the authorized gratuities will be other items on the expense sheet. These are some of the obligations owing to the returned soldier who is now in health.

The maintaining of Canada's prosperity is an important reason why the Victory Loan should be a smashing success. The money is needed to finance the credits to overseas countries so that they may continue their trade relations with us. If Canada cannot give these credits other countries will, and then Canada will lose all that great overseas trade that has been the mainstay of our agricultural and industrial life for so long.

As an investment, Victory Bonds are eminent. Paying 5 1/2 per cent., selling above par on the open market, and guaranteed by the Dominion—what further reason can you have for hesitating? The Victory Loan 1919 ought to be oversubscribed, and all right-thinking citizens will do their utmost to see that such a result is obtained.

No imported apples have arrived in Vancouver since late in September.

## WATER NOTICE.

(Use and Storage.)

TAKE NOTICE that Naramata Water Users Committee whose address is Naramata, B.C. will apply for a licence to take and use 200 acre feet, and to store 100 acre feet of water out of Summit Lake, which is approximately one mile north-west of 13 M.P., Lot 2711, which flows south-westerly and drains into Big Meadows and Chute Creek, about 1 1/2 miles west of 12 M.P., Lot 2711.

The storage dam will be located at the south-west side of Summit Lake. The capacity of the reservoir to be created is about 100 acre feet, and it will flood about 20 acres of land. The water will be diverted from the stream at a point on Chute Creek about 8 miles west of 12 M.P., Lot 2711 and will be used for irrigation and domestic purposes upon the lands described as D. Lots 206, 207, 209, 210, 211, 156, 3314, 260, 3315, Plan No. 576, 575 and 706.

This notice was posted on the ground on the 18th day of October, 1919.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Vernon, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

NARAMATA WATER USERS COMMITTEE, Applicant,  
By A. Harry Hook, Agent.  
The date of the first publication of this notice is October 24th, 1919

## Soldiers' Graves In Canada.

The Imperial Graves Commission will shortly visit Canada with a view to visiting cemeteries where deceased soldiers have been interred to see that all graves of deceased soldiers are marked and maintained.

In order to have complete records of all soldiers' graves of all ranks, information is required as to regimental number, rank, name in full, unit, date of death, cause of death, name and location of cemetery, plot and lot number of grave and address of next of kin of those deceased officers and other ranks who are interred in British Columbia

other than those who died whilst in the C.E.F., those on the strength of the Soldiers' Civil Re-establishment and Active Militia in the district, as information in the latter cases are already on file.

This information is required in respect of:—

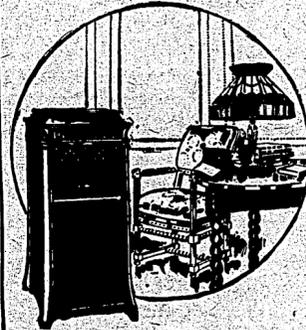

(a) All members of the Canadian Expeditionary Force.

(b) Members of the Imperial Forces.

(c) Members of armies of any of the Allied Forces.

The general public is asked to cooperate in this matter and any information in connection with the above will be appreciated if forwarded to the District Record Officer, M.D. 11, Drill Hall, Victoria, B.C.

## Where Words End, Music Begins

Words, in themselves, are but poor interpreters of emotion. Where words end, music begins. Where words only suggest, music satisfies; it utters with a clear, vibrant voice what otherwise would remain unuttered.

Music will allow you to express your innermost thoughts and ideals.

But how, you ask, can you create this music since you are no musician nor the master of any instrument?

## The NEW EDISON

"The Phonograph with a Soul"

has stored up in its magic discs the music of the world's greatest musicians—the soul-children of the music masters. And this music The New Edison will RE-CREATE for you, in your own home, exactly as you would hear it in the grand opera houses and the famous concert halls.

You should read the beautiful book "Edison and Music" and the booklet "What the Critics Say" containing evidence that proves Edison superiority. Ask for copies when you come to hear the New Edison.
