Devoted to the Interests of Summerland, Peachland and Naramata

Volume 17, Number 48.

## Large Promotion List of Public School Scholars

Schools Closed Last Friday for Summer Vacation—Honor Rolls, Sports Prizes and Writing Certificates Presented—Many Attend the Closing Exercises.

A large number of parents gathered at the Central School last Friday to witness the closing exercises. All the members of the school board were present. Certificates and honor rolls were given out, Mr. G. W. Copeland and other members of the board taking part. Mrs. H. A. Solley presented the writing certificates. Miss Sinclair gave out the honor rolls and J. W. S. Logie distributed the sports prizes which had been won at the interschool track meet recently held at Penticton. Two choruses were given by the school pupils.

Principal S. A. MacDonald of the Summerland Central School has furnished the Review with the following list of promotions. The names are listed in order of merit under each grade. The names of those who were promoted from the entrance class to high school on recommendation of the principal were published last week.

**Div. 2, H. W. Daniel.**

To Entrance Class—Laura Smith, Gene Betuzzi, Jean Munn, Dorothy Hunt, Jessie Tullett, Lona Williams, Elizabeth Theed, Dorothy Bernard, Elizabeth Munn, Agnes Fisher, Bob Scurrah, Reg. Eckersley, Ruth Tait, Catherine Ritchie, John Benmore, Billy Andrew, Alastair McGowen, Donald Orr, Orval Cowan, Wilfred Neill, Agnes Handley, James Gould. On trial: Veronica Solly, Gladys Darke, Wesley Tavender, Denis Nield, Margaret Caldwell.

**Div. 3, Miss Harwood.**

To Grade 7—George Mossop, Victor Wilson, James May, Edward Joy, Arietta Biagioli, Diana Barnes, Charles Bleasdale, Jack Blewett, Jack Morrow, Donald McLachlan, Edith Atkins, Sadie Purves, Emily Mountford, Jean Fisher, Walter Gartrell, Freeman Reid. On trial: Ada Darke and Dorothy Barnard.

To Grade 6—Bobby Nelson, Margaret Hogg, Margaret Dunson, Audrey Reynolds, Harvey Farrow, Pia Betuzzi, Annie Denike, Naomi Kevcher.

**Div. 4, Miss Long.**

To Grade 5—Marjorie White, Harry Walmsley, Katherine Ramsey, Kathleen Read, Dick Benmore, Margaret Stark, Gordon Smith, John Theed, Norman Thompson, Charlie Hannia, George Gould, Jack Armstrong, James Clark. On trial: Edward Rippin, Ronald Taylor, Lloyd Gould.

(Continued on back page)

## COUNCIL PASSES TRAFFIC BY-LAW

New Regulations Provide for Traffic Buttons—Parking

By-law No. 210, governing traffic regulations was given its final reading by the municipal council on Friday afternoon last. The public is being fully informed this week as to the new rules.

Traffic buttons are being placed at the intersections of the principal roads at West Summerland. The buttons, which are to be made of cement and conspicuously painted, will be put in position within a few days. They will be rounded and will stand but a few inches above the road surface, and therefore will not be dangerous to traffic. All vehicles are required to pass around these buttons on the proper side of the road. In this connection it is well to remember that at road intersections the driver on your right hand has right of way.

Vehicles must not cross Granville Road, save at road intersections, and no parking will be allowed within sixty feet of any traffic button.

A caboose, engine and six freight cars passed over a 14 months old Indian child lying on the Canadian National track west of Hope. The train was immediately stopped, the child crawling out from under the last car uninjured.

## MANITOBAHS PLAN REUNION

A grand reunion of Manitobans is being planned for Thursday, July 9th at Kelowna. Last year a local reunion was held there and it proved so successful that the intention is to make it as much as possible a "Manitoba" affair this year. The reunion will take the form of a basket picnic and all who are able to attend are requested to communicate at once with T. G. Beavis.

## ASSOCIATED MAY ENTER NEW ZEALAND SHOW

Mr. E. J. Chambers, president of the Associated Growers of British Columbia, is in Vancouver to confer with Mr. A. Marshall, manager of the C. M. A. commercial intelligence department who is arranging for a representative exhibition of Canadian goods and products at the New Zealand Exhibition at Dunedin in November. It is proposed that the Associated Growers should send a full display of Okanagan apples.

## LOCAL SUBJECTS AT CONVENTION

### Types of Flumes and Measuring at Irrigation Meet

Two matters of particular interest to water users in the Okanagan Valley will be discussed at the nineteenth annual convention of the Western Canada Irrigation Association at Kelowna, July 29, 30 and 31, namely the measurement of water delivered to small areas and the use and life of various types of flume. Both these discussions have been suggested locally and they will be treated from a simple and practical point of view by men whose experience gives them considerable authority in dealing with these subjects.

W. H. Nelson, who will open the discussion on the measurement of water delivered to small areas, has for the past few years been in charge of the duty of water researches conducted by the Dominion Reclamation Service, in connection with which work it has been necessary for him to have a uniform and simple form of measurement and he will endeavor to lay before the convention some simple and practical methods whereby the lot owner may be able to ascertain the amount of water he is using.

The subject of the use and life of flumes is also of much interest in the Okanagan where considerable replacements are being made. Major P. J. Jennings, Assistant Commissioner of Irrigation of the Dominion Reclamation Service will open this discussion with a review of the various types of flumes in use in the irrigated areas of Alberta, and this will be followed by others. It is expected that in this discussion much interesting and valuable information will be brought to light as to the advantages of the various classes of flumes, their cost, life, etc.

**VERNON CITY WILL HAVE GAS PLANT**

Last Wednesday the ratepayers of Vernon passed a by-law by a large majority granting a franchise to Mr. Roland for the establishment of an incinerating plant there and also to supply the public with gas.

**TEN FOREST FIRES STARTED IN KOOTENAY**

Ten fires between the Lower Arrow Lake and Kootenay Lake were started by an electrical storm that crossed the Slocan a few days ago. One of these, at the Whitewater Mine, has a four-mile front and is being fought by thirty-five men. New buildings just being erected at the Whitewater are threatened.

## LAST FRIDAY WAS HOTTEST DAY

Last Friday, June 26, was the hottest day ever recorded at the Experimental Meteorological station. The thermometer stood at 102 degrees. The previous high mark was July 2, 1924, when the mercury rose to 100.2 degrees.

Old timers say this was exceeded some nineteen years ago, but no official records were kept at that time.

## CALVES BURNED IN SUNDAY BLAZE

### Chas. Marshall Suffers Loss of Sheds—Other Stock Released

Fire of unknown origin broke out Sunday evening at Chas. A. Marshall's about 10.45, completely destroying the hay shed, containing three tons of hay, and the chicken house. Two calves and twenty-five rabbits were also burned to death. About thirty-five chickens and cockerels are still missing. Implements in the buildings were also a complete loss. Two horses and three cows were released and the chickens driven out of the pen as the flames rapidly closed in.

Carl Nesbitt gave the alarm. He was coming up the Peach Orchard gulch when he noticed a reflection in the sky and believed it to be a bonfire, but took his car as far as possible and from there ran through the orchard to make sure. When he found it to be buildings afire and the fire well advanced, he gave the alarm and worked single-handed in releasing the stock.

The fire apparently originated in the chicken pen and the wind carried it rapidly to the hay. There is no idea whatever as to how the fire started. Mr. Marshall was around about 9.30 and Mrs. Kerr had passed about 10 o'clock, when everything seemed as usual. Mr. Marshall was in bed when the alarm was given.

A bucket brigade was formed and through the strenuous efforts of citizens the barn was saved. A shed which stood in the corral was also saved, although the corral itself was ablaze.

The fire was visible in all directions, throwing up large flames and considerable smoke. Citizens at a distance were unable to exactly locate the blaze.

## GOVERNMENT REFUSES LOAN

### Applied for Loan to Finance Shipping for the Season

The mainland Berry Grower's Association request for a loan of \$180,000 to tide them over the present marketing season has been refused by the provincial executive. In announcing the decision of the government Premier Oliver stated that it was based upon a knowledge of the Association's affairs, which were not found to be in such a condition as to warrant the loan.

A loan of \$10,000 to the Grower's Wine Company, of Sarnia, has been made by the Department of Industries to enable the company to purchase sugar and pay wages during the season's operations. A similar loan was made last year and has been repaid. The government's security in the manufacture of loganberry wine. This company manufactured 22,000 gallons of wine last year, a large quantity of which has been sold, some through government liquor vendors and much of it in other parts of Canada.

## FEWER FOREST FIRES THIS YEAR

The provincial forestry officials are sending out a warning regarding the forest fire situation which is becoming exceedingly grave owing to the present dry hot weather. Weather reports forecast a continuance of the heat with decreasing humidity resulting in dangerous conditions with regard to forest fires. In spite of this however, conditions are at the moment very satisfactory but great caution is required. So far this year there have been 488 fires to use great care.

## ASSOCIATED WILL NOT AUCTION FRUIT

### Distribution of Fruit Effect-ed By Own Selling Agents

### New Policy in Old Country Based on Scott's Report

Following a careful study of a comprehensive report submitted by Col. Bernard Scott, giving the results of his investigation of the British markets, during the 1924-25 season, supplemented by all the information obtainable from other sources, the board decided to make a change in the system of sale and distribution hitherto employed in that market. In place of auction brokers, the Associated will employ the firm of Perkins & Adamson as exclusive representatives, who will distribute the O.K. fruit direct to wholesale dealers. This arrangement is for the season of 1925 and its continuance is dependent on the results obtained in comparison with auction prices.

The annual meeting of the Associated Growers of British Columbia, Limited, was held on Tuesday, June 23rd, and at the subsequent meeting of the board of directors the following officers were elected:

President and general manager, E. J. Chambers.

Vice president, J. Kidston. Secretary-treasurer, G. A. Barratt. Executive, E. J. Chambers, J. Kidston and G. A. Barratt.

The office of assistant secretary-treasurer to the board was abolished. Hereafter the secretary-treasurer will act also as secretary to the board and executive.

D. McNair, general sales manager, was appointed to represent the Associated on the Committee of Control with E. J. Chambers as alternate.

## FALLING BACK ON STORED WATER

### Natural Flow of Creeks Drops Rapidly With Hot Weather

The hot weather has greatly reduced the flow of water in Trout Creek. It has dropped steadily and rapidly for several days past and the first of the stored water will be coming down at the end of the week. Canyon Creek dam will be opened first and the others as needed. This is an unusually early date to be using stored water, with the exception of last year, which was likewise ahead of the average season.

It is generally recognized that if the main dams are not opened until July 15th there will be ample water to carry through the summer. It is therefore hoped that that which comes down from Canyon Creek dam will hold until nearly the middle of the month. However, a great deal depends on the weather in the next two weeks.

Orchards generally have received a bountiful soaking from the natural spring flow of the creeks, and it will now be necessary to enter upon a more cautious use of the stored water.

The Garnett Valley dam now stands seven feet higher than at this date last year. The new system in Garnett Valley has been giving great satisfaction.

The Dominion Experimental Farm opened their dam at Crescent Lake last Sunday. They are hoping the supply from that reservoir will last for two months.

The Experimental Farm started this morning to pump water from Trout Creek. They are using their new electric plant. They have been using their pump on the lake shore for some days past.

reported as against 837 last year, but in 1923 the number of fires at the same date had only been 398. Campers and others frequenting the woods at this time of year are asked

## PEACHES SHIPPED BY WALTERS LIMITED

Walters Limited, shipped two cases of peaches on Tuesday, June 30. They were of the Sneed variety. We believe this is unusually early. They also shipped field cucumbers last week. Mr. C. A. Walter states that they have not enough Bing cherries to fill one fourth of orders for the same and are constantly turning down orders.

## CAR OVERTURNS ON SHORE ROAD

### Mrs. A. Aveson in Hospital With Broken Collar Bone

Mrs. A. Aveson is in the hospital suffering with a broken collarbone and a bad shaking up as the result of a motor accident on the Penticton road Saturday night. Mr. Aveson, who was driving the car, a Chevrolet runabout, escaped with a strained wrist. The car suffered considerable damage, the top and wind-shield being demolished and otherwise distorted when it lit completely up side down with the occupants underneath.

A party of high school students, who were returning from a picnic at Dog Lake on a truck, were about one-fourth of a mile south of the gravel pit on the Penticton road when Mr. Aveson drove up and followed behind. When they reached the point, Mr. Aveson passed the truck.

On rounding the curve Mr. Aveson met a team and a load of wood travelling toward Penticton, driven by J. S. Baker of Fowler. The team was in the centre of the road and Mr. Aveson, who was driving at a good speed had the choice of swinging to the right, with the possibility of going into the lake, or taking to the left. He chose the latter but found insufficient room to pass the load. The team became frightened and turned right about and headed back for Summerland, upsetting the load of wood. Pieces of the wagon were found all the way from there to the Trout Creek bridge.

The high school truck rounded the point almost at the moment of the accident and J. O. Steeves, principal, who was with them, was able to take charge of the situation. The car was lifted bodily and Mr. Aveson was pulled out, almost unscratched, from amid a tangle of wind-shield and top. The steering wheel, however, of the car, was resting on Mrs. Aveson's shoulder, thus presumably causing the breakage of the bone there.

At this time Mr. Willis Walter and family drove up and Mrs. Walter and children got on the high school truck and Mr. Walter brought Mr. and Mrs. Aveson to Summerland where they received medical attention.

## NO STAMPS NEEDED ON SMALL CHEQUES

### New Law Exempts From Duty All Negotiable Paper Under Five Dollars

Much of the annoyance that has been caused the public by the affixing of stamps to small cheques will soon be eliminated. Under the regulations that have been enforced up to this time a two-cent excise stamp had to be affixed on all cheques, post-orders, and other negotiable paper when the amount was up to fifty cents, with an additional two cents for every fifty dollars over that amount.

Begun on July 1 there will be a modification of the law. From that date all cheques, money orders, travellers' cheques, postal notes and the like will not require a two-cent stamp to be affixed when the amount does not exceed five dollars.

All cheques over five dollars and up to fifty dollars shall continue to bear a two-cent excise stamp. Cheques over fifty dollars and up to \$2,500 shall bear a two-cent stamp for every fifty dollars in value of fraction thereof. Cheques exceeding \$2,500 shall bear excise stamps of the value of one dollar.

The definition of a "cheque" has been broadened to include any document or writing, not drawn upon or addressed to a bank, in exchange for

## Council Discusses Taxing Improvements Next Year

Will Come Up for Further Consideration—Claim for Damages Presented—Quotations on Fire Siren for Lower Town—Lakeside Road Account Paid.

### FREIGHT CARS BURN AT FARM

Three freight cars on the siding at the Experimental Farm were completely destroyed by fire about 12.30 on the night of June 30. One other car was slightly damaged. It is not known how the fire started but it is presumed some tramp was negligent while smoking. As soon as the fire was discovered the Experimental Farm phoned to the Kettle Valley office at Penticton. An engine made fast time up to Winslow siding and pulled the cars apart. Nothing could be done to save those that were afire.

### CONGRATULATED FOR WRITING

Miss Kathleen Elliott received honorary mention for her teaching of the MacLean method of writing. The MacLean, the author, and supervisor of writing in the province, wrote Miss Elliott a personal letter of congratulation.

Sand Creek, near Grand Forks, lead the province.

## OROVILLE LOSES TO SUMMERLAND

### Local Team Still Holds Lead One Game More To Play

Summerland won the baseball game with Oroville on June 28 with a score of 16-8, and has thus maintained its lead of the Okanagan International Baseball League. A large number of supporters went to Oroville with the team.

Oroville has still two games to play, one with Oliver and the other with Summerland. The Oliver game was scheduled for May 21, and it is likely that Oroville will be given this game by default, in which case the game here between Summerland and Oroville on July 9th will be the deciding one. If Oroville should win they would then be tied with Summerland, otherwise Summerland holds its position of head of the league.

Summerland has already earned the right to enter the play-offs with North Okanagan and the Main Line leagues; as Oroville, being an American team, cannot in any event, compete and other members of the league are definitely out of the running. The present standing of the various teams is as follows:

	Played	Won	Lost
Summerland	5	4	1
Oroville	4	2	2
Penticton	5	2	3
Oliver	4	1	3

# Failures Seldom Occur Among Good Advertisers. The Merchant Who Advertises Is Awake To Conditions

## The Summerland Review

Established August, 1908.  
Published at Summerland, B.C., every Thursday by  
THE REVIEW PUBLISHING COMPANY, LIMITED  
Ralph E. White, Editor and Manager

An independent family newspaper covering Peachland, Summerland and Naramata and adjacent districts.

Member of Canadian Weekly Newspapers Association.  
Member of British Columbia Selected Weeklies.

Subscription Rates—In British Empire, in advance, \$2.50 per year; six months, \$1.40. To U.S.A. and other countries, \$3.00 per year.

Advertising Rate Cards and information respecting territory and samples of paper mailed upon request, or may be seen at the office of any advertising agency recognized by the Canadian Press Association.

Advertisers must have copy in by Tuesday noon in order to insure changes for standing advertisements. New display advertising copy can be accepted one day later.

All instructions for cancellation or alteration of advertising must be in writing.

Correspondence—Letters addressed to the Editor and intended for publication must be short and legibly written on one side of the paper only. The longer an article, the shorter its chance of insertion. All communications must bear the name of the writer, not necessarily for publication. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for the opinions expressed by correspondents.

Typographical Error.—In the event of a typographical error, advertising goods at less than the proper price, the newspaper will furnish letters to be posted in the store stating the correct price, but goods may not be sold at the price printed and the difference charged to the newspaper.

Thursday, July 2, 1925.

## The Pedlar's Pack

By AUTOLYCUS

Since when has it been found necessary to adopt "codes" of ethics to govern business and professional organizations in this THOSE "CODES" Dominion? A Van- OF ETHICS couver daily is responsible for

the statement that "the practice of adopting standards of conduct" has been under way for some years and that presently no business concern will be without an "ethical compass" for its guidance. It also thinks that this practice is "one of the most interesting phenomena in Anglo-Saxon life today." Well, it may be very interesting if viewed as one more manifestation of that mental freakishness which is a feature of the present day apart from that it does not contain any particular element of interest discoverable by the naked eye. Anglo-Saxon methods of doing business achieved world-wide recognition a good many years ago, and its ethics were so self-evident that no code was needed to crystallize them. "Do as you would be done by" has been the basis of Anglo-Saxon commerce for centuries, and no pragmatism codes, Rotarian or otherwise, were thought of. The statement given out "at a meeting of Rotarians in Toronto" that thirty-six national, international, state or provincial business organizations had adopted "codes of standard ethical practices" is one that carries no real meaning whatever, unless it implies that the previous standard of business operations conducted by those concerns fell woefully short of the ethics of the Golden Rule. Business firms which have been running their affairs straightforwardly need no code to keep them on the right course, and if any exist which are given to shady practice, they will remain unaffected though they subscribe to a dozen codes. The only difference will be that they may receive a certain amount of unmerited benefit in the way of prestige as signatories to an entirely superfluous and ridiculous document.

The comments of the Vancouver paper on this subject are quite refreshing in their implications. The writer alludes to the "sweep of ethical codes and ideals" as a movement which shows the value of "honorable relationship" between trader and client; as though that were a recent discovery instead of being the first principle of business. The implied inference is that in this country we have so far ignored this vital factor, and are only beginning to realize it through Rotarian "Codes" of ethics one which does not seem very flattering to our business and professional men. If it were to be taken seriously it would mean a great deal—fortunately, however, most of us know better and can relegate the whole thing to its proper place among the fads of the day.

There is a growing tendency to revolt against that sort of journalism which is sometimes defined as "yellow," and much discussion is going on in England and on this continent concerning the possibility of eliminating from our newspapers some of the crime news they carry. Since the happenings of this world are always more or less tintured with crime, it is evidently impossible to omit any reference to it without garbling or suppressing facts, but it is felt that there are different ways of giving news, some of which are permissible and some very bad. The American Society of

## Timely Hints For the Orchardist

Specially prepared for The Review  
by J. Tait, District Field Inspector.

Poultry Keepers.—Now is the time (if not already done) to make a thorough clean-up of your laying houses. All portable apparatus in the house should be removed, all litter carried out, ceilings, walls and floors swept carefully. Spray the perch supports, droppings-board, etc., with a good disinfectant. Then give the whole inside of the house a good white-washing.

White-wash formula:—Hydrated Lime, ½ bag; Coarse Salt, 6 pounds; Molasses, 1 pint; Ground Alum, 3 ounces; Hot Water, 10 gallons.

This wash will stick well to the walls, etc. To this it is advisable to add about half a gallon zenoleum.

Too much care cannot be used to see that the house is well cleaned, so as to destroy any disease germs which may be lurking around.

### HERE'S WHO BUILDS THE TOWN

We see towns growing to be cities, and we see cities growing from small cities to be large ones. We know when we see this coming on, but we do not always know who is doing it.

We have seen a few editors who claim to be the inspiration for every forward movement that takes place in their towns or cities. We have seen other people, people of the town, who thought the editor was not doing his whole duty if he didn't do all by himself.

But does the newspaper do it all? No, within itself it cannot do any of it. Well, then, if the newspaper doesn't do it, who does?

The answer is known to no other so well as it is known to the newspaper. The answer is very simple, however. It is simply this: Those who advertise build the town.—*Trail News*.

### Correspondence

#### ANSWER CHARGES

Peachland, B.C.  
Editor, Summerland Review.

Dear Sir,—A notice in your issue of June 18th a letter from Mr. Harrington asking me to explain, or deny, certain statements attributed to me, by Mr. A. J. Chidley, at a public meeting held in Peachland on June 11th. I was down with an attack of la grippe and neuralgia, or I had fully intended to be present. I would point out to our reeve that he knew I made the statements, and also Mr. Taylor, secretary board of school trustees, and that both himself and Mr. Taylor had denied any complicity and had fully explained the matter to me. I had conveyed your denial and explanation to Mr. Chidley, who utterly refused to accept it, saying he was going to believe Mr. Miller and that he believed that is what had happened in spite of any denials, whoever made them.

I consider that any and all of Mr. Chidley's statements could have been controverted and don't understand why they weren't. The statement, or inference that it is wrong for two municipal departments to collaborate is foolish, as it is considered essential by the best business interests. Yet the reeve seems to have swallowed the statement, line, hook and sinker. The statement or inference that the ap-

Newspaper Editors, organized a few years ago, embody the following items in their declaration of policy. They hold that the right of a newspaper to attract and hold readers is restricted by nothing but considerations of public welfare. It is its unquestionable right to discuss whatever is not explicitly forbidden by law, and freedom from all obligations except that of fidelity to the public interest is vital. Partisanship in the news columns is subservient of a fundamental principle of the profession and by every consideration of good faith a newspaper is constrained to be truthful. Finally a newspaper cannot escape conviction of insincerity if, while professing high moral purpose, it supplies incentives to base conduct, such as are to be found in details of crime and vice, publication of which is not demonstrably for the public good."

It seems to me that this clause contains the kernel of the whole matter, AUTOLYCUS.

I am, sir, yours respectfully,  
FRED. TOPHAM.

I have never made any statements I was afraid to back up and I have never written any letters that my name was not on, Mr. Chidley's inference notwithstanding. F.T.

## PEACHLAND NEWS

By Our Resident Correspondent

Mr. and Mrs. Martin Steuart and little boy came in last week from California and are spending a vacation here, guests at the home of Mr. H. Hardy and his sister, Mrs. Lingo. Mr. Steuart had many acquaintances here, having lived here for a short time some seventeen years ago.

Mrs. J. Marr and her daughter, Zella, came in last week to spend a part of the summer in Peachland with Mrs. Marr's mother, Mrs. M. E. McDougald, and family.

Mr. R. J. Muir who has canvassed residents on several occasions with Fuller brushes and mops, has recently taken over the Watkins product agency in this field and was in town last week soliciting business for that company.

The Rev. T. A. Sadler returned home on Thursday evening of last week, after having attended the assembly meeting of the Presbyterian Church held in the city of Toronto, and also the inauguration services of the United Church of Canada. Having spent several years of his life in the East it was a great pleasure to him to meet many of his former friends and acquaintances and he was very much impressed with the splendid spirit which prevailed throughout the sessions he attended while there.

In his afternoon service at Westbank on Sunday last and at his evening service in Peachland he gave his audience a short account of his trip and the meetings. He announced that the service next Sunday would be the inauguration service in the Peachland Union Church and expressed a wish that all present would get the word around as much as possible in order that there might be a good attendance on that occasion. There will also be special singing.

Mrs. J. L. Elliott and Mrs. Lingo gave a lawn social on Elliott's lawn on Thursday afternoon and evening last week in aid of the church funds. They served 15 cent tea and ice cream. There were quite a number attended and all spent a very enjoyable time, and the ladies were able to turn over quite a neat little sum to the fund.

Mrs. R. E. White and Mrs. J. A. Dark with younger members of both families motored up from Summerland on Friday last to pay a visit

in town with Mrs. L. D. McCall. Mrs. Dark's youngest daughter, Ada, remained to spend a short time in Peachland visiting with Mrs. McCall.

Miss Mildred Robbins came in from Alberta on Saturday evening's boat and is a guest at the Topham home.

Having completed her services in the Central School here Miss D. Buck left on Saturday en route for the Coast via K. V. R. from Summerland.

Miss Edna Cudmore left on Saturday for Vancouver where she expects to spend her summer holidays with relatives and friends.

Ormond Eddy left on Saturday morning's boat for the East where he expects to accept employment for a time.

Mr. George Keyes returned home on Saturday after having attended, as official delegate from the Peachland Baptist Church, the convention which was held in Vancouver last week. He was accompanied on his home trip by Miss Mildred and Master Royal McDougall who came in to spend the summer vacation in Peachland with their aunt, Mrs. Dorland.

Master Russel Palmer left on Monday morning for Vancouver where he is to spend his summer holidays with his mother.

Gerald and Douglas Elliott left on horseback on Monday morning for Jura to join their brother Franklin who has been teaching there for the past year. They expect to spend Dominion day in Princeton before returning home.

A lawyer was always lecturing his office boy, whether he needed it or not. One day he chanced to hear the following conversation between the boy and one employed next door. "How much does he pay you?" asked the latter.

"I get \$2000 a year," replied the lawyer's boy; "\$10 a week and the rest in legal advice." — Maritime Merchant.

"Pa, what's the difference between a luxury and a necessity?"

"You can do without a necessity, son, without losing the respect of the neighbors." — Toronto Globe.

### PUTS EMBARGO ON AMERICAN PEACHES

An embargo on the importation into Canada of peaches from central and eastern American districts has been put on because of the prevalence of oriental bud moth in the eastern peach orchards. J. Lawler reports that he received this information from Ontario this week.

#### Canada's Trade Increasing

Canada's trade was ten million dollars greater in April, 1925, than in April last year, and the increase was chiefly in exports. A recapitulation of exports and imports for the month shows that Canada exported goods to the value of \$59,909,377, and imported \$59,104,651. In April, 1924, exports were \$48,880,914, and imports \$60,173,141. Exports of agricultural and vegetable products were up six million dollars and of animals and animal products increased about two million dollars. There was also a big increase in exports of metals as compared with April, 1924.

#### Homesteading in West

During the first four months of this year, 943 homesteads and 173 soldier grants were taken up in Manitoba, Saskatchewan, Alberta and British Columbia, representing 178,560 acres. During the corresponding period of last year, 1,075 homesteads and 195 soldier grants were taken up, representing 203,200 acres. In April last, 314 homesteads and 41 soldier grants were taken up, compared with 239 and 41 respectively for the same month of 1924.

### The Judge's Joke

JED PUDLICK IS AWFULLY DISCOURAGED SOME FELLER TOLD HIM WORK WAS THE ONLY ROAD TO SUCCESS

### BLONDIE AND BRUNETTE COME TO TOWN

Often they showed off. Inset is Blondie finishing supper. Taking a swim in the icy cold water.

No day in early summer, a party of guides were camping near Emerald Lake in the Canadian Pacific Rockies. Now it happened that the campers had with them a very young and very unwise dog, who rashly got frisky with a Lady Black Bear and chased her up one of the big Jack-pines standing on the border of the lovely lake. The only thing that saved the young canine was the fact that the lady was a Black Bear, not a Grizzly. But when the bear stayed on her lofty perch, the campers discovered that she had left behind her a young family, cuddly little things not much larger than puppies and just as playful. Two of them they took along, leaving one for the unnatural mother.

One was a light-brown fluffy thing, so her new friends christened her Blondie, the other being of the dark brown variety, naturally was called Brunette. They were about two months old when Mary Graham Bonner met them and, so charmed was she with the two baby cubs, that she tells the story in St. Nicholas Magazine, "If you went away and came back in a week, you'd hardly know them, they grow so fast."

There never were brighter little bears, nor smarter ones. They will keep you entertained always! And it was all pretty true. But winter was coming and as they had been brought up by humans, the guides feared that their native instinct would not assert itself and decided to build a winter bed for them. But even though they had spent the summer with humans, they were going to sleep through the winter in their own lairs and ponies—the guides' den was not dark enough. So the stupid humans learned that all the shades should be pulled down in the little house and all the curtains drawn, and in crawled the two little bears, and when only a day or two later, when one of the guides went to look, they still had their little green-brown eyes partly open but were too sleepy to even be interested in their favorite meal of enoks and syrup. And soon they were off to the Land of Nod to dream sweet dreams until snows grew soft and they could venture out if the sun were bright enough to cast their shadow. And when that time finally came, the first words they heard were the old familiar ones: "How they have grown!"

the courts.

**Local Happenings.**Mrs. Hicks came in Monday night  
to work in the Premier Hotel.Mr. Alex Smith came home the  
first of the week from Kelowna where  
he has been teaching.Mr. H. G. Fisher of the Bank of  
Montreal is now having his annual  
vacation.Mrs. Reginald Neve left today to  
spend a vacation with her daughter,  
Mrs. Cotton, Port Haney.Mrs. McGowen and family left  
for Vancouver to spend two or  
three months with Mrs. McGowen.The Baptist C. G. I. T. left today  
to enter their annual camp at Cres-  
cent Beach.Miss Elaine Griffiths went home last  
Saturday to the Coast. She has been  
teaching here in the high school for  
the past year.Mrs. W. H. Hayes went up the  
lake Friday morning to visit her  
daughter, Mrs. C. W. Lees, for some  
weeks.Dr. and Mrs. A. Vanderburg ar-  
rived here last Friday night to spend  
a short time with his parents, Mr.  
and Mrs. E. Vanderburg.Mrs. F. W. Andrew and Billy went  
out on the train today to the Coast.  
They plan to meet Dr. Andrew there  
and motor back with him.Mr. A. McLachlan went down to  
the Coast on Friday and returned on  
Tuesday. He spent most of the time  
in Victoria.Mrs. E. T. Pullen arrived here  
Monday night from Calgary to spend  
a short vacation with Mr. and Mrs.  
H. G. Fisher.Kelowna-Penticton boat service:  
Leaves Summerland for Penticton 11  
a.m. and for Kelowna 2 p.m. daily,  
Sunday included.Mr. W. H. Hayes left Saturday  
morning for Seattle travelling with  
Mr. C. W. Lees of Kelowna. Mr.  
Hayes will come back by way of  
Vancouver.Mrs. S. Angove went out on the  
train on Saturday last to spend a  
short time at the Coast. She took  
with her Irene Tait, who is going to  
stay with her grandmother in Victoria  
for a while.Mrs. Whitaker and Mrs. Harmont  
are visiting their sister, Mrs. K. S.  
Hogg, for a short time. Mr. and  
Mrs. Douglas Brigham of Chicago  
are also visiting Mrs. Hogg, and her  
nieces and nephew from Seattle.Mrs. and Miss Finley, mother and  
sister of Mrs. Jas. Ritchie, left Mon-  
day night for Kaleden. They plan to  
leave very soon for Manitoba, to  
visit a daughter of Mrs. Finley.Mrs. Mellor's sister-in-law and her  
two children are visiting here from  
Antler, Sask. They came in Friday  
night and plan to stay here most of  
the summer.St. Andrew's and Caldonian Society  
enjoyed a picnic at Dog Lake yester-  
day. Sports and bathing filled out a  
most pleasant holiday. Over one  
hundred attended.A party of citizens journeyed to  
Bront's Lake on Wednesday to spend  
the holiday. The party included  
members of the J. C. Melvin, Wm.  
Jenkinson, A. McLachlan, T. J. Gar-  
nett, A. J. Beer families, and others.Mr. and Mrs. C. E. McCutcheon  
arrived at their destination, Chatham,  
Ont., on Sunday, June 21, having  
motored all the way from Summer-  
land by way of Salt Lake City. They  
spent three days at Detroit before  
crossing over into Ontario.

CARD OF THANKS

Mr. Chas. A. Marshall wishes to  
express his deep appreciation of the  
strenuous efforts put forth by citizens  
in combating the fire which destroyed  
some of his property on Sunday  
evening.

**KELOWNA READY  
RECEIVE GUESTS****Will Entertain Delegates to  
Irrigation Con-  
vention**Elaborate preparations are being  
made for the nineteenth annual con-  
vention of the Western Canada Irriga-  
tion Association which is to be held in  
Kelowna July 29, 30 and 31. A strong  
committee consisting of members of the  
city council and the Board of Trade  
has been formed to look after the local  
arrangements. Visitors are expected  
from the irrigated areas of Alberta and  
Saskatchewan, and also from the various  
irrigated districts in British Columbia. Steps  
are being taken to see that plenty of ac-  
commodation will be available for  
everybody, and that the visitors' stay in  
Kelowna will be as enjoyable as possible.The executive of the Western Can-  
ada Irrigation Association has pre-  
pared an excellent program of ad-  
dressess and discussions on irrigation  
topics of particular interest to all  
connected with irrigation develop-  
ment in Western Canada, and leading  
authorities in irrigation matters in  
Western Canada and from the  
United States will participate. The  
local committee is arranging a grand  
tour of the Kelowna district, in which  
some of the most beautiful and most  
productive orchards in the Okanagan  
Valley are to be found. This will  
take place on the last day of the  
convention, July 31st. On the return  
to Kelowna from the grand tour  
the delegates and visitors will be the  
guests of the mayor and council at  
a civic banquet and dance.It is expected that the Lieutenant  
Governor of British Columbia, the  
Hon. Walter C. Nichol, will open the  
convention on the morning of July  
29th. The mayor of Kelowna, D.  
W. Sutherland, who is one of the vice  
presidents of the Association, will  
welcome the delegates to Kelowna.The chairman of the executive com-  
mittee of the Association, which is  
responsible for the program is Grote  
Stirling, the member of the Dom-  
inion Parliament for the Yale di-  
vision of British Columbia. Other  
members of the executive are Law-  
rence Peterson, M.L.A., of Barnwell,  
Alta.; H. S. Allen, of Raymond, Alta.;  
E. M. Carruthers of Kelowna, B.C.;  
Bruce Robinson, of Calgary, Alta.;  
A. S. Dawson, of Calgary, Alta.; M.  
B. Weekes, of Regina, Alta.; P. J.  
Jennings, of Calgary, Alta.; F. E.  
R. Wollaston, of Vernon, Alta.; and  
J. W. McLane, of Medicine Hat, Al-  
berta. James Colley, of Lethbridge,  
is the secretary.Mrs. McGill is expected to arrive  
here Saturday to visit Mrs. H. H.  
Elsey. Mrs. Hayward has been here  
for about two weeks.Doris and Lillian Mitchell, who have  
been staying with their aunt, Mrs.  
W. Ritchie for some time, left Mon-  
day for Halibut, Sask.Boy Scout minstrel troupe assisted  
by I. D. K. Pierrots will put on a  
show at Rialto Theatre on Tuesday,  
July 14. Watch for announcement  
next week.Mrs. Kelley's niece and her hus-  
band, Mr. and Mrs. Marvin Duere,  
from North Dakota, who have been  
visiting here for a few days, left  
on Monday for Salem, Oregon.Mr. W. H. Hayes left Saturday  
morning for Seattle travelling with  
Mr. C. W. Lees of Kelowna. Mr.  
Hayes will come back by way of  
Vancouver.Mrs. Merle Smith came home from  
Merritt where she has been teaching.  
She motored over with a friend, who  
stayed here for the week-end, to  
spend the summer vacation.

WATER NOTICE  
STORAGE

TAKE NOTICE that F. A. Miller and E. R. Faulder, whose addresses are "Faulder," West Summerland, B.C., will apply for a licence for the storage of 250 acre feet of water out of Un-named Meadow Creek, which flows easterly and drains into Trout Creek, about 13.5 miles above its mouth.

The storage-dam will be located at the natural outlet of meadow about 7.5 miles west of the 22.5 mile post K.M.R.Y. The capacity of the reservoir to be created is to raise the present dam about 3 feet, and it will flood about 25 acres of land. The water will be diverted from Trout Creek at our present head gates, and will be used for irrigation purpose upon the land described as Lot 3 & 14 Block 2888 & w<sup>1/2</sup> 1072 parcels A & B C & D E O U Y D.

The licence applied for is to supplement a right to take and use water as per C. Ls. 4714 & 4713.

This notice was posted on the ground on the 30th day of May, 1925.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914" will be filed in the office of the Water Recorder at Vernon, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

F. A. MILLER & E. R. FAULDER,  
Applicant (per F.A.M.).

The date of the first publication of this notice is June 11, 1925.

## IRRIGATION CONVENTION

The Editor, Review.

Dear Sir,—In last week's Review, you have a news item relating to the Irrigation Convention to be held at Kelowna on the 29th to 31st July, together with particulars of some of the addresses to be given.

While those mentioned will no doubt prove very interesting and instructive, there are other matters which I thought of special interest to this district, and in suggesting two to the secretary of the Association have his reply as follows:

"... You will be interested to learn that arrangements have been made for addresses on both the subjects you mention. Mr. W. H. Snell, son of the Dominion Reclamation Service, who is in charge of the duty of water researches will give an address on 'Simple Methods for the Measurement of Water.' Mr. Snell has earned a good reputation on both sides of the line for his work in connection with duty of water tests, and it has been necessary for him in this work to apportion water uniformly to many small lots.

"The second matter you write about will be covered in an address by Major P. J. Jennings on 'The Use and Life of Various Types of Flume.' As Assistant Commissioner of Irrigation, it has been his duty to inspect the flumes in the various irrigation districts of Alberta, and his address should be interesting and instructive."

While on this matter, I wish to draw the attention of your readers to the fact that the Association will be glad to welcome to the Convention anybody interested in irrigation development in Western Canada. Those attending other than as delegates will be permitted to attend all the sessions and may enjoy all the other privileges of the Convention, but will not be entitled to vote on the resolutions.

Delegates may be appointed by Municipal Councils, Irrigation Companies and Districts, Agricultural and Horticultural Associations, and Boards of Trade. The Conventions are always well worth attending by all users of irrigation water for the information that can be gathered from the papers given and the discussion which follows.

Yours truly,  
F. J. NIXON.

Div. 8, Miss Black.
